Vol. XLVIII. WEDNESDAY MORNING, MAY 1, 1929. C DAILY, FIVE CENTS SUNDAY, TEN CENTS

GRAND JURY GETS BUSY

Getzoff's Story Stirs Action

Judge Receives Report and Issues Two Warrants; Bail Also Fixed

District Attorney's Staff Refuses to Comment on Result of Hearing

Definite action was taken by the grand jury yesterday in the move to clear up further the corruption and bribery accusations that have centered around the activities of former Dist.-Atty. Keyes, following the appearance of Ben Getzoff, former Spring-street tailor and self-confessed "go-between" in the Julian trials, before that body.

Members of the staff of the District Attorney declined to comment on reports that secret indictments were returned by the grand jury, naming two former aides of Keyes, but action by Superior Judge Shaw in receiving a report and ordering two bench warrants issued, with bail set at $5000 in each case strengthened the rumored action.

OFFICER TO GET WARRANTS

The bench warrants were placed in the hands of Capt. J. B. Fox of the Sheriff's fugitive detail for service today, it was learned.

Getzoff, who was convicted with former Dist.-Atty. Keyes and E. H. Rosenberg, a broker, received probation from a penitentiary sentence and revealed to Dist.-Atty. Fitts and Chief Deputy District Attorney Stewart the inner secrets of the asserted corruption in the District Attorney's office under the Keyes regime.

The tailor and "pay-off" man, who recently arose from a sick bed at a Pasadena hospital, was before the grand jury slightly more than an hour. He was cross-examined by two deputy district attorneys for a transcript believed to be one of the shortest ever taken in a grand-jury room.

TAILOR'S STORY

The confession of Getzoff centers about activities of Keyes and other officials about his tailor shop at 609 South Spring street in 1927, while the cases of several defendants in the trial of the Julian cases were "fixed," according to the District Attorney's office.

The statement reveals the passing of large sums of money, the investigating officers say, for which cases are asserted to have been "fixed" in the District Attorney's office under Keyes and the defendants dismissed because of announced "lack of evidence."

Furthermore, the officers say, the Getzoff revelations show an asserted "secondary ring" in the former District Attorney's office, in which subordinate attaches of the office operated and are asserted to have juggled evidence and dismissals for large sums of money.

The Keyes bribe ring involving the "fixing" of the Julian cases came to light in November, 1928, after Mil-

(Continued on Page 2, Column 5)

Will Rogers Remarks:

BOSTON, April 30.—[To the Editor of The Times:] Did you see the figures issued by the Department of Commerce about the amount men spent on cosmetics to beautify themselves.

Didn't I tell you they are getting vainer over their looks than women? They spent more than $1,000,000 and there is more bald-headed ones and more ugly ones and more funny looking ones than we ever had before. They will try anything in the world that a woman does. They will have dresses on in less than ten years. Beauty parlors are thicker than filling stations, but more power to the people that run 'em, for they earn it, for having to listen to people with nothing on their mind but wanting to look better.

Yours,
WILL ROGERS.

SOUND-FILM WAR OPENS

European Patent Case Trial Set

German and British Concerns Combine in Test Fight With Americans

Efforts Made to Halt Rapid Spread of System Devised by Western Electric

[Copyright, 1929, by the Chicago Tribune]

LONDON, April 30. (Exclusive)—The first gun was fired in Chancery Court today in the long-threatened battle between the European combine and the American sound-film concerns when a test case was brought against a Hyde Park motion-picture house where Western Electric apparatus is installed. The theater is charged with patent infringement.

A German company charges the American apparatus is based on the same principle as its machines. It has combined with British talking-film companies in an attempt to combat the rapidly spreading net of theaters equipped with American sound devices.

It is believed that the suit might not have been brought if the Western Electric had not insisted that

EARTH CORE OF GLASS

Geologist Has New Theory

Harvard Professor Tells Seismologists Results of "X-Ray Study"

Rock and Metal Shell Slide on Molten Vitreous Sea, He Believes

NEW YORK, April 30. (Exclusive) A sea of dense liquid glass, some thirty billion cubic miles in extent, on which our continents float and slide, forms the interior of the earth, Dr. Reginald A. Daly, professor of geology at Harvard University, today told members of the Seismological Society of America at the opening session of that organization's annual eastern convention at Fordham University.

At the center of the earth, reaching outward to about one-half of its girth, is a core which exists under the tremendous pressure of 50,000,000 pounds a square inch and is so enormously hot that it is more than 50,000 deg. centigrade, according to the new picture of the earth drawn for the group of scientists by the Harvard geologist.

This core of the earth, Dr. Daly explained, is surrounded by successive shells, each relatively homogeneous, but not too sharply bounded. The outer shell forms the earth's crust on which we live and is some thirty miles deep. The commonest rock of this outer continental shell is some variety of granite; that of the underlying layer is a heavier, dark-colored basalt, similar to some of the volcanic lavas. Beneath that, probably surrounding the actual core of the earth, is a shell consisting of material not unlike the metallic iron of the meteorites.

In advancing his explanation of what lies below the shallow skin of the earth, long a riddle with which science has been grappling with little success, Dr. Daly said his theory of a liquid glass interior is based on a study of "X-raying the earth." He suggested that this theory may bring disagreement from some scientists who still adhere to the thought that the earth is a molten ball of fiery material with only a very thin crust between man and realistic hell fire. But, he asserted, it is the most logical explanation that geology can offer.

Water Barrier Vote Proposed

SACRAMENTO, April 30. (Exclusive)—Inclusion of the Carquinez Straits salt water barrier in the $124,000,000 bond proposal to be submitted to the people in 1930 in furtherance of the recommendations of the State Legislative Water Committee was decided upon today by the Senate Committee on Constitutional Amendments.

It was agreed that an item of $15,000,000 for the Carquinez barrier would be included in the measure, by Senators Nelson, Swing and Mueller, which the Legislature will be asked to approve.

Mexico to Rush Agrarian Laws

MEXICO CITY, April 30. (AP)—El Universal said today Marte R. Gomez, Minister of Agriculture, in a speech yesterday at Santa Cruz Ocotlan, Mex., promised to speed up application of Mexican agrarian laws without reference to the nationality of the landowners affected.

El Universal's story said Gomez denied the government had discriminated in behalf of American landowners and declared: "The Mexican agrarian laws will be applied without distinction to all living in Mexican territory, whatever their nationality."

Wife of Justice Holmes Expires

WASHINGTON, April 30. (AP)—Mrs. Fannie B. Holmes, wife of Associate Justice Oliver Wendell Holmes of the Supreme Court of the United States, died at her home here tonight.

Mrs. Holmes was the daughter of Epes S. Dixwell of Cambridge, Mass. She was married in 1872.

TORNADO STRIKES IN OKLAHOMA

Eight Injured and Many Homes Wrecked by Storm; One Victim May Die

HITCHITA (Okla.) April 30. (AP) Eight persons were injured, one possibly fatally, many homes were wrecked and an unestimated amount of damage done by a tornado which struck late today near here and swept northwestward for several miles to Morris.

The infant daughter of Sam J. Fraley first was reported killed, but a doctor, called to care for others hurt, found the baby alive, although injured.

Fraley, who was injured when his farm house a mile and a half northwest of here was demolished, has little chance for recovery, doctors said. Mrs. Fraley, the baby and two other children also were injured.

The storm also struck at Gas City, near Hitchita, where houses were wrecked and several persons slightly injured.

LINDBERGH LOSES AS HE WINS BRIDE

Wager of $1500 Made With Old Friend Revealed by Author in Lecture

MADISON (Wis.) April 30. (AP)—Col. Charles A. Lindbergh probably will pay a $1500 wager after his marriage to Anne Morrow, Lieut. Donald Keyhoe, author and personal friend of the flying colonel, said in an address here tonight.

Phil Love, old-time friend of the famous flyer, will collect the money unless he marries before the colonel, Mr. Keyhoe said.

Back in the days before he made his New York-Paris flight, the colonel and Mr. Love made the wager, Mr. Keyhoe added.

Spurned Suitor Murdered After Killing Woman

WAXAHACHIE (Tex.) April 30. (AP)—The refusal of Mrs. Lola B. Roller, a 19-year-old divorcee, to encourage the attentions of a married suitor, Dr. Harry F. Dowling, 45, a veterinarian, of Temple, Tex., resulted in the deaths of the couple here today, Dowling falling before a bullet fired by H. L. Hempkins after the doctor had shot Mrs. Roller three times.

Five hours after the tragedy Hempkins, Mrs. Roller's uncle, was exonerated by a county grand jury.

Mrs. Inman to Wed Clubman

NEW YORK, April 30. (Exclusive) Mrs. Helen Patton Inman, recently divorced by Walker P. Inman, tobacco millionaire, will marry Robert Burns, prominent in New York club circles and wealthy partner in the White Luggage Company, it was learned today. Burns admitted the betrothal.

Assembly and Senate Agree on Quitting Day

SACRAMENTO, April 30. (AP)—The Assembly today concurred with the Senate to adjourn the 15th inst. The Assembly had originally suggested the 10th inst., but the upper house felt it needed more time in which to finish its business.

Sailors' Strike Ties Up Liner

HAVRE (France) May 1. (Wednesday) (AP)—The French liner Ile De France was obliged to postpone its sailing, set for 1 a.m. today, when 300 deck hands decided to strike in support of claims of stewards and cooks of the liner.

It is not known when the steamer will be able to depart.

Need of Playing Truant Removed

CAMPBELL (Cal.) April 30. (AP)—A little thing like school can't interfere with the opening day of fishing season, the high school board of trustees decided here today.

The board unanimously agreed to close the school all day tomorrow and permit students and faculty to try the trout streams.

Senate Passes Tidelands Bill

SACRAMENTO, April 30. (AP)—Enabling legislation to permit the reclamation of 1100 acres of San Francisco tidelands for industrial sites in South Basin was enacted by the State Senate today after a long verbal battle on the floor between San Francisco and Oakland delegates.

Senate Recesses for Lindbergh

WASHINGTON, April 30. (AP)—The Senate took a ten-minute recess today to greet Col. Charles A. Lindbergh. Lindbergh appeared before a Senate committee to tell what he knows of airports in other cities and to offer suggestions for the construction of a new one in Washington.

DEATH RACE BY AIR, LAND AND WATER WON

NEWTON (Iowa) April 30. (AP)—A race with death by boat, airplane and train ended at 7 a.m. today when Mrs. Fred E. Jasper and Miss Stella McCord reached the bedside of their father, M. A. McCord, to find him seriously ill but a little stronger. The daughters, who took an airplane in New York a few hours after the liner Baltic, on which they returned from an European trip, docked yesterday, went to the bedside of their father upon their arrival by train from Chicago.

HOTEL MAN ACQUITTED

SAN FRANCISCO, April 30. (AP)—James H. McCabe, hotel man, was acquitted on a charge of illegally possessing liquor by a jury in Federal Judge Kerrigan's court here today.

SCHOONER REPORTED GOING DOWN

Canners' Ship Sends Call from Off Point Reyes; Vessels Speed to Rescue

SAN FRANCISCO, April 30. (AP)—Apparently piled on a rock off Point Reyes, the steam schooner Kadiak of the Alaska Canners' fleet put distress calls on the air tonight and several vessels in the vicinity pointed their bows for the disabled craft.

The tanker Oleum radiocast a message saying she expected to reach the distressed vessel in about two hours, while an unidentified government ship was groping within two miles of the vessel exchanging radio bearings but was unable to spot the Kadiak.

The vessel carried a crew of twelve men and no passengers, the Merchants' Exchange here reported.

A message at 10:20 p.m. said: "We are sinking and want aid."

At 10:36 o'clock, the vessel put a second message on the air: "Sinking slowly. May last few more hours."

TORTURE BAN WINS IN SENATE

Measure Prohibiting Third Degree by Police Sent to Assembly

SACRAMENTO, April 30. (AP)—The police practice of submitting suspects to a "third degree" for purposes of obtaining a confession is prohibited in provisions of a bill passed by the Senate today without opposition.

Senator J. W. McKinley sponsored the bill, which provides that any confession taken by police except in the presence of some court authority or magistrate and executed under oath will be held inadmissible as evidence.

The measure was transmitted to the Assembly for action.

BRITISH DIRIGIBLE WILL VISIT CANADA

LONDON, April 30. (AP)—The first trip of Great Britain's new dirigible, the R-100, will be to Canada, but no date for starting has been fixed. The ship is nearing completion, but must have a number of trials before undertaking the long journey, which is not expected before fall.

ZEPPELIN WILL HAVE FILM SHOWS ON TRIP

FRIEDRICHSHAFEN (Germany) April 30. (AP)—Plans are being made for regular motion-picture shows aboard the Graf Zeppelin when it undertakes its second flight to America, which is set to start May 30. An hour's testing of the apparatus was made on the occasion of the dirigible's recent flight over the Western Mediterranean.

COLQUITT ACTION DELAYED

WASHINGTON, April 30. (AP)—The Senate Interstate Commerce Committee deferred action today on the nomination of O. B. Colquitt, former Texas Governor, to be a member of the Railroad Board of Mediation after hearing him for a second time.

FEDERALS TAKE NOGALES AFTER REIGN OF TERROR

Seven Hundred Rebels Surrender as Commanders Desert and Planes Shower Bombs

NOGALES (Son., Mex.) April 30. (AP)—The red rebel banner which has fluttered over this city since the outbreak of the Mexican rebellion was hauled down today at 3 p.m. and in its place flies the tricolored standard of the Federal government of Mexico.

Rebel Nogales surrendered today. More than 700 rebels laid down their arms, swore allegiance to the central government of Mexico, and with magical swiftness changed from rebels to Federals. The change came after practically all rebel leaders, headed by Gen. Fausto Topete, Gen. Ramon F. Iturbe and Gen. Francisco Borquez, went down the trail to peace and safety by crossing the international line into the United States, leaving their rebel forces to carry on for themselves.

Gen. Lucus Gonzales, Federal commander of Naco, Son., reached here late today and took over the command of the city. All government and public offices now are under Federal control, and thousands of refugees who swarmed across the border today seeking safety are returning to their Mexican homes.

GEN. CALLES EXPECTED

Reports were received here tonight that Gen. Plutarco Elias Calles, supreme commander of the Mexican Federal forces, and his military staff will arrive tomorrow morning. Gen. Calles has been leading Federal forces in a successful advance up the Mexican west coast, ousting the Sonora rebels from Sinaloa and Southern Sonora.

The rebel debacle of Nogales threw the city into a turmoil. The decampment of the rebel leaders caused martial law to be declared, and then came the smash-up.

A triple Federal bombing raid this morning added to the panic of the populace, who rushed wildly about seeking cover. The planes dropped many explosives, one of which fell within 100 yards of rebel headquarters. Rebel sharpshooters fired on the bombers, but their bullets went wild and several leaden pellets fell on the American side of the border.

Following the aerial raid the rebel troops went wild. Soldiers rushed to the international border and planted machine guns on the line while thousands of men, women and children ran across the boundary to Nogales, Ariz., and security.

Seeing the situation in rebel Nogales was intense, Brig.-Gen. Cocheau of the American Army called out all United States infantry, cavalry and artillery from Camp Little, stationing the troops at strategic positions along the border to protect American lives and property.

SURRENDER TERMS

The surrender of the city came as a direct result of a conference held between Mexican Consul Rafael Aveleyda, representing the Federal government, and leading military officials of the rebel camp. The conference was arranged by W. M. Altaffer, Vice-Consul of the American Consulate at Nogales, Son., and was attended by Brig.-Gen. Cocheau.

The rebels offered to surrender the city providing the Mexican government would give them food, shelter and protection. The terms were phoned to Mexico City and after confirmation the rebels laid down their arms and bowed to government superiority.

The surrender of Nogales, Son., is viewed as the end of organized rebel opposition. It is also unique in war annals. During the morning 1200 rebel soldiers occupied the city. Five hundred of them, mostly Yaqui Indians, fled to the hills, and the remaining 700 surrendered. This was done in spite of the fact that no Federal enemy was located within fifty miles of the city.

ONE MORE BATTLE APPEARS POSSIBLE

MEXICO CITY, April 30. (AP)—One final battle appears possible tonight in the State of Sonora where the last traces of the rebellion rapidly are melting away. Gen. Juan A. Almazan reported that his army is within six miles of an insurgent camp at Los Asoles and that a few shots had already been exchanged. He had sent out two cavalry columns in an attempt to prevent these rebels

DEMOCRATS IN ACTION

Open Office at Washington

Raskob Announces Plans to Operate Year-Round Going Concern

Shouse, McAdoo Supporter, Placed in Command; Deficit Reduced

WASHINGTON, April 30. (Exclusive)—Establishment of national headquarters in Washington and the selection of Jouett Shouse of Kansas City, a McAdoo "dry," to head a new executive committee, were announced today by John J. Raskob, chairman of the Democratic National Committee, as the first steps toward rehabilitation of the party throughout the country.

In accordance with plans approved by party leaders here and elsewhere, according to Mr. Raskob, Shouse is to assume immediate charge of the Washington headquarters from which he will direct the attempt to rebuild the organization sadly disjointed after the 1928 Presidential campaign.

BACKED McADOO

Shouse, former member of Congress and Assistant Secretary of the Treasury during the Wilson administration, although an ardent supporter of McAdoo in 1920 and 1924, was active in the Smith campaign last year as a member of the national advisory committee at the party's New York headquarters.

Mr. Raskob jubilantly revealed that the more than $1,550,000 deficit incurred in the 1928 campaign has been reduced during the last few months to about $800,000 with bright prospects that it will be reduced further to less than $500,000 within the next two weeks. Approximately $200,000 of the money used to pay off the party debts was realized, Mr. Raskob said, from the sale of a special edition of former Gov. Smith's campaign speeches, while the balance was contributed by individuals, principally in the Eastern States.

RASKOB TO REMAIN

In spite of recurring demands from Southern States that he relinquish the leadership, Mr. Raskob declared today he has no intention of resigning and expects to attend and actively participate in the monthly meetings of the executive committee to be held in the Washington headquarters.

"After many conferences with members of the executive and advisory committees," declared Mr. Raskob, "I have reached the conclusion that the party's interests can be advanced best by the opening of permanent and adequate headquarters in Washington and

(Continued on Page 2, Column 5)

MOLECULES LIKE ACROBATS

Chemist Explains How They Exert Themselves to Create Downward Atmospheric Pressure

COLUMBUS (O.) April 30. (AP)—A wizard of chemistry, Dr. Irving Langmuir, president of the American Chemical Society, today described a theory which starts with an idea as simple as the fable of Newton's apple, and which is designed to promote the chemist's job of transmuting waste into things of commercial value.

At the same time another section of the convention held a symposium on what chemistry may do to help the farmer.

Dr. Langmuir started with a drop of oil spreading on the surface of water, a familiar example of what chemists name surface tension of liquids. He explained that this tension, common to the surface of liquids, as known to everyone who has studied water in a glass, is due to downward atmospheric pressure.

SEEK EXPLANATION

He related how various men, including himself, set out in recent years to find exactly how the pressure operated. Experiments indicated that the films are only one molecule thick. Now there are evidences that these molecules arrange themselves all in the same attitude, as if all had their "heads" upward and their "tails" downward, instead of moving about freely as in the body of the liquid.

It is now thought that even molecules have properties on one side differing from those on the water. It has been found, Dr. Langmuir said, that in some films the molecules attach themselves so firmly as to be true solid surfaces, while others are somewhat like sand, and still others are gases.

One use of this information is to find out more about the "head and tail" structures of these objects which cannot be seen with microscopes. When chemists by synthesis convert the molecules of waste substances into something different and valuable, they merely induce a chemical change in one section of the molecule. As their eyes cannot see the units in these "reactions," the theoretical knowledge of structure is all-important.

AID TO FARMERS

Chemistry, by finding new uses for farm products and by-products, can do more toward "farm relief" than any legislation Congress may pass, Louis J. Taber, Columbus, National Grange Master, told the society.

When new uses for agricultural products are found by the chemists,

(Continued on Page 2, Column 8)

BRITISH ACCEPT POISON GAS BAN

All Colonies Likewise to Keep 1925 Protocol

England Asks Reciprocity of All Other Nations

Geneva Conference Also Takes Up Disarming

GENEVA, April 30. (AP)—Decision of the British government to adhere to the Geneva protocol of 1925 prohibiting the use of poison gas in warfare was announced today by Lord Cushendun at the opening of the session of the Preparatory Disarmament Conference.

The British spokesman made the single reservation—that reciprocity must prevail, and then made a similar announcement on behalf of Australia, New Zealand, South Africa and the Irish Free State. Dr. Walter A. Riddell on behalf of Canada announced his government also had asked Parliament to ratify the protocol.

HOPES OTHERS RATIFY

Nicolas Politis of Greece expressed the hope that other signatory states which had not yet ratified the protocol will see their way clear to do so. The protocol was that arrived at, after American initiation, by the League of Nations traffic in arms conference in 1925.

A discussion of tables, with respect to the fixing and listing, evaluation, etc., of the maximum armed forces of each nation ensued. Hugh S. Gibson, American spokesman, intervened with the important statement that the United States can accept limitation of naval effectives only provided such limitation is generally accepted and on condition a satisfactory agreement is reached respecting the limitation of warships.

The discussion on naval tables then was deferred.

That Washington and not Geneva will decide the next concrete step in reduction of naval armaments is the prevailing impression here.

The White House, the Washington State Department and Downing street are believed to be agreed that a preliminary agreement between the United States and Great Britain on general lines is wise before there are further public naval discussions at the present conference here.

Failure of the tripartite naval pact is held up as a warning that there must be no further collapse as a result of lack of suitable preparations.

Geneva therefore believes that Sir Esme Howard, British Ambassador at Washington, is talking or will talk with Secretary of State Stimson and perhaps with President Hoover directly, about the political aspect of the Anglo-American naval problem.

It is believed that if Great Britain and the United States are in substantial accord on naval matters, the delegations can go forward more confidently.

Present opinion is to the effect that naval reductions will not be discussed until the next session of the preparatory commission, which the majority of delegates hope will not be convoked until autumn.

NATIONS MUST STUDY

This will give an opportunity to all the nations with large navies to scrutinize and weigh the American suggestions. Tekio will want time to study them at leisure and France and Italy must think of equivalent values of tonnage not only in relation to each other, but also with reference to their neighbor, Spain.

The smaller countries with modest fleets are beginning to wonder when they will be invited to climb aboard the band wagon of naval reductions and naval formulas.

Jugo-Slavia, for instance, is showing a lively interest in whether the American principles also will apply to her naval forces.

HOOVER KEEPS STAFF AT NIGHT

Stenographers Available in Evening When President Has Work to Do

WASHINGTON, April 30. (AP)—President Hoover's habits of working frequently at night have led to the institution of a night force of stenographers at the White House.

By turn the executive office stenographers are at the executive mansion each evening, so if Mr. Hoover desires to dictate letters or has other use for them they are available.

This practice was followed in the Roosevelt administration, but was allowed to lapse until Mr. Hoover took office.

NOGALES TAKEN AFTER BOMBING

(Continued from First Page)

from following their comrades across the American border.

The campaign against irregular rebels in Central Mexico is proceeding successfully, according to messages to the government today. The vicinity of Los Altos, Jalisco, heretofore the center of these rebel activities, is practically cleared of the insurgents and railroad traffic is normal. A rebel band is reported to have entered the undefended village of Cuyutlan, Jalisco, and to have sacked the stores before they were driven off by Federal troops.

DESERTED CAVALRY REGIMENT SURRENDERS

NACO (Son.) April 30. (AP)—A regiment of cavalry deserted by Gen. Escobar at Agua Prietta several weeks ago surrendered to the commanding officer of the Federal fort here late tonight. The outfit included about 350 well equipped men and horses.

Most of the horses are thoroughbreds which Gen. Escobar is reported to have gathered in the State of Chihuahua.

GENERALS CROSS BORDER FOLLOW G REVOLT

DOUGLAS (Ariz.) April 30. (AP)—Twelve Mexican rebel generals, led by Gen. Jacinto B. Trevino and Gen. Martin F. Barcenas, crossed the international line here tonight and obtained refugee cards at the United States Immigration Office.

It was said by officers of the immigration office that at least twenty-five Mexican revolutionary army officers, great and small, had crossed the line into the United States and that the only generals of the rebel forces not accounted for in this section are Gen. Escobar, commander-in-chief of the revolt; Gen. Marcelo Caraveo, Governor of the State of Chihuahua, and Gen. Ramon Yucupicio of the Maya Indian forces.

Young Vetoes Insurance and Pension Bills

SACRAMENTO, April 30. (AP)—Two bills were vetoed tonight by Gov. Young. One was Senate Bill No. 604 by H. C. Jones, "designed" the Governor said, "to facilitate the business of the State compensation insurance fund by the creation of a cash revolving fund, but it would not accomplish its purpose."

The other measure vetoed was Senate Bill No. 209 by Lyon and Pedrotti, enacting pensions for county peace officers.

BATTLE STARTS MAY DAY EVE

Berlin Communists in Clash With Police Force

Two Officers Fall Before Rioters Disperse

Mexican Reds Post Attack on Ambassador Morrow

BERLIN, April 30. (Exclusive)—The first shots of the May Day battle were fired tonight at Neikoelln, Berlin's southern suburb, when the police charged and tried to disperse 1000 Communists assembled at Hermann Platz listening to a speech denouncing the Socialists and the police chief. The baton charge was unsuccessful, so the police fired a volley into the air, whereupon some of the rioters used their guns and shot two of the policemen.

Police reinforcements hurried to the scene in motor lorries and after a stiff encounter scattered the mob.

Fifteen thousand policemen were mobilized tonight for tomorrow's celebration of May Day in anticipation of defiance by the Communists of a police decree forbidding workers' open-air demonstrations.

The situation is not without a touch of humor, in that Police Chief Zoergiebel is himself a Socialist.

MEXICAN COMMUNISTS ASSAIL MORROW

MEXICO CITY, April 30. (AP)—The capital was placarded today with posters signed by the "Crom," Mexico's largest labor organization, and by the "Red Syndicates of Mexico." These call Mexican workers to two street manifestations tomorrow to be put on independently by the "Crom" and by the Communists.

The Communist proclamation announces that speeches will be made in front of the American consulate and the Communist newspaper El Machet attacks Ambassador Morrow, declaring that it is neither Gen. Calles nor Provisional President Portes Gil who is governing Mexico but the American Ambassador. "Down with American imperialism," its article concludes.

During ordinary business hours tomorrow Mexico City will be without street cars and taxis. Even restaurants will be closed and no newspapers printed.

WORKER CRAZED BY REDS' THREATS

PARIS, April 30. (Exclusive)—Thomas Testa, a factory worker, living a quiet life with his wife and two babes, was driven mad in the last few days by the truculent demands of his Communist fellow-workers that he join the Red party or they would "get his two children on May Day" if he did not do so. He threw himself under the metro—the Paris subway—tonight in an attempt to commit suicide in order to escape the terror.

The incident is all of a piece with the pumped-up Red agitation traditionally rising to its height on May Day and which is only held in check through the police and army preparations. The entire police force has been mobilized for tomorrow. Cavalry, machine-gun battalions and infantry were arriving today from garrisons in the provinces and occupying barracks on the edge of Paris on all sides to be in readiness in case the Reds find a weak spot in the police preparations and manage to break loose.

MOLECULES ACT LIKE TUMBLERS

(Continued from First Page)

he said, the "burdensome surpluses will begin to disappear and these surpluses are a great part of the agricultural problem." Taber spoke in a symposium on "The Relations of Chemistry and Agriculture."

In addition to discovering new uses for farm products as the raw materials for industry, Mr. Taber said agriculture looks to chemistry to find cheaper plant foods, such as nitrogen; to find better ways to detect adulteration of foods and to find more effective ways to combat the pests "that menace rural prosperity," such as the corn borer, boll weevil and the Mediterranean fruit fly.

Maj. T. P. Walker of Terre Haute, Ind., told of the use already made by industry of farm products and by-products. Corn, cotton, sugar and milk are the American farm products most frequently used in industry, he said. Chemistry is not, however, he said, "a messiah come to save the farmer."

MANY CORN PRODUCTS

More than fifty products are made from corn, through chemical processes, Maj. Walker said, including soap, glycerine, salad oil, glue, rubber substitute, fertilizer, syrup, starch and many others. He listed paint, paper, celluloid, rayon, smokeless powder and artificial leather as among the cotton products; ethyl alcohol and insulating board from sugar; glue, buttons, umbrella handles, combs, and other articles from casein, the solid portion of milk.

Irish potatoes as a source of iodine, believed to help in the prevention of goitre, were discussed before the agriculture and food chemistry section of the society today, by Roe E. Remington, South Carolina Food Research Commission.

KNOWLEDGE OF ATOM WINS MEDAL AWARD

CHICAGO, April 30. (AP)—His knowledge of the atom has won for Prof. Werner Heisenbergn, University of Chicago physcist, the annual medal of the Research Corporation of New York. The winner is 28 years of age.

SENATE PASSES COURT MEASURE

Bills Designed to Clarify Procedure

Jurisdiction of Superior Judges Extended

Appellate Department for County Judiciary

SACRAMENTO, April 30. (AP)—Thirty-seven bills were passed by the Senate today designed to clarify or otherwise aid the procedure of courts. The more important of these are described as follows:

A Superior judge retains his powers anywhere within the State and may perform the functions and duties of his office outside as well as within his own county.

An additional ground on which trial by jury may be waived is by failing to announce that a jury is required at the time the case is first set upon the trial calendar or within five days thereafter.

Every justice of the peace in townships with a population of 30,000 or more, shall receive a salary of $6000 per annum; in townships with a population less than 30,000 and more than 10,000 the salary shall be $2400, and in townships less than 10,000 the salary shall be $1500.

The prevailing party in any action in the Small Claims Court is entitled to costs of the action and also the costs of execution upon a judgment rendered therein.

JURISDICTION

Justices' courts in political subdivisions having a population of 5000, instead of 20,000 or more, shall have original jurisdiction in all cases of law in which the demand, exclusive of interest or the value of the property in controversy, amounts to $1000 or less; of all actions of forcible or unlawful entry or detainer where the rental value is $100 or less per month and where the whole amount of damages claimed or foreclosure liens involves a value of $1000 or less.

There shall be in the Superior Court of every county or city and county wherein any Municipal Court is established a department known as "Appellate Department of the Superior Court," which shall consist of three judges of the Superior Court who shall be designated by the Judicial Council. This department shall have appellate jurisdiction on appeal from municipal, justices' and other inferior courts established within the political subdivision. The presiding judge of the department may convene the court at any time to conduct the business awaiting action.

COMMISSIONERS

The Superior Court of every county having a population of 900,000, or more, may appoint not exceeding six commissioners and the Superior Court in every other county in the State may appoint one commissioner to assist the court in disposing of its business with the administration of justice. Such commissioners may, when directed, hear motions for writs except for orders of injunction and prohibition; to take and approve bonds, appoint appraisers, receive inventories, hear and determine preliminary proceedings and other collateral matters, including motions for the custody and support of children, allowance of temporary alimony, costs and attorneys' fees and issues of fact in contempt proceedings, in divorce, maintenance and annulment cases.

ITALIAN ENVOY SLAIN

BRUSSELS, April 30. (AP)—While walking along a street today Alfonso Arena, chancellor of the Italian Legation in Luxembourg, was shot and killed. His assailant, who was arrested, was an Italian cobbler named Gino.

GIRLS' OVERALLS UPSET SCHOOL

Idaho Attorney-General Gets Puzzling Question as Protests' Result

BOISE (Idaho) April 30. (AP) What to do with these girls who wear overalls to school? This question has been placed before Myrtle R. Davis, State Superintendent of Public Instruction, by teachers in the Soda Springs schools.

"It wasn't so bad," Mrs. Davis said, "until the girls began appearing in class with these horrid bibless overalls held up with a belt—or no belt."

Mrs. Davis asked the Attorney-General for a ruling. Now he is puzzling over the situation.

GETZOFF STORY BRINGS ACTION

(Continued from First Page)

ton Pike and Joseph Sherman, two former employees of Getzoff at the Spring-street tailor shop, went before the grand jury with a diary they had kept from day to day in the shop. It showed specific visits of officials to the shop, revealed the passing of bribe money and asserted numerous conversations.

Immediately after Pike and Sherman testified, and another tailor, John Rettenger, gave testimony, the grand jury returned an accusation against Keyes asking for his removal from office and indicted him on charges of bribery with Jacob Berman (alias Jack Bennett,) "bright boy" of Julian notoriety; E. H. Rosenberg, a Julian broker; Charles Reimer, former confidential investigator for Keyes; Ben Getzoff, the tailor shop owner, and "pay-off man;" Jack Rosenberg, a brother of the broker, and Dave Getzoff, a son of the tailor.

THREE DISMISSED

After the State closed its case against the defendants, Reimer, Jack Rosenberg and young Getzoff were dismissed for lack of evidence against them. Keyes, the elder Rosenberg and the tailor were convicted of bribery and conspiracy. The jury was out but two hours.

Shortly after the conviction Getzoff became ill and was taken to the County Jail hospital. Not long afterward he appeared before Dist.-Atty. Fitts and made a complete statement, part of the text of which he again told yesterday to the grand jury.

The tailor was given probation and sent to the hospital to recover from serious ailments. Keyes and Rosenberg remain in jail awaiting appeals from their convictions, which remand them to San Quentin to from one to fourteen years.

DRIVE PLANNED BY DEMOCRATS

(Continued from First Page)

the conducting of active organization work 365 days in the year."

Shouse's task, it was explained, will be to represent the national committee in efforts to co-ordinate the activities of Democrats in both houses, State organizations and Democratic women's groups, "in order to build a strong, countrywide Democratic organization that will be a virile, going institution."

DR. MAYER NAPA CHOICE

NAPA, April 30. (AP)—Dr. O. J. Mayer, seven years surgeon at the French Hospital in San Francisco, today was appointed surgeon and assistant physician at Napa State Hospital to fill a vacancy caused by the recent resignation of Dr. C. A. Johnson.

GERMANY GIVEN TURN OF SCREW

Reparations Delegates Get Semiofficial Hint

Agree or Continue on Dawes Plan, France Warns

Return of Dr. Schacht With New Offer Sole Hope

PARIS, April 30. (AP)—Pointed advice to Germany to settle her reparations problem at the present conference of experts came semiofficially from the government tonight through the Paris press. Germany was warned that there will be no political conference later to patch up affairs if the present second Dawes committee reports its failure.

She is informed that the Dawes plan, which the German delegation protests is becoming insupportable, is the only alternative to an agreement before the committee.

IRON HAND GLIMPSED

Through Paris newspapers, led by the semiofficial Temps, this advice was given quite clearly today and sources close to the government itself let it be known that this is France's firmly-resolved policy.

The other Allied delegations to the committee are disposed to take the same view, it was learned elsewhere tonight.

Thus Germany appears to be faced with strong pressure for an immediate settlement when Dr. Hjalmar Schacht returns to Paris Thursday.

All this fits in exactly with Premier Poincare's repeated declarations which were last voiced in his speech at Bar-le-Duc a week ago. There also is a belief that Foreign Minister Briand very probably has conveyed this information to Gustav Stresemann, German Foreign Minister, and that therefore all the delegations look to Dr. Schacht's return as vital.

ALL ELSE UNCERTAIN

The experts are not certain that the Germans will change their figures sufficiently to make possible an agreement. They are not even sure that Dr. Schacht will present a new offer, but they all feel that Germany's yes or no will be momentous.

The committee's report is being whipped into shape and the subcommittee will meet tomorrow afternoon to read and study the revised positions of additional chapters.

SOUND-CINEMA BATTLE OPENS

(Continued from First Page)

no other film be used in its machines than those made expressly for them.

The Europeans won the early clash this morning when an attempt by the Hyde Park cinemahouse, for whom the American company is fighting the case, to postpone the hearing was denied. The plaintiffs pointed out that the rapid success of the American system is causing new units to be installed daily and that a delay of even a few weeks might complicate the situation in case the protest of the German patent holders is upheld. The opening of the trial therefore was set for Thursday.

There are many sound devices already in operation in Great Britain. It is estimated that between 300 and 400 installations are working already or have been announced for the near future. Eight sound films are playing in London this week, drawing tremendous crowds.

The point on which the patents are contested has not yet been revealed, but one fact in favor of the Americans is that the initial production of the first full-length sound film took place in New York three years before Europe heard the first talking pictures.

ART IS FOR EVERYBODY

WIFE'S SLAYER OFFERS MOTIVE

Peacox Asserts She Called Their Home a "Dump"

New York Murderer Reveals How He Hid Body

Corpse Burned Later After He Had Framed Alibi

WHITE PLAINS (N. Y.) April 30. (AP)—A confession signed by Earl Francis Peacox in the presence of the District Attorney today attributed the killing of his wife Dorothy to her referring to the home in which she and Peacox began their ill-fated married life as a "dump." Her body, six days later, was saturated with kerosene and partly burned.

The Peacoxes were married on April 21, 1928. He then was 20 years of age and she 19. They didn't get along well together and soon separated. She went to New York, while Peacox, a radio repair man, stayed on in the home he had furnished.

On April 21 of this year he was playing cards in the home of his mother-in-law when he suddenly remembered, so the confession reads, that it was his first wedding anniversary. Actuated by some confused emotion which he was unable to explain, he called on his wife and persuaded her to go for a drive with him.

QUARREL STARTS

He drove her to their former home and shortly before midnight they crossed the threshold of the house that had seen the beginning and end of their romance.

"Well, this looks like the old dump," the confession quotes Mrs. Peacox as saying, and records that the husband took offense at the remark. A quarrel ensued, which passed through the stage of angry words to "clawing" by the wife, Peacox said, and then he drew a pistol from his pocket and struck her on the head with the butt.

Still fighting and screaming Mrs. Peacox is said in the confession to have knocked the weapon from her husband's hand. He then took her by the throat with one hand and pressed the other over her mouth. She relaxed suddenly, and he realized that she was dead. He put the body in his car and drove along the Ardsley Road to near Greenburg, where he hid it in a thicket.

ALIBI FRAMED

Then, as told in the confession and in the testimony of Florence Newman, a young woman held as a material witness, Peacox began to frame an alibi. Miss Newman said she spent the night at the Peacox home three days after the killing and before it was yet discovered. Peacox, she said, told her that a drunken woman had been there a few nights before and asked her to be prepared to say it was she "if anything happens."

His confession tells that last Saturday, six days after the killing, he returned to the hidden body, poured kerosene over it and set it afire. The charred body was found the same day.

Pending meeting of the grand jury on May 6, Peacox is held without bail on a charge of first-degree murder.

NOMINEE TO RADIO BOARD CAN QUALIFY

Saltzman of Iowa Agrees to Sell Stocks, Starbuck Pleads Democracy

WASHINGTON, April 30. (AP)—A favorable report was ordered today on the nomination of Charles McK. Saltzman of Iowa to be a member of the Radio Commission by the Senate Interstate Commerce Committee.

The committee also ordered a favorable report on the nomination of William D. L. Starbuck of Connecticut to be a member of the Commission.

Saltzman, a former chief of the Army Signal Corps, reappeared before the committee today after his confirmation and testified to the holding of stock in the General Electric Company and the American Telephone and Telegraph Company.

The committee's confirmation was given Saltzman with the understanding that he would dispose immediately of this stock, consisting of eighty shares in General Electric and five shares in the telephone company.

Starbuck testified he was a Democrat and a mechanical engineer. Replying to Senator Dill, Democrat, Washington, one of the sponsors of the radio law, he said he favored open hearings by the Radio Commission.

Family Slain in Rum Feud

PAINTSVILLE (Ky.) April 30. (AP) A family of three was wiped out, another man was killed and a fifth was wounded in a midnight shooting in a woods ten miles from here. County officers today were hampered in their investigation by the reticence or short memory of the one wounded survivor.

Bodies of the victims, Lee Gibson, 52 years of age; his wife, 35; their son, Bernie, 14, and Wallace Hannah, 30, were found several hours after the wounded man, Wayne Hannah, a relative of one of the victims, had been brought to a hospital here.

County officers can see no other explanation than the tragedy was the outgrowth of moonshining.

Zeppelin Will Take Mail Load

NEW YORK, April 30. (AP)—American press representatives of the Graf Zeppelin announced today that arrangements had been completed with the Postoffice Department for carrying mail back to Germany on the dirigible Graf Zeppelin, which is scheduled to leave Germany for America on May 15.

Any postoffice, they said, is authorized to accept mail for the eastward journey of the Graf. Postage will be $1.05 per letter and 55 cents for each postcard. Mail must be marked "by Graf Zeppelin from Lakehurst, N. J."

U.C. FRUIT EXPERT TO SURVEY ORIENT

WASHINGTON, April 30. (AP)—Appointment of Prof. B. B. Chocheron of the University of California to make an intensive study of marketing possibilities for American dried and canned fruits in the Orient, was announced today by the Department of Commerce. Prof. Chocheron's survey, which will be conducted in co-operation with Department of Commerce officials in the Orient, will require six months.

WOMAN IMPALED ON FENCE BY AUTOMOBILE

SAN FRANCISCO, April 30. (Exclusive)—Mrs. Gladys Keating rolled her automobile backward today by pulling it from the rear. The car got beyond control on an incline and impaled her on a fence. She died of her injuries.

CHICAGO GRAFT CHARGES VOTED

Grand Jury Accuses Many of Protection Fraud

Police Captains and Former Politician Named

Slot-Machine Profits Put at $10,000,000 Annually

CHICAGO, April 30. (Exclusive)—As the first outstanding achievement of State's Attorney John A. Swanson, who took office five months ago as the key man of the reform ticket, six police captains, one former well-known City Hall politician and twenty-one other men, most of them gangsters of note, were caught in the indictment net by the grand jury, which voted true bills today on the evidence of a huge slot-machine syndicate operated throughout the city.

The size of the syndicate finally is shown by the estimate that profits of approximately $10,000,000 annually were poured into the treasury to be divided among those in the asserted protection circle.

THOSE INDICTED

The police captains named in the true bills returned by the grand jury this afternoon are:

Patrick J. Collins, Dennis M. Malloy, Richard P. Gill, Michael Tobin, Hugh McCarthy and Michael Delaney.

Dr. William H. Reid, one-time smoke inspector and Commissioner of Public Service during the first Thompson administration, is the most prominent of the political lights indicted. His magnificent home at 1257 West Garfield Boulevard has been the target of bombings several times. He always denied he had any knowledge of the cause of the bombings but it was rumored that it was the result of dissension over the division of spoils from the racketeers.

James N. O'Brien, known to his intimates as "High Pockets" O'Brien, is charged with being the "fixer" in the syndicate. His whereabouts are unknown.

LARGE SUMS INVOLVED

The size of the syndicate involved is shown by the fact that evidence was submitted to the grand jury to show that during a period of four and one-half months between $350,000 and $400,000 was paid to O'Brien alone by only two slot-machine operators.

Among the others named in the true bills, which will be returned in the form of a conspiracy indictment tomorrow morning to Chief Justice Sullivan of the Criminal Court, are: Edward (Spike) O'Donnell, South Side gangster and beer runner; Arthur K. Dyer, Thompson ward committeeman of the Fifth Ward; William Borgen Hagen, secretary to Edwin C. Balmer, Commissioner of Public Service in the Thompson cabinet; Frank J. Beran, custodian of the police department; Elmer A. Brown, a former committeeman on the South Side and now a deputy commissioner in the Board of Local Improvements, and John W. Hoff, a ward politician in one of the South Side wards.

The name of one Alderman was before the grand jury for possible indictment but he was voted a no bill, it is reported.

Baldwin Gives Debt Defense

LONDON, April 30. (Exclusive)—A vigorous defense of his funding of the British debt to the United States was made by Prime Minister Baldwin tonight at the British Bankers' Association's annual banquet. The Premier said the settlement obtained for England stable currency in exchanges, comparative stability in prices and wages and a steady and improved fall in the cost of living.

ILLINOIS BANK ROBBED

THOMPSONVILLE (Ill.) April 30. (AP)—Five armed men imprisoned the cashier and a customer in the vault of the State Bank here this morning and robbed it of $5000 cash and a quantity of nonnegotiable banknotes.

MACHINE GUNS' TRAIL TRACED

Witnesses Reveal Sales to Chicago Gangsters

Supplies Sufficient for Death Squads Disclosed

"Scarface Al" Capone Shown as Heavy Purchaser

CHICAGO, April 30. (AP)—Seeking the ownership of the machine guns which mowed down seven gangsters in the St. Valentine's Day massacre, the Coroner's jury reconvened today and heard witnesses tell about arms to equip several army squads.

The names of "Scarface Al" Capone, gang leader; former Alderman Titus Haffa, now in prison for a liquor conspiracy, and other persons known to police were involved in the purchase of machine guns.

Frank R. Thompson, fugitive machine gun salesman who is said to have supplied the St. Valentine Day assassins with the weapons, was taken into custody and held for appearance before the Coroner's jury.

James Reynolds, secretary of a Chicago firm dealing in firearms, testified machine guns had been sold to the Hawthorne Kennels Club, dog race track owned by Capone at the time and to the Haber Tool Machine Company, of which former Alderman Haffa was president.

Another witness, Louis Weisbrod, said he had sold twelve machine guns, several of which he said had gone to police departments. However, he said he had sold one to a man connected with the kennels club who had threatened him with death if he revealed the sale.

Coroner Bundesen sought to identify the men who killed the seven gangsters in a North Side garage by tracing the bullets and machine guns.

HUNTINGTON PALISADES
"on Santa Monica Bay"

Nature Paints an Incomparable Picture

FABULOUS FORTUNES have been paid to acquire a single masterpiece on canvas.

But the finest work of the master in oil and brush is mere tawdry in comparison with Nature's own rendition as you see it from your own home in Huntington Palisades.

Every window is a frame for a canvas of incomparable charm—a constantly changing and ever interesting landscape—now bright clear and crisp in radiant colors . . . . now wrapped in soft and subtle haze . . . . and again shimmering before a Heaven blazing with the gold, and purple and rose of closing day.

In Huntington Palisades you can enjoy, for a modest sum, more beauty, more charm, more splendor than he who claims possession of a famous masterpiece.

Come, see Huntington Palisades and feast your eyes on the beauties that are perpetually reserved for those who call this "HOME". Assure yourself of a homesite in the beauty spot by making your selection now.

The new University of California is only 8 minutes away via Beautiful Beverly Boulevard.

A wide bathing beach is reserved for the exclusive use of Huntington Palisades residents and their friends.

as Los Angeles Distributors of Vibraphones—a new and scientific discovery that revives hearing by utilizing and intensifying sound waves through the small silver devices that fit the ears perfectly. Powerful vibrators and intensifiers are built inside. The instruments are so small that your friends will seldom know you are wearing them. Comfortable, instantly put in the ears or removed. No wires. No batteries. No head bands. Nothing like them. This new and scientific triumph produces marvelous results. Headnoises stop. Hearing improves—often being restored to its normal function. Don't be handicapped or embarrassed another day by deafness.

The Price Is $15.00

The Vibraphone Sales Company will gladly show you these instruments and see that you are fitted properly.

GAS CONSERVING NEED STRESSED

Use of Natural Product on Rapid Increase

State Administrator Makes Report on Situation

Economy Urged as Vital to Industry's Existence

SAN FRANCISCO, April 30. (Exclusive)—Use of natural gas in California has increased so enormously in recent years, particularly during 1928, that its conservation has become an important economic need, according to the report to the State Railroad Commission today of Claude C. Brown, State gas administrator, who was appointed by the commission.

During 1928, 317,000,000,000 cubic feet of natural gas was produced, the report says, distributed as follows: 35,000,000,000 cubic feet to domestic consumers; 153,000,000,000 cubic feet to industrial users as fuel; 51,000,000,000 cubic feet to the oil fields, and 78,000,000,000 cubic feet of surplus supply which was blown into the air.

VALUE APPRECIATED

"The value of natural gas," the report states, "both to the commonwealth in which it is produced and to the oil industry which produces it is becoming more and more widely known and appreciated. The growth of the natural-gas industry from practically nothing in 1865 to one with a $1,600,000,000 capital investment in 1927 bears out this statement.

"With the future of an industry of this size depending upon the economic utilization and the reasonable conservation of this natural resource, it is highly probable that adequate measures will be taken to conserve the future supply of natural gas and that the earlier experiences of some of our eastern States wherein the natural gas reserves were recklessly dissipated within a few years will not be repeated in California."

SOME PUMPED BACK

Conservation measures already are under way in this State, the report continues. In many fields success has been attained in pumping the surplus back underground into depleted structures, there to be stored for future use. A total of 8,250,000,000 cubic feet was stored in this manner last year, the report says. In addition, the State government, working with oil operators, has worked out a scheme of curtailment of production which amounted to 145,000,000 cubic feet daily during 1928, or 14½ per cent of the entire daily production.

No oil gas has been manufactured in the Los Angeles area since the appointment of Brown as gas administrator in 1927, according to the report.

DUKE'S SERVANT SENTENCED

WELS (Upper Austria) April 30. (AP)—Ernest Deiters, trusted servant of the Duke of Cumberland of England, today was sentenced to three years at hard labor with a fast day every three months for theft of valuable coins, gems and watches of the Duke's collection.

FOCH TALKS

By COMMANDANT BUGNET
Aide-de-camp to the late Marshal Foch

Copyright, 1929 by North American Newspaper Alliance

[Commandant Bugnet, aide-de-camp to the late Marshal Foch from June, 1921, until the generalissimo's death, gives in his book "Foch Talks" intimate and revealing conversations with the man who commanded the Allied forces in the World War. Marshal Foch knew and approved of Commandant Bugnet's work of revealing the real Foch but asked that the book be withheld from publication until his death in order to escape possible criticism that it was inspired. This is the fourth of a series of articles written exclusively for The Times and allied newspapers of the North American Newspaper Alliance incorporating the most important parts of "Foch Talks."]

Healthy, balanced, normal, allotting to each thing the precise importance which it deserved, knowing what he should do and simply doing it—in the hour of tragedy, face to face with danger, even as later amid the aura of glory, Marshal Foch never ceased to live close to the realities of life.

The body makes certain demands. One must submit to this necessity. There is no better method of mastering it. The marshal regarded this necessity in the light of a duty to fulfill.

Formerly he was a keen horseman. Later he compelled himself to take daily walks, as he considered that walking was excellent for calming the mind, keeping the muscles in good order and, therefore, insuring a good night's rest.

GOSPEL OF WORK

"Exercise is necessary to enable the body to function properly; work, to keep the mind at its highest pitch. Yes. Work, exertion, effort—that is what produces results. One must work all the time and take exercise to keep the mind as fit as the body."

These considerations, obvious though they may appear, did not seem to him things to despise. On the contrary, he liked to repeat them, in order to emphasize all the importance he attached to them.

"One must lead a regular life." The marshal willingly complied. His official duties were constantly laying traps for him. He did not let himself be caught. "I never indulge in excesses." At all the officials banquets or dinners: "I never take more than I need."

ABOVE CIRCUMSTANCES

No more did journeys and ceremonies secure any hold over him.

"I am a mere parcel. I let them pack me up. They exhibit me, then store me away again. I do not concern myself with anything. I have crossed the channel, even the Atlantic. I am not afraid of seasickness. I sleep in a railway carriage. . . . And then, when you have been through the war, nothing more can tire you."

As a matter of fact, his health was wonderful. It ran in his family. "So, in my family, my sister soon will be 80; she is as active as you or I. My elder brother, who is a year and a half older than I, is in very good health."

FLOWER OF YOUTH

"Did your parents live long?"

"No. My father ate nothing when he woke in the morning and at 11 o'clock he had only a couple of eggs. He did not get enough nourishment."

"At what age . . . ?"

"He died at the age of 77 years."

Standing solidly upright on his bowed legs, with his head and shoulders square-cut, knotted like an oak, with his short and powerful limbs, the marshal gave an impression of strength not belied by the cast of his features, which were thrown into prominence by the deep lines of his face.

"Is it true, sir, that you once attended the maneuvers without noticing that you had scarlet fever?"

FOCH CARRIED ON

"Yes, or almost true. It was while I was at the staff college on a staff ride that I was conducting. When we reached the scene of operations I felt perhaps a little tired, as the weather was frightful; but the cadets were there. A large attendance had been obtained and they could not send them back again. I had to 'get down to it.' I carried out my maneuver. On my return I was peeling." (He displayed his hands and gazed at them with surprise.) "I consulted a medical officer. He said to me: 'You must have had a fever.' 'That is quite possible,' I replied. 'You have had scarlet fever,' he went on."

A stern taskmaster toward himself, he was no less so to others and did not allow his colleagues to pamper themselves. "Weygand is like me; he has not taken a single day's leave throughout the war. Even after the accident to his hand he kept on working." He was proud of it.

Indiscreet questions sometimes found their way into the mail which he opened each morning.

"What is your opinion on the immortality of the soul?"

MARSHAL'S CREED

"For myself I cannot doubt it," he pronounced categorically, and even as he framed this blunt reply the marshal tore up the letter continuing the inquiry, not deeming it necessary to parade his personal beliefs.

He was a fervent Catholic. Religion harmonized with his taste for order and authority; his demand for discipline and permanence; as also toward his demand for nobility. He made it a part of his patriotism.

LIFE WORK DONE

"I always used to tell myself, in the old days, that I should not like to die till I could hang up my saber as a votive offering on the walls of Metz Cathedral. Oh, I shall do it! I have promised!"

Such were the two torches which lit up his spiritual life and whose gleam was so real to him that I have seen him abandon himself—a rare occurrence—to his twofold emotion in the course of a patriotic and religious ceremony.

It was his custom on his holidays (which he spent on his property of Trofeunteuniou, in Brittany) to make his annual pilgrimage in the month of August to Gorcy (Meuse.)

There, in one of those fields which are like so many others but which the drama of 1914 has made sacred, a common grave which makes a ridge in this, one bears this simple legend:

"Germain Foch, subaltern of the One Hundred and Thirty-first infantry, killed at Gorcy, August 22, 1914."

Before it the marshal uncovered and knelt. For a long moment he would remain rapt in prayer, with no sign but a shaking of the head. This gesture, at once simple and significant, token of his grief in the presence of what could not be healed, was deeply human in its unaffectedness, moving in its simplicity, and coming from such a man in such a place, more eloquent than any words of sorrow.

ON FIELD OF BATTLE

His only son, a young man of 25, fell there. There he lies, not divided from his fellows in arms. The conqueror of the war has not even been able to recover his relics.

Neither of his son nor of his son-in-law did one ever hear him speak. The day he heard of their deaths—he was at Chalons—he asked simply that he should be left alone for a while, and stayed shut up in his office for half an hour. Then calling back his officers—"Now let us get on with our work."

For what was to be done? Mourn—or conquer?

In his next article Commandant Bugnet tells of Marshal Foch's disappointment when the French government refused to permit him to accept American and other foreign honors for his war services.

MRS. DE KING'S SLAYER FREED

Jury Exonerates Dry Deputy Who Shot Woman

Investigator Charged With Swearing Falsely

No Action Taken on Issue of Enforcement

GENEVA (Ill.) April 30. (AP)—Roy Smith, the deputy sheriff who shot and killed Mrs. Lillian De King during a prohibition enforcement raid on her home, was exonerated today by the Kane county grand jury. No bill was reported for Joseph De King, husband of the slain woman.

Eugene Boyd Fairchild, who, as an investigator for the State's Attorney's office, swore falsely to buying liquor at the De King home, was indicted for perjury.

No recommendations for any change in dry-law enforcement methods in the county were made by the jury, which reported before Judge Newhall.

It was reported State's Attorney Carbary recommended to the investigating body that De King not be indicted.

Carbary explained De King, in losing his wife, had suffered sufficiently. The jury decided to return a no-bill for Smith while the State's Attorney was out of the room.

At last—*a new and still better*
Eastern oil for the motoring West

Would these results convince you that the New Mobiloil can keep the first-year feel in your engine for 30,000 miles?

The New Mobiloil is probably the most thoroughly tested motor oil ever offered for your engine.

We are speaking of laboratory tests which involve the accurate deductions of science, and—we are speaking of road tests, which prove, perhaps more conclusively so far as you are concerned, just what the New Mobiloil will do for you, *right in your own engine.*

Final tests of the New Mobiloil were made on a 41-mile test course, and on the Atlantic City Speedway. Stock cars were purchased by us from authorized dealers—competing oils of highest grade were purchased from average filling stations—and then such tests as these began:

60,000 to 70,000 miles of driving, 18 hours a day, at all speeds, and under all conditions of driving common to the average man—

18 consecutive hours at 70 miles per hour over and over again.

As a result of these tests, we definitely offer you at least 30,000 of the finest miles you've ever driven—with the first-year feel in every mile. Moreover, greater power, and a saving of at least 20% in oil consumption.

We make this offer *definite* only because our tests have consistently *bettered* the figures used above.

SINCLAIR'S PATH TO JAIL OPENED

Supreme Court Ready to Act on Final Mandate

Oil Magnate Can Expect to Begin Term Next Week

Prison Not Yet Designated to Receive Him

WASHINGTON, April 30. (AP)—The Supreme Court is ready to take its final step toward commitment of Harry F. Sinclair to jail to serve a three months' sentence for refusal to answer questions by the Senate oil committee.

The court's mandate was drawn today to carry into effect its decision of the 8th inst. affirming the sentence imposed by the District of Columbia Supreme Court. The mandate is signed by Charles Elmore Cropley, the clerk of the highest tribunal, and is issued over the name of Chief Justice Taft. It reviews the proceedings by which the case reached the court and "commands" the District of Columbia Supreme Court to proceed to put the jail sentence into effect.

The mandate probably will reach the clerk of the District of Columbia Supreme Court by Saturday, and early next week he may submit it to a judge for the commitment of Sinclair to jail. Justice Hitz presided at the trial which resulted in Sinclair's conviction, and probably will issue the order.

The judge making the commitment will decide when Sinclair must surrender, and is expected to designate which of the two penal institutions of the district will receive the oil operator.

The Supreme Court now has before it for decision another contempt case against Sinclair arising out of jury shadowing during his trial for conspiracy to defraud the government in connection with oil leases. Should a decision be handed down before the end of the present term on June 3 affirming the lower court, Sinclair will be required to serve an additional jail sentence of six months.

MELLON CRITIC HARPS ON VISIT

Senator Walsh Sees Portent in Canadian Trip

Judiciary Committee Pries Into Secretary's Errand

Vote on Norris Report May be Reached Today

WASHINGTON, April 30. (AP)—Attention of the Senate Judiciary Committee was focused today on a visit of Secretary Mellon to Canada in 1925, especially as to whether it was in the interest of his stock holdings in the Aluminum Company of America.

The committee has been considering the report prepared by Chairman Morris finding the Treasury Secretary to be holding office illegally, but no decision was reached. An effort for a vote may be made at a meeting called for tomorrow.

Seeking approval of the Norris report Senator Walsh, Democrat, Montana, at today's session continued his discussion of a deposition given by Mr. Mellon in an old lawsuit which disclosed the Canadian visit. The Montanan contended Mellon's Canadian visit showed he was interested in carrying on business.

The Norris report declares that the Treasury Secretary as a stockholder in various enterprises has violated a 100-year-old statute forbidding the head of the Treasury Department to be interested in carrying on trade or commerce.

Some members of the committee want an inquiry to be made into the Mellon visit to Canada, where the Aluminum company had taken over a power development from the Duke tobacco interests.

Friends of the Treasury Secretary argued today that his Canadian visit was in the interest of settling a point about distribution of stock in the new concern between the Duke company and the Aluminum company. They contended he therefore was interested only as a stockholder.

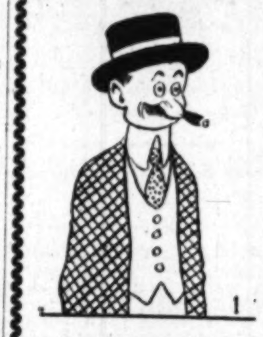
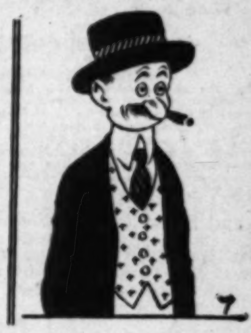
Can You Solve This Puzzle?



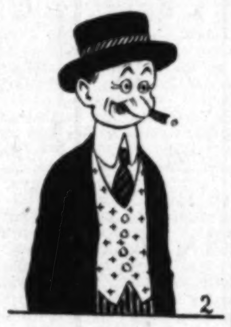
1

IS YOUR OBSERVATION KEEN? If it is, you can use it to good advantage in the "JOE JINKS" $5000 CHALLENGE GAME, now being introduced by the Los Angeles Evening Express—one of the most interesting and educational games ever featured by an American newspaper. The Los Angeles Evening Express is offering $5000.00 in Cash Prizes—Forty Prizes in all—



7

THREE $1000 Cash Prizes!—$500 EXTRA To FIRST PRIZE WINNER For Promptness!

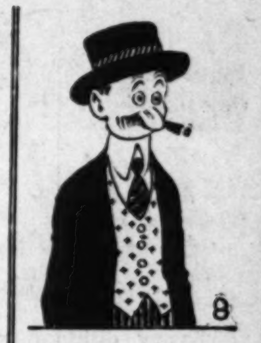


2

—and the other 37 cash awards range from $500.00 to $20.00

"Joe Jinks," you know, is the "head man" in the daily sketched by "Vic" which appears every day exclusively in the Los Angeles Evening Express. "Joe" is always good for a laugh, and if you have not already made his acquaintance, you should do so at once.

"Joe," being an artist's model, has had "Vic" draw the 14 pictures of him reproduced on this page—two, and only two, of which are exactly alike in every particular. The game is, first, to find the two of which are exactly alike. Find them, and, if you are sure you are right, send in the coupon with your solution to the Los Angeles Evening Express as promptly as possible, for promptness in this great game has its reward, too.

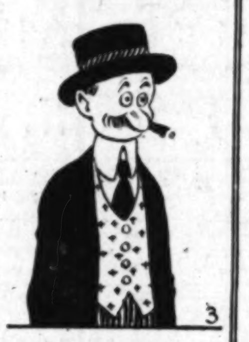


8

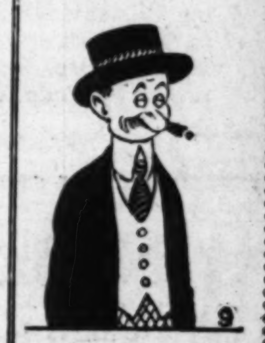
Do You Accept "Joe's" Challenge?

Well, get busy, then, for delays are costly. Put your solution in the mail right away and get a "flying start" in this $5000.00 game. Your reply, mailed today, may open the way for you to win $1500.00, and that's a lot of money. **You can win as much as $1000.00 plus $500.00 for promptness,** if you follow the rules and are successful in this unique competition.

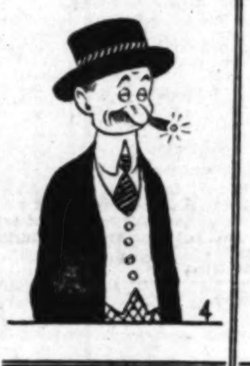
Look over the schedule of prizes—read the rules—send in the coupon.



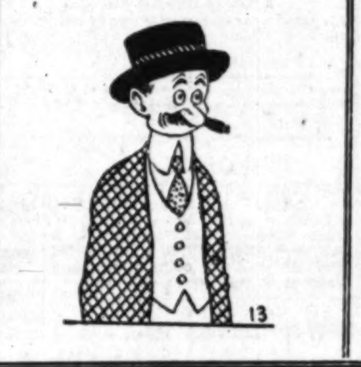
3



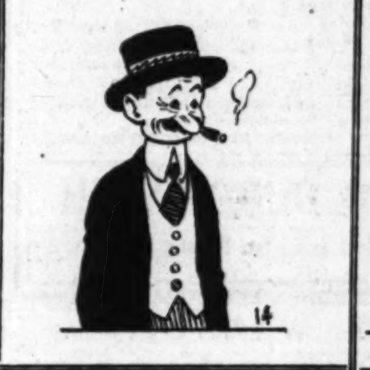
9



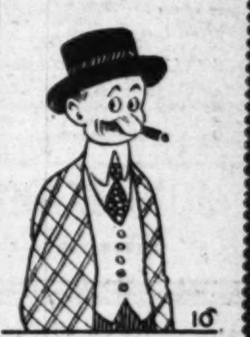
4



13



14



10

The Rules---to Guide You:

500 POINTS WIN FIRST PRIZE. 499 POINTS WIN SECOND PRIZE. 498 POINTS WIN THIRD PRIZE. If you succeed in finding the two pictures of "JOE JINKS" that are exactly alike we will give you 460 points and will promptly send you the particulars of a magic word game in which, if you are successful, you can earn the final 40 points to win the $1000.00 capital prize or one of the other 39 cash awards.

Any man or woman, boy or girl, residing in California, who is not an employee of the Los Angeles Evening Express or a member of a Los Angeles Evening Express employee's family may submit an answer. Study the pictures carefully. After you have made your selection of the two pictures of "Joe Jinks" that are exactly alike, MAIL YOUR ANSWER PROMPTLY, for promptness may mean many extra dollars for you in this fascinating game.

USE THE COUPON and be sure to write plainly. An entire family may take part in this game, but only one prize will be awarded to any one household, nor will prizes be awarded to more than one of a group outside the family, where two or more persons have been working together.

Answers will be judged and prizes awarded by three independent judges having no connection whatsoever with the Los Angeles Evening Express. Participants, by sending in their answers, hereby agree to accept the judges' decisions as final and conclusive.

The game closes June 20th, 1929, and prizes will be awarded as soon as possible thereafter.

IF THERE IS A TIE FOR ANY PRIZE, THE FULL AMOUNT OF THE PRIZE WILL BE PAID EACH PERSON SO TIED.

The Los Angeles Evening Express reserves the right to correct typographical errors that may appear inadvertently in any announcement of this game.

MINING DAMS BILL DEFEATED

Assemblymen Kill Measure by 42-34 Vote

Farmers Declare Hydraulic Process Menace

Sponsors Say Flood Control Would Aid State

SACRAMENTO, April 30. (Exclusive)—Resumption of hydraulic mining, one of the traditional legislative battles of California, came before the Assembly again today and was refused passage by a vote of 34 in favor and 42 against.

A great deal of oratory was expended and the argument resolved itself into a debating contest between the two major divisions of the cow-country delegation, the farmers and the mountaineers.

SEAWELL SPONSOR

The bill, No. 650, was introduced by Assemblyman Seawell of Roseville. It provided that $200,000 be appropriated from the State Treasury to be expended by the State Board of Control on recommendation of the California Debris Commission, for the purchase of land, erection of dams and engineering investigation. Title of the land purchased is to be vested in the United States government. The dams are to restrain the tailings resulting from hydraulic operations.

Mr. Seawell, in proposing his bill, made quite a plea for the resumption of this industry which, in former days, meant so much to the prosperity of California and which has been restrained for many years. The farmers of the valley were represented by Assemblyman West of Sacramento, Noyes of Yuba City and several others.

FEARED AS MENACE

Mr. Noyes said the people of the great valley looked upon the resumption of hydraulic mining as a menace. He questioned the fact that the value of the gold recovered by these operations will equal and compensate for the damage done by the debris flowing down the rivers or the injury to irrigation works and navigable streams.

Mr. West termed the operations "a deluge."

Mr. Anderson said that a portion of the money expended goes toward solving the problems of the farmers themselves, in the way of water investigation and flood control.

MEN DUMBER THAN CO-EDS

Registrar of Northwestern University Cites Grades as Proof

EVANSTON (Ill.) April 30. Registrar Katharine George of Northwestern University has found that men students are dumber this year than girls, or, as she puts it differently.

The men, she said, had an aggregate average of only .9092, while the girls had 1.728. Fraternity men, the registrar found, are smarter than the boys who don't wear a pin, but nonsorority women are decidedly smarter (statistically) than their sisters who "belong."

Bills Passed in Legislature

SACRAMENTO, April 30. (AP)—The California Legislature passed the following bills today:

PASSED BY THE ASSEMBLY

Assembly Bill No. 650, Seawell—Permitting resumption of hydraulic mining under certain conditions. To be reconsidered.

Assembly Bill No. 121, Heisinger—Reducing salaries of Fresno county officials.

Assembly Bill No. 850, Kline—Increasing salary of Riverside County Horticultural Commissioner.

Assembly Bill No. 40, Jespersen—San Luis Obispo county government bill.

Assembly Bill No. 646, Keisinger—Creates Gen. Grant National Park game refuge.

Senate Bill No. 379, Crowley—Permitting municipal inspection of meats.

PASSED IN THE SENATE

Senate Bill No. 14, Murphy—Provides an eight-hour day for cement workers.

Senate Bill No. 666, McKinley—Prohibits taking third-degree confessions.

Senate Bill No. 435, Murphy—A safety act to protect electrical workers.

Senate Bill No. 353, McKinley—Relates to the passage of ordinances in cities.

Senate Bill No. 524, Murphy, et al—To permit the reclamation of San Francisco south basin tide lands for industrial development.

Thirty-seven bills introduced by Senator Inman, making changes in judicial procedure, numbered Senate Bills 53, 55, 56, 57, 59, 60, 61, 62, 63, 64, 65, 67, 68, 69, 72, 74, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 93, 94, 96, 97, 98, 99, 733 and 734.

GOVERNOR SIGNS PENOLOGY BILL

Act Consolidates Five State Penal Divisions

Step Heralded as Great Aid in Crime Fight

Head of Department to be on Young's Council

SACRAMENTO, April 30. (AP)—Senate Bill No. 568, creating a State Department of Penology and heralded as a step toward the solution of the State's crime and penal problems, was signed today by Gov. Young.

The bill, introduced by Senator Mueller of El Cajon, combines five existing divisions of the State government under one department, the director of which shall be a member of the Governor's Council, thus merging the activities of these divisions directly with the central point of administrative authority.

The new department will be composed of the following divisions: Prisons and parcels, criminal identification and investigation, pardons and commutations, narcotic enforcement and criminology.

New Austrian Cabinet Formed

VIENNA, April 30. (AP)—Dr. Ernst Streeruwitz, Industrialist and member of the Christian Socialist party, today succeeded in forming a Cabinet to replace that of Mgr. Ignaz Seipel, who resigned nearly a month ago.

The new Chancellor, who also will be Foreign Minister, retains all of Chancellor Seipel's Cabinet except Dr. Seipel.

CAMPS For Boys For Girls

DOUGLAS CAMPS

FOR BOYS CARMEL VALLEY (7 miles from Carmel) A horse for every boy. All summer sports.

The "Last Spike" will never be driven

—Southern Pacific still building with the West

THE 60th anniversary of the driving of the Golden Spike, May 10, Southern Pacific's Golden Jubilee, finds this western railroad still building. Weaponed with crude tools, courage and vision, the early pioneer had hand-carved a way to the new West. With the vision of the pioneer, the West has carried on, and with it, step by step, Southern Pacific has builded.

In the last five years Southern Pacific has built more new line than any other railroad in the United States.

In fifteen years Southern Pacific has built 1481 miles of new line at a cost of 88 million dollars.

Through the barrier of the mighty Cascades it has created a new north and south railway. It has double-tracked its OVERLAND ROUTE line over the Sierra.

A new main line has been built through Arizona. From Wendel, California, to Lakeview, Oregon, has been broad-gauged.

Now Southern Pacific is completing a short line transcontinental railway through Southern Oregon and Northern California. The Cascade line of the SHASTA ROUTE and the OVERLAND ROUTE will be connected.

From less than 700 miles in 1869 to 16,520 miles today is but one way of recording Southern Pacific's 60 years of work.

Behind this cold fact of miles built is the epic story of the development of the West. A story of progress indelibly written in the traditions of the West.

NOTICIAS MUNDIALES DE ULTIMA HORA

NOTAS TELEGRAFICAS

Ha Sido Encontrado el Aeroplano "Kookaburra"

SYDNEY (Nueva Gales del Sur), Abril 30.—Un grupo de gente de tierra, procedente de Wave Hill y bajo la dirección del teniente Eaton, descubrió ayer el extraviado aeroplano "Kookaburra". Los exploradores andaban buscando el paradero del teniente Keith Anderson y de Robert Hitchcock, que hicieron aterrizaje forzoso en un sitio aislado, mientras buscaban el avión "Southern Cross", que había desaparecido por esos días.

Tan difícil es penetrar por esa región, que no se ha podido establecer contacto con el teniente Eaton, y sólo se sabe de él y sus compañeros por los aeroplanos que los han divisado desde la altura.

Sorprendiéronse hoy los pilotos de ver a los expedicionarios del teniente Eaton dirigir sus pasos hacia un sitio que se halla a diez millas del avión embarrancado. Un radiograma del piloto que los observó sugiere que quizá se hayan encontrado en ese sitio con el cadáver de Hitchcock.

Ya desde el aire ha podido verse un cuerpo, que yace bajo el avión, y que creen los pilotos observadores sea el del teniente Anderson.

Se Darán Vistas de Cine en el "Conde Zeppelin"

FRIEDRICHSHAFEN (Alemania), Abril 30.—Se están haciendo preparativos para dar con regularidad funciones de cine a bordo del "Graf Zeppelin", cuando esta aeronave emprenda su segundo vuelo rumbo a los Estados Unidos, lo que, se dice, ocurrirá el próximo 30 de Mayo. Con ocasión de su reciente vuelo por el Mediterráneo occidental, se probó durante una hora el aparato proyector.

Los Ingleses Aceptan la Abolición de los Gases Tóxicos

GINEBRA, Abril 30.—Hoy, a la apertura de la sesión de la Conferencia Preparatoria del Desarme, anunció Lord Cushendun la decisión del gobierno británico de adherirse al protocolo de Ginebra de 1925, por el cual se prohibe el uso de gases deletéreos en la guerra.

Sólo puso por condición el delegado británico que hubiera reciprocidad en esta cuestión, y luego anunció igual determinación por parte de Australia, Nueva Zelanda, Sudáfrica y el Estado Libre Irlandés. El doctor Walter A. Riddell, en representación del Canadá, anunció que su gobierno tenía también pedido al parlamento que ratificara el referido protocolo.

Méjico Aplicará Inmediatamente las Leyes Agrarias

CIUDAD DE MEJICO, Abril 30.—Dice hoy El Universal que Marte R. Gómez, ministro de Agricultura, en discurso pronunciado ayer en Santa Cruz Ocotlán, Estado de Méjico, ha prometido dar prisa a la aplicación de las leyes agrarias mejicanas, sin distinción de la nacionalidad de los terratenientes afectados.

En su artículo, dice El Universal que Gómez negó que el gobierno haya hecho excepciones favorables para los norteamericanos, e hizo esta declaración: "Las leyes agrarias mejicanas se aplicarán sin distinción a cuantos vivan en territorio mejicano, cualquiera que sea su nacionalidad."

Hoover Tiene un Grupo de Estenógrafos que Trabajan de Noche

WASHINGTON, Abril 30.—La costumbre que tiene el presidente Hoover de trabajar frecuentemente de noche ha hecho que se establezca una plantilla de estenógrafos nocturnos en la Casa Blanca.

Por turnos, los taquígrafos de las oficinas del ejecutivo se quedan en la mansión presidencial noche con noche, para que, si deseare el señor Hoover dictarles cartas o darle trabajo de otra clase, pueda tenerlos a la mano en cualquier momento.

Esta práctica se observó durante la administración de Roosevelt; pero había caído en desuso, y ahora la ha puesto otra vez en vigor el presidente Hoover.

NOTAS LOCALES

Onerosísimas Multas Impuestas a los Poseedores de Billetes de Lotería

La pena que recae en los poseedores de billetes de loterías chinas ha ido subiendo gradualmente, desde las multas de $10, que hace unos cuantos meses imponían los juzgados municipales, hasta las de $500, impuestas ayer por el juez Wood a los súbditos chinos Wong Wing y Jim Ong, luego que un jurado los hubo declarado culpables del mencionado delito.

El señor Fox, teniente procurador de la ciudad, probó que los dos comerciantes chinos citados habían sido arrestados en una tienda de la calle de Maple por agentes de policía de la brigada del vicio. Al ser detenidos, se encontraron en poder de los chinos los billetes de lotería exhibidos en el juzgado.

Guy Eddy, defensor de ambos chinos, notificó oralmente que apelaba de la onerosa multa impuesta a sus clientes.

Intento de Suicidio que Fracasa por Falta de Puntería

Ayer se dejaron oír dos disparos en el cuarto de Daniel V. Sullivan, delineante de 50 años de edad, que vive en la avenida Burlington Sur, número 729, y la patrona de la casa, que lo es la señora E. H. Buchtel, sumamente asustada, decidió llamar a la policía, para que ésta averiguara de qué se trataba.

Al llegar los guardias, entraron en el cuarto de Sullivan y encontraron a éste sentado, con las manos cruzadas, y con un revólver anticuado de calibre 38 a su lado.

Le preguntaron qué había hecho, y contestó, según informa la policía, que deseaba morir, y que, por tal motivo, se había disparado dos tiros en la cabeza. Uno de ellos lo erró por completo, y el otro le había producido una desgarradura en el cuero cabelludo. Fue conducido para su curación a la Casa de Socorro de la calle de Georgia.

Helbush Divorce Tangle Ruling Expected Today

SAN FRANCISCO, April 30. (Exclusive)—Arguments in the divorce troubles of Herman H. Helbush, Los Angeles and San Francisco millionaire, and Gwyneth Helbush, his divorced wife, were concluded today before Superior Judge Fitzpatrick and indication given that a decision may be announced tomorrow.

Mrs. Helbush seeks to have set aside a final decree granted her husband last month, on the chief ground that a reconciliation took place after the issuance of the interlocutory decree in 1924.

She has a separate maintenance action pending in Los Angeles and an adverse decision in the present case would nullify that and deprive her of further consideration in property settlements.

Film Gone... teeth regain sparkling whiteness

Film discolors teeth and then destroys them. Dentists urge a special way to remove it.

DON'T be discouraged if teeth are not white and sparkling. You have 9 chances in 10 that they are merely coated with a dingy film. This is what has been found in thousands upon thousands of cases.

You can quickly see by trying the special dentifrice called Pepsodent that removes film where ordinary methods fail to act successfully.

What film is

Film is the great enemy of teeth and gums—a chief cause, according to world's dental authorities, of most tooth and gum disorders. Film absorbs the stains from food and smoking and gives that cloudy look. It clings to teeth, gets into crevices and stays.

Film hardens into tartar. Germs by the millions breed in it. They, with tartar, are the chief cause of pyorrhea. To remove film, use the special film-removing dentifrice called Pepsodent. It acts to curdle film and easily remove it in gentle safety to enamel.

Don't expect the same results from old-time dentifrices. See for once and all how white and bright teeth really are. Get Pepsodent at any drug counter, or write for free 10-day supply to The Pepsodent Co., 1104 S. Wabash Ave., Chicago.

Pepsodent

LEAVING CHICAGO AT 3 P.M.
The RAINBOW
a new, fast train to
NEW YORK
(Arrives 12:50 P.M.)

Broadway Limited
Leaves one hour earlier
[12:40 P.M. daylight saving time]

Liberty Limited
on new, faster schedule

NOW—a luxurious new limited train to New York, Washington, and Philadelphia—The Rainbow!

It runs on a new, convenient schedule. You can leave Chicago in the late afternoon and yet reach New York next day in time for a full half-day's business or pleasure.

The Rainbow is a 20 hour—50 minute train. It upholds the high standards of speed and luxury that distinguish the Pennsylvania's fleet of fast trains to the East. Observation car.

And the Broadway Limited—leader of this famous fleet—is scheduled an hour earlier.

In addition, the Liberty Limited to Washington runs on a new, faster schedule. Leaving Chicago at 12:30 P.M. Reaching Washington at 8:05 A.M.

The Pennsylvania Limited carries an observation car through the Scenic Alleghenies by daylight.

And the Gotham Limited carries a new, through sleeper service from Chicago to Washington.

West-bound service from New York to Chicago is also improved.

The Pennsylvania Limited leaves New York one hour earlier. Leaving 12:05 P.M. Reaching Chicago 7:55 A.M.

The Broadway Limited is scheduled an hour earlier. Leaving New York 1:55 P.M. Reaching Chicago 8:55 A.M.

Another new fast train—The Red Knight—leaves New York at 10:45 P.M. Reaches Chicago at 7:35 P.M.

Note below the schedules of these six great limiteds. For your summer traveling to the Atlantic seaboard choose one of them.

For tickets apply to local agents or address Frederick Webb, District Passenger Agent, Room 318 Van Nuys Building, Los Angeles, Cal., Telephone Trinity 4688.

A Man of Rare Professional Attainment

The originator of Dr. Pierce's Golden Medical Discovery was the late Ray V. Pierce, M.D. At first he practised medicine in Western Pennsylvania and his unusual ability and success were soon recognized there. Then he moved to Buffalo, N. Y., and established the World's Dispensary where his famous remedies have ever since been made.

Each succeeding year the sale of Dr. Pierce's Golden Medical Discovery has been greatly increased. Evidently people appreciate the fact that it increases the appetite, stimulates the digestion, helps to enrich the blood, clears the skin of eruptions and blemishes, and makes both men and women feel as they did when they were young. It contains no harmful ingredient.

Ask your druggist for Dr. Pierce's Golden Medical Discovery, tablets or liquid; or send 10 cents for a trial pkg. to Dr. Pierce's Clinic, in Buffalo, N. Y.

Write for free medical advice.

SECURITY-FIRST NATIONAL BANK OF LOS ANGELES was formed through the consolidation of Los Angeles-First National Trust & Savings Bank and Security Trust & Savings Bank.

These were two of the oldest and largest banks in Los Angeles. They had developed a volume of commercial, savings and trust business unsurpassed by any bank in Southern California.

The large capital assets of Security-First National Bank—over fifty million dollars—enable the consolidated bank to meet the borrowing needs of our largest commercial firms and corporations. These assets are also a strong protection to all savings depositors and trust customers. The Bank's interest in the protection of all classes of its patrons is no less keen now than before the consolidation.

MINING DAMS BILL DEFEATED

Assemblymen Kill Measure by 42-34 Vote

Farmers Declare Hydraulic Process Menace

Sponsors Say Flood Control Would Aid State

SACRAMENTO, April 30. (Exclusive)—Resumption of hydraulic mining, one of the traditional legislative battles of California, came before the Assembly again today and was refused passage by a vote of 34 in favor and 42 against.

A great deal of oratory was expended and the argument resolved itself into a debating contest between the two major divisions of the cow-country delegation, the farmers and the mountaineers.

SEAWELL SPONSOR

The bill, No. 650, was introduced by Assemblyman Seawell of Roseville. It provided that $200,000 be appropriated from the State Treasury to be expended by the State Board of Control on recommendation of the California Debris Commission, for the purchase of land, erection of dams and engineering investigation. Title of the land purchased is to be vested in the United States government. The dams are to restrain the tailings resulting from hydraulic operations.

Mr. Seawell, in proposing his bill, made quite a plea for the resumption of this industry which, in former days, meant so much to the prosperity of California and which has been restrained for many years. The farmers of the valley were represented by Assemblyman West of Sacramento, Noyes of Yuba City and several others.

FEARED AS MENACE

Mr. Noyes said the people of the great valley looked upon the resumption of hydraulic mining as a menace. He questioned the fact that the value of the gold recovered by these operations will equal and compensate for the damage done by the debris flowing down the rivers or the injury to irrigation works and navigable streams.

Mr. West termed the operations "a deluge."

Mr. Anderson said that a portion of the money expended goes toward solving the problems of the farmers themselves, in the way of water investigation and flood control.

MEN DUMBER THAN CO-EDS

Registrar of Northwestern University Cites Grades as Proof

EVANSTON (Ill.) April 30. Registrar Katharine George of Northwestern University has found that men students are dumber this year than girls, or, as she puts it differently.

The men, she said, had an aggregate average of only .9092, while the girls had 1.728. Fraternity men, the registrar found, are smarter than the boys who don't wear a pin, but nonsorority women are decidedly smarter (statistically) than their sisters who "belong."

Bills Passed in Legislature

SACRAMENTO, April 30. (AP)—The California Legislature passed the following bills today:

PASSED BY THE ASSEMBLY

Assembly Bill No. 650, Seawell—Permitting resumption of hydraulic mining under certain conditions. To be reconsidered.

Assembly Bill No. 121, Heisinger—Reducing salaries of Fresno county officials.

Assembly Bill No. 850, Kline—Increasing salary of Riverside County Horticultural Commissioner.

Assembly Bill No. 40, Jespersen—San Luis Obispo county government bill.

Assembly Bill No. 646, Keisinger—Creates Gen. Grant National Park game refuge.

Senate Bill No. 379, Crowley—Permitting municipal inspection of meats.

PASSED IN THE SENATE

Senate Bill No. 14, Murphy—Provides an eight-hour day for cement workers.

Senate Bill No. 666, McKinley—Prohibits taking third-degree confessions.

Senate Bill No. 435, Murphy—A safety act to protect electrical workers.

Senate Bill No. 353, McKinley—Relates to the passage of ordinances in cities.

Senate Bill No. 524, Murphy, et al—To permit the reclamation of San Francisco south basin tide lands for industrial development.

Thirty-seven bills introduced by Senator Inman, making changes in judicial procedure, numbered Senate Bills 53, 55, 56, 57, 59, 60, 61, 62, 63, 64, 65, 67, 68, 69, 72, 74, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 93, 94, 96, 97, 98, 99, 733 and 734.

GOVERNOR SIGNS PENOLOGY BILL

Act Consolidates Five State Penal Divisions

Step Heralded as Great Aid in Crime Fight

Head of Department to be on Young's Council

SACRAMENTO, April 30. (AP)—Senate Bill No. 568, creating a State Department of Penology and heralded as a step toward the solution of the State's crime and penal problems, was signed today by Gov. Young.

The bill, introduced by Senator Mueller of El Cajon, combines five existing divisions of the State government under one department, the director of which shall be a member of the Governor's Council, thus merging the activities of these divisions directly with the central point of administrative authority.

The new department will be composed of the following divisions: Prisons and parcels, criminal identification and investigation, pardons and commutations, narcotic enforcement and criminology.

New Austrian Cabinet Formed

VIENNA, April 30. (AP)—Dr. Ernst Streeruwitz, Industrialist and member of the Christian Socialist party, today succeeded in forming a Cabinet to replace that of Mgr. Ignaz Seipel, who resigned nearly a month ago.

The new Chancellor, who also will be Foreign Minister, retains all of Chancellor Seipel's Cabinet except Dr. Seipel.

The "Last Spike" will never be driven

—Southern Pacific still building with the West

THE 60th anniversary of the driving of the Golden Spike, May 10, Southern Pacific's Golden Jubilee, finds this western railroad still building. Weaponed with crude tools, courage and vision, the early pioneer had hand-carved a way to the new West. With the vision of the pioneer, the West has carried on, and with it, step by step, Southern Pacific has builded.

In the last five years Southern Pacific has built more new line than any other railroad in the United States.

In fifteen years Southern Pacific has built 1481 miles of new line at a cost of 88 million dollars.

Through the barrier of the mighty Cascades it has created a new north and south railway. It has double-tracked its OVERLAND ROUTE line over the Sierra.

Golden Jubilee
RADIO PROGRAM
MAY 10
Featuring
REINALD WERRENRATH
over station KFI and associated Pacific Coast stations, 9:30 to 10:30 p.m. May 10. $100 prize for best account of program by boy or girl under 18 years of age. Write your impressions.

ROUNDTRIP *Fares cut* 60% May 10

Round trip tickets for 60% of the regular *one way fare*—Good in Pullmans.

This means that if the *one way* fare is $10 you will be able to make the *roundtrip* for $6.00.

In effect between any two points on Southern Pacific's Pacific Lines. Minimum roundtrip fare 50 cents.

On sale Friday, May 10. Trip must start Friday—return limit midnight, Tuesday, May 14.

Examples of roundtrips —from Los Angeles to:

Santa Barbara	$2.30
El Centro	5.45
Del Monte	8.25
San Francisco	10.25
Phoenix	9.20
Lake Tahoe	13.70
Merced	7.25

A new main line has been built through Arizona. From Wendel, California, to Lakeview, Oregon, has been broad-gauged.

Now Southern Pacific is completing a short line transcontinental railway through Southern Oregon and Northern California. The Cascade line of the SHASTA ROUTE and the OVERLAND ROUTE will be connected.

From less than 700 miles in 1869 to 16,520 miles today is but one way of recording Southern Pacific's 60 years of work.

Behind this cold fact of miles built is the epic story of the development of the West. A story of progress indelibly written in the traditions of the West.

The RAINBOW

a new, fast train to NEW YORK

(Arrives 12:50 P.M.)

Broadway Limited
Leaves one hour earlier
[12:40 P.M. daylight saving time]

NOW—a luxurious new limited train to New York, Washington, and Philadelphia—The Rainbow!

It runs on a *new, convenient* schedule. You can leave Chicago in the late afternoon and yet reach New York next day in time for a *full half-day's* business or pleasure.

The Rainbow is a 20 hour—50 minute train. It upholds the high standards of speed and luxury that distinguish the Pennsylvania's fleet of fast trains to the East. Observation car.

And the Broadway Limited—leader of this famous fleet—is scheduled an hour earlier.

In addition, the Liberty Limited to Washington runs on a new, faster schedule. Leaving Chicago at 12:30 P.M. Reaching Washington at 8:05 A.M.

The Pennsylvania Limited carries an observation car through the Scenic Alleghenies by daylight.

And the Gotham Limited carries a new, through sleeper service from Chicago to Washington.

West-bound service from New York to Chicago is also improved.

Liberty Limited
on new, faster schedule

The Pennsylvania Limited leaves New York one hour earlier. Leaving 12:05 P.M. Reaching Chicago 7:55 A.M.

The Broadway Limited is scheduled an hour earlier. Leaving New York 1:55 P.M. Reaching Chicago 8:55 A.M.

Another *new fast* train—The Red Knight—leaves New York at 10:45 P.M. Reaches Chicago at 7:35 P.M.

Note below the schedules of these six great limiteds. For your summer traveling to the Atlantic seaboard choose one of them.

For tickets apply to local agents or address Frederick Webb, District Passenger Agent, Room 318 Van Nuys Building, Los Angeles, Cal., Telephone Trinity 4688.

NOTICIAS MUNDIALES DE ULTIMA HORA

NOTAS TELEGRAFICAS

Ha Sido Encontrado el Aeroplano "Kookaburra"

SYDNEY (Nueva Gales del Sur), Abril 30.—Un grupo de gente de tierra, procedente de Wave Hill y bajo la dirección del teniente Eaton, descubrió ayer el extraviado aeroplano "Kookaburra". Los exploradores andaban buscando el paradero del teniente Keith Anderson y de Robert Hitchcock, que hicieron aterrizaje forzoso en un sitio aislado, mientras buscaban el avión "Southern Cross", que había desaparecido por esos días.

Tan difícil es penetrar por esa región, que no se ha podido establecer contacto con el teniente Eaton, y sólo se sabe de él y sus compañeros por los aeroplanos que los han divisado desde la altura.

Sorprendiéronse hoy los pilotos de ver a los expedicionarios del teniente Eaton dirigir sus pasos hacia un sitio que se halla a diez millas del avión embarrancado. Un radiograma del piloto que los observó sugiere que quizá se hayan encontrado en ese sitio con el cadáver de Hitchcock.

Ya desde el aire ha podido verse un cuerpo, que yace bajo el avión, y que creen los pilotos observadores sea el del teniente Anderson.

Se Darán Vistas de Cine en el "Conde Zeppelin"

FRIEDRICHSHAFEN (Alemania), Abril 30.—Se están haciendo preparativos para dar con regularidad funciones de cine a bordo del "Graf Zeppelin", cuando esta aeronave emprenda su segundo vuelo rumbo a los Estados Unidos, lo que, se dice, ocurrirá el próximo 30 de Mayo. Con ocasión de su reciente vuelo por el Mediterráneo occidental, se probó durante una hora el aparato proyector.

Los Ingleses Aceptan la Abolición de los Gases Tóxicos

GINEBRA, Abril 30.—Hoy, a la apertura de la sesión de la Conferencia Preparatoria del Desarme, anunció Lord Cushendun la decisión del gobierno británico de adherirse al protocolo de Ginebra de 1925, por el cual se prohibe el uso de gases deletéreos en la guerra.

Sólo puso por condición el delegado británico que hubiera reciprocidad en esta cuestión, y luego anunció igual determinación por parte de Australia, Nueva Zelanda, Sudáfrica y el Estado Libre Irlandés. El doctor Walter A. Riddell, en representación del Canadá, anunció que su gobierno tenía también pedido al parlamento que ratificara el referido protocolo.

Méjico Aplicará Inmediatamente las Leyes Agrarias

CIUDAD DE MEJICO, Abril 30.—Dice hoy El Universal que Marte R. Gómez, ministro de Agricultura, en discurso pronunciado ayer en Santa Cruz Ocotlán, Estado de Méjico, ha prometido dar prisa a la aplicación de las leyes agrarias mèjicanas, sin distinción de la nacionalidad de los terratenientes afectados.

En su artículo, dice El Universal que Gómez negó que el gobierno haya hecho excepciones favorables para los norteamericanos, e hizo esta declaración: "Las leyes agrarias mejicanas se aplicarán sin distinción a cuantos vivan en territorio mejicano, cualquiera que sea su nacionalidad."

Hoover Tiene un Grupo de Estenógrafos que Trabajan de Noche

WASHINGTON, Abril 30.—La costumbre que tiene el presidente Hoover de trabajar frecuentemente de noche ha hecho que se establezca una plantilla de estenógrafos nocturnos en la Casa Blanca.

Por turnos, los taquígrafos de las oficinas del ejecutivo se quedan en la mansión presidencial noche con noche, para que, si deseare el señor Hoover dictarles cartas o darle trabajo de otra clase, pueda tenerlos a la mano en cualquier momento.

Esta práctica se observó durante la administración de Roosevelt; pero había caído en desuso, y ahora la ha puesto otra vez en vigor el presidente Hoover.

NOTAS LOCALES

Onerosísimas Multas Impuestas a los Poseedores de Billetes de Lotería

La pena que recae en los poseedores de billetes de loterías chinas ha ido subiendo gradualmente, desde las multas de $10, que hace unos cuantos meses imponían los juzgados municipales, hasta las de $500, impuestas ayer por el juez Wood a los súbditos chinos Wong Wing y Jim Ong, luego que un jurado los hubo declarado culpables del mencionado delito.

El señor Fox, teniente procurador de la ciudad, probó que los dos comerciantes chinos citados habían sido arrestados en una tienda de la calle de Maple por agentes de policía de la brigada del vicio. Al ser detenidos, se encontraron en poder de los chinos los billetes de lotería exhibidos en el juzgado.

Guy Eddy, defensor de ambos chinos, notificó oralmente que apelaba de la onerosa multa impuesta a sus clientes.

Intento de Suicidio que Fracasa por Falta de Puntería

Ayer se dejaron oír dos disparos en el cuarto de Daniel V. Sullivan, delineante de 50 años de edad, que vive en la avenida Burlington Sur, número 729, y la patrona de la casa, que lo es la señora E. H. Buchtel, sumamente asustada, decidió llamar a la policía, para que ésta averiguara de qué se trataba.

Al llegar los guardias, entraron en el cuarto de Sullivan y encontraron a éste sentado, con las manos cruzadas, y con un revólver anticuado de calibre 38 a su lado.

Le preguntaron qué había hecho, y contestó, según informa la policía, que deseaba morir, y que, por tal motivo, se había disparado dos tiros en la cabeza. Uno de ellos lo erró por completo, y el otro le había producido una desgarradura en el cuero cabelludo. Fue conducido para su curación a la Casa de Socorro de la calle de Georgia.

Helbush Divorce Tangle Ruling Expected Today

SAN FRANCISCO, April 30. (Exclusive)—Arguments in the divorce troubles of Herman H. Helbush, Los Angeles and San Francisco millionaire, and Gwyneth Helbush, his divorced wife, were concluded today before Superior Judge Fitzpatrick and indication given that a decision may be announced tomorrow.

Mrs. Helbush seeks to have set aside a final decree granted her husband last month, on the chief ground that a reconciliation took place after the issuance of the interlocutory decree in 1924.

She has a separate maintenance action pending in Los Angeles and an adverse decision in the present case would nullify that and deprive her of further consideration in property settlements.

A Man of Rare Professional Attainment

The originator of Dr. Pierce's Golden Medical Discovery was the late Ray V. Pierce, M.D. At first he practised medicine in Western Pennsylvania and his unusual ability and success were soon recognized there. Then he moved to Buffalo, N. Y., and established the World's Dispensary where his famous remedies have ever since been made.

Each succeeding year the sale of Dr. Pierce's Golden Medical Discovery has been greatly increased. Evidently people appreciate the fact that it increases the appetite, stimulates the digestion, helps to enrich the blood, clears the skin of eruptions and blemishes, and makes both men and women feel as they did when they were young. It contains no harmful ingredient.

Ask your druggist for Dr. Pierce's Golden Medical Discovery, tablets or liquid; or send 10 cents for a trial pkg. to Dr. Pierce's Clinic, in Buffalo, N. Y.

Write for free medical advice. —[Advertisement.

Commercial Savings Trust

Save with "Security-First"

Put your Trust in "Security-First"

SECURITY-FIRST NATIONAL BANK OF LOS ANGELES was formed through the consolidation of Los Angeles-First National Trust & Savings Bank and Security Trust & Savings Bank.

These were two of the oldest and largest banks in Los Angeles. They had developed a volume of commercial, savings and trust business unsurpassed by any bank in Southern California.

The large capital assets of Security-First National Bank—over fifty million dollars—enable the consolidated bank to meet the borrowing needs of our largest commercial firms and corporations. These assets are also a strong protection to all savings depositors and trust customers. The Bank's interest in the protection of all classes of its patrons is no less keen now than before the consolidation.

NO TRACE OF LOST PLANE

Boggy Lake Country Near Needles Searched

Forty-eight-Hour Hunt Fails to Produce Clew

Three Persons Report Seeing Ship Make Plunge

NEEDLES, April 30.—Although numerous rescue parties are still searching the densely covered backwater lake country, eight miles north of here, no trace of a plane which was reported to have crashed there about dark Sunday evening, had been reported tonight.

Three persons have reported seeing the ship, a large cabin plane, painted dark red or blue, nose dive to the earth after heavy clouds of smoke belched from the craft. The plane was following the course of the Colorado River, and evidently was in trouble for several minutes before its final plunge, it was said.

Capt. R. E. McKenzie, a local flyer, has covered the territory several times, but reports no signs of a plane in the tule grass or trees. Others in canoes and other water craft have aided in the search without results.

The place where the plane is said to have disappeared is rank with vegetation, being covered with tule grass that reaches a height of fifteen feet in some places, while all around for miles there are cottonwood trees and willow that reach as high as twenty-five feet above the water. The underlying silt and mud also is very deep, going down ten feet, all boggy. There is a possibility that the plane fell into a deep hole and disappeared entirely. On account of the dense vegetation, progress through the district is laborious and slow.

Former Union Official Caught

LONG BEACH, April 30.—G. E. Patton, former secretary of the Long Beach Barbers' Union, who jumped $2500 bail after being returned here for forgery charges, was rearrested at La Grande, Or., today, police were notified. Patton was arrested on a complaint issued by union officials who charged that he attempted to cover up a shortage of $600 in his accounts by depositing two asserted forged checks for $405. Investigation since his arrest revealed, according to police records, that he had served two prison terms.

Patton was arrested by a bail-bond operator who posted $2500 to insure his appearance in court at his preliminary hearing. The bondsmen trailed him through four States.

Pastors Attack Sunday Dancing

REDONDO BEACH, April 30.—Petitions asking that dancing on Sunday be prohibited here have been placed in circulation by members of the Ministerial Union and are expected to be ready for presentation to the City Council at its meeting next Monday evening. The petitions cite that dance halls are closed in the city of Los Angeles and other places and that Redondo receives the young people of these communities who are prohibited from dancing at home. Similar action of the union last summer resulted in the closing of all flasher and chance games.

Woman Killed by Mail Box

PASADENA, April 30. — Mrs. Alsina Eaton, 643 North Raymond avenue, who was crushed today while inserting a package in a mail box, died tonight at the Pasadena Hospital from a fractured skull and internal injuries. She was fatally hurt when two machines collided, striking the mail box and hurling the heavy receptacle upon her.

The crash occurred when a car driven by F. C. Riebold of 1395 Linda Vista avenue crashed with a truck driven by Herman Werk. The Riebold car knocked the big mail box from its moorings.

TWO BRIDGES PLANNED

NORTH HOLLYWOOD, April 30. Bids for the building of the two bridges on Vineland avenue to span Los Angeles River and adjoining wash will be opened May 15, next, according to information from officials of the bridge department. The estimated cost of the two structures is $60,000.

POLICE AT POMONA GREET NEW LEADER

William S. Kirby

Who becomes head of the Pomona peace enforcement force today, succeeding I. B. English, resigned.

POMONA, April 30.—William S. Kirby, captain of the local Police Department for the past four years, assumes his duties as Chief of Police tomorrow, succeeding I. B. English, resigned. In taking over the responsibilities that go with such an office, "Bill" Kirby, as he is popularly called, is known throughout the western States, his record being as follows: Formerly a special railroad agent, Chief of Police of Douglas, Ariz., from 1914 to 1918; from 1918 to 1923 he was with the police department of Jerome, Ariz.; from the latter he came to California and took over the duties of Assistant Chief of Police at Whittier, remaining in that capacity until June, 1925, when he came here.

His first public announcement, made at the time he received his appointment two weeks ago, was to the effect that the local department would be made a model of efficiency, that all laws would be enforced honestly and fearlessly, and that the public would be kept informed at all times in department matters. In this connection, Kirby has made the local radio station, KFWC, a part of the police department in the broadcasting of important crime news, such as missing persons and kidnapings.

Kirby is 52 years of age, married, with three children, all married. He is a member of the Elks and active in the local lodge.

Changes of personnel of the department, if any, will be announced at a later date, Kirby stated today.

Santa Monica Boys Rule Today

SANTA MONICA, April 30.—Youth will reign supreme in this city tomorrow, when representative boys from the Santa Monica High School take over the reins of city government for the day, in celebration of national Boys' Week. Those who will show their elders how certain high offices should be run are Ernest Arbuckle, Mayor; Arnold Peek, commissioner of finance; William Gillies, commissioner of public works; Tad Barnum, football star, chief of police; James McGlashen, athletic manager, fire chief; Fred Tsheppe, to edit Santa Monica Outlook; George Noonan, secretary of the Chamber of Commerce; Byron Holmes, editor of the Santa Monica Sunset; Ward Willoughby, manager Clover Field; Frank Weber, superintendent of schools; John Card, principal of the high eschool; Chester Fitzsimmons, vice-principal; William Ashby, athletic director.

Andrade Plans New Magazine

SAN DIEGO, April 30.—Louis Andrade, former Secretary of Industry and Commerce for Mexico, who is staying at the King George Hotel, here, with his wife and small son, plans to publish a Spanish magazine here, he said today.

The former Mexican official is a newspaper man, magazine writer and cartoonist, and is the inventor of a special lens for making comic photographs. He hopes to establish its use in the United States.

Lower California is in a prosperous condition, according to Andrade, and he gives credit for this to Gov. Rodriguez. President Portes Gil of Mexico has been a constructive executive and stands a good chance of re-election in November, Andrade stated. Gen. Andrew Almazan, prominent in recent campaigns against the rebels, was also mentioned as a possible candidate.

RAIL UNIFICATION LOOMS

Santa Fe and Union Pacific Said to be Planning New Route from Pasadena to Los Angeles

PASADENA, April 30.—Unification of the Santa Fe and Union Pacific railroads between this city and Los Angeles, and relocation of the Santa Fe tracks between the two cities to eliminate grade crossings are contemplated in recent moves by both roads, it was announced today.

It was stated today at the City Hall that the Santa Fe is buying rights of way along the Arroyo Seco with a view to rerouting its line. Santa Fe officials admitted that plans were being developed for the elimination of grade crossings at Avenue Nineteen, San Fernando Road and Avenue Twenty-six.

R. R. Rogers, South Pasadena real estate broker, has purchased twenty parcels of land along the right of way of the Santa Fe in South Pasadena. He asserted today he is operating for a syndicate but declined to verify rumors that he is buying for the Santa Fe.

C. P. Farmer, general passenger agent for the Union Pacific here, asserted that so far as he knows the trackage between Pasadena and Los Angeles will not be abandoned after bus service to the new station in East Los Angeles starts, but that freight service will be improved and extended over the Union Pacific.

HUNTERS HIT SLEEPING MEN

Shot Penetrate Tent and Strike Pair in Face

Another Gunner Fined for Killing Two Doves

Los Angeles Party Starts Panic at Riverside

RIVERSIDE, April 30.—Two persons received gunshot injuries, warrants for assault with deadly weapons were sworn out at the District Attorney's office for the arrest of at least two men, and a young Angeleno paid a $50 fine in Justice Difani's court for killing two doves out of season, as a result of the visit to the county of a party of Los Angeles "rabbit hunters."

Numbering more than eight, they pitched camp near Perris. This morning residents of the neighborhood and motorists passing by reported the gunners were shooting at everything that flew or ran, that they were firing guns from automobiles and near residences and literally "shooting up the countryside."

One man, Anthony Vincent, arrested by Game Warden Gyger, who arrived in the valley from a trip to the mountains in time to find the Angeleno shooting from a moving automobile. Two doves found in the car cost him $25 each in justice court today.

The promiscuous shooting reached its climax, however, when Will Mertens of 612 Venzia street, Venice, and Salvadore Jiminez of 1337 Seventeenth street, Santa Monica, suffered birdshot wounds in the face while sleeping in a tent near the highway. They said they heard the report of a gun at close range and the charge entered their tent. Pellets lodged in their faces and they required hospital care.

Although the complaints were made out for arrest of John Does, it was reported the wounded men obtained the license number of the automobile and have furnished officers with the information. Mertens swore to the assault-with-a-deadly-weapon complaint.

Justice Diffani gave Vincent a scathing reprimand before pronouncing judgment.

"We're absolutely tired of this monkey business by you Los Angeles gunners," he declared. "We have to contend with it all the time and the only way apparently we can stop it all is to begin giving you fellows the limit for this kind of shooting."

Missing Scout Hikers Return

BANNING, April 30.—Boy Scouts of this city, with their scoutmaster, Clarence Birney, are almost heroes today after being lost and found. They were lost overnight and parents of the youngsters were frantic.

The boys had gone with the scoutmaster for a hike to Millard Canyon, then through old Whitewater tunnel, Raymond Flats and Burnt Canyon down to Big Oaks, where a truck was to meet them. The truck was there, but no boys. It became dark and still no boys.

The parents at once organized searching parties in charge of Henry Matthews, Steve Law, M. Lampkin and others. The boys were lost in the flats country, but when it became light found their way and came home without any of the searching parties seeing them.

SANTA ANA SCHOOL SELECTS FAVORITES

SANTA ANA, April 30.—Bruce Tarver, captain of the varsity football team and president of the junior class of the high school here was named today after four days of voting, as the most popular boy in the school. Wilma Patterson, vice-president of the girls' league, which sponsored the popularity contest, was selected as the most popular girl of the institution. The following were in the race: Shirley Marble, Harry Bradley, John Keeler, Phyllis O'Connor, Betty Maloney, Clarence Speer, David Hill, Helen Spangler, Gene Olsen, Helen Stein, Marion Parsons, Tommy Cone, Wayne Gross, Barbara Horton, Mildred Daley, Norman Paul, Bruce Tarver, Julia Hoffman, John Dunlap, Russell Sullivan and Mary Cianfoni.

HOBO'S TALE OF OLD CRIME SUBSTANTIATED

SANTA BARBARA, April 30.—That the story of the drowning of Albert Nelson in the Mississippi River, as told to Sheriff James Ross by a hobo several weeks ago, is true, is indicated in a letter received by the Sheriff. The hobo, who gave his name as L. W. Carson, appeared in the Sheriff's office and confessed to throwing Nelson over the Fort Snelling bridge, between Minneapolis and St. Paul, five years ago. The Sheriff wired St. Paul and Minneapolis police, who replied that they had no record of such a crime. The hobo was released. Today the Sheriff received a letter from E. J. Nelson of Minneapolis stating that his brother Albert had been missing since 1920.

RANCH EMPLOYEE INJURED BY AUTO

VENTURA, April 30.—Caught between his own car and a gate post, M. K. Tabor, 47 years of age, was brought to the Big Sisters' Hospital here with two compound fractures of his left leg. The accident occurred on the H. S. Appleton ranch at Simi, where Tabor is employed as a bean grower. Tabor is said to have stopped his car to open a gate. As he stepped in front of the machine it started forward and pinned him against a post.

BEACH REALTY MAN BEATEN

Victim of Blackjack Attack Found Unconscious in Office; Neighbors Recall Men and Woman

HERMOSA, April 30.—Fred A. Ripley, 53 years of age, well-known real-estate operator, is in a serious condition in Hermosa-Redondo Hospital here today, badly beaten about the head and face by an unidentified assailant in a mysterious attack made upon him in his office at 802 Camino Real.

He was discovered about 3 p.m. by a man who notified the police, but whose name they did not learn. Beside the unconscious man Chief of Police Messenger and Police Sergeant Foote found a blackjack, the only clew in the mystery. It is being examined for fingerprints.

At the hospital, Ripley mumbled, during a brief period of consciousness, something about a man "with a gun," then relapsed into a coma. In light of this, the officers are working on the theory that two men entered the office, one with a gun, the other with the blackjack, the latter making the attack.

Persons living near the real-estate office strengthened this belief. Several were found who stated that shortly before 3 o'clock an automobile containing two men and a woman stopped in front of Ripley's place, and the two men entered. Ripley's residence is at 403 Hermosa avenue.

PHYSICIANS ACCUSED BY GIRL DANCER

Missing Maid Located in Hospital After Asserted Illegal Operation

GLENDALE, April 30.—Two local physicians, Dr. P. S. Traxler and Dr. R. S. Lanterman, have been arrested charged with performing an illegal operation on Delphine Walsh, 22 years of age, of 2518 Mulholland avenue, Hollywood, who is reported to be in a serious condition at the Windsor Hospital. Parents of the girl, who is a professional dancer, asked the help of the local police after she had failed to return home, and investigation by Chief J. D. Fraser resulted in locating her at the hospital, where she is said to have made an affidavit to Fraser and Dr. E. M. Miller, city health officer, implicating the two physicians.

Traxler and Lanterman were arrested by Chief Fraser and Detective Lieutenant Charles P. Blake on a warrant sworn out by Fraser. They were released after they had made bonds for $2500 each, for a preliminary hearing on the 14th inst.

After the discovery of the girl in a hospital here, her family physician, Dr. Warren F. Clark of Hollywood, was summoned and has been in constant attendance.

Both Traxler and Lanterman today issued a statement in which they declared that the girl's story is without foundation.

Large Reward for San Diego Slayer Doubled

SAN DIEGO, April 30.—Twenty thousand dollars reward will be paid for information leading to the arrest and conviction of the slayer or slayers of Emil Silverman, wealthy retired merchant of Chula Vista, who was shot to death under mysterious circumstances in his palatial home there about a year ago.

A standing reward of $10,000 has been offered for some time. Don Stewart, local agent for the National Surety Company of New York, today filed a bond at the Sheriff's office guaranteeing payment of twice the former reward for information leading to arrest and conviction of Silverman's assailant.

This bond will hold good until April 18, 1930. In the event of more than one party claiming the reward, its distribution would be determined by local Superior Court decision, it was said.

NEW RIVERSIDE OFFICIALS NAMED

RIVERSIDE, April 30. — Mayor Long this morning announced the appointment of Nester N. Brule as Chief of Police and Jack Hutchinson as head of the fire department. They take the places, respectively, of J. W. Prater and John Bayha. Brule is a prominent member of the American Legion and the operator of a gasoline station. Hutchinson is a former chief of the fire department, having come here from Brawley, where he was Fire Chief. Since his dismissal by former Mayor Dighton he has been in the employ of State Fire Marshall Stevens.

SWIMMER INJURED IN STEEL FACTORY

TORRANCE, April 30.—George W. Leech, son of J. W. Leech, manager of the Bank of Italy branch here, and well-known swimmer for the Los Angeles Athletic Club, is recovering from injuries sustained in an accident at the Columbia Steel Plant. Leech was crushed between an overhead crane and a partition, suffering fractures of both hips and spinal contusions. He will be confined to the hospital for several weeks.

COUNTY TO INCREASE FAIR FUND

San Diego Supervisors Boost Appropriation to $8000 for This Year

SAN DIEGO, April 30.—The San Diego County Fair this year will be backed by county funds to the amount of $8000, the Board of Supervisors has decided after voting down a proposed appropriation of $10,000. The larger amount asked by the fair management, so that funds on hand could be diverted to paying a $3500 deficit of last year's fair, was regarded by Supervisors Leroy Aul and Edgar Hastings and Chairman Charles Good as "too big a jump" from past appropriations of $3000 and $5000.

County Horticultural Commissioner Robert R. McLean, selected by the board to represent the county on the fair directorate, will supervise expenditure of the underwriting fund, the board agreed.

Charles Ferguson, chairman of the Fair Board, and Felix Landis, secretary and manager, urged the larger appropriation. "With $3000 we have provided a $3000 fair. With $10,000 we can provide a $10,000 fair," the y urged. They were joined in their request by E. Claude Wilson of Escondido, Winfield Barkley of San Diego, Levi Kinkaid of Sweetwater, Mrs. Pansy Claggert of Escondido, Dr. H. W. Learn of San Diego, A. R. Myers of Encinitas, Chris Neilson of Potrero, Mrs. M. Mykrantz of Ramona, Dwight Griswold of Valley Center, Paul Maiss of San Diego, John Ballentyne of El Cajon and C. C. Marchus of San Pasqual.

EFFORTS TO REVIVE FIRE VICTIM FAIL

LONG BEACH, April 30.—Firemen worked fifteen hours in an unsuccessful effort to resuscitate Lawrence Powell, victim of smoke in a Signal Hill dwelling fire early today. Powell died at 3 p.m. at St. Mary's Hospital while the fire department inhalator crew was attempting to save his life. His wife, Edythe Powell, is still in a serious condition at the hospital.

Mr. and Mrs. Powell were rescued from their smoke-filled home at 2370 Lewis avenue at 1 a.m. when a caller rang the door bell of the Powell home to inquire about a house number and discovered smoke issuing from the building. Fire departments of Long Beach and Signal Hill co-operated in controlling the fire and in resuscitation efforts.

CHILD ACCIDENTALLY HIT BY GOLF CLUB

OXNARD, April 30. — Evelyn Kindred, 7-year-old daughter of George Kindred, local manager of the Southern Counties Gas Company, narrowly escaped losing the sight of her right eye when she was struck on the head with a golf club by a playmate, Harold Johnson, son of Chief of Police H. W. Johnson. As the Johnson lad took a forceful swing at the ball the little girl rushed forward, receiving the full force of the blow. She suffered a deep injury in her forehead, less than an inch from the eye. She is reported recovering satisfactorily today.

JUDGE CANFIELD SUCCUMBS

"Grand Old Man of Santa Barbara" Fails to Rally From Paralytic Stroke in December

SANTA BARBARA, April 30.—Death claimed Judge Robert Bage Canfield, the "Grand Old Man of Santa Barbara," at the age of 85 years last night, at his home, 1617 State street. Following a stroke of paralysis in December, Judge Canfield rallied and then had a relapse. Since last Wednesday, he had been in a state of coma, but rallied and regained consciousness yesterday for a short time.

For seventeen years president of the Santa Barbara County Bar Association, organizer of the Santa Barbara Water Company, owner of one of the largest cattle ranches in the county, president of the Unitarian Society, banker and scholar, Judge Canfield's life covered many fields.

He was born in Newark, N. J., on December 22, 1843, and spent his boyhood and youth in New York. He was graduated from Columbia College in 1862, standing the highest in his class in mathematics. He was a member of Phi Delta Kappa. He finished Columbia law school in 1865 and was admitted to practice in New York in 1868.

He first came to California in 1869 to visit. He was married January 25, 1873, to Mrs. Louise Davison, who survives him.

In addition to his widow Judge Canfield leaves two brothers, George E. Canfield of the law firm of Catterlee & Canfield of New York, and A. W. Canfield of Glendale, and two stepdaughters, Mrs. James Otis of San Francisco and Miss Louise Davison of this city.

He was a member of the Santa Barbara Club, Montecito Country Club, La Cumbre Colf and Country Club, University Club, Chamber of Commerce and Community Arts Association.

COOPER GIVEN SHERIFF POST

San Diego Undersheriff in Dead Chief's Shoes

New Executive Veteran of County Peace Force

Friends Hold Fatal Fall by Byers Was Accident

SAN DIEGO, April 30.—Sheriff Ed F. Cooper, appointed by the County Board of Supervisors to succeed James C. Byers, deceased, began his term of office today with the announced intention of retaining all active deputies who had been commissioned by his predecessor. The new Sheriff assumes conduct of the office with which he has been constantly associated for almost twenty years, with the pronouncement that he knows of no change in policy to inaugurate at this time.

"It is almost too soon to make any statement of policy," he said. "This can be worked out later and I intend to give the people of the county my best efforts in law enforcement." Along with commissions of the regular staff of salaried deputies, the commissions of several hundred honorary deputies of Sheriff Byers expired with his death.

Byers, who held the post of Sheriff since his own appointment by the board in 1918 to succeed Sheriff Ralph L. Conklin, died early yesterday morning in a plunge from a fourth-story window of Mercy Hospital, where he was convalescing from an operation for appendicitis. With an inquest scheduled at 10 a.m. tomorrow the Coroner's office was continuing its investigation today into the death of Byers. Dr. John J. Shea, county autopsy surgeon, who performed an autopsy yesterday, announced that death was caused instantly from a fracture of the skull and other multiple injuries incurred when the victim struck the concrete driveway.

Friends have advanced the theory that Byers may have fallen from the window in a moment of delirium caused by the sickness from which he was recovering. They point out that the Sheriff may have staggered to the windows, removed several glasses to prevent knocking them off the ledge, and then fallen from the window when he attempted to lean out.

Private funeral services, with Rev. Lawrence A. Wilson officiating, will be held in the Johnson-Saum funeral establishment after the inquest, it was announced today.

Extravaganza to Be Given in Redlands Bowl

REDLANDS, April 30. Art students in the high schools of the Southland will be asked to compete in designing posters for the first event of the Redlands Community Music Association, "The Pied Piper," which is to be given on June 21 and 22, to open the season of outdoor concerts. Mrs. G. E. Mullen, the manager, has announced the plans.

The association's board of directors will offer $58 in prizes for the best posters produced by the high school and junior high school students. The first prize will be $25. J. Francis Smith, author and producer, started work on the light opera yesterday following his arrival in Redlands from New York. He wrote the lines and music for the production and has directed it in several appearances. It was the musical feature of the Pacific-Southwest Exposition in Long Beach.

Fifty adult singers and dancers and 250 children, all local residents, will be used in the extravaganza. The two night performances will open the sixth season of the music association. They will raise money to help finance the twelve artist concerts and other events at the Redlands Bowl during the summer.

Included in the cast of 250 children will be 50 who will take the roles of rats who are to be lured into the mountainside by the Pied Piper of Hamelin.

Bell Highway Project Begun

BELL, April 30.—First dirt on the new $144,000 Baker-avenue improvement was turned yesterday by Mayor A. L. Clarkson at Maywood avenue and Baker avenue before a large number of interested citizens who, for the past several years, have been working on the movement of improving the main street of this city. The new street will have a fifty-six-foot driveway and will have twelve-foot sidewalks on each side of the street and an ornamental lighting system. The contract for the improvement was awarded Mittry Brothers some time ago. It is expected the improvement will be completed within four months.

THREE VOTES DECIDE QUEEN OF MAY DAY

BRAWLEY, April 30.—Dorothy Krueger, student in the high school here, was elected Queen of the May and will be crowned during May Day festivities which are to be conducted by the Woman's Community Club tomorrow. The program includes a parade which will end at the City Hall, where groups of school children will take part in May Day dances. Miss Krueger's candidacy was sponsored by the Kiwanis Club and Campfire Girls. She received three votes more than Lucille McVey, next highest candidate.

FRIENDS CALL HIS DEATH ACCIDENTAL

James C. Byers

Late Sheriff of San Diego county who was killed in a fall from a hospital window Monday.

KERNS SENT TO PRISON ON CHECKS

Insanity Plea Fails to Save Angeleno Facing Court in Riverside

RIVERSIDE, April 30. — Ed Kerns, 47-year-old political worker of Los Angeles, and father of three children, today was sentenced by Superior Judge Morton to San Quentin prison for a term of from one to ten years, for passing four bogus checks on local merchants last December. He was denied a ten-day stay of execution and will be taken to the penitentiary at once, it was learned at the County Jail.

Attorney Victor Hansen filed oral notice of appeal and made the motion for the stay of execution which failed.

Judge Morton rejected a move by the attorney and others to have Kerns declared insane. Three affidavits, asserting that Kerns had delusions and hallucinations that he is being persecuted, that he has wealth and controls political influence, were filed with the court but availed the defendant nothing as the prison penalty was ordered. One of the affidavits had been signed by Kerns's wife, and the other two by Perry G. Briney, his former attorney, and Richard F. Conner, a friend.

Kerns is the man who several months ago told Los Angeles county authorities that he had information concerning the fatal shooting of a prisoner and the wounding of a deputy sheriff in a Los Angeles Courthouse elevator. He was questioned for more than an hour here and officials announced Kerns had revealed the source of the gun which the two prisoners had smuggled into jail.

Brawley Wins School Contest

BRAWLEY, April 30.—High honors in the annual contest among commercial students in Imperial Valley high schools were awarded to this city, according to final results announced today. Brawley won the 1929 commercial pennant, awarded to the school making the highest number of points in all events, and received cups awarded in the typing and book-keeping contests.

Students representing the local school were Deena Goff, Mabel Van Scyoc, Carl Johnson, Helen Harp, Verdi Fuqua, Ocie Everett, Bernice Gross, Alice Adams and Ethel Price. El Centro won high honors for the best team average in shorthand, getting 94½ points to Brawley's 93.

REDONDO ACTS TO FORM GLIDER CLUB

REDONDO BEACH, April 30.—First steps toward the organization of a glider club for the South Bay district were taken last night at a meeting attended by representatives of service clubs and others interested in the promotion of the sport. D. W. Gettins, president of the Long Beach Glider Club, outlined the plans and M. A. Kent, W. G. Bolton and G. A. Rowell are to assist in sponsoring the new organization. Airport facilities will be one of the first objectives of the club.

RANCHERS TOLD TO BE THANKFUL

Expert Compares Californi and Florida Oranges

Superiority of Western Cro Cited by Hodgson

Report Covers Recent Tri to Peninsula Groves

ONTARIO, April 30.—Souther California citrus growers shoul congratulate themselves that the are engaged in the business her and not in other parts of the cou try, Prof. R. W. Hodgson, of department of subtropical hortic ture at the State agricultural c lege, told 200 orange growers of Ontario district at Chaffey Uni High School last night.

Prof. Hodgson told of a recen trip to Florida and related poin of interest regarding his study the Florida citrus situation. compared the two districts, Flori and Southern California, from citrus standpoint.

The market value of the Califo nia orange is greater than that the Florida fruit, declared speaker. The thin skin, the texture and high juice content the Florida orange, coupled with lack of color and its skin blemis caused by the rust mite, render a less valuable orange than th produced in California, according Hodgson. The California orange with its comparatively thicker ski its more solid texture, and its ric color places it above all other citr fruits in the eye of the consumer.

Florida oranges must be handle very carefully, he pointed out, they are easily bruised. They wi not stand up as long as the Cal fornia fruit and are less convenient ly peeled and handled than Cal fornia oranges, which is a decide advantage to the market value California fruit.

As 60 per cent of the Florida or ange crop is shipped between N vember 15 and March 15, the Cal fornia navel orange is its com petitor.

The world supply of orange should never fail, since Florida ha 195,000 acres of orange trees, Cal fornia more than 205,000 acre Spain has over 200,000 acre Louisiana has 500 acres trees; South Africa has mor than 50,000 acres and Texas an Arizona are coming into prom nence with citrus trees, Hodgso said.

Imperial Valley Pioneers Called Meet in Picnic

EL CENTRO, April 30.—Imperia Valley pioneers, an organizati composed of desert settlers wh moved into the Imperial basin mo than twenty years ago, will hol their annual reunion at the In Aten ranch near this city Satu day, according to the announce ments sent out today by T. D. Mc Call, president. In his call, Mc Call states that "nothing short o a death certificate will suffice as a excuse for failure to appear in pe son."

McCall is attempting to secure a autobiography from each of the old timers in the organization and ha announced that a fine of $25 wi be assessed against those who fa to write their life history.

Among the well-known pioneer who have indicated that they wi attend the reunion are "Silent Bi Forrester, Dr. W. T. Heffernan an Scotty Russell.

STEWART'S SON QUITS OIL POST

Continuation of Fight With Rockefeller Seen

James W. Resigns from Lago Company Directorate

His Brother Also May Leave Petroleum Position

NEW YORK, April 30. (Exclusive) Continuation of the hostilities between Col. Robert W. Stewart and John D. Rockefeller, Jr., is seen in the announcement that James W. Stewart, son of Col. Stewart, has retired as director of the Lago Oil and Transport Company, a subsidiary of the Standard Oil Company of Indiana.

At the same time reports are heard that James Stewart's brother, Robert G. Stewart, may resign as president of the Pan-American Petroleum and Transport Company and as a director of Standard Oil of Indiana.

It is said there is strong possibility that at the annual meeting of the Pan-American on June 11, James W., Robert G., and Col. Robert W. Stewart will leave the directorate.

STEWART BELIEVED VOTED LARGE PENSION

CHICAGO, April 30. (Exclusive)—Reports that Col. Robert W. Stewart, deposed chairman of the Standard Oil Company of Indiana, has been voted a $50,000-a-year pension by the company gained credence through a statement issued from the company's executive offices today which said the company's policy does not authorize making public the names of its pensioners and that no deviation was to be made in the case of Col. Stewart.

QUARANTINE ON FLORIDA DRAWN

Alabama Joins War Against Fruit Fly Pest

National Guardsmen Sent to Hold Menace at Bay

Santo Domingo Puts Up Bar to Protect Island

MONTGOMERY (Ala.) April 30. (AP)—Alabama today joined Georgia in an active campaign against shipments of fruit and vegetables from the Florida counties infested with the Mediterranean fruit fly.

A patrol of thirty National Guardsmen has been ordered out by Gov. Graves to take up posts on roads leading into Alabama from Florida, with orders to stop all shipments from the infested area and admit into this State only such fruits as bear the official stamp of approval of the Florida Agricultural Bureau or the Federal government.

The Governor's action was taken on the advice of Commissioner Dunwoody of the State Department of Agriculture.

SANTO DOMINGO (Dominican Republic) April 30. (AP)—A Presidential decree was issued today prohibiting the importation of plants, fruits, vegetables and seeds from Florida. Fresh plants, fruits, vegetables and seeds coming from other parts of the United States will require a certificate from the Department of Agriculture showing that they do not come from parts infected by the Mediterranean fruit fly. The decree will take effect immediately.

SARGON IS REVELATION TO PEOPLE OF NATION

Mother of 13 Is Deeply Grateful

Mrs. Reed Says Pains in Back Were so Intense She Couldn't Turn Over in Bed

"Sargon has brought me health, strength and happiness, and I am glad of the opportunity to tell my experience," said Mrs. T. B. Reed, residing at 919 Holmes Street, Kansas City, Mo., the mother of thir-

MRS. T. B. REED

teen children and a beloved member of the Methodist Church.

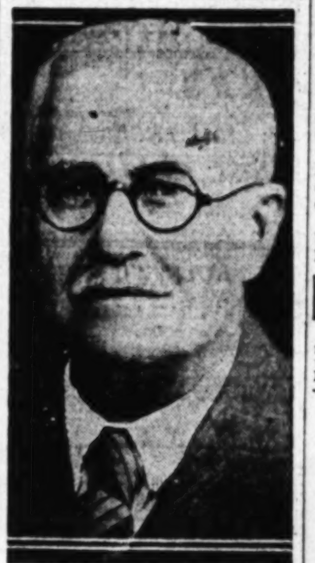
"I have always enjoyed good health up until a year and a half ago," she continued. "Then I began having severe attacks of indigestion and billiousness. My food often brought a burning sensation and gas that caused severe palpitation. I frequently became so nauseated and sick I felt like I would die.

"My tongue was coated and I had a disagreeable taste. I was dreadfully constipated all the time and had splitting headaches. My nerves were in dreadful shape, and I seldom ever got a good night's rest.

"After taking two bottles of Sargon and one bottle of Sargon Soft Mass Pills I am like a different woman. They did me far more good than everything else I have taken put together. I have a wonderful appetite now and eat anything I want without the least trouble from indigestion, biliousness, headaches or any of my other troubles. My nerves are in perfect condition, and I sleep like a healthy child almost from the moment my head touches the pillow. I have gained eleven pounds, have more energy and have been so wonderfully strengthened that my housework is a pleasure."

Wisconsin Capitalist Praises It Highly

John C. Spencer, of 498 Sixty-Third Avenue, West Allis, Milwaukee, Wis., who for thirty years has been actively engaged in the com-



JOHN C. SPENCER

mercial and civic life of that city, but who recently retired from active business to devote more time to his real estate holdings in Milwaukee and Florida, recently said:

"I am leaving for Florida in a few days and will take four bottles of Sargon with me. I don't intend to be without this medicine.

"For the past year I have been in wretched health suffering from rheumatism and other troubles on account of an inactive liver, principally. I lost weight rapidly and my strength was ebbing away. I was constantly troubled with indigestion and constipation.

"I felt a marked improvement after the first few doses of Sargon. Three bottles put me in wonderful condition. My appetite is splendid now, my digestion is sound. I have gained ten pounds and my strength has returned in proportion. I am going to continue the treatment, of course, for I wouldn't be without Sargon under any circumstances."

Mr. Spencer has lived in Milwaukee for 45 years and is well known and highly esteemed.

Mass of Evidence Fully Corroborates Claims Made for New Scientific Formula—Kansas City Dealers Sell and Distribute 195,000 Bottles in Only 9 Months' Time.

Sargon, the celebrated new medicine which has been accomplishing such remarkable results wherever introduced, is now being rapidly distributed throughout the entire country.

The amazing success achieved by this medicine in only ten months' time is not only phenomenal but unprecedented. In the larger cities where it has been introduced it has required from 75,000 to 200,000 bottles to supply the ever increasing demand.

In Kansas City, alone, local wholesale and retail druggists have distributed a total of 195,000 bottles of Sargon and Sargon Soft Mass Pills. Memphis dealers have sold and distributed over 136,000 bottles; Minneapolis has required over 126,000 bottles; Milwaukee has required approximately 90,000 bottles—and in the State of Texas, dealers have purchased six carloads within the past 90 days. Leading wholesale druggists throughout the United States are buying it exclusively in carload lots.

Only a glance into the faces of these men and women whose honest, straight-forward statements appear below will convince even the most skeptical of the wonderful health-giving powers of Sargon. These men and women are all well-known in their communities and have given these voluntary endorsements out of pure gratitude for what this medicine has done for them, because they want their fellow sufferers to know that they, too, can be lifted out of the throes of sickness and ill-health.

Sargon Brought Back Her Health

"Sargon and Sargon Soft Mass Pills are the most wonderful medicines I have ever used. I say this because they have brought back

MRS. ALEX MALCOTT

my health after I had been trying for ten years to find something that would relieve me of my suffering.

"After taking two bottles of Sargon and one bottle of Sargon Soft Mass Pills I noiced a remarkable improvement in my condition. My appetite is splendid. I can now digest and assimilate food I hadn't dared touch before in months. My complexion is now clear and healthy. I have gained some weight and feel greatly strenghtened in every way."

The above statement was made by Mrs. Alexander Malcott, Oklahoma City.

Praise From Texas

"Sargon went right to the root of my trouble without losing a minute's time. I never saw anything like it. I felt better from the very first dose,

MRS. JULIA OAK

and now I find that I can eat anything I want without any ill effects. I am not the least bit nervous and I feel so well and strong that even after I get through with my housework I want to be up and on the go. The Sargon Soft Mass Pills gently but completely overcame my liver trouble and constipation. I feel just like I have been made all over like new."

The above statement was made by Mrs. Julia Oak, San Antonio.

Kansas Man Is Firm Indorser

Charles E. Burns Says He Was Badly Rundown After a Severe Attack of "Flu."

"I have always been a strong healthy man up to a few months ago when I had a bad attack of 'flu.' My whole system became badly rundown. I lost my old-time strength and energy.

"I began to suffer with indiges-

CHARLES E. BURNS

tion and billiousness. Everything I ate disagreed with me and I was constantly spitting up undigested food sour as vinegar. I was constipated, had severe headaches and was constantly taking laxatives.

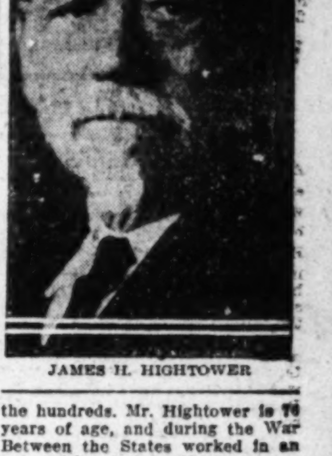
"In only a few days after I started taking Sargon and the pills, I began to improve. Four bottles of Sargon and two of pills made me feel like a different man. I have regained my lost weight and am always hungry. What I eat, digests. I am no longer bothered with bloating, gas or belching, nor biliousness and headaches. I sleep soundly and have my old-time 'pep' and energy. I feel fine all the time.

"I have never indorsed a medicine—but I'm telling all my friends about the Sargon treatment."

The above statement was made by Charles E. Burns, wealthy retired real estate and insurance man of Girard, Kan.

Southern Merchant Now Free From Pain

One of the best known men in East Macon, Ga., is James H. Hightower, who has been in the grocery business there for thirty years. He is a typical Southern gentleman, of pleasant manner and cheerful disposition and numbers his friends and acquaintances by



JAMES H. HIGHTOWER

the hundreds. Mr. Hightower is 76 years of age, and during the War Between the States worked in an ammunition factory. He is a member of the Methodist Church and Odd Fellows. Talking to the Sargon man recently, he said:

"For the first time in two years I am completely free of pain because Sargon has had such marvelous action on my liver and gall bladder. It is a revelation to me to have had these organs regenerated in so short a time.

"Sargon Soft Mass Pills started my liver to working right and relieved my dizziness within twelve hours. They are mild and yet are most effective in their action. Because the Sargon treatment has regulated my digestive organs I no longer suffer with gas and bloating sensations after meals. I do not spit up hot water and bits of food after eating as I formerly did. The constant head dizziness that distracted me has disappeared, and my head is clear again. My appetite is so good I am afraid to satisfy my craving for food. I have taken two bottles of the Sargon tonic and have already gained five pounds in weight. In fact, Sargon has corrected my condition, for which I am very thankful. I am glad to commend this remarkable treatment to those suffering from stomach and liver troubles."

Never before has any medicine aroused such widespread interest and hundreds of Los Angeles people are consulting the Sargon Representative at the Owl Drug Store, 6th and Broadway, to learn more about this epoch-making formula. Sargon may also be obtained at all Owl Drug stores in Los Angeles and other cities.

On your way shopping today . . .

QUITE FRANKLY, this is a bid for a certain little dime in your purse—when you go shopping today. There is no money in all the world that will buy you such big value as the dime you pay for Delineator.

Fiction? A great new serial, *"Passion Flower"*, by America's best-loved author, Kathleen Norris. And in this same big May number, Coningsby Dawson, Edith Wharton, Achmed Abdullah, Sarah Addington and H. C. Bailey promise you many an hour of thrilling entertainment with the magic of their story-telling art.

Now add to such sparkling fiction Delineator Home Institute's inspiring guidance in the art of gracious living—the inimitable style and beauty of Delineator's fascinating fashion pages—the exquisite good taste of Delineator Interiors.

Do you wonder that Delineator is growing so much faster than any other woman's magazine—that its circulation has increased by more than 750,000 within a year? Just buy a copy on any newsstand—and you will know the reason.

LASKY WILL STAR POWELL

M.-G.-M. Signs Zita Johann for Features

Austrian Singer Joins Fox Organization

Lena Malena Plays Gypsy in "Redemption"

BY GRACE KINGSLEY

WILLIAM POWELL.

If you know anything about theater tradition, you know that when a sign above a theater reads, "So-and-So in Such-and-Such," that sign means stardom for So-and-So.

That's how the signs are going to read hereafter for William Powell. B. P. Schulberg assures us that with the launching of "The Green Murder Case," Powell becomes a star. In this new S. S. Van Dine mystery tale, Powell plays the role of a scientific society detective, being a sequel to the same role in "The Canary Murder Case."

Powell has appeared in twenty-four productions since signing with Paramount three or four years ago.

Lena Malena in "Redemption"

Now that the talking pictures are in, producers are beginning to display a fine sense of the eternal fitness of things by signing foreign players to appear in roles characterizing these players' own nationalities.

LENA MALENA

Lena Malena is the latest example of this discrimination. Miss Malena is half gypsy, and now she has been signed by Metro-Goldwyn-Mayer to play the role of the Russian gypsy girl in Tolstoy's "Redemption," which Fred Niblo is directing.

M.-G.-M. SIGNING UP NEW ACTING LIGHT

It is actually true that New York producers are beginning to feel the dearth of good players back there, since the talking pictures are absorbing them.

Zita Johann, noted New York actress, has just been signed by Metro-Goldwyn-Myer, and is now on her way to the Coast, it was announced yesterday at the studio.

This young woman scored one of the outstanding New York triumphs of the season in Arthur Hopkins's production of "Machinal," Sophie Treadwell's play. She is now on her way to Hollywood.

Miss Johann came to this country from her native Hungary at the age of seven, was educated in New York, and made her stage debut following an apprenticeship in the Theater Guild in the leading feminine role of "He Who Gets Slapped." She also appeared later in "Peer Gynt," "The Devil's Disciple," and others. Her first stage role is not yet decided.

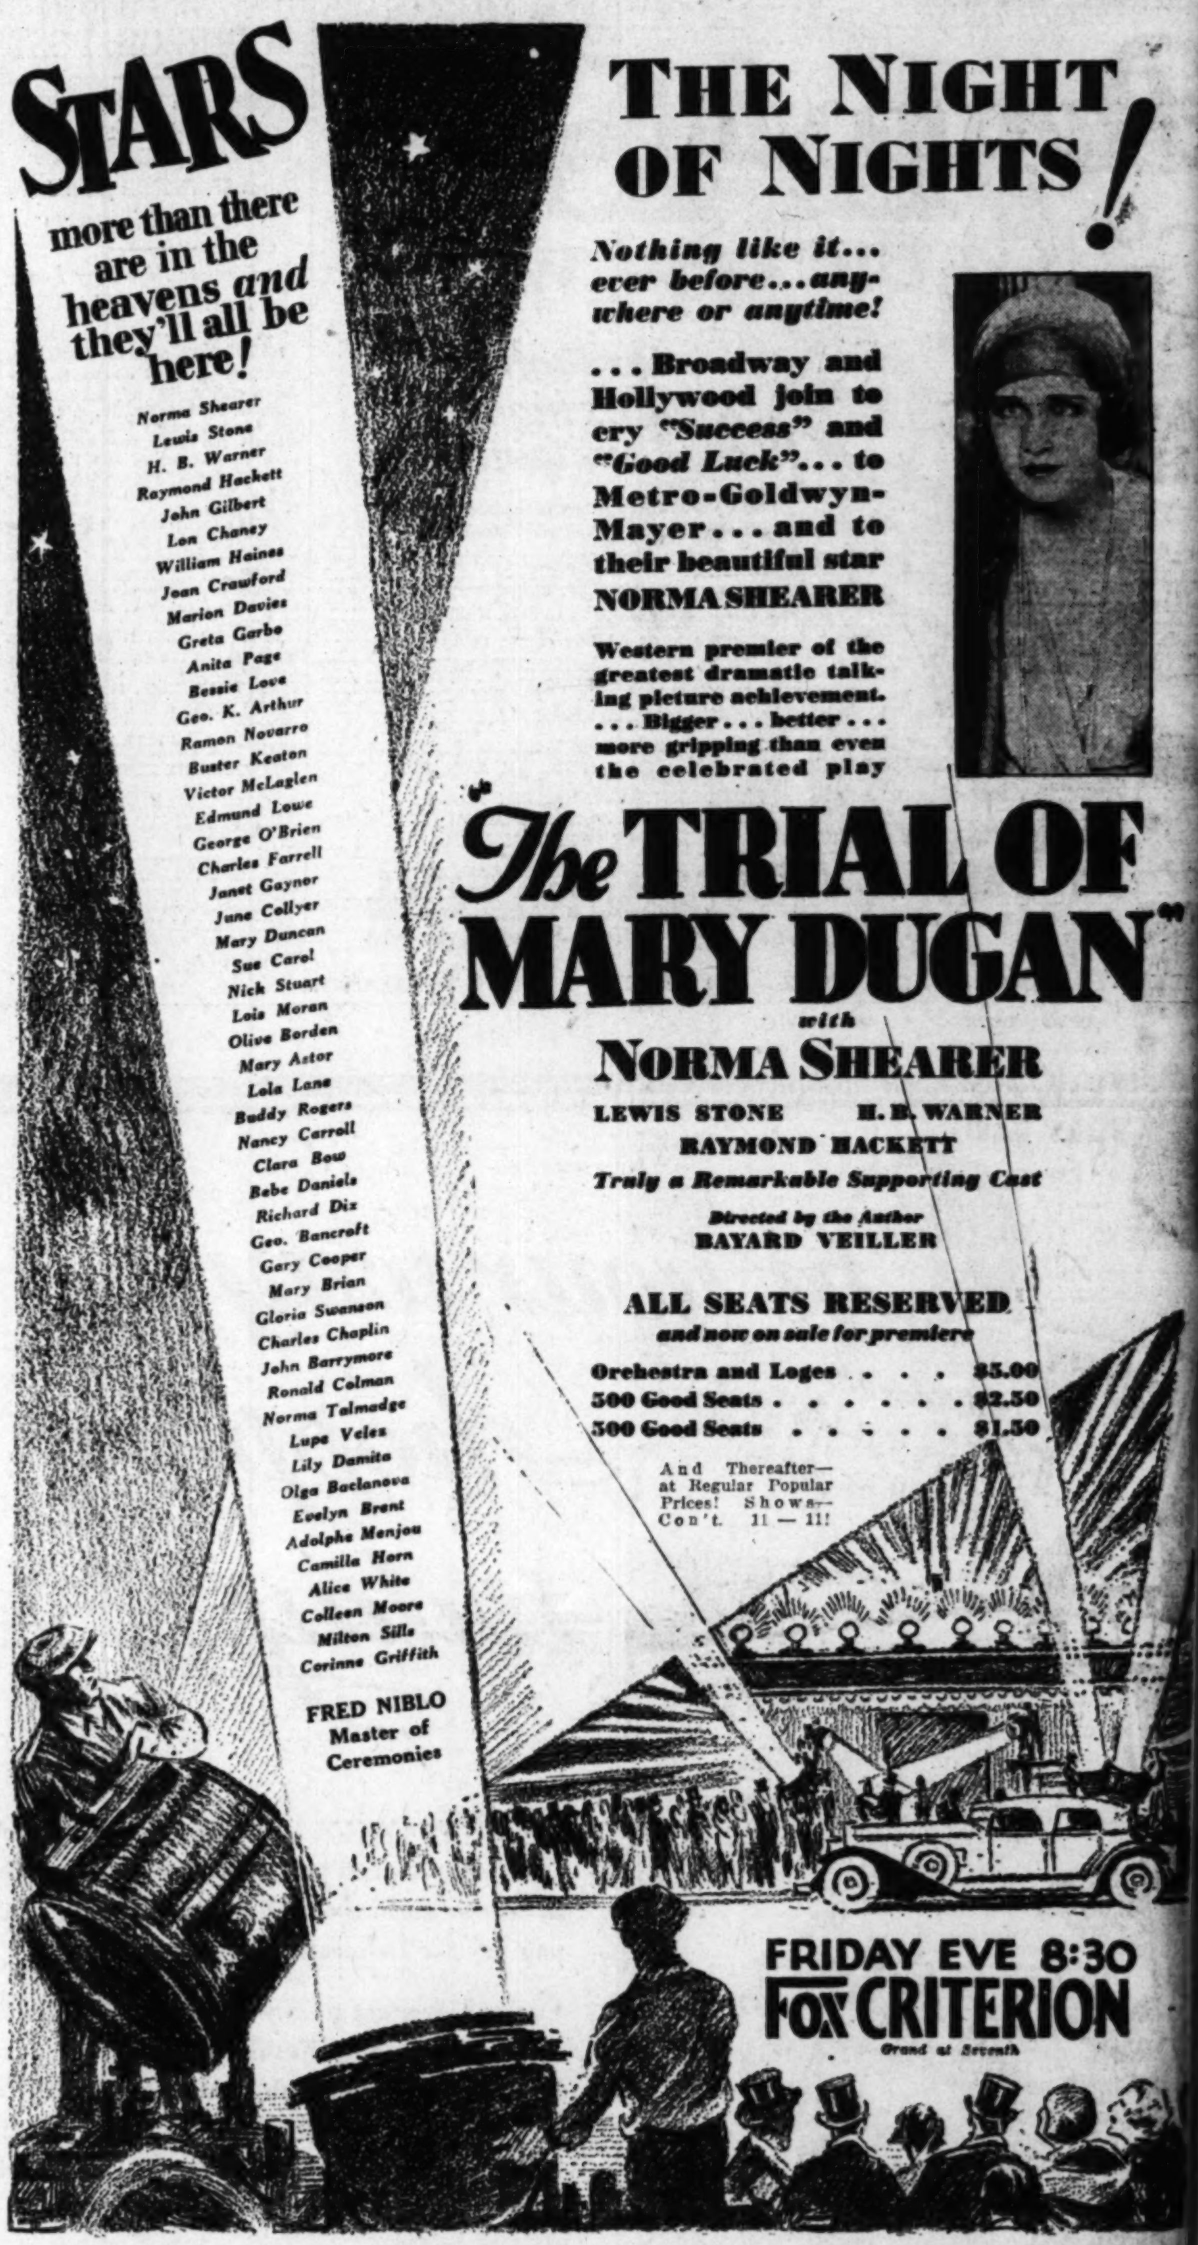
The actress is a beautiful brunette, according to descriptions.

Fox Signs Foreign Artist

It seems to us that the foreign players in Hollywood may pause in the midst of packing their trunks for home, and take another look around. Foreign stars are continuing to be signed by local picture producers.

The newest addition from abroad is Irene Dalastry, a beautiful Austrian singer, who has, I believe, never been in this country before. She has just arrived here, and has been signed by Fox, according to word received yesterday from Sol Wurtzel.

Negotiations were opened some time ago with Miss Dalastry, but her vocal engagements in Europe prevented her signing until now. In the meantime a role has been all prepared for her. It is the feminine lead in the Fox operetta, "Married in Hollywood," lately completed by Oscar Strauss.



STARS more than there are in the heavens and they'll all be here!

xpert Compares California and Florida Oranges

uperiority of Western Crop Cited by Hodgson

eport Covers Recent Trip to Peninsula Groves

ONTARIO, April 30.—Southern lifornia citrus growers should ngratulate themselves that they e engaged in the business here d not in other parts of the coun-, Prof. R. W. Hodgson, of the partment of subtropical horticul-re at the State agricultural col-e, told 200 orange growers of the tario district at Chaffey Union gh School last night.

Prof. Hodgson told of a recent p to Florida and related points interest regarding his study of e Florida citrus situation. He npared the two districts, Florida d Southern California, from a rus standpoint.

The market value of the Califor- orange is greater than that of e Florida fruit, declared the aker. The thin skin, the fine ture and high juice content of Florida orange, coupled with its k of color and its skin blemish used by the rust mite, render it less valuable orange than that duced in California, according to dgson. The California orange, h its comparatively thicker skin, more solid texture, and its rich or places it above all other citrus its in the eye of the consumer. Florida oranges must be handled y carefully, he pointed out, as y are easily bruised. They will stand up as long as the Cali-nia fruit and are less convenient- peeled and handled than Cali-nia oranges, which is a decided vantage to the market value of lifornia fruit.

As 60 per cent of the Florida or-se crop is shipped between No-nber 15 and March 15, the Cali-nia navel orange is its com-itor.

The world supply of oranges uld never fail, since Florida has ,000 acres of orange trees, Cali-nia more than 205,000 acres; ain has over 200,000 acres; isiana has 500 acres of es; South Africa has more n 50,000 acres and Texas and zona are coming into promi-ce with citrus trees, Hodgson d.

STEWART'S SON QUITS OIL POST

Continuation of Fight With Rockefeller Seen

James W. Resigns from Lago Company Directorate

His Brother Also May Leave Petroleum Position

NEW YORK, April 30. (Exclusive) Continuation of the hostilities between Col. Robert W. Stewart and John D. Rockefeller, Jr., is seen in the announcement that James W. Stewart, son of Col. Stewart, has retired as director of the Lago Oil and Transport Company, a subsidiary of the Standard Oil Company of Indiana.

At the same time reports are heard that James Stewart's brother, Robert G. Stewart, may resign as president of the Pan-American Petroleum and Transport Company and as a director of Standard Oil of Indiana.

It is said there is strong possibility that at the annual meeting of the Pan-American on June 11, James W., Robert G., and Col. Robert W. Stewart will leave the directorate.

STEWART BELIEVED VOTED LARGE PENSION

CHICAGO, April 30. (Exclusive)—Reports that Col. Robert W. Stewart, deposed chairman of the Standard Oil Company of Indiana, has been voted a $50,000-a-year pension by the company gained credence through a statement issued from the company's executive offices today which said the company's policy does not authorize making public the names of its pensioners and that no deviation was to be made in the case of Col. Stewart.

QUARANTINE ON FLORIDA DRAWN

Alabama Joins War Against Fruit Fly Pest

National Guardsmen Sent to Hold Menace at Bay

Santo Domingo Puts Up Bar to Protect Island

MONTGOMERY (Ala.) April 30. (AP)—Alabama today joined Georgia in an active campaign against shipments of fruit and vegetables from the Florida counties infested with the Mediterranean fruit fly.

A patrol of thirty National Guardsmen has been ordered out by Gov. Graves to take up posts on roads leading into Alabama from Florida, with orders to stop all shipments from the infested area and admit into this State only such fruits as bear the official stamp of approval of the Florida Agricultural Bureau or the Federal government.

The Governor's action was taken on the advice of Commissioner Dunwoody of the State Department of Agriculture.

SANTO DOMINGO (Dominican Republic) April 30. (AP)—A Presidential decree was issued today prohibiting the importation of plants, fruits, vegetables and seeds from Florida. Fresh plants, fruits, vegetables and seeds coming from other parts of the United States will require a certificate from the Department of Agriculture showing that they do not come from parts infected by the Mediterranean fruit fly. The decree will take effect immediately.

SARGON IS REVELATION TO PEOPLE OF NATION

Mother of 13 Is Deeply Grateful

Mrs. Reed Says Pains in Back Were so Intense She Couldn't Turn Over in Bed

"Sargon has brought me health, strength and happiness, and I am glad of the opportunity to tell my experience," said Mrs. T. B. Reed, residing at 919 Holmes Street, Kansas City, Mo., the mother of thirteen children and a beloved member of the Methodist Church.

MRS. T. B. REED

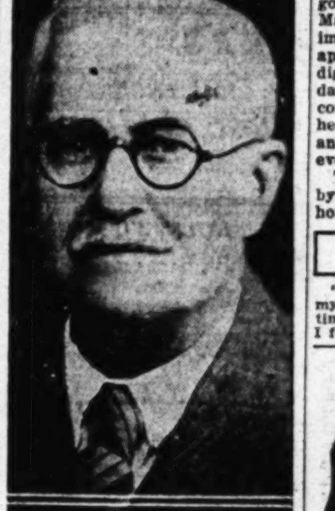
"I have always enjoyed good health up until a year and a half ago," she continued. "Then I began having severe attacks of indigestion and biliousness. My food often brought a burning sensation and gas that caused severe palpitation. I frequently became so nauseated and sick I felt like I would die.

"My tongue was coated and I had a disagreeable taste. I was dreadfully constipated all the time and had splitting headaches. My nerves were in dreadful shape, and I seldom ever got a good night's rest.

"After taking two bottles of Sargon and one bottle of Sargon Soft Mass Pills I am like a different woman. They did me far more good than everything else I have taken put together. I have a wonderful appetite now and eat anything I want without the least trouble from indigestion, biliousness, headaches or any of my other troubles. My nerves are in perfect condition, and I sleep like a healthy child almost from the moment my head touches the pillow. I have gained eleven pounds, have more energy and have been so wonderfully strengthened that my housework is a pleasure."

Wisconsin Capitalist Praises It Highly

John C. Spencer, of 498 Sixty-Third Avenue, West Allis, Milwaukee, Wis., who for thirty years has been actively engaged in the commercial and civic life of that city, but who recently retired from active business to devote more time to his real estate holdings in Milwaukee and Florida, recently said:



JOHN C. SPENCER

"I am leaving for Florida in a few days and will take four bottles of Sargon with me. I don't intend to be without this medicine.

"For the past year I have been in wretched health suffering from rheumatism and other troubles on account of an inactive liver, principally. I lost weight rapidly and my strength was ebbing away. I was constantly troubled with indigestion and constipation.

"I felt a marked improvement after the first few doses of Sargon. Three bottles put me in wonderful condition. My appetite is splendid now, my digestion is sound. I have gained ten pounds and my strength has returned in proportion. I am going to continue the treatment, of course, for I wouldn't be without Sargon under any circumstances."

Mr. Spencer has lived in Milwaukee for 45 years and is well known and highly esteemed.

Mass of Evidence Fully Corroborates Claims Made for New Scientific Formula—Kansas City Dealers Sell and Distribute 195,000 Bottles in Only 9 Months' Time.

Sargon, the celebrated new medicine which has been accomplishing such remarkable results wherever introduced, is now being rapidly distributed throughout the entire country.

The amazing success achieved by this medicine in only ten months' time is not only phenomenal but unprecedented. In the larger cities where it has been introduced it has required from 75,000 to 200,000 bottles to supply the ever increasing demand.

In Kansas City, alone, local wholesale and retail druggists have distributed a total of 195,000 bottles of Sargon and Sargon Soft Mass Pills. Memphis dealers have sold and distributed over 136,000 bottles; Minneapolis has required over 126,000 bottles; Milwaukee has required approximately 90,000 bottles—and in the State of Texas, dealers have purchased six carloads within the past 90 days. Leading wholesale druggists throughout the United States are buying it exclusively in carload lots.

Only a glance into the faces of these men and women whose honest, straight-forward statements appear below will convince even the most skeptical of the wonderful health-giving powers of Sargon. These men and women are all well-known in their communities and have given these voluntary endorsements out of pure gratitude for what this medicine has done for them, because they want their fellow sufferers to know that they, too, can be lifted out of the throes of sickness and ill-health.

Sargon Brought Back Her Health

"Sargon and Sargon Soft Mass Pills are the most wonderful medicines I have ever used. I say this because they have brought back my health after I had been trying for ten years to find something that would relieve me of my suffering.

MRS. ALEX MALCOTT

"After taking two bottles of Sargon and one bottle of Sargon Soft Mass Pills I noiced a remarkable improvement in my condition. My appetite is splendid. I can now digest and assimilate food I hadn't dared touch before in months. My complexion is now clear and healthy. I have gained some weight and feel greatly strenghtened in every way."

The above statement was made by Mrs. Alexander Malcott, Oklahoma City.

Praise From Texas

"Sargon went right to the root of my trouble without losing a minute's time. I never saw anything like it. I felt better from the very first dose, and now I find that I can eat anything I want without any ill effects. I am not the least bit nervous and I feel so well and strong that even after I get through with my housework I want to be up and on the go. The Sargon Soft Mass Pills gently but completely overcame my liver trouble and constipation. I feel just like I have been made all over like new."

MRS. JULIA OAK

The above statement was made by Mrs. Julia Oak, San Antonio.

Kansas Man Is Firm Indorser

Charles E. Burns Says He Was Badly Rundown After a Severe Attack of "Flu."

"I have always been a strong healthy man up to a few months ago when I had a bad attack of 'flu.' My whole system became badly rundown. I lost my old-time strength and energy.

CHARLES E. BURNS

"I began to suffer with indigestion and biliousness. Everything I ate disagreed with me and I was constantly spitting up undigested food sour as vinegar. I was constipated, had severe headaches and was constantly taking laxatives.

"In only a few days after I started taking Sargon and the pills, I began to improve. Four bottles of Sargon and two of pills made me feel like a different man. I have regained my lost weight and am always hungry. What I eat, digests. I am no longer bothered with bloating, gas or belching, nor biliousness and headaches. I sleep soundly and have my old-time 'pep' and energy. I feel fine all the time.

"I have never indorsed a medicine—but I'm telling all my friends about the Sargon treatment."

The above statement was made by Charles E. Burns, wealthy retired real estate and insurance man of Girard, Kan.

Southern Merchant Now Free From Pain

One of the best known men in East Macon, Ga., is James H. Hightower, who has been in the grocery business there for thirty years. He is a typical Southern gentleman, of pleasant manner and cheerful disposition and numbers his friends and acquaintances by the hundreds. Mr. Hightower is 76 years of age, and during the War Between the States worked in an ammunition factory. He is a member of the Methodist Church and Odd Fellows. Talking to the Sargon man recently, he said:

JAMES H. HIGHTOWER

"For the first time in two years I am completely free of pain because Sargon has had such marvelous action on my liver and gall bladder. It is a revelation to me to have had these organs regenerated in so short a time.

"Sargon Soft Mass Pills started my liver to working right and relieved my dizziness within twelve hours. They are mild and yet are most effective in their action. Because the Sargon treatment has regulated my digestive organs I no longer suffer with gas and bloating sensations after meals. I do not spit up hot water and bits of food after eating as I formerly did. The constant head dizziness that distracted me has disappeared, and my head is clear again. My appetite is so good I am afraid to satisfy my craving for food. I have taken two bottles of the Sargon tonic and have already gained five pounds in weight. In fact, Sargon has corrected my condition, for which I am very thankful. I am glad to commend this remarkable treatment to those suffering from stomach and liver troubles."

Never before has any medicine aroused such widespread interest and hundreds of Los Angeles people are consulting the Sargon Representative at the Owl Drug Store, 6th and Broadway, to learn more about this epoch-making formula. Sargon may also be obtained at all Owl Drug stores in Los Angeles and other cities.

On your way shopping today . . .

QUITE FRANKLY, this is a bid for a certain little dime in your purse—when you go shopping today. There is no money in all the world that will buy you such big value as the dime you pay for Delineator.

Fiction? A great new serial, *"Passion Flower"*, by America's best-loved author, Kathleen Norris. And in this same big May number, Coningsby Dawson, Edith Wharton, Achmed Abdullah, Sarah Addington and H. C. Bailey promise you many an hour of thrilling entertainment with the magic of their story-telling art.

Now add to such sparkling fiction Delineator Home Institute's inspiring guidance in the art of gracious living—the inimitable style and beauty of Delineator's fascinating fashion pages—the exquisite good taste of Delineator Interiors.

Do you wonder that Delineator is growing so much faster than any other woman's magazine—that its circulation has increased by more than 750,000 within a year? Just buy a copy on any newsstand—and you will know the reason.

NO TRACE OF LOST PLANE

Boggy Lake Country Near Needles Searched

Forty-eight-Hour Hunt Fails to Produce Clew

Three Persons Report Seeing Ship Make Plunge

NEEDLES, April 30.—Although numerous rescue parties are still searching the densely covered backwater lake country, eight miles north of here, no trace of a plane which was reported to have crashed there about dark Sunday evening, had been reported tonight.

Three persons have reported seeing the ship, a large cabin plane, painted dark red or blue, nose dive to the earth after heavy clouds of smoke belched from the craft. The plane was following the course of the Colorado River, and evidently was in trouble for several minutes before its final plunge, it was said.

Capt. R. E. McKenzie, a local flyer, has covered the territory several times, but reports no signs of a plane in the tule grass or trees. Others in canoes and other water craft have aided in the search without results.

The place where the plane is said to have disappeared is rank with vegetation, being covered with tule grass that reaches a height of fifteen feet in some places, while all around for miles there are cottonwood trees and willow that reach as high as twenty-five feet above the water. The underlying silt and mud also is very deep, going down ten feet, all boggy. There is a possibility that the plane fell into a deep hole and disappeared entirely. On account of the dense vegetation, progress through the district is laborious and slow.

Former Union Official Caught

LONG BEACH, April 30.—G. E. Patton, former secretary of the Long Beach Barbers' Union, who jumped $2500 bail after being returned here for forgery charges, was rearrested at La Grande, Or., today, police were notified. Patton was arrested on a complaint issued by union officials who charged that he attempted to cover up a shortage of $600 in his accounts by depositing two asserted forged checks for $405. Investigation since his arrest revealed, according to police records, that he had served two prison terms.

Patton was arrested by a bailbond operator who posted $2500 to insure his appearance in court at his preliminary hearing. The bondsmen trailed him through four States.

Pastors Attack Sunday Dancing

REDONDO BEACH, April 30.—Petitions asking that dancing on Sunday be prohibited here have been placed in circulation by members of the Ministerial Union and are expected to be ready for presentation to the City Council at its meeting next Monday evening. The petitions cite that dance halls are closed in the city of Los Angeles and other places and that Redondo receives the young people of these communities who are prohibited from dancing at home. Similar action of the union last summer resulted in the closing of all flasher and chance games.

Woman Killed by Mail Box

PASADENA, April 30. — Mrs. Alzina Eaton, 643 North Raymond avenue, who was crushed today while inserting a package in a mail box, died tonight at the Pasadena Hospital from a fractured skull and internal injuries. She was fatally hurt when two machines collided, striking the mail box and hurling the heavy receptacle upon her.

The crash occurred when a car driven by F. C. Riebold of 1395 Linda Vista avenue crashed with a truck driven by Herman Werk. The Riebold car knocked the big mail box from its moorings.

TWO BRIDGES PLANNED

NORTH HOLLYWOOD, April 30. Bids for the building of the two bridges on Vineland avenue to span Los Angeles River and adjoining wash will be opened May 15, next, according to information from officials of the bridge department. The estimated cost of the two structures is $60,000.

POLICE AT POMONA GREET NEW LEADER

William S. Kirby
Who becomes head of the Pomona peace enforcement force today, succeeding I. B. English, resigned.

POMONA, April 30.—William S. Kirby, captain of the local Police Department for the past four years, assumes his duties as Chief of Police tomorrow, succeeding I. B. English, resigned. In taking over the responsibilities that go with such an office, "Bill" Kirby, as he is popularly called, is known throughout the western States, his record being as follows: Formerly a special railroad agent, Chief of Police of Douglas, Ariz., from 1914 to 1918; from 1918 to 1923 he was with the police department of Jerome, Ariz.; from the latter he came to California and took over the duties of Assistant Chief of Police at Whittier, remaining in that capacity until June, 1925, when he came here.

His first public announcement, made at the time he received his appointment two weeks ago, was to the effect that the local department would be made a model of efficiency, that all laws would be enforced honestly and fearlessly, and that the public would be kept informed at all times in department matters. In this connection, Kirby has made the local radio station, KFWC, a part of the police department in the broadcasting of important crime news, such as missing persons and kidnapings.

Kirby is 52 years of age, married, with three children, all married. He is a member of the Elks and active in the local lodge.

Changes of personnel of the department, if any, will be announced at a later date, Kirby stated today.

Santa Monica Boys Rule Today

SANTA MONICA, April 30.—Youth will reign supreme in this city tomorrow, when representative boys from the Santa Monica High School take over the reins of city government for the day, in celebration of national Boys' Week. Those who will show their elders how certain high offices should be run are Ernest Arbuckle, Mayor; Arnold Peek, commissioner of finance; William Gillies, commissioner of public works; Tad Barnum, football star, chief of police; James McGlashen, athletic manager, fire chief; Fred Tsheppe, to edit Santa Monica Outlook; George Noonan, secretary of the Chamber of Commerce; Byron Holmes, editor of the Santa Monica Sunset; Ward Willoughby, manager Clover Field; Frank Weber, superintendent of schools; John Card, principal of the high eschool; Chester Fitzsimmons, vice-principal; William Ashby, athletic director.

Andrade Plans New Magazine

SAN DIEGO, April 30.—Louis Andrade, former Secretary of Industry and Commerce for Mexico, who is staying at the King George Hotel, here, with his wife and small son, plans to publish a Spanish magazine here, he said today.

The former Mexican official is a newspaper man, magazine writer and cartoonist, and is the inventor of a special lens for making comic photographs. He hopes to establish its use in the United States.

Lower California is in a prosperous condition, according to Andrade, and he gives credit for this to Gov. Rodriguez. President Portes Gil of Mexico has been a constructive executive and stands a good chance of re-election in November, Andrade stated. Gen. Andrew Almazan, prominent in recent campaigns against the rebels, was also mentioned as a possible candidate.

RAIL UNIFICATION LOOMS

Santa Fe and Union Pacific Said to be Planning New Route from Pasadena to Los Angeles

PASADENA, April 30.—Unification of the Santa Fe and Union Pacific railroads between this city and Los Angeles, and relocation of the Santa Fe tracks between the two cities to eliminate grade crossings are contemplated in recent moves by both roads, it was announced today.

It was stated today at the City Hall that the Santa Fe is buying rights of way along the Arroyo Seco with a view to rerouting its line. Santa Fe officials admitted that plans were being developed for the elimination of grade crossings at Avenue Nineteen, San Fernando Road and Avenue Twenty-six.

R. R. Rogers, South Pasadena real estate broker, has purchased twenty parcels of land along the right of way of the Santa Fe in South Pasadena. He asserted today he is operating for a syndicate but declined to verify rumors that he is buying for the Santa Fe.

C. F. Farmer, general passenger agent for the Union Pacific here, asserted that so far as he knows the trackage between Pasadena and Los Angeles will not be abandoned after bus service to the new station in East Los Angeles starts, but that freight service will be improved and extended over the Union Pacific.

HUNTERS HIT SLEEPING MEN

Shot Penetrate Tent and Strike Pair in Face

Another Gunner Fined for Killing Two Doves

Los Angeles Party Starts Panic at Riverside

RIVERSIDE, April 30.—Two persons received gunshot injuries, warrants for assault with deadly weapons were sworn out at the District Attorney's office for the arrest of at least two men, and a young Angeleno paid a $50 fine in Justice Difani's court for killing two doves out of season, as a result of the visit to the county of a party of Los Angeles "rabbit hunters."

Numbering more than eight, they pitched camp near Perris. This morning residents of the neighborhood and motorists passing by reported the gunners were shooting at everything that flew or ran, that they were firing guns from automobiles and near residences and literally "shooting up the countryside."

One man, Anthony Vincent, arrested by Game Warden Gyger, who arrived in the valley from a trip to the mountains in time to find the Angeleno shooting from a moving automobile. Two doves found in the car cost him $25 each in justice court today.

The promiscuous shooting reached its climax, however, when Will Mertens of 612 Venzia street, Venice, and Salvadore Jiminez of 1337 Seventeenth street, Santa Monica, suffered birdshot wounds in the face while sleeping in a tent near the highway. They said they heard the report of a gun at close range and the charge entered their tent. Pellets lodged in their faces and they required hospital care.

Although the complaints were made out for arrest of John Does, it was reported the wounded men obtained the license number of the automobile and have furnished officers with the information. Mertens swore to the assault-with-a-deadly-weapon complaint.

Justice Diffani gave Vincent a scathing reprimand before pronouncing judgment.

"We're absolutely tired of this monkey business by you Los Angeles gunners," he declared. "We have to contend with it all the time and the only way apparently we can stop it all is to begin giving you fellows the limit for this kind of shooting."

Missing Scout Hikers Return

BANNING, April 30.—Boy Scouts of this city, with their scoutmaster, Clarence Birney, are almost heroes today after being lost and found. They were lost overnight and parents of the youngsters were frantic.

The boys had gone with the scoutmaster for a hike to Millard Canyon, then through old Whitewater tunnel, Raymond Flats and Burnt Canyon down to Big Oaks, where a truck was to meet them. The truck was there, but no boys. It became dark and still no boys.

The parents at once organized searching parties in charge of Henry Matthews, Steve Law, M. Lampkin and others. The boys were lost in the flats country, but when it became light found their way and came home without any of the searching parties seeing them.

SANTA ANA SCHOOL SELECTS FAVORITES

SANTA ANA, April 30.—Bruce Tarver, captain of the varsity football team and president of the junior class of the high school here was named today after four days of voting, as the most popular boy in the school. Wilma Patterson, vice-president of the girls' league, which sponsored the popularity contest, was selected as the most popular girl of the institution. The following were in the race: Shirley Marble, Harry Bradley, John Keeler, Phyllis O'Connor, Betty Maloney, Clarence Speer, David Hill, Helen Spangler, Gene Olsen, Helen Stein, Marion Parsons, Tommy Cone, Wayne Gross, Barbara Horton, Mildred Daley, Norman Paul, Bruce Tarver, Julia Hoffman, John Dunlap, Russell Sullivan and Mary Cianfoni.

HOBO'S TALE OF OLD CRIME SUBSTANTIATED

SANTA BARBARA, April 30.—That the story of the drowning of Albert Nelson in the Mississippi River, as told to Sheriff James Ross by a hobo several weeks ago, is true, is indicated in a letter received by the Sheriff. The hobo, who gave his name as L. W. Carson, appeared in the Sheriff's office and confessed to throwing Nelson over the Fort Snelling bridge, between Minneapolis and St. Paul, five years ago. The Sheriff wired St. Paul and Minneapolis police, who replied that they had no record of such a crime. The hobo was released. Today the Sheriff received a letter from E. J. Nelson of Minneapolis stating that his brother Albert had been missing since 1920.

RANCH EMPLOYEE INJURED BY AUTO

VENTURA, April 30.—Caught between his own car and a gate post, M. K. Tabor, 47 years of age, was brought to the Big Sisters' Hospital here with two compound fractures of his left leg. The accident occurred on the H. S. Appleton ranch at Simi, where Tabor is employed as a bean grower. Tabor is said to have stopped his car to open a gate. As he stepped in front of the machine it started forward and pinned him against a post.

BEACH REALTY MAN BEATEN

Victim of Blackjack Attack Found Unconscious in Office; Neighbors Recall Men and Woman

HERMOSA, April 30.—Fred A. Ripley, 53 years of age, well-known real-estate operator, is in a serious condition in Hermosa-Redondo Hospital here today, badly beaten about the head and face by an unidentified assailant in a mysterious attack made upon him in his office at 802 Camino Real.

He was discovered about 3 p.m. by a man who notified the police, but whose name they did not learn. Beside the unconscious man Chief of Police Messenger and Police Sergeant Foote found a blackjack, the only clew in the mystery. It is being examined for fingerprints.

At the hospital, Ripley mumbled, during a brief period of consciousness, something about a man "with a gun," then relapsed into a coma. In light of this, the officers are working on the theory that two men entered the office, one with a gun, the other with the blackjack, the latter making the attack.

Persons living near the real-estate office strengthened this belief. Several were found who stated that shortly before 3 o'clock an automobile containing two men and a woman stopped in front of Ripley's place, and the two men entered. Ripley's residence is at 403 Hermosa avenue.

PHYSICIANS ACCUSED BY GIRL DANCER

Missing Maid Located in Hospital After Asserted Illegal Operation

GLENDALE, April 30.—Two local physicians, Dr. P. S. Traxler and Dr. R. S. Lanterman, have been arrested charged with performing an illegal operation on Delphine Walsh, 22 years of age, of 2518 Mulholland avenue, Hollywood, who is reported to be in a serious condition at the Windsor Hospital. Parents of the girl, who is a professional dancer, asked the help of the local police after she had failed to return home, and investigation by Chief J. D. Fraser resulted in locating her at the hospital, where she is said to have made an affidavit to Fraser and Dr. E. M. Miller, city health officer, implicating the two physicians.

Traxler and Lanterman were arrested by Chief Fraser and Detective Lieutenant Charles P. Blake on a warrant sworn out by Fraser. They were released after they had made bonds for $2500 each, for a preliminary hearing on the 14th inst.

After the discovery of the girl in a hospital here, her family physician, Dr. Warren F. Clark of Hollywood, was summoned and has been in constant attendance.

Both Traxler and Lanterman today issued a statement in which they declared that the girl's story is without foundation.

Large Reward for San Diego Slayer Doubled

SAN DIEGO, April 30.—Twenty thousand dollars reward will be paid for information leading to the arrest and conviction of the slayer or slayers of Emil Silverman, wealthy retired merchant of Chula Vista, who was shot to death under mysterious circumstances in his palatial home there about a year ago.

A standing reward of $10,000 has been offered for some time. Don Stewart, local agent for the National Surety Company of New York, today filed a bond at the Sheriff's office guaranteeing payment of twice the former reward for information leading to arrest and conviction of Silverman's assailant.

This bond will hold good until April 18, 1930. In the event of more than one party claiming the reward, its distribution would be determined by local Superior Court decision, it was said.

NEW RIVERSIDE OFFICIALS NAMED

RIVERSIDE, April 30. — Mayor Long this morning announced the appointment of Nester N. Brule as Chief of Police and Jack Hutchinson as head of the fire department. They take the places, respectively, of J. W. Prater and John Bayha. Brule is a prominent member of the American Legion and the operator of a gasoline station. Hutchinson is a former chief of the fire department, having come here from Brawley, where he was Fire Chief. Since his dismissal by former Mayor Dighton he has been in the employ of State Fire Marshall Stevens.

SWIMMER INJURED IN STEEL FACTORY

TORRANCE, April 30.—George W. Leech, son of J. W. Leech, manager of the Bank of Italy branch here, and well-known swimmer for the Los Angeles Athletic Club, is recovering from injuries sustained in an accident at the Columbia Steel Plant. Leech was crushed between an overhead crane and a partition, suffering fractures of both hips and spinal contusions. He will be confined to the hospital for several weeks.

COUNTY TO INCREASE FAIR FUND

San Diego Supervisors Boost Appropriation to $8000 for This Year

SAN DIEGO, April 30.—The San Diego County Fair this year will be backed by county funds to the amount of $8000, the Board of Supervisors has decided after voting down a proposed appropriation of $10,000. The larger amount asked by the fair management, so that funds on hand could be diverted to paying a $3500 deficit of last year's fair, was regarded by Supervisors Leroy Aul and Edgar Hastings and Chairman Charles Good as "too big a jump" from past appropriations of $3000 and $5000.

County Horticultural Commissioner Robert R. McLean, selected by the board to represent the county on the fair directorate, will supervise expenditure of the underwriting fund, the board agreed.

Charles Ferguson, chairman of the Fair Board, and Felix Landis, secretary and manager, urged the larger appropriation. "With $3000 we have provided a $3000 fair. With $10,000 we can provide a $10,000 fair," the y urged. They were joined in their request by E. Claude Wilson of Escondido, Winfield Barkley of San Diego, Levi Kinkaid of Sweetwater, Mrs. Pansy Claggert of Escondido, Dr. H. W. Learn of San Diego, A. R. Myers of Encinitas, Chris Neilson of Potrero, Mrs. M. Mykrantz of Ramona, Dwight Griswold of Valley Center, Paul Maiss of San Diego, John Ballentyne of El Cajon and C. C. Marchus of San Pasqual.

EFFORTS TO REVIVE FIRE VICTIM FAIL

LONG BEACH, April 30.—Firemen worked fifteen hours in an unsuccessful effort to resuscitate Lawrence Powell, victim of smoke in a Signal Hill dwelling fire early today. Powell died at 3 p.m. at St. Mary's Hospital while the fire department inhalator crew was attempting to save his life. His wife, Edythe Powell, is still in a serious condition at the hospital.

Mr. and Mrs. Powell were rescued from their smoke-filled home at 2370 Lewis avenue at 1 a.m. when a caller rang the door bell of the Powell home to inquire about a house number and discovered smoke issuing from the building. Fire departments of Long Beach and Signal Hill co-operated in controlling the fire and in resuscitation efforts.

CHILD ACCIDENTALLY HIT BY GOLF CLUB

OXNARD, April 30. — Evelyn Kindred, 7-year-old daughter of George Kindred, local manager of the Southern Counties Gas Company, narrowly escaped losing the sight of her right eye when she was struck on the head with a golf club by a playmate, Harold Johnson, son of Chief of Police H. W. Johnson. As the Johnson lad took a forceful swing at the ball the little girl rushed forward, receiving the full force of the blow. She suffered a deep injury in her forehead, less than an inch from the eye. She is reported recovering satisfactorily today.

JUDGE CANFIELD SUCCUMBS

"Grand Old Man of Santa Barbara" Fails to Rally From Paralytic Stroke in December

SANTA BARBARA, April 30.—Death claimed Judge Robert Bage Canfield, the "Grand Old Man of Santa Barbara," at the age of 85 years last night, at his home, 1617 State street. Following a stroke of paralysis in December, Judge Canfield rallied and then had a relapse. Since last Wednesday, he had been in a state of coma, but rallied and regained consciousness yesterday for a short time.

For seventeen years president of the Santa Barbara County Bar Association, organizer of the Santa Barbara Water Company, owner of one of the largest cattle ranches in the county, president of the Unitarian Society, banker and scholar, Judge Canfield's life covered many fields.

He was born in Newark, N. J., on December 22, 1843, and spent his boyhood and youth in New York. He was graduated from Columbia College in 1862, standing the highest in his class in mathematics. He was a member of Phi Delta Kappa. He finished Columbia law school in 1865 and was admitted to practice in New York in 1868.

He first came to California in 1869 to visit. He was married January 25, 1873, to Mrs. Louise Davison, who survives him.

In addition to his widow Judge Canfield leaves two brothers, George E. Canfield of the law firm of Catterlee & Canfield of New York, and A. W. Canfield of Glendale, and two stepdaughters, Mrs. James Otis of San Francisco and Miss Louise Davison of this city.

He was a member of the Santa Barbara Club, Montecito Country Club, La Cumbre Colf and Country Club, University Club, Chamber of Commerce and Community Arts Association.

COOPER GIVEN SHERIFF POST

San Diego Undersheriff in Dead Chief's Shoes

New Executive Veteran of County Peace Force

Friends Hold Fatal Fall by Byers Was Accident

SAN DIEGO, April 30.—Sheriff Ed F. Cooper, appointed by the County Board of Supervisors to succeed James C. Byers, deceased, began his term of office today with the announced intention of retaining all active deputies who had been commissioned by his predecessor. The new Sheriff assumes conduct of the office with which he has been constantly associated for almost twenty years, with the pronouncement that he knows of no change in policy to inaugurate at this time.

"It is almost too soon to make any statement of policy," he said. "This can be worked out later and I intend to give the people of the county my best efforts in law enforcement." Along with commissions of the regular staff of salaried deputies, the commissions of several hundred honorary deputies of Sheriff Byers expired with his death.

Byers, who held the post of Sheriff since his own appointment by the board in 1918 to succeed Sheriff Ralph L. Conklin, died early yesterday morning in a plunge from a fourth-story window of Mercy Hospital, where he was convalescing from an operation for appendicitis. With an inquest scheduled at 10 a.m. tomorrow the Coroner's office was continuing its investigation today into the death of Byers. Dr. John J. Shea, county autopsy surgeon, who performed an autopsy yesterday, announced that death was caused instantly from a fracture of the skull and other multiple injuries incurred when the victim struck the concrete driveway.

Friends have advanced the theory that Byers may have fallen from the window in a moment of delirium caused by the sickness from which he was recovering. They point out that the Sheriff may have staggered to the windows, removed several glasses to prevent knocking them off the ledge, and then fallen from the window when he attempted to lean out.

Private funeral services, with Rev. Lawrence A. Wilson officiating, will be held in the Johnson-Saum funeral establishment after the inquest, it was announced today.

Extravaganza to Be Given in Redlands Bowl

REDLANDS, April 30. Art students in the high schools of the Southland will be asked to compete in designing posters for the first event of the Redlands Community Music Association, "The Pied Piper," which is to be given on June 21 and 22, to open the season of outdoor concerts. Mrs. G. E. Mullen, the manager, has announced the plans.

The association's board of directors will offer $58 in prizes for the best posters produced by the high school and junior high school students. The first prize will be $25. J. Francis Smith, author and producer, started work on the light opera yesterday following his arrival in Redlands from New York. He wrote the lines and music for the production and has directed it in several appearances. It was the musical feature of the Pacific-Southwest Exposition in Long Beach.

Fifty adult singers and dancers and 250 children, all local residents, will be used in the extravaganza. The two night performances will open the sixth season of the music association. They will raise money to help finance the twelve artist concerts and other events at the Redlands Bowl during the summer.

Included in the cast of 250 children will be 50 who will take the roles of rats who are to be lured into the mountainside by the Pied Piper of Hamelin.

Bell Highway Project Begun

BELL, April 30.—First dirt on the new $144,000 Baker-avenue improvement was turned yesterday by Mayor A. L. Clarkson at Maywood avenue and Baker avenue before a large number of interested citizens who, for the past several years, have been working on the movement of improving the main street of this city. The new street will have a fifty-six-foot driveway and will have twelve-foot sidewalks on each side of the street and an ornamental lighting system. The contract for the improvement was awarded Mittry Brothers some time ago. It is expected the improvement will be completed within four months.

THREE VOTES DECIDE QUEEN OF MAY DAY

BRAWLEY, April 30.—Dorothy Krueger, student in the high school here, was elected Queen of the May and will be crowned during May Day festivities which are to be conducted by the Woman's Community Club tomorrow. The program includes a parade which will end at the City Hall, where groups of school children will take part in May Day dances. Miss Krueger's candidacy was sponsored by the Kiwanis Club and Campfire Girls. She received three votes more than Lucille McVey, next highest candidate.

FRIENDS CALL HIS DEATH ACCIDENTAL

James C. Byers
Late Sheriff of San Diego county who was killed in a fall from a hospital window Monday.

KERNS SENT TO PRISON ON CHECKS

Insanity Plea Fails to Save Angeleno Facing Court in Riverside

RIVERSIDE, April 30. — Ed Kerns, 47-year-old political worker of Los Angeles, and father of three children, today was sentenced by Superior Judge Morton to San Quentin prison for a term of from one to ten years, for passing four bogus checks on local merchants last December. He was denied a ten-day stay of execution and will be taken to the penitentiary at once, it was learned at the County Jail.

Attorney Victor Hansen filed oral notice of appeal and made the motion for the stay of execution which failed.

Judge Morton rejected a move by the attorney and others to have Kerns declared insane. Three affidavits, asserting that Kerns had delusions and halluciations that he is being persecuted, that he has wealth and controls political influence, were filed with the court but availed the defendant nothing as the prison penalty was ordered. One of the affidavits had been signed by Kerns's wife, and the other two by Perry G. Briney, his former attorney, and Richard F. Conner, a friend.

Kerns is the man who several months ago told Los Angeles county authorities that he had information concerning the fatal shooting of a prisoner and the wounding of a deputy sheriff in a Los Angeles Courthouse elevator. He was questioned for more than an hour here and officials announced Kerns had revealed the source of the gun which the two prisoners had smuggled into jail.

Brawley Wins School Contest

BRAWLEY, April 30.—High honors in the annual contest among commercial students in Imperial Valley high schools were awarded to this city, according to final results announced today. Brawley won the 1929 commercial pennant, awarded to the school making the highest number of points in all events, and received cups awarded in the typing and book-keeping contests.

Students representing the local school were Deena Goff, Mabel Van Scyoc, Carl Johnson, Helen Harp, Verdi Fuqua, Ocie Everett, Bernice Gross, Alice Adams and Ethel Price. El Centro won high honors for the best team average in shorthand, getting 94½ points to Brawley's 93.

REDONDO ACTS TO FORM GLIDER CLUB

REDONDO BEACH, April 30.—First steps toward the organization of a glider club for the South Bay district were taken last night at a meeting attended by representatives of service clubs and others interested in the promotion of the sport. D. W. Gettins, president of the Long Beach Glider Club, outlined the plans and M. A. Kent, W. G. Bolton and G. A. Rowell are to assist in sponsoring the new organization. Airport facilities will be one of the first objectives of the club.

RANCHERS TOLD TO BE THANKFUL

Expert Compares Californi and Florida Oranges

Superiority of Western Cro Cited by Hodgson

Report Covers Recent Tri to Peninsula Groves

ONTARIO, April 30.—Southe California citrus growers shou congratulate themselves that the are engaged in the business he and not in other parts of the co try, Prof. R. W. Hodgson, of department of subtropical hortic ture at the State agricultural lege, told 200 orange growers of Ontario district at Chaffey Un High School last night.

Prof. Hodgson told of a rece trip to Florida and related poi of interest regarding his study the Florida citrus situation. compared the two districts, Flor and Southern California, from citrus standpoint.

The market value of the Cal nia orange is greater than tha the Florida fruit, declared speaker. The thin skin, the texture and high juice content the Florida orange, coupled with lack of color and its skin blemi caused by the rust mite, render a less valuable orange than th produced in California, according Hodgson. The California oran with its comparatively thicker sk its more solid texture, and its ri color places it above all other cit fruits in the eye of the consum

Florida oranges must be hand very carefully, he pointed out, they are easily bruised. They w not stand up as long as the Cal fornia fruit and are less convenie ly peeled and handled than Cal fornia oranges, which is a decid advantage to the market valu California fruit.

As 60 per cent of the Florida o ange crop is shipped between N vember 15 and March 15, the Cal fornia navel orange is its co petitor.

The world supply of orang should never fail, since Florida h 195,000 acres of orange trees, Cal fornia more than 205,000 acre Spain has over 200,000 acr Louisiana has 500 acres trees; South Africa has m than 50,000 acres and Texas an Arizona are coming into pro nence with citrus trees, Hodgs said.

Imperial Valley Pioneers Called Meet in Picni

EL CENTRO, April 30.—Imperi Valley pioneers, an organiza composed of desert settlers w moved into the Imperial basin m than twenty years ago, will h their annual reunion at the B Aten ranch near this city Satur day, according to the announce ments sent out today by T. D. M Call, president. In his call, M Call states that "nothing short o a death certificate will suffice as excuse for failure to appear in pe son."

McCall is attempting to secure autobiography from each of the ol timers in the organization and h announced that a fine of $25 w be assessed against those who f to write their life history.

Among the well-known pione who have indicated that they w attend the reunion are "Silent B Forrester, Dr. W. T. Hefferman a Scotty Russell.

STEWART'S SON QUITS OIL POST

Continuation of Fight With Rockefeller Seen

James W. Resigns from Lago Company Directorate

His Brother Also May Leave Petroleum Position

NEW YORK, April 30. (Exclusive) Continuation of the hostilities between Col. Robert W. Stewart and John D. Rockefeller, Jr., is seen in the announcement that James W. Stewart, son of Col. Stewart, has retired as director of the Lago Oil and Transport Company, a subsidiary of the Standard Oil Company of Indiana.

At the same time reports are heard that James Stewart's brother, Robert G. Stewart, may resign as president of the Pan-American Petroleum and Transport Company and as a director of Standard Oil of Indiana.

It is said there is strong possibility that at the annual meeting of the Pan-American on June 11, James W., Robert G., and Col. Robert W. Stewart will leave the directorate.

STEWART BELIEVED VOTED LARGE PENSION

CHICAGO, April 30. (Exclusive)—Reports that Col. Robert W. Stewart, deposed chairman of the Standard Oil Company of Indiana, has been voted a $50,000-a-year pension by the company gained credence through a statement issued from the company's executive offices today which said the company's policy does not authorize making public the names of its pensioners and that no deviation was to be made in the case of Col. Stewart.

QUARANTINE ON FLORIDA DRAWN

Alabama Joins War Against Fruit Fly Pest

National Guardsmen Sent to Hold Menace at Bay

Santo Domingo Puts Up Bar to Protect Island

MONTGOMERY (Ala.) April 30. (AP)—Alabama today joined Georgia in an active campaign against shipments of fruit and vegetables from the Florida counties infested with the Mediterranean fruit fly.

A patrol of thirty National Guardsmen has been ordered out by Gov. Graves to take up posts on roads leading into Alabama from Florida, with orders to stop all shipments from the infested area and admit into this State only such fruits as bear the official stamp of approval of the Florida Agricultural Bureau or the Federal government.

The Governor's action was taken on the advice of Commissioner Dunwoody of the State Department of Agriculture.

SANTO DOMINGO (Dominican Republic) April 30. (AP)—A Presidential decree was issued today prohibiting the importation of plants, fruits, vegetables and seeds from Florida. Fresh plants, fruits, vegetables and seeds coming from other parts of the United States will require a certificate from the Department of Agriculture showing that they do not come from parts infected by the Mediterranean fruit fly. The decree will take effect immediately.

On your way shopping today . . .

QUITE FRANKLY, this is a bid for a certain little dime in your purse—when you go shopping today. There is no money in all the world that will buy you such big value as the dime you pay for Delineator.

Fiction? A great new serial, *"Passion Flower"*, by America's best-loved author, Kathleen Norris. And in this same big May number, Coningsby Dawson, Edith Wharton, Achmed Abdullah, Sarah Addington and H. C. Bailey promise you many an hour of thrilling entertainment with the magic of their story-telling art.

Now add to such sparkling fiction Delineator Home Institute's inspiring guidance in the art of gracious living—the inimitable style and beauty of Delineator's fascinating fashion pages—the exquisite good taste of Delineator Interiors.

Do you wonder that Delineator is growing so much faster than any other woman's magazine—that its circulation has increased by more than 750,000 within a year? Just buy a copy on any newsstand—and you will know the reason.

SARGON IS REVELATION TO PEOPLE OF NATION

Mother of 13 Is Deeply Grateful

Mrs. Reed Says Pains in Back Were so Intense She Couldn't Turn Over in Bed

"Sargon has brought me health, strength and happiness, and I am glad of the opportunity to tell my experience," said Mrs. T. B. Reed, residing at 919 Holmes Street, Kansas City, Mo., the mother of thirteen children and a beloved member of the Methodist Church.

MRS. T. B. REED

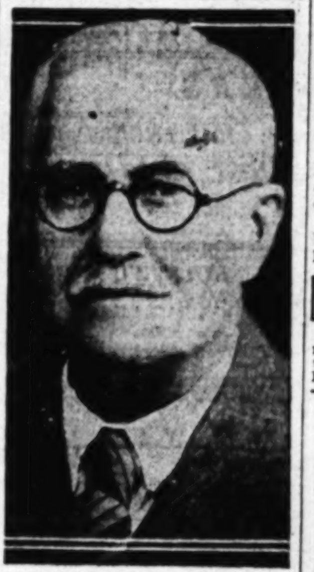
"I have always enjoyed good health up until a year and a half ago," she continued. "Then I began having severe attacks of indigestion and biliousness. My food often brought a burning sensation and gas that caused severe palpitation. I frequently became so nauseated and sick I felt like I would die.

"My tongue was coated and I had a disagreeable taste. I was dreadfully constipated all the time and had splitting headaches. My nerves were in dreadful shape, and I seldom ever got a good night's rest.

"After taking two bottles of Sargon and one bottle of Sargon Soft Mass Pills I am like a different woman. They did me far more good than everything else I have taken put together. I have a wonderful appetite now and eat anything I want without the least trouble from indigestion, biliousness, headaches or any of my other troubles. My nerves are in perfect condition, and I sleep like a healthy child almost from the moment my head touches the pillow. I have gained eleven pounds, have more energy and have been so wonderfully strengthened that my housework is a pleasure."

Wisconsin Capitalist Praises It Highly

John C. Spencer, of 498 Sixty-Third Avenue, West Allis, Milwaukee, Wis., who for thirty years has been actively engaged in the commercial and civic life of that city, but who recently retired from active business to devote more time to his real estate holdings in Milwaukee and Florida, recently said:



JOHN C. SPENCER

"I am leaving for Florida in a few days and will take four bottles of Sargon with me. I don't intend to be without this medicine.

"For the past year I have been in wretched health suffering from rheumatism and other troubles on account of an inactive liver, principally. I lost weight rapidly and my strength was ebbing away. I was constantly troubled with indigestion and constipation.

"I felt a marked improvement after the first few doses of Sargon. Three bottles put me in wonderful condition. My appetite is splendid now, my digestion is sound. I have gained ten pounds and my strength has returned in proportion. I am going to continue the treatment, of course, for I wouldn't be without Sargon under any circumstances."

Mr. Spencer has lived in Milwaukee for 45 years and is well known and highly esteemed.

Mass of Evidence Fully Corroborates Claims Made for New Scientific Formula—Kansas City Dealers Soll and Distribute 195,000 Bottles in Only 9 Months' Time.

Sargon, the celebrated new medicine which has been accomplishing such remarkable results wherever introduced, is now being rapidly distributed throughout the entire country.

The amazing success achieved by this medicine in only ten months' time is not only phenomenal but unprecedented. In the larger cities where it has been introduced it has required from 75,000 to 200,000 bottles to supply the ever increasing demand.

In Kansas City, alone, local wholesale and retail druggists have distributed a total of 195,000 bottles of Sargon and Sargon Soft Mass Pills. Memphis dealers have sold and distributed over 136,000 bottles; Minneapolis has required over 126,000 bottles; Milwaukee has required approximately 90,000 bottles—and in the State of Texas, dealers have purchased six carloads within the past 90 days. Leading wholesale druggists throughout the United States are buying it exclusively in carload lots.

Only a glance into the faces of these men and women whose honest, straight-forward statements appear below will convince even the most skeptical of the wonderful health-giving powers of Sargon. These men and women are all well-known in their communities and have given these voluntary endorsements out of pure gratitude for what this medicine has done for them, because they want their fellow sufferers to know that they, too, can be lifted out of the throes of sickness and ill-health.

Sargon Brought Back Her Health

"Sargon and Sargon Soft Mass Pills are the most wonderful medicines I have ever used. I say this because they have brought back my health after I had been trying for ten years to find something that would relieve me of my suffering.

MRS. ALEX MALCOTT

"After taking two bottles of Sargon and one bottle of Sargon Soft Mass Pills I noiced a remarkable improvement in my condition. My appetite is splendid. I can now digest and assimilate food I hadn't dared touch before in months. My complexion is now clear and healthy. I have gained some weight and feel greatly strenghtened in every way."

The above statement was made by Mrs. Alexander Malcott, Oklahoma City.

Praise From Texas

"Sargon went right to the root of my trouble without losing a minute's time. I never saw anything like it. I felt better from the very first dose, and now I find that I can eat anything I want without any ill effects. I am not the least bit nervous and I feel so well and strong that even after I get through with my housework I want to be up and on the go. The Sargon Soft Mass Pills gently but completely overcame my liver trouble and constipation. I feel just like I have been made all over like new."

MRS. JULIA OAK

The above statement was made by Mrs. Julia Oak, San Antonio.

Kansas Man Is Firm Indorser

Charles E. Burns Says He Was Badly Rundown After a Severe Attack of "Flu."

"I have always been a strong healthy man up to a few months ago when I had a bad attack of 'flu.' My whole system became badly rundown. I lost my old-time strength and energy.

"I began to suffer with indigestion and biliousness. Everything I ate disagreed with me and I was constantly spitting up undigested food sour as vinegar. I was constipated, had severe headaches and was constantly taking laxatives.

CHARLES E. BURNS

"In only a few days after I started taking Sargon and the pills, I began to improve. Four bottles of Sargon and two of pills made me feel like a different man. I have regained my lost weight and am always hungry. What I eat, digests. I am no longer bothered with bloating, gas or belching, nor biliousness and headaches. I sleep soundly and have my old-time 'pep' and energy. I feel fine all the time.

"I have never indorsed a medicine—but I'm telling all my friends about the Sargon treatment."

The above statement was made by Charles E. Burns, wealthy retired real estate and insurance man of Girard, Kan.

Southern Merchant Now Free From Pain

One of the best known men in East Macon, Ga., is James H. Hightower, who has been in the grocery business there for thirty years. He is a typical Southern gentleman, of pleasant manner and cheerful disposition and numbers his friends and acquaintances by the hundreds. Mr. Hightower is 76 years of age, and during the War Between the States worked in an ammunition factory. He is a member of the Methodist Church and Odd Fellows. Talking to the Sargon man recently, he said:

JAMES H. HIGHTOWER

"For the first time in two years I am completely free of pain because Sargon has had such marvelous action on my liver and gall bladder. It is a revelation to me to have had these organs regenerated in so short a time.

"Sargon Soft Mass Pills started my liver to working right and relieved my dizziness within twelve hours. They are mild and yet are most effective in their action. Because the Sargon treatment has regulated my digestive organs I no longer suffer with gas and bloating sensations after meals. I do not spit up hot water and bits of food after eating as I formerly did. The constant head dizziness that distracted me has disappeared, and my head is clear again. My appetite is so good I am afraid to satisfy my craving for food. I have taken two bottles of the Sargon tonic and have already gained five pounds in weight. In fact, Sargon has corrected my condition, for which I am very thankful. I am glad to commend this remarkable treatment to those suffering from stomach and liver troubles."

Never before has any medicine aroused such widespread interest and hundreds of Los Angeles people are consulting the Sargon Representative at the Owl Drug Store, 6th and Broadway, to learn more about this epoch-making formula. Sargon may also be obtained at all Owl Drug stores in Los Angeles and other cities.

LASKY WILL STAR POWELL

M.-G.-M. Signs Zita Johann for Features

Austrian Singer Joins Fox Organization

Lena Malena Plays Gypsy in "Redemption"

BY GRACE KINGSLEY

WILLIAM POWELL.

If you know anything about theater tradition, you know that when a sign above a theater reads, "So-and-So in Such-and-Such," that sign means stardom for So-and-So.

That's how the signs are going to read hereafter for William Powell. B. P. Schulberg assures us that with the launching of "The Green Murder Case," Powell becomes a star. In this new S. S. Van Dine mystery tale, Powell plays the role of a scientific society detective, being a sequel to the same role in "The Canary Murder Case."

Powell has appeared in twenty-four productions since signing with Paramount three or four years ago.

Lena Malena in "Redemption"

LENA MALENA

Now that the talking pictures are in, producers are beginning to display a fine sense of the eternal fitness of things by signing foreign players to appear in roles characterizing these players' own nationalities.

Lena Malena is the latest example of this discrimination. Miss Malena is half gypsy, and now she has been signed by Metro-Goldwyn-Mayer to play the role of the Russian gypsy girl in Tolstoy's "Redemption," which Fred Niblo is directing.

M.-G.-M. SIGNING UP NEW ACTING LIGHT

It is actually true that New York producers are beginning to feel the dearth of good players back there, since the talking pictures are absorbing them.

Zita Johann, noted New York actress, has just been signed by Metro-Goldwyn-Myer, and is now on her way to the Coast, it was announced yesterday at the studio.

This young woman scored one of the outstanding New York triumphs of the season in Arthur Hopkins's production of "Machinal," Sophie Treadwell's play. She is now on her way to Hollywood.

Miss Johann came to this country from her native Hungary at the age of seven, was educated in New York, and made her stage debut following an apprenticeship in the Theater Guild in the leading feminine role of "He Who Gets Slapped." She also appeared later in "Peer Gynt," "The Devil's Disciple," and others. Her first stage role is not yet decided.

The actress is a beautiful brunette, according to descriptions.

Fox Signs Foreign Artist

It seems to us that the foreign players in Hollywood may pause in the midst of packing their trunks for home, and take another look around. Foreign stars are continuing to be signed by local picture producers.

The newest addition from abroad is Irene Dalastry, a beautiful Austrian singer, who has, I believe, never been in this country before. She has just arrived here, and has been signed by Fox, according to word received yesterday from Sol Wurtzel.

Negotiations were opened some time ago with Miss Dalastry, but her vocal engagements in Europe prevented her signing until now. In the meantime a role has been all prepared for her. It is the feminine lead in the Fox operetta, "Married in Hollywood," lately completed by Oscar Strauss.

'SKIDDING' COMING TO PRESIDENT

Piece by Aurania Rouverol Scheduled to Follow "Bad Man" at Duffy House

According to an announcement from the Henry Duffy headquarters, "Skidding," a comedy by Aurania Rouverol, will be the next attraction at the President. This wholesome comedy of a typical American family will be offered by the Henry Duffy Players, starting with the Sunday matinee, the 12th inst.

Duffy has engaged his cast for the production, to be headed by Clara Blandick, Emerson Treacy and Grace Stafford. Miss Blandick, considered one of the leading character actresses of the American stage, will play the role of Mrs. Hardy, the part she created in the original New York production of "Skidding." Emerson Treacy is a popular favorite in Los Angeles for his work in Henry Duffy's productions of "Pigs" and "Take My Advice," and Miss Stafford is remembered for her performances in "The Best People," "So This Is London" and "Lightnin'." The balance of the cast will be announced later.

"Skidding" was produced in New York eleven months ago and is still running successfully there, having outdistanced all its competitors. Henry Duffy has secured the Pacific Coast rights and will offer it as the successor to Leo Carrillo in "The Bad Man."

"Skidding" is the story of the Hardy family who live in a small town in Idaho. There are Judge and Mrs. Hardy, their two married daughters, the unmarried daughter, who is a college graduate, and a 16-year-old son. When the two married daughters come home to live, asserting that matrimony is a failure, and the youngest daughter breaks off her engagement to start a career in politics, the mother decides that the family is "skidding" and walks out of the house on a strike of her own. "Wholesome and funny" was the verdict of New York reviewers at the time of its premiere.

Carrie McCobb Type From Life

Elizabeth Risdon's remarkable portrayal of the tolerant but sternly moraled Carrie McCobb, in the Sidney Howard comedy-drama, "Ned McCobb's Daughter," which the New York Theater Guild Company is presenting at the Figueroa Playhouse this week, is a character study drawn from life.

When Miss Risdon was assigned the role by the Theater Guild directors, she was told that the dialect was entirely different from that in any other play the Guild had yet attempted.

Whereupon Miss Risdon got an eight-day leave of absence from the company, took a train for a small town on the coast of Maine peopled with the sort of folks that Howard put into his play, and immediately started a search for types typical of the tight-lipped, austere Carrie.

In an obscure restaurant she found a woman who spoke with an inflection of voice typical of that part of the country. When she heard the nasal twang and the expression, "Have doner for you," she immediately made her a subject of extensive study.

Numa Roars for Farm Visitors

Numa, a star of Charlie Chaplin's "Circus," and Mack Sennett comedies, now heads the company of 150 African lions appearing in exhibition at Gay's Lion Farm, El Monte.

Mr. and Mrs. Charles Gay, directors of this unique show place, have just completed the construction of two new arenas, which will be used by film producers as locations for forthcoming talking pictures with jungle locales. Concealed microphones will be installed for dialogue sequences.

Inspired Melodies Linger On

Carlotta King and John Boles

Glorify Sigmund Romberg's music in "The Desert Song," the Vitaphone operetta which continues as the attraction at Warner Brothers' Theater in Hollywood.

Duncan Sisters Headline Next Orpheum Bill

Old-fashioned home-coming celebrations are being arranged for the Duncan sisters, Rosetta and Vivian, who return Sunday from "Topsy and Eva" production triumphs in London, to appear at the Orpheum next week. Film folk, civic leaders and others will participate.

The Duncans are Los Angeles girls. They were educated and initiated into stagedom here. Later they extended their efforts to other Pacific Coast cities and then embarked eastward, scoring their first major successes in Winter Garden revues in New York. Among their more recent productions are "Hitchy Koo," "Tip Top" and "Topsy and Eva."

At the Orpheum they will present new and old favorite creations of fun, song and dance.

Boulevard Gets "Syncopation"

"Syncopation," all-singing, talking, dancing film, moves into the Fox Boulevard Theater tomorrow for a continuation of its first-run showing, which began at the Fox Criterion Theater.

The film is a drama of backstage and features Waring's Pennsylvanians, jazz orchestra. Original song compositions which were created especially for the picture, include, "I'll Always Be in Love with You," "Jericho" and "Do, Do Something."

"Blue Skies," with Helen Twelvetrees and Frank Albertson, has final showings on the Boulevard screen today.

WARNER AT CRITERION

H. B. Warner will be seen as the district attorney in "The Trial of Mary Dugan," which has its western premiere at the Criterion Theater this week. He is now working in his seventh talkie, playing a featured role opposite George Arliss in "The Green Goddess" for Warner Brothers.

PAT O'MALLEY COMPLETES

Pat O'Malley has completed his additional scenes and dialogue in "The Man I Love," William Wellman's 100 per cent talkie romance of the prize-fight ring for Paramount.

Jazz Wedding a Pathetic Scene

The jazz wedding number which Hal Skelly offers in the second act of the comedy called "Burlesque," and in which he dances out of the hotel room and out of Bonny's life, is said to be one of the most affecting episodes ever put in a modern comedy. Skelly, who plays his original role of Skid in "Burlesque" at El Capitan, asserts that it is the most difficult scene he ever has played.

"The tempo must be fast and kept at a furious pace," he says. "Skid must show that, although he is under the influence of liquor, he realizes he is losing Bonny, the one person he has loved in his life, and that he is frightened and lonely underneath his pretense of gayety.

"When the play first was given me to read I did not think I could play it. Then when I came to that scene I walked back to the office of Arthur Hopkins and said, 'Anyone who tries to play that part will have to do it over my dead body.' 'Here's your contract,' said Hopkins—and I signed on the dotted line before the first rehearsal had started."

DENNY PIONEERS

To date Reginald Denny has been the only comedy star to pioneer in the talking picture field. Already four all-dialogue Denny productions have been released by Universal and according to reports, exhibitors are clamoring for more. Denny has just completed "Companionate Troubles," his fifth and is making preparations to start on his sixth talkie.

THAT ORIENTAL INFLUENCE

Abbey Krause, organist, is playing a new prologue of oriental numbers preceding the showing of "Chinatown Nights," Wallace Beery's all-talking picture, now at Lazarus's Million Dollar, with Florence Vidor and Warner Oland featured in the cast.

'SHOW BOAT' INTRODUCED BY ZIEGFELD

Stars and Tunes from New York Production Filmed by Universal

An outstanding feature of the screen production of "Show Boat," Universal's version of Edna Ferber's romance of the Mississippi River, which will have a brilliant premiere at the Biltmore Theater Monday evening with notables in atendance, is the film prologue featuring Helen Morgan, Jules Bledsoe and others.

"I Can't Help Lovin' Dat Man," "Old Man River," "Here Comes That Show Boat" and other melodies from Ziegfeld's musical production of the Ferber story are featured in this prologue.

Laura La Plante, who plays Magnolia, the role created on the stage by Miss Morgan, is heard singing the songs which the latter introduced, in the film version of "Show Boat." Joseph Schildkraut is costarred with Miss La Plante, and the supporting cast includes among others Alma Rubens, Elise Bartlett, Emily Fitzroy, Otis Harlan, little Jane La Verne and Jack McDonald.

Joseph Cherniavsky's score and synchronization for "Show Boat," which will be the first part-talkie presentation at the Biltmore Theater, is based on the music in the Ziegfeld offering of which Jerome Kern and Oscar Hammerstein II are authors.

"Show Boat" was directed by Harry Pollard from Charles Kenyon's script.

Lone Feminine Player Appears

Myrna Loy, who plays the leading feminine role in the Fox Movietone all-talking production, "The Black Watch," which is to have its world premiere in Los Angeles at the Fox Carthay Circle on the 8th inst., has the distinction of also being the only important character of her sex in this story of mystery and intrigue.

However, the beautiful young star is entirely surrounded by leading actors of the male persuasion.

Victor McLaglen has the star role, and assisting him are such prominent players as David Torrence, Roy D'Arcy, Mitchell Lewis, Lumsden Hare, David Rollins, Walter Long, Richard Travers, Pat Somerset, David Percy, Joseph Diskay, Cyril Chadwick, Frederick Sullivan, Gregory Gay, Claude King and Francis Ford.

John Ford directed this tale in which passion, intrigue, adventure and honor stage a four-cornered battle for attention.

"The Black Watch" follows the Douglas Fairbanks success, "The Iron Mask," which ends its run on Tuesday.

Stars Reserve Opening Seats

Fred Niblo, who will be master of ceremonies at the gala western premiere of Norma Shearer's first talking picture, "The Trial of Mary Dugan" at the Fox-Criterion Theater on Friday night, announces that the reservations by the stars of Hollywood for the premiere indicate that Norma Shearer's debut will witness as great outpouring of celebrities as any in the history of the Los Angeles theater.

CADETS "AT EASE"

Southern California Military Academy cadets, under the personal supervision of Capt. John M. Miles, instructor, will participate in a special Boys' Week celebration tonight at the Orpheum.

PADRE OF RAINS PENS FORECAST

Father Ricard, Convalescent, Figures May Weather

Southern California Draws Mild and Sunny Month

Three Storm Periods Carry Showers for North

SANTA CLARA, April 30. (Exclusive)—Father Ricard, "Padre of the Rains," went back to his laboratory tonight to prepare his monthly forecast, the first time he has essayed any astronomical work since his recent serious illness.

His May forecast follows:

May 1, 2, 3, 4—A rather severe disturbance accompanied with usual rains will land over British Columbia, causing cloudiness in California with strong southerly winds and a dash of rain here and there.

May 5—Clearing in California with the northern storm passing eastward.

SUMMER COMES

May 6, 7, 8, 9 and 10—Fair along the north coast with a trace of midsummer in California, gradually extending its influence far inland.

May 11, 12 and 13—Northern Washington will cloud up again for a while with but little rain. This disturbance will move eastward without affecting the fine weather along the remainder of the coast.

May 14, 15 and 16—These dates will find it continuing fair in California and this condition will prevail along practically the whole Pacific slope.

May 17, 18, 19, 20 and 21. The Northwest will see the entrance of another severe storm which will move to the eastward over Washington and British Columbia but which will be kept from moving down this way by the high pressure over this part of the coast, so it will cause California to be a trifle unsettled with a bit of rain in the central and northern portions.

CLEARING SKIES

May 22, 23, 24 and 25. Clearing in the north with a period of fine weather over the whole of California and Oregon.

May 26, 27, 28, 29. A storm for the third time will enter as usual over the Pacific Northwest and will move down to Northern California with rain over these portions, causing partial cloudiness over Central and Southern California with a few drops of rain, perhaps, over the latter points.

May 30, 31. These two dates will see a clearing along the whole coast and the departure eastward of the storm over the Northwest, close the beautiful month of May with sunshine along practically the whole coast.

MEXICO STAMPS RISE IN PRICE

Government Makes Increase of One Centavo for Children's Fund

MEXICO CITY, April 30. (AP)—The government today announced an increase of one centavo in postage rates on first, third, fourth and fifth classes of mail, to raise a subsidy for a national association for the protection of children.

LADY HEATH REPORTS PLANE FORCED DOWN

ST. LOUIS, April 30. (AP)—Lady Heath, noted English aviatrix, notified the Curtiss-Robertson Aviation Corporation by long distance telephone late today that her plane had been forced down in a storm near Effingham, Ill., and had been blown over and slightly damaged. She and her mechanic escaped injury.

NORRIS IDEA PUT INTO FARM BILL

Senate Votes Sliding Scale for Debenture Rates

Plan Itself Declared Not Affected, However

Attacks Made on Scheme by Smoot and Others

WASHINGTON, April 30. (AP)—The farm-relief bill framed by the Senate Agriculture Committee reached the voting stage in the Senate today and the first change made was by adoption of the Norris amendment affecting export debenture rates.

The decision on the amendment, which would provide for a graduated reduction of debenture rates whenever an increase in production of debenturable products is forecast, is not considered to have been a test of sentiment for the debenture plan itself. There was no record vote.

THEORY DISCLOSED

Senator McNary of Oregon, chairman of the Agriculture Committee, previously had suggested the adoption of the Norris proposal even though he is opposed to the debenture plan, on the theory that no harm can be done by perfecting prospective legislation.

Although Senator Norris, Republican, Nebraska, and other supporters of his amendment, contended it would gain support among those who feel the invocation of the debenture plan would increase production, the proposal did not have unanimous support of the friends of the debenture plan. Senator Caraway, Democrat, Arkansas, was among those who asserted the idea of graduated reduction in rates will work against giving the farmer the full benefits of the debenture system.

Just before adjournment, Chairman McNary told the Senate he had arranged to meet some dairy association representatives with a view to discussing "several important amendments" to the farm bill.

FULL DAY OF DISCUSSION

Before reaching a vote on the Norris amendment, the Senate put in a full day discussing the farm bill with the hope of reaching a final decision on the debenture plan Thursday and on the farm bill itself by Friday night.

The debate brought new administration Senators into the fight to exclude the plan opposed by President Hoover and also caused a brief flurry over the merits of the last campaign as a deciding factor in what the farmer wants in the way of farm relief.

Senator Sheppard, Democrat, Texas, contended that President Hoover and the Republican party have failed to keep their promises, asserting that the pending farm bill fails to carry out campaign pledges.

Senator Robinson, Republican, Indiana, denied that the bill fails to meet the campaign pledges of Hoover and contended the campaign demonstrated that the Republican plan of farm relief was more acceptable to the country than the Democratic program.

Senator Sheppard declared the Democrats believe in the principle of the equalization fee as expressed in the McNary-Haugen bill and that "the country is already beginning to understand" its confidence has been misplaced.

The debenture plan was denounced by Senator Smoot of Utah, chairman of the Finance Committee, and one of the administration stalwarts, as "an unworkable provision" which would result in retaliatory tariffs from other countries. He was questioned closely by Democratic Senators as to what his attitude will be with respect to tariffs for industries which dispose of surplus products abroad cheaper than they are sold in this country, when the tariff measure comes up. Senator Smoot said he will wait until the tariff bill is discussed before arriving at any conclusions.

ANOTHER ATTACK

One of the new Senators, Allen of Kansas, also attacked the debenture plan. He said the farm bill seeks to handle surplus crops so as to bring prosperity to the farms and that the debenture plan would only increase the surplus and work against the things the bill seeks to remedy.

The Kansas Senator criticised Senator Brookhart, Republican, Iowa, for his recent attack on President Hoover's farm program and said that the President never has uttered a word in conflict with the provisions of the House farm bill or the Senate bill as it would stand without the debenture clause.

COOKING DOESN'T COUNT IN 'IDEAL MATE' CONTEST

CHICAGO, April 30. (AP)—Maybe present-day girls aren't good cooks. Who cares? Out of 1000 questionnaires in the "ideal home mate contest" of the Chicago own-your-own-home exposition only two men showed the slightest interest in woman's culinary skill.

Specifications for ideal mates stressed the following points:

The ideal wife: she doesn't have to be a good cook if she is handy with a can-opener; she must be "cuddlesome" at least part of the time; she must not nag; she ought to know how to darn socks; she must be neat and sensible—"and beautiful, if possible."

The ideal husband: he must understand; he must be a comrade, he must wash dishes with a smile, he must be kind to the dog and the neighbors, he must clean the bathtub after using it, he must give "unexpected gifts" and not brag about it afterward, he must be tolerant of millinery bills, and he must admit his wife to partnership in the business of home-making.

ASSEMBLY PASSES PAY BILL

SACRAMENTO, April 30. (AP)—The Assembly passed today a bill introduced by Assemblyman Kline increasing the annual salary of the Riverside Horticultural Commissioner from $3600 to $4000.

CREDIT CRISIS CURE OUTLINED

National Chamber Meeting Discusses Situation

Curtailing Issue of New Stocks Proposed

Glutting Markets Blamed for "Indigestion"

WASHINGTON, April 30. (AP)—Calling the present credit situation "financial indigestion," Harry A. Wheeler, of Chicago, first president of the United States Chamber of Commerce, told the seventeenth annual meeting of that organization today that the only way to obviate present difficulties is to curtail the issuing of "innumerable shares of new stock," until the market has "digested" those already outstanding.

The financial situation held first place in discussions before the opening day's sessions. Julius H. Barnes, New York grain exporter, discussed it as one of American business' responsibilities and ranked it in importance with tariff, farm relief, reduction of taxation and conservation of exhaustible raw materials.

TABLE GROUPS FORMED

The 2500 convention delegates, representing more than 1700 business groups, divided into round-table gatherings after the opening session.

Chairman Hawley of the House Ways and Means Committee tomorrow will discuss before the chamber the making of a tariff; an open forum will be held on this problem, and the resolutions committee will take its concensus under consideration.

C. H. Cahan, member of the Canadian Parliament, will comment on problems faced by both American and Canadian business.

The present credit difficulty does not require a "major operation," Wheeler today told the conference, "provided that we can induce intelligent co-operation on the part of all who participate in granting and using credit."

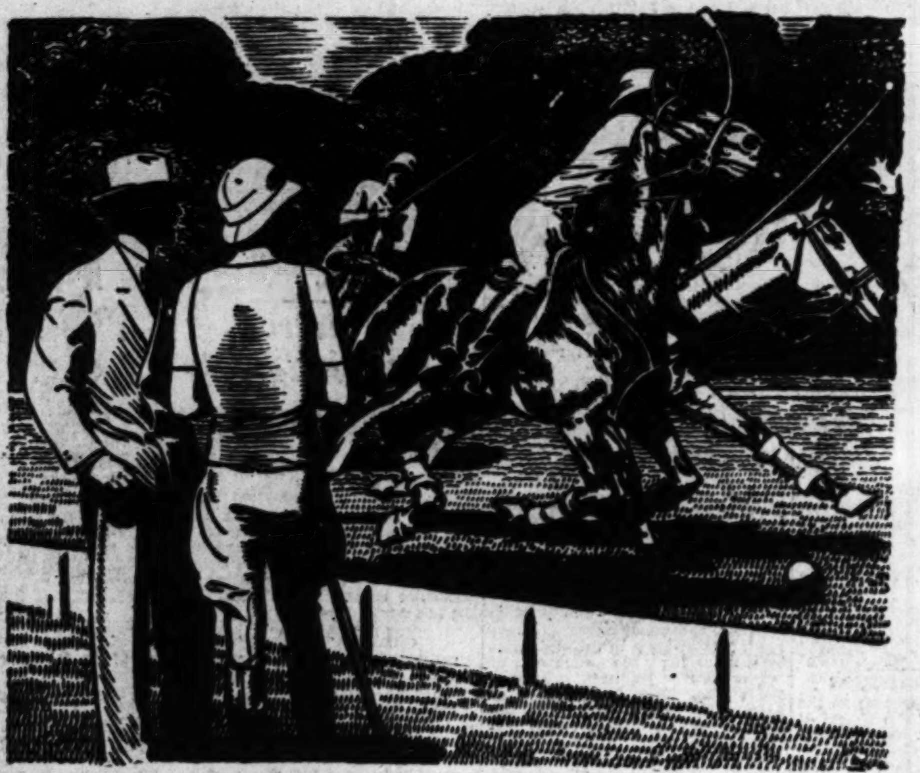
BANKS SHARE BLAME

"If physically we felt the discomfort of indigestion," he continued, "we would not continue to load our stomachs with more food. If we have financial indigestion because of excessive use of credit required to carry securities already listed, does it not follow that the first step toward recovery is to refuse to foist upon the market a mass of new securities?"

Reviewing activities to which he credited the present situation, he pointed out that from 1924 to 1927, the average new issues of preferred and common stock were annually about $1,131,000,000. Last year, he said, $2,900,000,000 worth of new shares of common and preferred stock were put upon the market.

"If any restraint had then been shown," he added, "we might expect some gradual correction; but during January and February there were brought out new preferred and common shares amounting to $1,130,000,000."—more than 40 per cent of all 1928 issues.

Banks must share responsibility with originating houses for failure to curtail further dilution of available credit, Wheeler warned.



"THOS HEATH CLOTHES
ARE GOOD COMPANY.."

We quote this remark of a Thos. Heath addict because it refers to the very thing that makes you recognise a Thos. Heath suit at sight. Call it what you will—a savoir faire, an air of being born to good society. It's hard to describe, yet it's as unmistakable as the free and easy feeling of Thos. Heath Clothes when you wear them. All of which is no doubt the deep idea behind so much hand work, personal supervision, and everlasting fussing with details.

PAPER MAGNATE TELLS HOLDINGS

Reveals Corporation Owns Newspaper Stock

Denies Plan to Influence Editorial Policies

Trade Commission Given List of Publications

WASHINGTON, April 30. (AP)—Emphasizing that no efforts to influence editorial policies have been made, Archibald R. Graustein of Boston, president of the International Paper and Power Company, testified before the Federal Trade Commission today that his company and its affiliated concerns had purchased stock in thirteen newspapers in various sections of the country.

Appearing as a witness at the commission's investigation of the recent purchase by his company of stock of the Boston Herald and the Traveler, Graustein declared the company's stock holdings in newspapers were obtained to obtain outlets for its newsprint paper products. The International Paper Company is a subsidiary of the International Paper and Power Company.

NOT MIXED WITH POWER

Mr. Graustein said the stock holdings in the newspapers are in no way associated with the hydroelectric and power project of the paper and power company and its affiliated concerns.

"There is not a case of a newspaper where we have the control, and where the control is not in other hands," he said.

"I have never met an editor of any of the papers," he declared. "We have nothing to do and do not want to have anything to do with news and editorial policies. The only contact we have is with the newspapers' business offices. We know there is the danger of suspicion of our controlling editorial policy, and we feel we must keep 100 per cent clear of influencing news and editorial policies."

An exhibit placed in the record cited the stock holdings in newspapers of the paper and power company and its subsidiaries as follows:

Chicago Daily News, $250,000 in preferred stock and 5000 shares of common stock.

IN CHICAGO JOURNAL

Chicago Journal, $1,000,000 of debentures and $600,000 of preferred stock of the Brien-Thomason Newspapers, Inc., and 10,000 shares of the common stock of the Chicago Journal.

The Brien-Thomason Newspapers, Inc., also owns the Tampa (Fla.) Tribune and the Greensboro (N. C.) Record.

The Albany (N. Y.) Knickerbocker Press and the Albany Evening News, $450 000 preferred stock and 3000 common stock shares.

Boston Herald and the Traveler, 10,248 shares of common stock purchased at $525 per share.

Brooklyn Daily Eagle, $1,964,500 in notes and 400 shares of common stock.

Augusta (Ga.) Chronicle, Columbia (S. C.) Record and Spartanburg (S. C.) Herald-Journal, through Hall and Lavarre, $855,000 in notes secured by the stock of these newspapers.

A contingent interest in the Ithaca (N. Y.) Journal-News, $300,000 in notes.

Prior to the testimony of Graustein, Robert Lincoln O'Brien of Dedham, Mass., former president of the Boston Publishing Company, which publishes the Herald and the Traveler, and former editor of the Herald, and James Garfield of Boston, secretary of the publishing company, testified concerning the negotiations leading up to the purchase of the stock of the two newspapers by the International Paper and Power Company.

Graustein testified that his company never had sought the control of the Boston Herald and the Traveler, although it had purchased 50 per cent of the stock. At the time of the stock purchase, he added, the company created a voting trust which effectively prevents it from exercising its voting rights of stock for the control of the publishing company.

CITES OGDEN REID

He testified that Ogden Reid, publisher of the New York Herald-Tribune, to the best of his knowledge, is the only "director of a newspaper" who is a director of the International Paper and Power Company.

In a statement issued following the Trade Commission's hearing, Graustein said that the interest purchased by the International Paper Company in the Boston Herald and the Traveler was to remedy the heavy decline in the newsprint business which had resulted in a serious curtailment in the company's production. By the stock purchase the paper company, he added, "secured a very large customer at a time when it was in a very serious need of business.

"At the outset of the negotiations," he continued, "it was immediately agreed both that the Herald did not want the International to have any say about the news or editorial policy and that the International did not want to have any say on either point."

BUS ORDER REVERSED

Rail Commission Requires Pickwick System to Keep Oregon Route

SAN FRANCISCO, April 30. (AP)—The State Railroad Commission today set aside its previous order requiring the Pickwick Stages System to discontinue local service between this city and the Oregon line.

The commission issued another order requiring the stage company to operate in exact conformity with its present certificate, thus preventing the line from using the Carquinez bridge to Vallejo.

The present certificate of operation requires the stage line to operate via Oakland, Benicia, Davis, Woodland and north to the Oregon line, including stops at other cities en route.

NOTED GERMAN DIES

EI ENACH (Germany) April 30. (AP)—Prof. Friedrich Leinhard, 64 years of age, for many years president of the German Shakespeare Society, died today.

Bandit Kills Bank Cashier

POPLAR BLUFF (Mo.) April 30. (AP)—A robber held up the Bank of Des Arc this afternoon, shot and killed Cashier E. W. Cook, 60 years of age, and then fled, presumably without obtaining any money.

HOOVER APPROVES QUAKER FOR POST

WASHINGTON, April 30. (AP)—President Hoover has approved the appointment of J. Henry Scattergood of Philadelphia as assistant commissioner of Indian affairs. Scattergood is prominent in Philadelphia banking circles and also had held several public offices in Pennsylvania. Like Mr. Hoover, he is a Quaker.

BRIDGE PLANS APPROVED

WASHINGTON, April 30. (AP)—The War Department today approved revised plans of the city of Long Beach, Cal., for a bridge across the westerly arm of Alamitos Bay. The new plans provide for shorter approaches than the plans previously approved.

TRIBUNAL KNOTS KILLERS' NOOSE

Supreme Court Decrees Rope for Folsom Slayers

SAN FRANCISCO, April 30. (Exclusive)—Legal technicalities were swept aside in favor of the spirit of the law by the State Supreme Court today in a decision confirming the death sentence for five of six Folsom convicts who led the bloody Thanksgiving Day riot in 1927, which brought death to fourteen men.

The high tribunal agreed with the judgment of the Sacramento county Superior Court that the fatal shooting of George Baker, a convict, had been established beyond doubt, despite a claim of insufficient evidence. It refused to entertain a contention that the court reporter had not been duly appointed or sworn, saying he had performed his duties properly and efficiently, and settled a contention that Al Dawson, a juror, had served despite scruples against the death penalty by declaring Dawson's answer to a question in this regard was a clerical error and his answers to other questions proved it.

Union Musicians Seek Injunction

SAN FRANCISCO, April 30. (Exclusive)—The first use in California of the injunction as a means to retain orchestras in motion-picture theaters showing sound productions was resorted to here today. Local No. 6, American Federation of Musicians, petitioned Superior Judge Conlan for a restraining order having the effect of restoring to their positions musicians who were released when the "talkies" came into vogue, carrying their own orchestrations.

Specifically, the union seeks to compel fulfillment of an asserted agreement, made before the local advent of sound films.

ELEVEN TRAPPED, TWO DIE IN MINE BLAST

JOPLIN (Mo.) April 30. (AP)—Two miners were fatally injured and eleven others were trapped for several hours when fire, which followed an explosion, destroyed a zinc and lead mine plant near here today. The dead: Francis Lewis, 19 years of age, Baxter Springs, Kan., and Jack Woods of Webb City, Mo.

EDISON TRIUMPH TO BE ENACTED

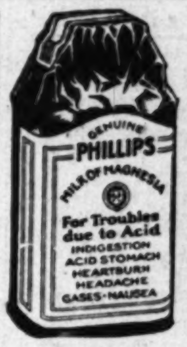
Electric Lamp Anniversary Will be Celebrated

NEW YORK, April 30. (AP)—Thomas A. Edison will re-enact the discovery of the incandescent light on October 21 at a dinner to be given by Henry Ford at Dearborn, Mich., in celebration of the fiftieth anniversary of his great invention.

Eight hundred scientists and industrialists from all parts of the United States will be invited by Mr. Ford to do honor to the 82-year-old electrical wizard on this occasion.

Paul D. Cravath, on behalf of the Edison pioneers, the men who were associated with Mr. Edison in his early days, announced plans at a luncheon given today at the Bankers' Club for nation-wide celebration this year of "light's golden jubilee."

President Hoover has accepted honorary chairmanship of a committee which is arranging to promote the nation-wide celebration.



Sour Stomach

Sweetened instantly

Just a tasteless dose of Phillips' Milk of Magnesia in water. That is an alkali, effective, yet harmless. It has been the standard antacid for 50 years among physicians everywhere. One spoonful will neutralize at once many times its volume in acid. It is the right way, the quick, pleasant and efficient way to kill the excess acid. The stomach becomes sweet, the pain departs. You are happy again in five minutes.

Don't depend on crude methods. Employ the best way yet evolved in all the years of searching. That is Phillips' Milk of Magnesia.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

THE BEST WAY TO WHITEN TEETH

A single application of Phillips' Dental Magnesia Toothpaste will bring glistening, white teeth and a sweet breath.

Prove it at our expense. Write The Phillips Co., 117 Hudson St., New York, N. Y., for free ten-day tube.

BANK CLEARINGS GAIN FOR MONTH

Clearinghouse Report Shows Volume Sustained

Increase in April Over Last Year at 4 Per Cent

Total Since January 1 Climbs Nearly 16 Per Cent

Sustaining the unusually large increase recorded since January 1, last, over the corresponding period of last year, bank clearings in the city of Los Angeles, for the month just closed, advanced more than 4 per cent over clearings for April, 1928, according to figures issued yesterday by the Los Angeles Clearinghouse Association.

City bank clearings for the month achieved a total of $909,251,-813.24, which, compared with clearings for April, 1928, reported at $873,233,011.82, represents a gain of $36,018,801.42. Clearings for each month since February, 1928, have shown a gain of 4 per cent or better over the corresponding month of the previous year.

Clearings for the first four months of the current year reached an aggregate of $3,950,431,005, as contrasted with $3,410,026,938 for the same period last year, an increase of $540,404,067, or nearly 16 per cent. January increased 30 per cent; February, 16.5 per cent, and March, 13.9 per cent.

In January of this year, a record for monthly volume was established at $1,078,224,435, which was also the first time the figures had crossed the $1,000,000,000 mark. March of this year was the second largest month of all time with clearings reported at $1,043,399,559.

In each month of the first quarter the totals surpassed those for San Francisco, which is believed, is the first time this has been accomplished. April figures for the Bay City were not available late yesterday.

Comparative figures of clearings since the first of the year, with the twelve months of 1928, follow:

	1929	1928	P.c. Inc.
Jan.	$1,078,224,433	$831,077,121	30.0
Feb.	919,564,197	789,673,724	16.5

BELL PHONE ANNOUNCES MELON CUT

Stockholders Offered Rights to Participate in $219,000,000 Plum

NEW YORK, April 30. (AP)—Directors of the American Telephone and Telegraph Company today offered stockholders rights to purchase approximately $219,000,000 in convertible 4½ per cent bonds, the largest bond offering in recent years, in the ratio of $100 par value for each six shares of stock held.

The bonds are convertible into common stock at $180 a share during the year 1930, $190 a share during the years 1931 and 1932, and $200 a share during the years 1933 to 1937, inclusive.

In their conversion, however, the bondholder may take one share of stock for each $100 par value of bonds by paying the difference between the conversion price of the stock then in effect and $100.

If the bondholder wishes to take only as much stock as the principal amount of his bonds will pay for at the conversion price for the stock, and there is a remainder, he may take one additional share of stock by paying the difference in cash.

On the basis of the current market price for the stock, around $232, the conversion price of $180 a share makes the rights worth about $8 a share. The offer is, therefore, equivalent to the cutting of a melon of about $100,000,000. The bonds are ten-year gold debentures and are redeemable until 1938, upon sixty days' notice at 105, and after January 1, 1938, at 100.

Announcement of the issue was made by the directors, after stockholders, at a special meeting, had authorized a new issue, not to exceed $225,000,000. There were 9,545,617 shares voted, the largest number ever represented, out of 12,896,910 shares outstanding.

Safeway Store Chain Profits Up in Quarter

Net profits of the Safeway Stores, Inc., for the quarter ended March 31, last, more than doubled profits for the same period last year and reached a total of $1,376,866 after all charges, including Federal income taxes, it was announced yesterday by the company. This compares with earnings of $683,919 reported for the first three months of 1928 and represents an increase of $692,947.

After allowing for preferred dividends the income for the quarter was equivalent to $2.09 a share on 592,660 common shares, which was the average amount outstanding during the period. This compares with $1.74 a share on 341,875 common shares for the corresponding period last year, the number of shares being reckoned on the split-up basis. The stock was split up last October.

The net profits for the first three months of $1,376,866 are equivalent to the annual rate of $5,507,464. This compares with net profits of $3,505,098 for the full year 1928, which includes operations of new units consolidated only from the date of acquisition and represents an increase of more than $2,000,000.

Sales of the Safeway organization for the quarter reached an aggregate of $43,404,355, an increase of more than $20,000,000 over that of the first three months of 1928. Sales for the month of March struck a new month's record at $16,425,959, which, compared with $8,620,630 in March, 1928, was an increase of nearly $8,000,000.

Pedley Enters Broker House

Effective today, Eric L. Pedley becomes a general partner in Walsh, O'Connor & Co., members of the New York and San Francisco stock exchanges, joining Arthur N. Earll, who has been resident partner of the firm since the establishing of the Los Angeles office. Kenneth Walsh, George R. O'Connor, R. M. Marshall and C. M. Weatherwax are the other general partners of the firm.

Mr. Pedley was heretofore identified with one of the large investment banking houses of international affiliations. For years he has been the star of the champion polo four at the Midwick club, and in 1924 was a substitute on the American team that carried off the championship at Meadowbrook. He was the first westerner to gain a place on the international team and his name is already mentioned as a prospective selection for the American four that will be called upon to defend its championship at Meadowbrook next year.

DOUGLAS PROGRESS TOLD

Aircraft President Says Dividend Plans Due for Discussion in Six Months; Plant Active

BY EARLE E. CROWE

Directors of the Douglas Aircraft Company, Inc., may discuss the advisability of inaugurating dividends at the next regular meeting on May 15, said Donald W. Douglas, president, in outlining yesterday the current status of the company; but the chances are, in his opinion, that definite action will not be taken for six months at least.

This statement should be encouraging to stockholders, most of whom are residents of Southern California and are familiar with the history of Mr. Douglas and his company. Western Air Express, also a Southern California enterprise, was the first transportation company in aviation to go on a dividend basis, and it appears that there is a strong possibility that Douglas Aircraft will be among the first manufacturing companies to make regular disbursements to stockholders.

LISTING EXPECTED

Mr. Douglas also intimated that application will be made soon to list the stock on the New York Stock Exchange. The shares are now listed in Los Angeles, San Francisco, New York Curb and on several of the minor eastern markets.

Business for the twelve months of 1929 he conservatively estimates at $4,000,000, on which the net profits should run around $720,000, or $2.40 a share on the 300,000 shares outstanding. Unfilled orders now are around $3,000,000, all of which is government contract work. While the company expects to swing into commercial production in its new plant, Mr. Douglas said that the volume of current and prospective government business prohibits any definite plans of a commercial nature at this time.

In the new plant the company is now turning out about four planes a week for the Army and has virtually completed the first of the PD1 flying boats for the Navy. The latter is a twenty-five unit order and it will be another month before the plant is in full production on the flying boats. A similar navy contract is expected to come up for bids soon, for which the Douglas company undoubtedly will compete.

Earnings for the first few months of this year have been somewhat affected by the cost of moving from the old plant on Wilshire Boulevard. Only a few operations are now conducted on the old site, about 90 per cent having transferred to the new location at Clover Field. By July 1 it is expected that the Wilshire plant will be completely abandoned.

SPACE INCREASED

Approximately 190,000 square feet of floor space is contained in the new plant, compared with 65,000 in the old, or an increase of 192 per cent. The site provides available room for further expansion to a maximum manufacturing floor area of 450,000 square feet. The company is now employing 1000 men.

How fast the business is growing is indicated by final figures showing net sales of $1,960,866.88 in the twelve months of 1928. In 1922 the sales totaled approximately $124,000, and for 1929 they are estimated at $4,000,000.

While Mr. Douglas said that the company is not interested in consolidating proposals, the rumors persist in the stock market that developments of this nature are pending. The Curtiss Aeroplane and Motor interests are well represented on the board of directors, and this group may work out an advantageous combination with one of the many subsidiaries or affiliates under the Curtiss wing.

NET PROFITS OF STEEL AT HIGH LEVEL

Premier Corporation of Industry Reports New Post War Record

NEW YORK, April 30. (AP)—The United States Steel Corporation at the quarterly directors' meeting today, announced a new post-war earnings record for the first quarter of the year, when profit amounted to $5.04 per share of common stock, or 72 per cent of the $7 dividend requirement for the entire year. This compares with only $3.43 in the previous quarter, and $2.11 in the first quarter of last year.

Total earnings for the quarter amounted to $60,105,381, an increase of $19,171,049 over the first quarter of 1928. This is after all expenses incident to operation, including those for repairs and maintenance to plants, estimated Federal taxes, and interest on bonds of subsidiaries. Of this amount $14,716,828 was charged off to depletion, depreciation and obsolescence, and $3,203,106 was required for interest on funded debt.

This left a net profit of $42,388,553, which is a gain of $20,853,576 over the net profit for the period a year ago. Dividends paid on the preferred amount to $6,304,919, and on the common, to $12,453,411, leaving a surplus of $23,427,117. Surplus for the first quarter of last year was only $2,573,541.

Drop Shown in Daily Average Output of Oil

NEW YORK, April 30. (AP)—The Daily average gross crude oil production in the United States decreased 21,200 barrels for the week ending April 27, totaling 2,650,650 barrels, according to the weekly summary of the American Petroleum Institute. The daily average production east of California was 1,862,950 barrels, a decrease of 12,300 barrels.

	Daily average production. Barrels.	Difference. Barrels.
Oklahoma	663,300	dec. 10,300
Kansas	109,850	inc. 750
Panhandle Texas	60,000	dec. 4,500
North Texas	34,000	inc. 1,050
West Central Texas	52,500	......
West Texas	358,200	inc. 700
East Central Texas	18,700	dec. 350
Southwest Texas	71,750	dec. 1,100
North Louisiana	35,650	inc. 50
Arkansas	72,300	dec. 1,200
Coastal Texas	137,600	inc. 6,450

Eastern	111,250	inc. 500
Wyoming	46,150	dec. 7,500
Montana	11,000	inc. 1,450
Colorado	6,250	dec. 150
New Mexico	2,400	dec. 950
California	787,700	dec. 8,900
Total	2,650,650	dec. 21,200

Daily average imports of petroleum at principal ports for the week were 287,429 barrels compared with 312,000 barrels for the previous week, and 299,786 barrels for the four weeks ended April 27.

The daily average receipts of California oil at Atlantic and Gulf Coast ports for the week were 58,286 barrels compared with 60,714 barrels for the previous week, and 57,321 barrels for the four weeks' ended April 27.

New Production Chief of Texas Company on Job

James A. Bermingham, who has been elected director and vice-president of the Texas Company of California and appointed manager of the producing department, has arrived from Denver, to take over his new position, according to an announcement by the company yesterday. He formerly was vice-president and production manager of the Texas Production Company, an allied Rocky Mountain corporation.

One of the oldest operators in the oil industry, Mr. Bermingham went through the Spindle Top boom in 1902 and later was an independent operator before joining the Simms Oil Company, fro which he had charge of producing activities in West Texas. In 1907 he went to the Texas Company and was assistant division manager at Fort Worth until he was promoted to the executive position he held in Denver.

C. E. Olmsted, vice-president and general manager of the Texas Company of California, was in charge of the producing department of the concern until his election to his present position last December.

RUBBER MARKET

NEW YORK, April 30. (Exclusive)—Trading in futures on the New York Rubber Exchange today was more brisk than it has been in the past few sessions and helped by better sentiment on the part of a number of prominent dealers, a strong tone developed which resulted in the lifting of the market from the sluggishness of the last few days of business.

All opening quotations were 10 and 20 points below closing prices, which seemed to reflect an easing off in the London market. Selling on the part of several trade brokers which was quickly absorbed could not stem the rally which had started, and the market closed with gains from 20 to 40 points in all the active months. Sales for the day aggregated 514 contracts, or 1285 long tons, against 326 contracts, or 815 tons, in the previous session.

London spot closed at 9 13-16d after an early loss to close unchanged, with the market quiet. Singapore was off ⅛d at 9⅝d in a quiet market. Outside spot advanced ⅛c to 19¾c.

Byron Jackson Pump Earnings at High Level

SAN FRANCISCO, April 30. (Exclusive)—Net earnings of the Byron Jackson Company for the first quarter ended March 31, last, amounted to $304,000, after all charges, including Federal income taxes, equal to $1.81 a share on 167,988 shares of no par capital stock and representing an increase of more than 50 per cent over the corresponding quarter of 1928 for the company and its predecessors, it was announced here today.

Directors also announced the declaration of the regular quarterly dividend of 50 cents a share, payable June 1, next, to stockholders of record May 15.

The company has consummated its purchase of the business and properties of the Dunn Manufacturing Company, located at Oxnard and the business is now being merged into the Byron Jackson's plants at Los Angeles.

For the entire year 1928, the company recently reported earnings of $955,655.36, equal to $10.10 a share on the average number of shares outstanding.

COTTON MARKET

NEW YORK, April 30. (AP)—Early advances on steadier cables, a firmer technical position locally and some uncertainty as to the showing of tomorrow's weekly weather report, were followed by rather nervous and irregular fluctuations in cotton today. After showing net gains of 20 to 23 points, there were reactions under renewed liquidation.

The midafternoon market ruled about net unchanged to 12 points higher.

Profits Report for Quarter Received at Meeting

Net Increase in Period Set More Than 90 Per Cent

Stockholders of the Pacific Finance Corporation at a special meeting yesterday afternoon ratified the $10,000,000 fifteen-year 5½ per cent convertible gold note issue recently authorized by the directors and received a report from O. Rey Rule, executive vice-president, on the 1929 first-quarter earnings.

The net earnings after provision for Federal income tax and all reserves for the quarter ended March 31, last, amounted to $470,369, an increase of more than 90 per cent over the 1928 first-quarter net, according to the report. These earnings are equal after preferred dividends to about $1.88 a share, or at the annual rate of $7.50 a share on 200,000 shares of common stock outstanding in the quarter.

BUSINESS GROWS

During the quarter, the volume of business aggregated $22,764,000, as compared with $13,788,000 for the comparative period of the previous year, an increase of $8,976,000, or 65 per cent. Losses due to credit defaults were 15 per cent less than in the same period of last year, reflecting improved credit conditions in this territory, Mr. Rule said.

Departments of the company handling finance other than automobile increased their profits even in greater proportion and the indications are, Mr. Rule stated, that this diversified financing will materially increase in volume of business and in earnings. In addition to automobile financing the corporation handles commercial paper in the form of accounts receivable of wholesalers, jobbers and manufacturers; dairy cattle paper; aircraft paper and miscellaneous household appliances sales paper.

The net earnings reported included only the dividends received from the subsidiaries, Rule & Sons, Inc., and the Elliott-Horne Company. While no earning reports were issued on these two concerns, it was stated that their businesses showed proportionate increases.

SAVING EXPECTED

Through the gold-note issue, of which $7,000,000 in denomination of $1000 will be offered shortly by a banking syndicate, the corporation will effect substantial savings in interest charges and will also be in a position to expand its operations to take care of increasing business, according to Mr. Rule. The banking group which will market the note issue is headed by the Security-First National Company, Hunter, Dulin & Co., the Elliott-Horne Company and the American National Company of San Francisco.

The notes will be convertible into common stock at the rate of $120 a share during the first year; $125 for the second year; $130 for the third year; $140 for the fourth year, and $150 for the fifth and sixth years.

Miller to Take Mart Post Today

Carl P. Miller, who was recently appointed by the board of governors of the Los Angeles Stock Exchange to succeed Norman B. Courteney as secretary and manager, will actively assume his duties in that position today.

Having joined the stock exchange in October, 1928, after being assistant financial editor of The Times and Los Angeles manager of the New York News Bureau, the new exchange manager was given the position of assistant to the secretary and manager. In February of the current year he was promoted to the newly created title of first assistant secretary, and was recently elected secretary of the Los Angeles Stock Exchange Institute. F. E. Sanford, who was named to succeed Mr. Miller as first assistant secretary, will also take up his duties today. Mr. Sanford, formerly sales manager of Dean Witter & Co., will be head of the listing department.

WORLD PEACE PATH SHOWN

Carnegie Foundation Economist Sees Expansion of Trade as Road to Universal Amity

BY JOHN F. SINCLAIR

(Copyright, 1929, by the North American Newspaper Alliance)

NEW YORK, April 30.—Dr. James T. Shotwell, director of the division of economics and history of the Carnegie endowment for international peace, once said that "the world of credit is the world of peace."

As national lines become less important in the gradual expansion of international trade, the peace movement throughout the world is strengthened.

"It is clear that the international world of finance today has everything to gain from a world stabilization in terms of peace," says Dr. Shotwell. Nothing is truer than this. The hundreds of millions invested by the United States throughout the world are an additional insurance for world peace, for the money is invested on a basis of developing a better prosperity in that section in which the money was lent.

To this extent the United States, as Dr. Shotwell says, is playing a part "in the upbuilding of a community of interests throughout the world which is the greatest of all guarantees of international peace."

Dr. Shotwell is an outstanding world figure. He was born in Strathroy, Ont., fifty-four years ago, and is a graduate of Toronto University and Columbia. He has written much in the field of history and on international relations, and has been a special editor of the Encyclopedia Britannica, a lecturer and editor of "Economic and Social History of the War."

Dr. Lee De Forest, radio expert, predicts that now talking pictures have taken such a hold on the world, English will become a universal language. He goes even further, and says that this fundamental change will take place within the lifetime of many people now living.

If this happens it will be the greatest contribution ever made by an industry hardly twenty-five years old—making one tongue a clearing-house language for the world. It does not make much difference what the language is, so long as there is one that is universally spoken.

Then each country could maintain its own language and build its individual culture within its own boundaries, but employ one language—the universal one—to promote international good-will.

If Dr. De Forest is correct, and the talking pictures are successful in this field, they will have paid back a thousand-fold the time and effort spent in their development.

Prof. Kemmerer, Princeton money doctor, has reached China. When he left the United States the skies were clear and it looked as though China would be ready to co-operate in working out a unified financial system for her people, an achievement never before even attempted. But something has happened. The Kemmerer commission is finding the job no sinecure.

The Nanking government is not yet all-powerful. It expected fully to have stable conditions by now. Take the case of the Peking-Mukden Railroad. Manchuria has promised allegiance to Nanking, but continues to hold most of the rolling stock of the Peking-Mukden Railroad, and retains all of the railway's revenue collected in Manchurian territory.

All of the military leaders early this year pledged their allegiance to Nanking, but last month twelve-thirteenths of the revenue of the railroad was divided among these leaders. The railway employees have not received a yen since December, and from the lowly thirteenth of the revenues sent in to the government about $50,000 must be paid for the company's pay roll and operating expenses, which, without repairs or bond interest, amounted to nearly $350,000 a month.

Yes, China needs a great amount of foreign capital after a correlated plan for business development has been decided upon.

AMERICAN RADIATOR PAYS FIRST DIVIDEND

NEW YORK, April 30. (AP)—Initial quarterly dividends of 37½ cents a share on common and $1.87 a share on preferred were declared today on stock of the recently organized American Radiator and Standard Sanitary Corporation, a merger of American radiator Company and Standard Sanitary Manufacturing Company, Pittsburgh. The common dividend is payable June 29 to stockholders of record June 11, and the preferred June 1 to holders of record May 15.

REINS OF MART IN BULL HANDS

Sharp Buying Rally Features Month-end Session

New High Prices Set by More Than Twenty Issues

Total Turnover Largest for Any Day in Month

NEW YORK, April 30. (AP)—The bull party, which has been held largely in check by the rigid credit policy of the Federal Reserve Bank during practically all of April, ended the month with a powerful outburst today, which sent more than a score of issues to record high levels.

The Associated Press index of fifty leading industrials was carried up 3½ points to within little more than 3 points of its maximum reached six weeks ago. The day's business totaled 4,314,580 shares, the largest of the month, which saw only four 4,000,000-share days.

The forward movement was promoted by a slackening of the month-end credit pinch. Call money renewed at 14 per cent, but funds came into the market in good volume, and the rate got down to 10 during the afternoon. Some funds were available in the outside market as low as 9 per cent.

NO CHANGE EXPECTED

Bankers stated, however, that there was no indication that the Federal Reserve Bank would alter its policy of restraining credit for speculative use until there has been a very substantial improvement in the credit structure. Some betterment in the call-money market has appeared during April, when the renewal rate averaged 8.78 per cent, as compared to 9.5 per cent in March, but this was apparently due to a slackening of market activity, rather than more abundant credit. A year ago the April average was but 5.03 per cent.

It is understood the New York Federal Reserve Bank has added about $25,000,000 in bills to its portfolio in the last few days, which has probably helped the credit situation over the month end, but these purchases are said to have been made through repurchase agreements with dealers, and represent no change in policy. Another factor in the situation was the

(Continued on Page 18, Column 1)

CASS, HOWARD & CO.
Are You Overlooking
VALUABLE DIVIDEND OPTIONS?

DURING the past few years there has been an increasing tendency on the part of leading public utility corporations to allow stockholders to accept dividends in either cash or in additional capital stock.

This optional stock dividend privilege is decidedly worthwhile, since the value of the stock dividend increases automatically with the rising price of the stock. On the other hand, the cash dividend, being fixed, does not change with rising stock prices, and in effect shows a smaller percentage on the higher price.

Worthy of more than passing consideration, we believe, is the Class "A" Stock of Central Public Service Corporation, an important public utility system serving a population of 1,400,000 in twenty states. Stockholders are entitled to dividends of $1.75 per share per annum in cash; or at their option, they may elect to receive dividends in stock at the rate of 1-10 of a share (or 10%) per annum.

Further particulars regarding this attractive public utility security will be sent on request. Use coupon below.

The Beginning of Commercial Aviation in California

In October 1927 the first Maddux tri-motored airplane was flown from San Diego to Los Angeles with ten passengers. The pilot was Col. Charles A. Lindbergh.

This event marked the beginning of inter-city tri-motored plane service on the Pacific Coast—a new era in commercial aviation.

The remarkable expansion of Maddux air transportation service during the brief ensuing period truly reflects the unlimited possibilities of commercial aviation in general and the Maddux Air Lines Co. in particular.

In conformity with our policy to take an active interest in the development of commercial aviation on a sound basis, we are bringing the stock of the Maddux Air Lines Co. to the attention of buyers who visualize the possibilities of this infant industry.

Orders are being executed "at the market." Price and descriptive circular will be gladly furnished on request.

NEW YORK CURB STOCKS

NEW YORK, April 30. (AP)—Passing of the month-end credit stringency, with the drop in call money from 14 to 10 per cent today, started a broad upward movement of prices on the New York Curb market. Public utility and aviation shares were in the vanguard of the advance, with at least a dozen issues breaking into new high ground for the year. There were a few isolated soft spots.

Brokers reported a marked expansion in public participation, which stimulated a revival of pool activities in some of the recently neglected issues. Extension of the curb ticker service to the Pacific Coast tomorrow also was hailed as a bullish factor. In an effort to discourage trading in penny stocks, the exchange has decided that quotations hereafter will be in sixteenths of a dollar and that the commission rate will be 1-16, or 6¼ cents, as against 1 cent previously.

The usual crop of merger and dividend rumors accompanied the rise in public utility shares. Special buying of United Corporation, the holding company recently organized by the J. P. Morgan interests, which advanced nearly 3 points to a new high at 56½, was associated with reports of its early transfer to the "big board." Central States Electric preferred soared nearly 10 points to a new high at 125 on a couple of sales, and the American Super Power issues each ran up about 7 points. Electric Bond and Share ran up 6½ points and American and Foreign Power warrants, American Gas and Electric, Southeastern Power and Light and United Gas Improvement each closed at net gains of 3 points or more.

Aluminum Company of America continued its sensational advance by soaring 20 points to a new high record of 125. International Projector, which recently was ordered split up on a five-for-one basis, touched another new high record at 104, which compares with the year's low of 12½. Morrell & Co. soared more than 5 points to a new top at 68½. American Cyanamid "B" and U. S. Finishing also reached new high ground.

Niles Bement Pond, which has large holdings of United Air Aircraft, which has been a spectacular performer on the "big board" in the last few days, ran up 17 points to a new high at 78, but lost about two-thirds of its gain. Bendix ran up more than 10 points to a new high at 158⅞ and Douglas Aircraft touched a new top at 36⅞. Irving Air Chute, which recently announced large parachute contracts, ran up nearly 5 points to 39½.

Tubize Artificial Silk broke 19 points and Firestone Tire 9½.

The closing price is omitted when same as the low, and both low and close when same as the high.

As one of the largest and most progressive motion picture companies in the world, Fox Film Corporation has made remarkable strides forward in recent years, particularly in the development of sound pictures and "Fox Movietone News."

A 7% INCOME

from an 11-months' investment

ANALYZED from any angle, Fox Film Corporation 6% Gold Notes due April 1, 1930, are selling decidedly out-of-line. At the present price of 99 and Interest, they yield 7.05%, a highly attractive return in comparison with the income offered by other one-year obligations of similar strength.

Net tangible assets exceed $5920 for each $1,000 notes, while net earnings are over 9 times annual interest requirements. Market value of Company's Class "A" Common Stock following this issue is more than $65,000,000. In addition to its own tremendous holdings, Company owns a substantial stock interest in Loew's Incorporated, which in turn owns Metro-Goldwyn-Mayer Corporation.

Investigate this outstanding short-term investment today. Use coupon below to get facts.

BAY CITY CURB

SAN FRANCISCO, April 30. (AP)—After a comparatively quiet morning trading picked up during the afternoon to close with a flurry in nearly every section of the curb exchange today.

The aviation issues as far as share volume and price change is concerned were the outstanding stocks. Led by Fokker which had a total of 5420 shares, opening with a 1¼-point rise over night, the price rose towards the close to 43⅝, and then closed at 43. Lockheed with 2100 shares followed Fokker's footsteps by rising to 21½ at the close from 20½.

Gains were seen in the aviation issues without exception. United Aircraft opening at a new high of 149, slumped to 146½ and then bounded back to close at 148. Maddux rose to 13½, Western Air Express to 69¾, and Aviation of Delaware to 19¾.

The bank group with light volume sold at the opening prices, losing fractionally at the close.

Fractional losses were seen throughout the oil group with large volume. Occidental Petroleum was the exception. Opening at 3.60, the price varied from 3.65 and 3.75, closing at the high for the day. Universal Consolidated showed a fractional loss at 1.85 and Italo common and preferred fractional losses at 8½ and 6 respectively.

Cross currents were in evidence throughout the industrial group. Gains were seen by Coen, Marchant, Gladding McBean, Columbia Steel, Claude Neon, Superior Portland Cement B, and Schumacher Wall Board preferred.

The total sales for today were 42,289 shares at a market value of $833,319. The month ending today showed a total of 1,092,000 at a market value of $13,535,294. Bonds totaled $23,000.

LOS ANGELES EXCHANGE

Douglas Aircraft Sweeps Up to New Record High and Leads General Market Upturn

Douglas Aircraft Company, on an unprecedented turnover, soared 5¼ points to score a new peak price at 38½ and featured all other operations yesterday on the Los Angeles Stock Exchange. The issue was in demand from the outset, and from an opening price at 35¾ advanced steadily to reach the high mark on the last few sales.

Seeming to indicate an end to the recent long period of uneasiness which was coupled with a falling price level, the entire market took a turn for the better and, on a slightly increased volume, marked up a long list of substantial recoveries. John Bean set a new top price at 54, up ½ point. Byron Jackson Pump advanced 1 1-8 to 39 and Emsco firmed up 7-8 to 40 3-8.

The improved tone was extended to the oil board, where Rio Grande led the activity and advanced 1 1-8 points to 37½. Standard of California mounted 1½ points to 78 and Richfield, 7-8 to 45½. Union of California moved up 1-4 to 50½, while Union Associates yielded a similar amount to 50. Pacific Western at 19 was also up 1-4 and Macmillan advanced 3-4 to 40.

Sun Realty, a usually quiet issue on the miscellaneous board, shot up 50 cents to 4.00. International Re-Insurance rights advanced ½ point to 7½ while Pacific Finance eased off 3-8 to 116. Transamerica was up 1-4 to 135. Security-First National firmed up 3-4 to 137 1-4 and California Bank gained 1½ points to 140.

SAN FRANCISCO

SAN FRANCISCO, April 30. (AP)—Brisk trading on the San Francisco Stock Exchange today centered around the industrial issues, which distinguished themselves on an animated market featuring a turnover of 106,581 shares. Five new highs were established.

Caterpillar Tractor led the advance and was much in demand. Opening at 80, an overnight gain of 2 points, it climbed steadily to a new top at 85, closing at this figure, a net gain of 7 points.

John Bean registered a new top at 54¼ before settling to close at 54, up 1¼. Douglas Aircraft gained 3¾ and reached a peak at 38⅝. Other new highs were those of Aviation Corporation of California at 27 and Consolidated Chemical at 28¼.

Sharing in the upward movement to the extent of a point or more were Byron Jackson at 38½, Oliver Filters "B" at 37¼, Paraffine at 84. Fractional gains were chalked up for California Copper at 7¼, Crown Zellerbach at 20⅞, Dairy Dale "A" at 30½, Dairy Dale "B" at 24⅜, Golden State Milk at 53, Langendorf "A" at 33, Leslie Salt at 34¾, Pacific Gas and Electric common at 56½ and Pacific Lighting at 78¼.

Lower levels were touched by California Packing at 77¾, Firemen's Fund Insurance at 110 and Pacific Gas and Electric preferred at 26⅝.

The oils took on strength as the session progressed and higher price levels were found by Richfield at 45¼, Standard at 77¾, Union at 50½, Union Associates at 50¼. Honolulu Consolidated dropped ¼ at 39½.

In the radio section of the list, Kolster moved up 1 point at 43 and Magnavox sold off ⅛ at 8⅝.

Total sales: Bonds, $12,000; stocks, 106,589 shares of $6,866,384 market value.

WOOL MARKET

BOSTON, April 30. (AP)—Sales are being closed on small quantities Ohio 64s and finer Delaine wools at 48c in the grease. Odd lots, 58, 60s strictly combing Ohio wools are bringing 43@47c in the grease. On those grades prices appear steady, but sales are small and demand narrow.

How to Invest $25,000

in sound securities, of ample yield and marketability

SO MANY clients have asked us to recommend an investment policy that will provide sound securities with a high fixed income . . . *combined with real opportunity for a substantial appreciation in value in the future* . . . that we have made up a very attractive, diversified list of marketable investment securities that includes all of these features for an investment program in any amount from $5,000 to $25,000.

We will send a copy of investment program for the amount you indicate. Mail the coupon below.

BROADWAY & 41st ST. BUILDING

New York City

First Leasehold Mortgage 6¼% Sinking Fund Gold Bonds

Dated: April 1, 1929

Due: April 1, 1944

PRICE: 99 and accrued interest to net approximately 6.35%

MORTGAGED PROPERTY: Long term leasehold estate in land and 33-story building, containing stores, offices and lofts, now in process of construction, on the entire block front on the south side of West 41st Street between Broadway and Seventh Avenue, New York City. Completion of the building is guaranteed to the bond holders.

APPRAISALS AND EARNINGS: Two well-known independent appraisers have valued the property at $6,750,000. On this basis this bond issue represents a 66⅔% loan. One-half of the second floor has been leased to the Equitable Trust Company, and five other floors have been rented. Net annual rental income is estimated at $727,550, more than two and one-half times the greatest annual interest charge.

BORROWING CORPORATION: The bonds are the direct obligation of Bricken Textile Building Corp. of which Mr. Abraham Bricken, successful and well-known builder, is President.

SINKING FUND: The bond issue will be reduced by the sinking fund to $3,193,000 maturing April 1, 1944.

We recommend these bonds. For detailed information call or write for

REINS OF MART IN BULL HANDS

(Continued from Fifteenth Page)

receipt of $8,000,000 in gold from Germany last night.

Outstanding development in the day's news were the offering of rights to $219,000,000 in convertible debentures by American Telephone, one of the largest bond offerings since the war, and the first quarter earnings report of United States Steel, showing a post-war high records of $5.04 per share, more than double the $2.11 per share earnings in the period last year. The telephone offering was attractive, the value of the rights being calculated between $7 and $8 a share, and more than half of the proceeds will be used for new construction.

Automobile accessory and parts shares, office equipment and chemical issues were prominent in the upturn. Earnings of automobile parts makers as reported for the first quarter shows gains of about 75 per cent over last year. Murray Corporation, Hayes Body, Timken Roller Bearing, International Business Machines, Motor Products, Wilcox Rich A, Underwood Elliott Fisher, and United States Industrial Alcohol mounted 2 to 11 points to record prices. Commercial Solvents was sent up nearly 19 points to a new peak.

AMERICAN CAN UP

American Can was a strong point, rising 5½ points to a new top, and coppers were well supported, on better demand for the red metal and further reports of a possible merger of American Smelting and Kennecott. Anaconda sold up about about 4 points on its excellent 1928 earnings report. United Aircraft was again hurled upward, touching a new peak at 149½, up about 12 points. The floating supply of this issue is said to be only about 100,000 shares, so that it lends itself to pool operations. Advance Rumely issues moved up about 8 points to new top on the rumors of a plan to pay off accumulated dividends of about 30 per cent on the preferred.

American Telephone responded to the issue of rights with an extreme gain of more than 4 points. United States Steel was firm, but uninfluenced by the earnings report, which came after the close of the market.

A weak spot was Brockway preferred, which dropped 22 points to 106, a new 1929 low, in a small turnover. Adams Express fell back 34 points to 705, and Otis Elevator lost 9½ points.

Commodity markets were generally firm. Cotton rebounded about $1 a bale, after yesterday's sharp break, but lost some of its gain at the close. Wheat futures gained 1 to 2 cents a bushel, largely on evening up of many contracts. Corn was steady.

Foreign exchanges were dull but firm, with sterling, marks and francs showing slight improvement.

PORTLAND TO OPEN GRAIN TRADE BOARD

WASHINGTON, April 30. (AP)—The Portland Grain Exchange of Portland, Or., was designated a contract market for wheat in an order signed today by Secretary Hyde. The action gives that exchange the right to carry on future trading in wheat. The action was in response to an application of the exchange which showed that it had complied with the conditions and requirements of the Grain Futures Act. It will be the second market in the Pacific Northwest permitted to carry on future trading. The Seattle grain exchange was designated a contract market in January, 1926.

NEW YORK BOND PRICES

NEW YORK, April 30. (AP)—Steady investment demands for some of the rails and miscellaneous high-grade issues and expectations of easier credit steadied the bond market today through the month-end tightness of money rates.

In the late trading, convertibles had a small comeback in response to a bullish demonstration in the stock market, but comparative quietness of demand for stock privilege issues was offset by broader buying in the rail, foreign and industrial divisions.

United States government obligations were firmer and traders accepted this as indication of an easier undertone in the money market.

The ability of the bond market to weather the latest credit storm was in marked contrast to its March performance when price averages sank to the lowest level since 1926. Most observers, however, consider the April improvement in bonds as inconclusive evidence of a definite reversal of the long-trend of fixed-income securities.

Still the fastest trading issue on the list, the new American I. G. Chemical convertible 5½s closed at 99, 4 points above the subscription price and a gain of nearly a point for the day on sales of $646,000 par value, one of the previous convertible favorites. Anaconda Copper 7s, dropped into the background with expiration of their conversion privilege. Most of them have been converted into stock. International Telephone 4½s were a little more active on the upside.

Junior rails as a group showed the most strength. Chesapeake and Ohio refunding 4½s moved up a point to within a fraction of their year's high. Other active and firm issues were St. Paul adjustment 5s, Missouri, Kansas and Texas adjustment 5s and Frisco 4½s.

Prime foreign government loans steadied up under influence of more cheerful news of the European situation. French Republic and British issues were firm. German Republics 7s were unchanged. Fiat 7s, carrying stock purchase warrants, ran up 9 points, for the widest gain in the foreign list.

The quotations represent sales of bonds (in thousands of dollars) and the high, low and closing prices in the order given. To expedite transmission the close is omitted when the same as the low, and both low and close when same as high.

Transcontinental Air

Announce Plans—

COMPLETION of the final plans for the advent of Transcontinental Air Transport service, was revealed by officials of this company, as reported in the Los Angeles Times and Examiner of Friday, Apr. 19.

The first flight between Los Angeles and New York will be made July 1, according to T. B. Clement, General Traffic Manager.

Col. Charles A. Lindbergh, one of the company's executives, has worked for months, it is said, to bring these plans to completion. Principal stockholders are said to be the Santa Fe and Pennsylvania Railroads and the Wright and Curtiss Airplane Companies. The company will operate 14-passenger planes, providing a coast-to-coast service in 48 hours—plane by day, train by night.

The stock is listed on the New York Curb Exchange.

We believe this stock should very materially advance in value.

AVIATION INDUSTRY'S NEW GOLD MINE!

Are you interested in this Giant industry and its profit possibilities?

Realizing the aviation industry is in its infancy, and consequently going through many changing elements confronting every new industry, it is necessary to keep constantly in touch with conditions of the various organizations so as to be well advised as to the disposal of some holdings and the acquisition of others.

Believing that intelligent comparison is the first essential of successful investment, our Statistical Department has, by intelligent comparison, analyzed the position of the companies listed below, and is prepared to issue such reports and make such recommendations for sale or purchase as in their opinion would be most beneficial in meeting the requirements of each individual situation.

For both a continued assurance of a present investment, and the possibility of a beneficial change, we suggest that if you now hold any of the issues listed below or contemplate purchasing any aviation securities, you write or call for this information.

For your convenience use the letter appearing on the left-hand side of the corporations named in enumerating the company upon which you desire information.

Wheat Futures Turn Up After Early Decline

CHICAGO, April 30. (Exclusive)—Liquidation was on in the grain markets, with a somewhat lower range, but the wheat market reversed its action later, developing an oversold condition, and prices advanced 1¾@2⅛c from the low and the finish was well toward the top. Net gains were 1⅜@1⅝c, May being 1.13⅝@1.13½, July 1.18⅝@1.18½ and September 1.22½@1.22¼. The bulk of the trading until near the close was in changing between the May and the deferred deliveries.

Scattered longs in May corn sold freely and near-by deliveries averaged lower, closing at a net loss of ⅛c, while September was up ⅛ and December ⅛c for the May. Final sales of May were at 89⅝@89½, July 93⅝@93⅝, September 95⅝ and December 89⅝@89¼. Oats were ¼@⅝c higher, with May 47¼@47⅜, July 46⅝@46½ and September 45⅛. Rye lost ¼@⅝c and closed with May at 94½@93⅞, July 95½ and September 95⅛.

General liquidation by longs was on in May wheat and it sold from 4¾ to 5c under the July, with the July and September taken rather freely as the May was sold out. Cash interests and spreaders did the reverse. There was talk of large deliveries on May contracts, with the general estimates ranging from 2,000,000 to 3,000,000 bushels, although some were inclined to look for a much larger total.

Sentiment was bearish the greater part of the day, but toward the last Minneapolis started upward sharply, and there was general short covering here which caused the final bulge. Minneapolis gained 1¾@2⅜c for the day, with May finishing at 1.14, the highest of the American markets. Winnipeg was 1⅛c higher and Liverpool up ½@⅝d for the day. The latter market was influenced by a better demand and rumors that Russia was buying flour. There was some buying of July here early attributed to foreigners, but the demand for cash wheat at the seaboard was only fair, with sales of 700,000 to 800,000 bushels, mainly Manitobas, but including some durum.

Bulk of the trade in corn was in selling May and buying July and September by scattered longs and commission houses, while cash interests did the reverse, the bulk of the changing between May and July being at 3⅞c. There was some selling at one time on a report issued by Murray estimating farm stocks at 29 per cent larger than a year ago, and the prospective demand 10 per cent less. Shipping demand was only fair, with sales of 75,000 bushels, while the spot basis was steady to ½c higher. Planting was reported as started in the Lafayette (Ind.) territories. Deliveries of 1,000,000 to 1,500,000 bushels are expected on May contracts.

Buying of May oats by a house with Omaha connections advanced moderately to around 1c over the July, against ⅝c at the finish on Monday. Commission houses were fair buyers of the deferred deliveries against sales of May. A little export business was reported in Canadian oats.

Rye was unsettled and eased toward the last and finished about the bottom. Trade was only fair.

Holders of May lard and meats, especially bellies, were free sellers, with offerings taken by shorts and carriers. Changes were made from May to July lard at 37½c difference and May to September at 75c difference. Outside of the lard changing there was little in the market. At the close prices were 2½@5c lower in lard, with ribs off 5c and bellies 10@22½c, May leading the decline.

RANGE OF PRICES

Wheat—	Open.	High.	Low.	Close.
May	1.12⅛	1.13⅝	1.11⅝	1.13⅝
July	1.17⅛	1.18⅝	1.16⅝	1.18⅝
September	1.21	1.22½	1.20⅝	1.22¼

LOS ANGELES MARKET

CATTLE—Approximately 600 head were offered yesterday, 490 of which were held over from Monday. Trading continued slow, with sales being made at around steady values when compared with Monday's close. Most of the holdover supply was plain, half fat cows and steers on the Mexican order. Most of the cow supply still remained unsold at a late hour.

A car of 1355-pound holdover Imperial steers cashed for 11.60, while a load of holdover Imperial Mexicans brought 9.90. Odd lots of common and medium steers cleared from 10.00@11.00. A fair clean-up of the steer supply was made late Monday, most of the steers turning from 11.65@11.90, with one load at 12.10. Several loads of Mexicans sold from 9.65@10.25. The short load of good 999-pound island steers topped Monday at 12.25, instead of 12.35.

A car of good 796-pound Southern California heifers arriving late yesterday sold for 11.00. Odd lots of cows sold from 8.75@9.25, with the bulk of common and medium cows from 7.50@8.50. Quite a few plain light cows late Monday went over from 8.25@8.75. Cutters and low cutters turned from 3.50@7.00. A few medium bulls sold from 8.00@8.50, with common kind down to 7.00.

CALVES—A load of vealers that arrived late was still unsold. The small supply early went over at about steady prices. Odd head and small lots of vealers turned from 12.50@14.00, with plain vealers and calves, including heavies from 9.00@12.00.

HOGS—The moderate supply offered yesterday was cleaned up at generally 10@15c lower prices. A car of good 192-pound Nebraska butchers topped at 12.65, while four loads of good 189 to 200-pound averages sold from 12.35@12.50, while a load of 212-pound weights made 12.00. Two loads of 145 and 152-pound Idahos cleared for 12.15, with 113-pound averages at 11.00. A car of 188-pound local fed trucked-in butchers brought 11.85. Packing sows were in light supply from 9.50@10.00.

SHEEP—Yesterday's supply, all from Santa Barbara Island, was cleaned up on the morning session. The general market was quotable around steady. Sales consisted of 140 head of 50-pound milk lambs at 10.00, 46 head of 76-pound shorn ewes at 7.00, 84 head of 81-pound shorn ewes at 6.00 and 77 head of shorn ewes, including a few bucks, at 3.75.

During the week ending April 27, Los Angeles packers shipped 5 refrigerator cars of dressed lambs to the Atlantic seaboard, while San Francisco packers shipped 3 cars. This makes a total of 37 cars from Los Angeles and 19 from San Francisco, or 56 cars, totaling 35,488 head out of California for the current season to date. During the week ending April 27, there were 445 single decks of live lambs shipped out of California. This makes a total of 960 decks or 140,852 head of live lambs out of California for the current season to date. This compares with 49 refrigerator cars or 31,896 head of dressed lambs and 384 single decks, or 56,330 head of live lambs for the corresponding season in 1928.

YESTERDAY'S QUOTATIONS

Slaughter cattle and calves: Steers, 1100 to 1300 pounds, good, 11.75@12.25; 950 to 1100 pounds, good, 12.10@12.85; 800 pounds up, medium, 11.00@12.10; common, 8.50@11.00. Heifers, 850 pounds down, good, 10.00@11.00; common and medium, 7.35@10.00. Cows, good, 9.25@9.75; common and medium, 7.15@9.25; low cutters and cutters, 3.00@7.15. Bulls, yearlings excluded, good beef, 8.50@9.00; cutter to medium, 6.75@8.50. Calves, 500 pounds down, medium to choice, 10.00@13.00; cull and common, 7.00@10.00. Vealers, milk fed, good and choice, 12.50@15.00; medium, 11.00@12.00; cull and common, 8.00@11.00.

Hogs, medium weight, 200 to 250 pounds, medium to choice, 11.50@12.50; light weight, 160 to 200 pounds, medium to choice, 11.75@12.65; light lights, 130 to 160 pounds, medium to choice, 11.50@12.50. Packing sows, rough and smooth, 8.75@10.00; slaughter pigs, 90 to 130 pounds, medium to choice, 9.75@11.25. (Soft or oily hogs and roasting pigs excluded in above quotations.)

Slaughter sheep and lambs: Spring lambs, good and choice, 14.25@15.25; medium, 13.25@14.25; cull and common, 10.50@13.25. Lambs, 84 pounds down, good and choice, 12.50@13.50; 92 pounds down, medium, 11.50@12.50; all weights, cull and common, 9.00@11.50. Ewes, 110 pounds down, medium to choice, 3.25@7.00; all weights, cull and common, 2.50@5.25.

OUTSIDE MARKETS

SOUTH SAN FRANCISCO, April 30. (AP) Hogs receipts, 800. Direct, 180; weak to 10c lower; top, 12.25 on load 182-pound Idahos; few loads uneven, 12.00@12.20; pigs, 11.05; load lightweight Californias, 12.00; packing sows quoted around 8.50.

Cattle receipts, 40; load back. Early sales confined to few drive-in cows at 6.00@7.25; market quotably unchanged.

Calves, none. Good light vealers quoted around 12.50.

Sheep receipts, 100; lambs, 25c lower or around 50c lower for week. Two decks medium to good 65-pound weights, 14.00@14.50; numerous loads feeders, 10.50@10.75.

CHICAGO, April 30.—Hogs, 23,000; 10c lower; top, 11.60 for 207-pound butchers, 250 to 300 pounds, 10.90@11.40; 130 to 160 pounds, 10.25@11.50; packing sows, 9.85@10.50; pigs, 90 to 130 pounds, 9.50@11.25.

Cattle, 8000; calves, 4000; steer trade steady to 25c lower, 13.00@14.00; she stock steady to weak; bulls firm. Slaughter classes, steers, 1300 to 1500 pounds, 13.50@15.00; 950 to 1100 pounds, 13.50@15.00; fed yearlings, 570 to 950 pounds, 13.50@15.00; heifers, 850 pounds down, 13.00@14.85; cows, 9.75@12.00; cutters, 6.50@8.25; bulls, 10.35@11.50; vealers, 14.00@17.00; stocker and feeder steers, 12.25@13.50.

Sheep, 13,000; slow, weak to 25c lower; good to choice woolskins, 16.25@16.50; clipped kinds held above 15.50; sheep 50c lower; clipped ewes, 8.50@9.00. Following quotations on shorn basis: lambs, 92 pounds down, 14.50@15.75; 92 to 100 pounds, 13.75@15.50; ewes, 150 pounds down, 7.25@9.25.

OMAHA, April 30.—Cattle, 9000; cattle fed steers and yearlings slow to 25c lower; fed steers and yearlings, 12.75@14.00; heifers, 12.00@13.85; beef cows, 9.00@10.50; cutters, 6.50@8.25; practical top veals, 15.50; few loads and small lots stockers at 11.10@13.00.

Hogs, 17,000; shipping demand fairly broad at prices mostly 10c lower; top, 11.00 on 230 to 240-pound butchers; 190 to 280-pound weights, 10.75@10.90; 130 to 190-pound selections, 9.75@10.85; packing sows weak to 25c lower, 9.75@10.00. Feeder pigs strong to 25c higher up to 10.25.

Sheep, 15,000; lambs mostly 25@50c lower; sheep mostly steady; light ewes, feeding and shearing lambs, 25@50c lower; early sales California spring lambs to packers, 17.00; top to shippers, 17.50; fed clipped lambs, 14.50; wooled ewes, 10.50 down; shorn ewes, 8.00@9.00; one load strictly choice California ewes, 9.50; shearing lambs, 15.25@15.75; early sales California feeding lambs, 14.00.

SOUTH ST. PAUL, April 30.—Cattle, 2700; steers and yearlings in moderate supply, 12.50@13.50; she stock active, unchanged; fat cows, 8.50@10.00; heifers, 10.00@11.50; cutters, 6.50@7.75; bulls, 9.00@9.50; stockers and feeders steady; calves, 2800, 14.50@16.50.

Hogs, 6500; extremely slow, practically no early sales; packers bidding 10.75@10.85 on lights and butchers, or 25c lower; bidding 50c lower on pigs, 11.00; talking around 9.50@9.75 on packing sows.

Sheep, 400; clipped lambs steady to 25c lower; ewes, 75c lower; best clipped lambs, 15.00; best clipped ewes, 8.50; few fat wooled lambs, 16.00.

ST. JOSEPH, April 30.—Hogs, 5500; moderately active, 5@10c lower; top, 11.05 for 235-pound hogs; 180 to 270 pounds, 10.80@11.00; 140 to 160 pounds, 10.25@10.60; packing sows steady to weak, 9.75@10.00; stockers and feeder pigs little changed, few 10.00.

Cattle, 1400; cattle slow; few sales beef steers and yearlings steady, 13.50@13.60; butcher she stock steady to strong; bulls and vealers unchanged, 790-pound feeding steers steady at 13.25.

Sheep, 7000; receipts include six doubles California springers; two doubles Arizona, 16 loads wooled lambs, 2 loads clippers, 1 car shorn ewes; indications sharply lower for fat lambs.

PORTLAND, April 30.—Cattle and calves quotably steady; receipts, 30. Calves, cull to common, 7.00@10.00; vealers, cull to common, 8.50@12.00.

Hogs, steady; 15@25c lower for light butchers; steady to 25c higher for feeder pigs; receipts, 280, including 79 direct; lightweight, 160 to 200 pounds, 11.65@11.85; light lights, 130 to 160 pounds, 10.75@11.65; feeder and stocker pigs, 70 to 139 pounds, 9.50@10.75.

COFFEE MARKET

NEW YORK, April 30. (AP)—Coffee spot easy; demand light. Rio No. 7, 17½; Santos, No. 9, 24½.

Rio futures closed steady; approximate sales, 11,000 bags. May, 16.26; July, 15.45; September, 14.84; December, 14.47; March, 14.07.

Santos futures steady; approximated sales, 15,000 bags. May, 22.40; July, 21.65; September, 20.83; December, 20.23; March, 19.76.

Quote: B, 6.10; D, 6.35; E, 6.95; F, 7.10; F, 7.15; H, 7.20; I, 7.25; K, 7.25; M, 7.30; N, 8.65; WG, 8.20; WW, 8.85; X, 8.85.

LOCKHEED Airplane Company

COMMON STOCK

We once again recommend the immediate purchase of this stock at prevailing market levels. Impending events, as well as those already recorded, prompt us to believe this stock to be undervalued in comparison to the stocks of other nationally established aviation companies.

We believe, from our knowledge of these forthcoming events in the Lockheed Aircraft Company, that every speculative investor interested in aviation issues should consider Lockheed as a splendid investment or speculative issue that should show more or less immediate market profits.

Lockheed holds practically all commercial records . . . has one of the finest production factories in America . . . and sales contracts that are exceeding the company's greatest expectations.

We recommend LOCKHEED Common as a speculative aircraft issue of unusual merit.

THE FIRESTONE TIRE & RUBBER COMPANY
Akron, Ohio

Dividend, 7% Preferred Stock

The regular quarterly dividend of one and three-quarters per cent (1¾%) on the Seven Per Cent Preferred Stock of this Company has been declared, payable May 15, 1929, to stockholders of record at close of business May 1, 1929.

John J. Shea, Treasurer,

OIL NEWS

BY HOWARD C. KEGLEY

Curtailment of drilling at Kettleman Hills is entirely in the hands of the operators developing that district, according to the conclusion reached yesterday by permittees and lessees meeting with Umpire F. C. Van Deinse.

An immediate shutdown is virtually impossible, they concluded. Some plan will be submitted for approval within a week for consideration at a general meeting.

In order to hold their leases and permits operators are reported to be compelled to do some drilling, and especially for their own protection where land is held in fee.

Three plans were discussed, the first being that operators agree voluntarily to do less drilling; second, that an extension of time be granted operators to enable them to retain their holdings; third, that a law be enacted giving Secretary of the Interior Wilbur power to extend time of permits to operators when it expires.

The first two plans were given precedence over the third. If the operators cannot agree upon drilling fewer wells, a temporary measure will be suggested whereby they will not lose their holdings if wells are not drilled, it is asserted.

Flowing Mostly Water

The K.C.L. No. 2 well of the Standard Oil Company at the northwest corner of Bakersfield on Section 24, 29-27, is flowing water, with a little oil of 18 deg. gravity. First reports indicated that the production was about eighty-eight barrels of oil a day, along with about 150 barrels of fluid.

The well has created considerable interest in the northwest residential district of Bakersfield, on the north bank of the river near the Oak-street river bridge. The small amount of oil produced at first was obtained in a stratum nearly 1000 feet deeper than that from which other wells in the Fruitvale field are producing. The hole is down 4493 feet.

Building Storage

The Ohio Oil Company is building storage tanks on its Midway Premier property at Poso Creek to care for oil being produced from one of its wells at that place.

Pending erection of the tanks Ohio's well remains shut in.

Digging Sump Hole

The Hancock Oil Company is digging a sump hole for its Bergman No. 1 well, to be drilled as an offset to the Blinn No. 1 well of the Graham & Loftus at Potrero. It is situated near the intersection of Prairie and Terrace avenues.

Drills Out Cement

The Roberts No. 1 well of the Plymouth Oil Company at Santa Fe Springs yesterday drilled out the cement at 7562 feet. It will be drilled an additional 100 feet.

Permit Granted

The Inglewood City Council yesterday granted E. A. McKenna a permit to drill a deep test on a forty-acre lease at the corner of Manchester and Eighth avenues at Potrero. It will be drilled to at least 7000 feet if necessary in search of oil.

A half-mile west of Mr. McKenna's location the Marland Oil Company abandoned a wildcat well at 5500 feet several years ago.

Recements

The Blinn No. 1 well of Graham & Loftus at Potrero was yesterday recemented at about 4800 feet. It flowed considerable oil recently, but water broke in around the casing and the well was killed, according to field reports.

New Completion

The Hensley No. 3 well of the General Petroleum Corporation at Fruitvale yesterday was placed on production, making approximately 630 barrels of 22 deg. gravity oil per day along with 1,250,000 cubic feet of gas. The hole is down 3945 feet.

Situation Improved

A succession of troubles in the Miley-Hobson No. 3 well of the Richfield Oil Company at Seacliff is believed to have ended with the successful landing of four-and-three-quarters-inch casing at 6526 feet.

Some weeks ago the casing in Richfield's well collapsed. A fishing job kept the well tied up for a few days, and since casing was set it has been idle.

Coring Wildcat

Cores from the Redding No. 1 wildcat of the Richfield Oil Company at Semitropic Ridge are reported to be barren of oil indications.

Gas which has been encountered contains about 1 per cent of oil, and is said to be of the same kind as that discovered at Buttonwillow, which is a dry gas.

Richfield's Boston No. 1 well in the Kern Front field, down 3678 feet in the Jewett zone, is reported to be barren of oil formation. The Boston No. 1 is being drilled in an endeavor to extend the present producing field.

Sets Surface Casing

In Ferguson No. 1, being drilled by the Bolsa Chica Oil Corporation in the Kettleman Hills, 1106 feet of twenty-inch surface casing have been set and cemented, according to reports received from the field.

In the Ventura-avenue field Hartmann No. 5 is rigging up to spud in about the middle of May.

DAILY EASTERN CITRUS MARKETS

[By the Associated Press.]

Carlot shipments of California citrus, compiled for the California Fruit Growers' Exchange from railroad passing reports, were reported as follows:

	Oranges.	Lemons.
SOUTHERN CALIFORNIA		
April 29	118	21
Season to date	26,455	5,760
Last season to date	18,575	3,715
CENTRAL CALIFORNIA		
April 29	9	0
Season to date	6,996	169
Last season to date	7,201	297
NORTHERN CALIFORNIA		
April 29	0	0
Season to date	481	47
Last season to date	664	94

California ranged generally lower to steady and spottedly higher and lower at eastern and middle western auction centers yesterday. There were few favorable reports received. Lemons also found unfavorable markets at a majority of auction centers, but sold steady to higher at some.

Analysis of trading developed the following price range per box:

	ORANGES Graded above choice.	ORANGES Choice.	LEMONS Graded above choice.	LEMONS Choice.
New York	3.40@5.80	3.05@3.70	4.15@5.70	3.65@4.75

PRODUCE MARKET

(United States Bureau of Markets)

Trading continued rather slow, with price tendency generally steady to weak. Large artichokes steady, but small sizes plentiful and draggy. Asparagus in heavy supply and weaker. Beans slightly lower. Bunched radishes, spinach and turnips in light supply and firm. Cauliflower cleaning up well. Celery about steady at Monday's advanced price. Lettuce in oversupply, particularly dry pack stock. Loquats weaker. Onions draggy and weak. Slightly firmer tendency for large oranges. Peas about steady. Weak feeling in Russet potatoes. Summer squash slightly weaker. Strawberry receipts increasing and prices lower. Tomatoes steady, with no good Mexican stock offered.

ARTICHOKES — Arroyo Grande, 4-5 dozen, 1.75@2.25; 6-7 dozen, 1.25@1.50; 8-9 dozen, 75@1.00.

ASPARAGUS—Northern, pound, 5@5½; few, 6; poorer, 4@4½; Oceanside, pound, 8@9; smaller, 6@7; local, pound, 9@11; few extra good quality, 12@14.

AVOCADOS—Local, pound, loose, Fuerte, 25@30; Challenge, 17@20; few, 22; Spinks, 18@20; Lyons, 22@25; Stephens, 20@22; few, 24.

BANANAS—Per pound, 4½@5.

BEANS—San Pedro, San Diego county, Kentucky Wonder, pound, 24@25; local, Faba, pound, 6.

SUGAR MARKET

NEW YORK, April 30. (AP)—Raw sugar, 3.59; refined, 4.90.

Futures closed steady, approximate sales, 68,650 tons; May, 1.87; July, 1.93; September, 1.97; December, 2.03; March, 2.10.

METAL MARKETS

CLEVELAND, April 30. (Exclusive)—Daily Metal Trade today says: Little change is expected for several weeks in the tight situation existing in supplies of semi-finished steel in the Pittsburgh district. Back logs of bars and sheets are sufficient to insure heavy operations well through May and steel producers are requiring all of their ingot output for their own finishing mills and regular customers.

At Youngstown demand for billits, sheets, bars and wire rods is so pressing that producers of these products are forced to call upon outside mills for tonnages to insure continued finishing mill operations.

Steel sheet producers at Youngstown face the almost certain prospect of being compelled to maintain high operations during the summer months.

Copper, 18c Conn.; zinc, 6.55@6.60, East St. Louis; lead, 6.80, East St. Louis; tin, 44.25@44.37½ for spot straits.

METAL PRICES

NEW YORK, April 30. (AP)—Copper quiet; electrolytic spot and future, 18.

Iron steady, unchanged.

Tin steady; spot and future, 44.37.

Lead steady; spot New York, 7.00; East St. Louis, 6.83.

Zinc quiet; East St. Louis spot and future, 6.55@6.60.

Antimony, 9.25.

FLAXSEED MARKET

MINNEAPOLIS, April 30. (Exclusive)—Flaxseed steady; May, 2.39½; July, 2.44½.

Duluth: Flaxseed on track, 2.36@2.42; to arrive, 2.36@2.42; May, 2.39; July, 2.42½.

MARKET FLASHES

NEW YORK, April 30. (AP)—Stocks strong; American Can at highest price since 1926 split-up.

Bonds steady; values hold against high money rates.

Curb strong; utilities and aviation shares in brisk demand.

Foreign exchanges steady, francs and marks firmer.

Cotton higher; firm cables.

Sugar easy; lower spot market.

Coffee advanced; European buying.

CHICAGO, April 30. (AP)—Wheat firm; forecast frost Kansas.

Corn steady, improved spot situation.

Cattle steady to lower.

Hogs lower.

"Oldest and largest stock loan company in the West"

Regaining our Place on the Seas

SINCE the World War the United States Government has accomplished a tremendous task in restoring our flag to the seas. It has established shipping routes. It has employed a great number of agents in all parts of the world. It has completed much of the development work necessary in the building of a huge enterprise.

And now, by the passage of the Merchant Marine Act of 1928, the Government has provided the basis for intensive development of the American Merchant Marine under private ownership. For the first time since clipper ship days, our Merchant Marine can compete with foreign shipping on a favorable basis. United States Lines, Inc., operating a fleet of eleven vessels in the North Atlantic service, including the great Leviathan, is in position to take advantage of these favorable conditions.

Citizens of the United States are invited to participate in the earnings of United States Lines, Inc., through the purchase of its Participating Preference Stock.

The earnings per year of the United States Lines, Inc., under private ownership, available for dividends and Federal Income Taxes, are estimated by qualified marine authorities at $2,500,000, or approximately $2.60 per preference share. After receiving $1.00 per share the preference stock shares equally with the common in all further dividends.

Price at the Market
(about $18 per share)

Sweden has refused government assistance to the sugar industry.

MILLIONS IN TRUNK LINE RAIL FIGHT

Pennsylvania Revives Loree Plan Rejected by Interstate Board

NEW YORK, April 30. (Exclusive) A battle of millions for the control of strategic railroads in eastern trunk line territory between the Pennsylvania Railroad on one hand and the Baltimore and Ohio and Chesapeake and Ohio on the other, began today. The conflict promises to be comparable to that waged between the Pennsylvania and the Gould interests in the early part of the century. The same roads that figured in the earlier dispute will be the pawns in the present one.

Through the Wabash Railway, which it controls, the Pennsylvania system plans to apply to the Interstate Commerce Commission for permission to acquire roads already sought by the Baltimore and Ohio and Van Sweringens and link them into a fifth trunk line between Chicago and Baltimore and New York. Thus the Pennsylvania will revive the plan sponsored by L. F. Loree and defeated by the united action of the Pennsylvania, New York Central, Baltimore and Ohio and Chesapeake and Ohio early in 1927 and also part of the scheme fostered by the Goulds three decades ago.

William H. Williams, chairman of the Wabash, confirmed the report that this road would file with the commission a merger petition which would include the Western Maryland. Between these two railroads lie the Pittsburgh and West Virginia controlled by Frank E. and Charles P. Taplin, and the Wheeling and Lake Erie, controlled by the Van Sweringens.

Although Mr. Williams would not discuss the point, it was reported the Pennsylvania and Taplins will act in concert in the new merger move.

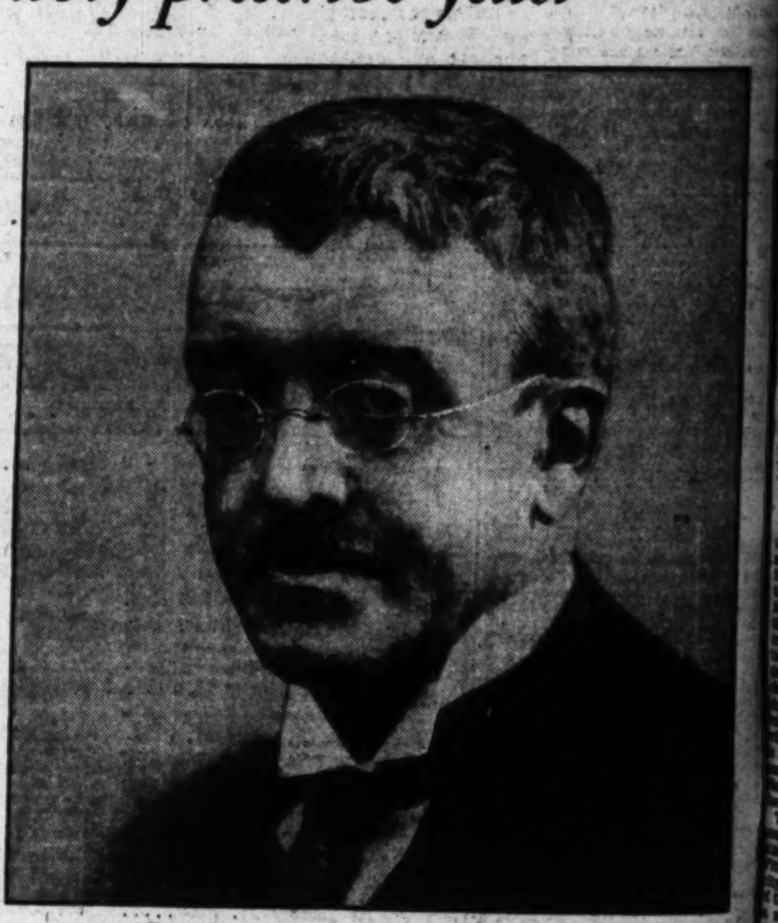
WORLD AUTHORITY ON SKIN DISORDERS

Dr. Edvard Ehlers
says
"I invariably prescribe yeast"

"It is many years since my teacher and friend, Dr. L. Brocq of Paris, taught me to use fresh yeast for staphylococcic infections of the skin. Since then I have invariably prescribed yeast in all cases of boils, as well as in rebellious cases of acne. The effect of yeast upon boils is surprising and incontestable. It is often slightly laxative."

Dr. Ehlers



DR. EDVARD EHLERS of Copenhagen

THE most romantic figure in Danish medicine—Dr. Edvard Ehlers of Copenhagen. Hazardous medical research in the tropics has brought him decorations from half the governments of Europe.

Hospitals for children born sick into the world, established by him throughout Denmark, have cut the infant death rate from one especially dread disease to one sixth its former grim total.

Holder of degrees from the Universities of Paris, Strassburg and Copenhagen, what Dr. Ehlers says of the health properties of yeast is drawn from years of experience as a skin specialist of world-wide reputation. Many doctors now agree that unsightly skin eruptions are due to clogging of the intestines.

In a recent survey throughout the United States, half the doctors reporting said they prescribed fresh yeast.

Fleischmann's Yeast is fresh. Unlike dried or "killed" yeast it contains millions of living, *active* yeast plants. As these pass through your intestines daily they combat harmful poisons, purify the whole system.

Eat 3 cakes of Fleischmann's Yeast daily, one before each meal or between meals, plain or dissolved in water either cold or hot—not hotter than you can drink. For full benefit you must eat it regularly and over a sufficient period of time. At all grocers and many leading cafeterias, lunch counters and soda fountains. Buy two or three days' supply at a time and keep in any cool, dry place.

*90 per cent of ills start here . . .
Here is where yeast works*

As this picture shows you, the alimentary tract is one continuous tube from throat to colon. Poisons caused by clogged intestines spread swiftly through your body. By eating Fleischmann's Yeast you can keep this entire tract clean, active and healthy. You can insure the flawless, healthy complexion which comes only from a clean, active colon.

LOUIS W. MYERS

I heartily indorse John R. Quinn r Mayor of Los Angeles and recmend him to the favorable consideration of the citizens of this city. It is of vital importance to all our people that the next Mayor should be a man possessing in a high degree the qualities of unswerving and unswervable honesty, courage, vision, executive ability, business judgment and respect and reverence for the law.

John R. Quinn possesses all these ualifications in a remarkable dee. He is a native Californian, rn and reared in the atmosphere the West and familiar with all s problems. He is a man of unestionable and unswerving integity. He has proved his high coure, physical and moral, both on the ttlefield and in meeting the tests d problems of peace. He has the road vision of a man born, bred d reared in California, constanty thinking of building broad and ep for the great future that lies fore us.

HAS PROVED ABILITY

e has proved his executive abiliy, both as national commander of e American Legion, and in the ganization and operation of large siness enterprises. His handling the important affairs of the Veterans' Welfare Board of California s reflected great credit on him and the State. His years of close assoiation with business affairs of ge moment have developed and stablished his business judgment. All of these qualities are indispensly required of the man who is to e the Mayor of this city for the ext four years, and Mr. Quinn ssesses them all to a rare dee.

Above and beyond everything else e must have as Mayor a man who ssesses a most profound respect d reverence for the law and an akable determination to see that the laws of the land are enced. In this Mr. Quinn stands re-eminent. Our community, as ell as the entire nation, is facing e of the most serious problems hat has ever confronted our peole in the spirit of lawlessness that s abroad in the land. Unless we n solve this problem, unless life, nd home and property can be ade safe and secure, unless the aws which the people have made can be respected and enforced while they are the law, no man can foretell the evil consequences which may efall us.

ALL MUST HEED

The importance and urgency of this problem is so great that it dends the attention of every one m the Chief Executive of the nan to the humblest citizen. The es that are attempting to overw law and order in this couny, and so to destroy our civilizan, can be conquered only if we, e people, take sufficient interest to ct to public office men of the aracter, force, courage and deteration to stamp out lawlessness ever it may arise. John Quinn such a man. He is a fighter. He not be corrupted or influenced. e will not compromise with the es of evil.

The people of this county have rely elected as District Attorney a of very similar type, Buron ts. But so far at least as this ty is concerned, this is only half the task. We must have as Mayor man of like courage and determination and ideals. John Quinn, Mayor, can and will co-operate th the District Attorney, not only conduct the business affairs of s city along sound and construce lines, but to do whatever may necessary to make the city, which our pride, a law-abiding one and safest place in the whole couny in which to live and rear our dren. I heartily and earnestly mend him to the favorable ideration of my fellow citizens Los Angeles.

THE MUD-SLINGERS

Whether skulking in the cowardly garb of anonymity or strutting openly in the role of bigot, paid character-assassin or the irresponsible disseminator of idle and vicious lies, the political campaign scandal-monger is an evil-doer and a menace to good society.

There should be no place for such a denizen of destruction anywhere. Least of all should lodgement for him be found in Los Angeles. This community has developed and prospered on the broad basis of fair-mindedness, tolerance, justice and breadth of vision.

There is such a thing as intemperance of speech and action, and while either is to be deplored, each can be forgiven and properly understood as misguided or unwise. In the heat of conflict of any kind there have been occasions when men and women of good sense and good intention have stepped beyond the limits of discretion and fair play.

It is not with such excusable errors of good taste or judgment that the people of Los Angeles have now to contend.

The poison of slander has been instilled in the present municipal campaign by pamphlet, tongue and pen. Men whose lives are examples of good citizenship, whose reputations have never been assaulted, now find that their aspiration for public service has subjected them to door-to-door vilification and calumny.

No candidate for public office is entitled to escape legitimate and searching scrutiny of his private life, his occupational experience, his civic record and views, and his general reputation for honor, sincerity and capabilities.

Many unworthy men seek elevation to positions of public trust and responsibility. Some of them succeed in their purpose. Others, justly exposed, are thwarted. But no "fine line" divides justifiable discussion of the strength and weakness of a political candidate and reprehensible defamation of his character.

The Times, which is supporting certain candidates for the various offices to be filled in the present election contest because of a conviction that such individuals are best equipped for the places sought, does not on this occasion speak in their behalf alone.

No respecter of persons is the calumniator—and he who stoops to scurrility menaces not so much the individual as the security of the entire civic structure.

Regardless of his own good qualities, any candidate for public office who incites, or encourages or condones evil-speaking of his opponent is unworthy to occupy public position.

Success is a travesty upon honor and righteousness if won by villainy and back-biting.

This newspaper has never been hesitant at any time in the many decades of its existence to raise its voice against wrong and wrong-doers, whether in or out of office. Within very recent times it felt a necessary duty to public welfare called for stern insistence upon the overthrow of corruption in public affairs.

This community must be purged of knavery and criminality, but the task must be intrusted to men of sincere purpose and genuine qualities—not to hypocrites, not to masqueraders, not to fanatics.

Let every citizen of whatever shade of personal opinion or political preference look carefully into the motives and the credibility of those who come, in any guise whatsoever, speaking or printing or writing that which is perfidious or derogatory to any candidate.

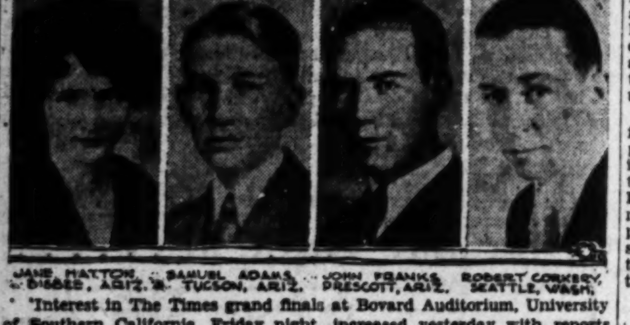
The time has passed in this enlightened community when the traducer, the political rogue, the paid or volunteer whisperer of political scandal, cooked up for the occasion, can change the complexion of public opinion.

An alert citizenship will be able to distinguish between a true and fair estimate of a candidate and one that is obviously unfair or misleading. It should always be borne in mind that those who are themselves above the practices of the rascal and the scandal-monger will not descend to his level nor employ his services.

And in this present campaign, regardless of the candidate or the office he seeks, if any person shall come in his behalf, speaking unscrupulously of his opponent, be prepared to doubt as quickly his own purpose and intent as those of him who is attacked without opportunity to be heard.

ARIZONA CONTEST TONIGHT

State Champion Will be Named at Oratorical Finals; Spokane Boy Wins in Washington Meet



JANE HATTON, BISBEE, ARIZ. SAMUEL ADAMS, TUCSON, ARIZ. JOHN FRANKS, PRESCOTT, ARIZ. ROBERT CORKEY, SEATTLE, WASH.

Interest in The Times grand finals at Bovard Auditorium, University of Southern California, Friday night, increased yesterday with reports from other Pacific Coast districts announcing competitors who are to vie with The Times champion in the Coast finals May 10.

Arizona will select its State champion tonight at the University of Arizona, Tucson, when the State finals of the sixth national and fourth international oratorical contest on the Constitution will be held under the sponsorage of the Tucson Daily Citizen. The winner will represent Arizona in the Pacific Coast grand finals to be held at Shrine Auditorium here May 10.

SIX DISTRICTS

The State was divided into six districts, 42 to 47, inclusive, and the finalists are as follows: John R. Franks, Prescott High School; Alfred Baughn, Phoenix Union High School; Priscella Davenport, Yuma High School; Ada Jones, Thatcher High School; Samuel Adams, Tucson High School, and Jane Lorraine Hatton, Bisbee High School.

The result will be watched with particular interest as there are three young women and three young men competing, the fifty-fifty ratio duplicating the finals of Nevada which were won by Mary Katherine Morris. Should Arizona choose a girl, there will be an assurance of three orators of the fairer sex in the Pacific Coast grand finals as Hawaii is sending over Miss Adeline Reis.

John Franks is president of the Prescott High School student body and is also president of student council, president of the chapter of the national honor society, assistant editor of the school annual, treasurer of the senior class, and ranks second in scholarship. He worked nights in a drug store but still found time to win out in his district and is looked upon as a likely State champion.

Samuel Adams is a member of the State championship debate team of 1928, is president of the junior class and editor of the school paper.

Jane Hatton and Priscilla Davenport are leaders in their respective schools. The latter was winner of second place and alternate for Arizona in the oratorical contest last year. This is her third year of intensive study of the Constitution. Ada Jones in addition to oratory is a leader among the girls of Thatcher in basketball, tennis and track.

WASHINGTON WINNER

Robert Corkey, 16-year-old junior of Gonzaga High School of Spokane, has been selected at the Washington State champion and will be one of the eight finalists of the Pacific Coast finals to be held at Shrine Civic Auditorium, Los Angeles, May 10. Every county in Washington was represented in

RANCHERS WIN WATER RULING

Los Angeles Enjoined from Owens Valley Pumping

City's Counsel in Case Will Take Fight Higher

Decision Interpreted as Forcing Land Purchase

A judgment upholding the suits of more than a score of Owens Valley ranchers and land holders against the City of Los Angeles and the Department of Water and Power over the diversion and pumping of water from the valley watershed was rendered yesterday by Superior Judge Frank Lamberson of Visalia, sitting at Bakersfield.

The finding of the lower court, which awarded the plaintiffs no damages, will be appealed, it was announced by W. B. Mathews, general counsel for the Department of Water and Power, in explaining that the decision was handed down in an injunction suit brought by Mrs. E. A. Edwards, a property owner in the Lone Pine district, seeking to enjoin the city of Los Angeles from pumping water from city-owned land in the Manzanar district.

The Edwards suit is typical of a series of about forty-five cases now pending, covering approximately 2000 acres in which the owners are seeking to force the city to purchase their lands, Mathews said.

The plaintiff contends that the pumping operations of Los Angeles serve to lower the water table under her property situated in the Lone Pine district, eight miles south of the city wells. The Department of Water and Power, in answering the suit, contends that its pumping operations in no-wise affects the Lone Pine water table, since the two areas are not connected as water bearing lands; and further, that as owner of the land upon which the wells are situated the city has the right to pump water from these lands for use in Los Angeles.

In his memorandum of judgment, favoring the contention of the plaintiff after a thirty-day hearing, Judge Lamberson ordered that the City of Los Angeles and the Department of Water and Power be restrained from diverting any waters pumped from under ground on the so-called city ranch near Lone Pine to places outside the watershed of the Owens River.

INJUNCTION ORDERED

He ordered that the defendants be enjoined from "diverting, conveying or taking away from the Owens Valley" any of the underground waters produced from wells

BOYS AND DADS TO RALLY

Seven Thousand Will Celebrate Loyalty Day in Great Mass Meeting Tonight

More than 7000 boys and men will direct their course this evening to Shrine Auditorium at Jefferson and Royal streets, to celebrate in a father and son mass meeting Boys' Day in Loyalty of Boys' Week. Nearly 3250 boys from the senior and junior public high schools and parochial and private schools, each accompanied by his father, will attend the demonstration. Five hundred business and professional men of the city will occupy a special section to hear Boys' Week messages.

Greeting the celebrants will be a band from the Le Conte Junior High School playing at the front portals shortly after 7 o'clock. John Henry Lyons will direct lively community singing. Then will follow a program which consists of acts from leading theaters.

FOOTBALL TEAM TO ATTEND

Coach Howard Jones and his football team of University of Southern California will be both seen and heard. Star acrobats from the Young Men's Christian Association will give demonstrations. The boys' harmonica band from the Los Angeles playground department will provide instrumental music. James A. Foshay Junior High School boys' glee club of sixty-eight voices will appear with a boy leader. Col. Tim McCoy, master of Indian sign language will give demonstrations. Los Angeles Police Department pistol team will demonstrate snappy marksmanship.

Joseph Scott, chairman of the Boys' Week Committee, will make an address to fathers and Dist.-Atty. Fitts will talk to the boys.

BOYS HOLD OFFICE

Youth took possession of city, county, State and Federal offices yesterday and throughout the day every post of importance in local governmental machinery was manned by a boy. The occasion was Boys' Day in Citizenship.

The boy Mayor was Joe Vaccariello, 18 years of age, a senior at Jefferson High School. Edward Austin of Franklin High School was Chief of Police.

Sitting with President of the Council Bonelli, as he presided over a short session of that body yesterday morning was Joseph V. Di Muro of Loyola High School.

Parker Seeman was with Superior Judge Valentine, temporarily sitting as presiding judge of the Superior Court.

Tomorrow is Boys' Day in industry, on which occasion hundreds of boys from the schools will visit stores, factories, banks, railroad shops and aviation fields on special tours of inspection, which have been arranged by executives of the various institutions. Some business houses are having as many as 1000 boys as their guests for the day.

Friday, which is "Boys' Day in the schools" will be generally observed in all educational institutions, and Boys' Week will end Saturday with "Boys' Day in recreation," with probably hundreds of outdoor programs.

HOME STUDY TO BE REVISED

Committee's Analytical Report on Schools Awaited; Parents' Co-operation Asked

Home study requirements for students of the public schools will undergo a revision as soon as the committee, headed by Miss Katherine L. Carey, assistant superintendent of schools, has completed its analysis and report. This was the announcement yesterday of Frank A. Bouelle, superintendent of schools, who has had the subject under investigation ever since he took office last February.

"School executives are not entirely to blame in this matter. It is one in which the parents are equally responsible," Superintendent Bouelle said yesterday.

"So long as parents ask that their children be allowed to carry more than the four 'solids,' (major studies) and then spur them on to making high grades, the problem will be a vexatious one. No child can carry five 'solids' and bring home A and B averages without a good deal of home study.

"I am opposed to children being required to do any home work at all in the first three grades," Mr. Bouelle continued. "From the fourth to the seventh grade they should not be required to spend more than a half to three-quarters of an hour in the evening. In the eighth grade that time should be increased to an hour, and for the ninth grade twenty minutes to each subject is sufficient.

"After the student reaches high school his study requirements increase. He must have a certain

COURT UPHOLDS FINGER PROJECT

City Now Can Go Ahead on Hollywood Streets

Ruling Supports Council in Starting of Plans

Cost of $5,000,000 Will Be Largest on Record

Property owners seeking to compel the city of Los Angeles to abandon the Hollywood street improvement project known as the Five-Finger Plan lost in their court fight under a ruling of Superior Judge Yankwich handed down yesterday.

After hearing testimony and arguments for several days Judge Yankwich decided in favor of the city by entering a judgment for the defendant. The decision denies the plea for a permanent injunction and dissolves a temporary restraining order heretofore issued.

The effect of the court ruling permits the city to proceed at once in the selling of twenty-five parcels of property for the unpaid assessments levied for the improvement and to go ahead with the actual work on the five major traffic streets to be improved.

The streets involved in the litigation dating back to 1925, are Cahuenga, Ivar, Wilcox, Cole and Argyle avenues.

The improvement when completed will cost in the neighborhood of $5,000,000, the largest street project ever attempted at one time by the city of Los Angeles.

In the recent court fight brought by Alexander C. Gray and other property owners against the city and the Board of Public Works, the city was represented by Deputy City Attorney Frederick Von Schrader. Attorney Robert Young was counsel for the property owners.

The general contention of the property owners was that the ordinance of intention adopted by the City Council of Los Angeles November 6, 1925, by which the improvement was initiated, and all the proceedings connected with it, were void and of no effect.

WHAT JUDGE SAYS

In one portion of a lengthy opinion Judge Yankwich in deciding the case declares:

"In the matter of the initiation of the proceedings, all we find is that certain residents and property owners in the district interested in the project presented a petition to the Council requesting the initiation of proceedings for the plan.

"The members of the Council did not need the request of any one to institute these proceedings. They could have instituted them on their own motion. But, assuming that this petition actually served to call the attention of the members of the City Council to the project as ultimately outlined by the City Council and the City Engineer followed in the main the proposal outlined in the petition, can it be said that that was a surrender of legislative power by members of the City Council?

"We all must take judicial notice of the fact that in a city of the size of Los Angeles it is impossible for members of the City Council to know all the needs of the various portions of the city and that particularly in the matter of streets and other improvements. The initiative always is with certain interested parties in the district."

COUNCIL TO HEAR PROTESTS

Protests are scheduled to be heard by the City Council today against the ordinances of intention for the improvement of the streets in the Jordan avenue and Devonshire street and the Hamel Road and Alden Drive improvement districts.

The Lancer

by Harry Carr

IT ISN'T often that this column busts into politics, but a chance to get a man like John Quinn for Mayor doesn't come every day. He is one of the strongest and one of the kindest men I have ever known. He measures about nine feet six in every direction, and most of that territory is occupied by his heart. The first man who tries any rough stuff during his administration will probably get a bust in the nose; the grand's jury's function will be to collect the remains in a basket.

INTRODUCING NACO

I have returned from the frightful conflict between enchiladas and frijoles on the Mexican border to find a new pup on the ranch.

His name is Naco, and he is a Llewellyn setter by ancestry. He measures the same in every direction. His life is more complicated than that of a Mexican general.

Jupe bites him in the nose when he gets too snoopy. The Persian cat growls at him from the basket in which puss sits enthroned like an oriental rajah. Mister McTavish, the Scotty, observes his frivolity with lofty disgust and pushes him off the rug.

CONSOLIDATION

Marion Talley has a mad with the critics and is retiring to a farm, somewhat consoled by a $1,000,000 bank account. Trader Horn is retiring to the seclusion and obscurity of a Hollywood movie studio. He must have made about a million himself; and if you don't want to believe that story about the red-headed damsel who was queen of an African cannibal camp, it's okeh with him. He still has the million.

HE WAS HIM

We hear much about the deplorable sophistication of this fast-moving age, and Trader Horn cleans up on a nursery tale. I have a secret conviction that in the book he is now writing he will confide the fact that he was Jack who climbed the bean stalk. And we will believe it.

AND THAT'S TOO NEAR

If the authorities really feel that Aimee McPherson has to be tried again, I hope they pick out a courthouse in the middle of Kamchatka, where there is no telegraph and the mail leaves only once in five years.

SHE'LL BE A BELLE

The little Los Angeles girl who made a lovely gown for less than $5 will probably marry an oil operator or somebody who will buy her fur coats by the warehouseful, and insist that she have all her gowns made in Paris. That's the way things are.

Anyhow, because a girl can make a gown for $5 is no sign that she has any soul hankering to go on making them for $4.98 forever.

TWO KINDS

My observation is that there are two kinds of girl who like to wear expensive clothes.

Those who have been poor all their lives and have had to scrimp and make over old things all their lives.

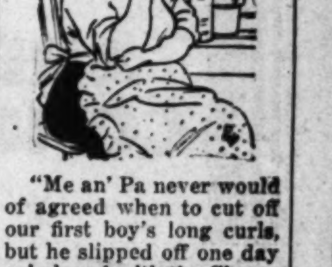
Those who have plenty of money and haven't had to make over old things.

STREET ORDINANCE ADOPTED

An ordinance of intention for the improvement of Ronan avenue between J and K streets was adopted by the City Council yesterday and June 5 was set as the date for hearing protests against it.

AUNT HET

BY ROBERT QUILLEN



"Me an' Pa never would of agreed when to cut off our first boy's long curls, but he slipped off one day an' played with the Clancy children down at the railroad."

Bank Bandits Rob Woman Cashier but 'Nitro' Ruse Fails

GIRL LOOKOUT OPERATES CAR

Raid at Los Nietos Made by Trio in Auto

Official Faints and Thieves Carry Off $5500

Hollywood Manager Routs "Bottle Suspect"

A dramatic hold-up of a lone woman cashier of the Los Nietos branch of the Bank of Santa Fe Springs, which netted the robbers $5500, and the courageous refusal of a Hollywood branch bank manager to comply with the commands of a suspected nitroglycerin bandit when ordered to give up $10,000, thereby causing the man to flee, were enacted into the criminal history of Los Angeles city and county yesterday.

About noon, when Ruth M. Langley, assistant cashier, was alone in the office of the Los Nietos bank, two bandits were driven to the place by a stylishly clad blond girl, according to the report of deputy sheriffs. The men entered the bank. One of them menaced the woman with a gun while the other handed her a heavy paper grocery bag and ordered her to place all the money of the bank in it.

BLOND LOOKOUT

During this procedure the blond accomplice sat outside in a car, a small cream-colored roadster, as a look-out, calmly smoking a cigarette, witnesses said.

Finding only a small amount of money in the cashier's cage, the robbers ordered Miss Langley to open the safe. Frightened by the bandits' threats, she fainted just as the safe door swung open. When she revived the men had escaped, taking with them $5500, according to Capt. Walter Hotz of the Norwalk substation of the Sheriff's office. Deputy Sheriffs Stewart, Christy and Large assisted in the investigation of the robbery.

By threatening to call the police when a man entered the branch of the Citizens' National Trust and Savings Bank at 6720 Hollywood Boulevard yesterday morning and said that he would blow up the place unless he was given $10,000, R. A. Britt, manager, foiled an attempted robbery by a "nitroglycerin bandit," according to the police report.

The robber slipped quietly to Britt's desk and handed him a note reading, "Give me $10,000 in tens and twenties. If you make a false move I'll blow up the bank. Do not squawk to the police or the gang will return and take you for a ride." The bandit displayed a small bottle of liquid which he said was nitroglycerin, the manager stated.

REACHED FOR PHONE

While the employees and customers in the bank shrank with fear Britt calmly reached for a telephone and told the man he was going to call the police, according to witnesses. Whereupon the bandit ran out of the place.

Britt told the police that the bandit is about 35 years of age, weighs around 145 pounds, and is approximately 5 feet 9 inches in height. He has blue eyes, Britt said, his teeth are all crooked. The man wore a gray tweed suit, gray overcoat and gray hat, the manager stated.

Carmel Myers and Lawyer to Marry in June

Carmel Myers, screen actress, is going to be a June bride, according to announcement made yesterday. Early next month she and Ralph H. Blum, local attorney, will be married, Blum said yesterday. Formal announcement of the engagement will be made Sunday at a tea at the home of Louis B. Mayer at Santa Monica, given by his two daughters, Irene and Edith Mayer.

The romance has been watched in Hollywood for some months and word of the engagement was not unexpected. A date for the wedding will be fixed within several weeks.

LOEB WILL CONTINUE HIS STORY

Victim of Asserted Oil Meeting Attack Called at Conspiracy Trial

Prepared to tell the story of the asserted attack on him by H. J. Kimmerle, Arthur M. Loeb, an officer of the Julian stockholders' committee, yesterday went on the witness stand in Judge Aggeler's court as the State's principal witness at the trial of Kimmerle and De Kalb Spurlin on charges of conspiracy.

Loeb, however, was called late in the day and adjournment taken before he reached the details of the asserted altercation which, according to the State, cost him the sight of one eye.

Kimmerle and Spurlin are charged with having planned the asserted attack on Loeb at the offices of the stockholders' committee June 21, 1927.

Testimony that Spurlin and Kimmerle had met Nick Carey, a newspaper man, on the day in question and told him that he would "see some action" if he went to the stockholders' committee offices was read into the record by Dep. Dist.-Atty. McKay earlier in the session. Carey's deposition was taken a month ago so that he could return to Ohio.

James Bolger, another newspaper man, was recalled for further examination. On cross-examination Bolger recounted the story he previously had told of seeing Kimmerle strike Loeb with his fist.

The trial was marked with numerous objections on the part of defense counsel. Loeb will resume his testimony this morning.

RECREATION HARBOR BILL DENOUNCED

Engineer Tells City Club Santa Monica Yacht Plan Opposes Public Interest

Opposition to Senate bill No. 797, known as the Santa Monica Yacht Harbor bill, was voiced at the City Club yesterday by Taggart Aston, a consulting engineer, who said that the bill originated from activities of citizens north of Santa Monica "who have rock quarries to develop for cement or breakwater purposes or who own subdivisions the value of which would be enhanced by the expenditure of public money on a harbor proposed to be placed opposite their properties."

"This bill, which already has been slipped through the State Senate and which may be passed by the Assembly, is against the best interests of the public," said Mr. Aston. "It would take the beaches and recreation grounds out of the hands of the Los Angeles Playground and Recreation Department and place them under a handpicked board of three governors who, during the period of construction, would be in a position to favor quarry owners and real-estate brokers.

"At the inception of this project, propaganda was issued to the effect that three miles of breakwater, starting on the Bell and Miramar estates, could be built in thirty-two feet of water for $3,000,000, using rock to be blasted from the Alphonzo Bell quarries, and would extend to opposite Santa Monica," said the speaker. "As a matter of fact, under present unit prices the proposed work would cost approximately $10,000,000."

Mr. Aston, George Dunlop and other speakers said that the bill, with certain amendments, probably would be acceptable to the public, but that in its present form it will, if enacted into law, be subversive of the people's rights. Wilkie Woodward of the Alphonzo Bell Corporation spoke in favor of the bill, adoption of which, he said, will provide the Southland with a splendid recreation harbor that will make for the pleasure and profit of all citizens of Southern California.

More tourists visited South Africa last year than in any previous twelve months.

BABY BLASE ABOUT CAMERA

Director's Infant Scorns to Pose

Mr. and Mrs. George Fitzmaurice and Baby

CAMERAS meant nothing in the life yesterday of Sheila Fitzmaurice, who is just 52 days of age, even though her father, George Fitzmaurice, is a big director. When a camera was set up to take her first picture on the lawn of the Fitzmaurice home in Beverly Hills, Sheila blinked at the sun, took one look at the camera and nestled down in the arms of her mother to let come what would.

Her mother, who before her marriage was known to the screen as Diana Kane, and Fitzmaurice, too, expressed a fond hope that Sheila always will hold cameras in such light esteem, indicating, of course, that they are not anticipating a picture career for her.

Fitzmaurice, who now is directing "The Locked Door" for United Artists, and his wife declared they named their baby Sheila "because we liked it and because it is a good Irish name." Sheila was born March 10.

AIR YACHT PURCHASED BY HANCOCK

Giant Ten-Place Plane of 800 Horsepower to be Used for Pilot Instruction

A ten-place, trimotored, 800-horsepower air yacht has been purchased, it became known yesterday, by Capt. G. Allan Hancock, Los Angeles sportsman and backer of the trans-Pacific flight of the Southern Cross, for service on his Santa Maria air lines and for final instruction of transport pilots at the Hancock Foundation College of Aeronautics, which will be opened formally today. The huge craft, ready for tests and delivery at Metropolitan Airport, is a product of the Bach Aircraft Corporation, and the eighth of its kind manufactured to date in Los Angeles.

Termed by Bach pilot-testers, "The Meteor of the Skies," the new ship is equipped with every advanced innovation known in airplane construction. It has a 400-horsepower Pratt and Whitney Wasp motor, center, and two 300-horsepower Wright-Whirlwinds, outboard, capable of developing a top speed of 155 miles an hour, a cruising speed of 125, a landing speed of forty-five and a ceiling in excess of 20,000 feet. Weight of the plane is 4600 pounds, which advances to 8000 when loaded.

Proponents of Bunker Hill Cut Ousted by Antis

In a lively session of the Bunker Hill Improvement Association in which all property owners who opposed a prearranged resolution, were invited to withdraw, a resolution opposing the Bigelow plan for razing Bunker Hill was adopted. The meeting was held at 300 South Olive street. Frank Purcell, president of the organization, presided.

When it was announced that a resolution was to be read opposing the Bigelow plan considerable objection was voiced. Speakers who favored the resolution demanded that the opponents leave the meeting. After considerable commotion a number of the property owners left the hall.

RANCHERS WIN WATER RULING

(Continued from First Page)

located on lands lying north or west of the lands of the plaintiff farmers, and which wells have not been pumped for a period exceeding five years before the actions were started.

The court adjudged that the farmers and land holders own their respective quantities of water from Tuttle Creek and Lone Pine Creek, as they assert in their complaints, and the use of the waters from these creeks is limited to use upon lands for which and upon which the water has heretofore been used and that the defendant City of Los Angeles has no right to take the water away from or out of the Owens watershed.

The court enjoined the City of Los Angeles from taking any of the surface waters of the Owens River in excess of quantities which the city has been taking prior to the period of five years preceding the actions. The judgment also restrains Los Angeles from diverting the waters from the Owens River by means of the Mt. Whitney pumping plant.

The court announced that it was of the opinion that the method of collecting waters north of the Tinnemaha gap for diversion below that point is not important or material because all the waters of the valley are concentrated in that gap which is in the nature of a natural barrier and south of the gap such waters may be said to begin a new journey as surface and underground waters.

The finding of the court was interpreted by attorneys for the plaintiffs as meaning that Los Angeles must either buy all the remaining lands, or fight the issue in a new series of battles in the higher courts. The city, up to the present time, according to Mathews, has not considered the purchase of these lands because they are not connected with the aqueduct water supply.

COLORADOANS MEET FRIDAY

The monthly meeting of the Colorado Society, it was announced yesterday, will be held Friday evening at 1024 South Grand avenue. A vaudeville program and dancing will follow the business meeting.

FREE CLINIC ANNOUNCED

A free clinic for the correction of speech defects, to be held Saturdays from 10 to 12 a.m. at 2406 South Hope street, was announced yesterday by Dr. Charles G. Stivers, director of the school of expression.

NEW DANCE RULES LIKELY

Police Board to Discuss Matter Friday in Drive to Banish System of Paying Girls in Halls

New rules and regulations for dance halls, which may extend to the large hotels and cabarets where male dancing partners are reported to be employed, in the Police Commission's campaign to eliminate the system of paying girl partners in public dance halls are to be considered at a special meeting of the commission Friday at 9 a.m.

Operators of a dozen public dance halls, closed by order of the commission a week ago following an investigation of so-called taxi, or instructor, dancing, by Commissioners Pierce and Gollum, appeared before the commission yesterday. The commission voted to lift the ban on these halls providing no paid partners are employed and they are operated entirely on a social basis. The operators, however, declared this would give them no relief and they might as well remain closed.

The operators say 500 girls will be thrown out of work should the ban on paying them as dancing partners remain enforced.

Mrs. Cora Deal Lewis, member of the County Public Welfare Commission, invited to the meeting by President Schweitzer because of her many years of public spirited effort in behalf of women and girls, surprised the other commissioners by speaking strongly in favor of instructor-dancing by which the girls receive a percentage of money taken in at the dance halls. She asserted that under proper regulation the system is much better than to have men standing around trying to get acquainted with unpaid girls at the dance halls.

"There are a number of vile dens on Main street," she said, "which require more attention than the dance halls."

Police women, city mothers, public welfare workers and the dance hall operators will join with the commissioners Friday in discussion of new rules.

BAYER HOME AFTER TOUR OF EXHIBITS

Chamber's Envoy Reports Rail Lines Expect Large Tourist Influx This Year

Charles P. Bayer, manager of the field service and exposition department of the Chamber of Commerce, returned yesterday from a three weeks' tour of the eastern section of the United States making arrangements for the county exhibits that are held annually in eastern fairs.

While in the East Mr. Bayer rearranged the permanent exhibits in the Chicago and Washington offices of the chamber. This trip is preliminary to the preparation for the tourist season which will be in full sway with the reduction of the rates by the railroads. Several of the lines have announced that the excursion fares for the tourist season will go into effect May 15, according to Bayer.

In interviews with the traffic and district managers of several of the trunk rail lines, Mr. Bayer states he found that the rail officials are expecting a heavy tourist season into Southern California during the vacation periods.

HOME STUDYING TO BE REVISED

(Continued from First Page)

scholarship standing to enter the university. If he fails after entering college the high school is blamed. But any high school student should complete all of his home work in two hours.

"I am opposed to lengthening the school day, as has been proposed. This is not possible in such a climate as we have in California. It is not practicable in any climate. After a child has spent six hours in classes and one hour in study hall he has had about all he can stand."

According to Arthur L. Gould, assistant superintendent of schools, the elimination of home study can be accomplished only by greatly increasing the teaching staff and enlarging study halls.

TOO MUCH VARIABILITY

"What one child can accomplish easily will take another child twice as long. This variability in students is the real crux of the difficulty. One parent demands that home study be abolished as burdensome, while another parent asks: 'Why don't the teachers give Jimmy something to do at home?'

"But we are trying to reach the average student. In this problem, too, the parents must help. The child must be given a quiet, well-lighted place in which to study. He can't accomplish much while the radio is competing, and until the evening's entertainment is over he does not get to work."

Miss Carey, chairman of the committee analyzing the home study problem, believes that part of the recitation periods should be given to study. This would greatly reduce the time spent in study after school hours. It also would afford the teacher an opportunity properly to supervise the student in his efforts to master the assignment.

"Teachers must guard against overenthusiasm for their subject; they must study the child's accomplishment and keep assignments moderate," she said.

ARIZONA WILL PICK ORATOR

(Continued from First Page)

the contest. Corkey is the youngest of the eight candidates who qualified for the State finals. John Dillon of Seattle was second and William Wright of Farmington, one of the smallest high schools in the State, third. The Seattle Times is the sponsor of the contest in that State.

TRENNER NAMED HEAD OF OPTICAL CONCERN

Announcement was made yesterday that Dr. George A. Trenner has become the head of the Standard Optical Company, 612 West Sixth street. For a number of years he was manager of J. C. Huteson & Co., Omaha, wholesale and retail opticians. He organized and was president of the Denver College of Ophthalmology and Optometry. For the past six years he has been associated with a local company. Dr. Trenner devised a new system of oculo-motive technique for the alleviation of ocular spasm. The value of this new system, it is explained, is found in the complete relief of ocular discomfort involving persistent pain in the head and the eyes.

WILEMAN WILL SPEAK AT BARKERS' TODAY

Edgar Harrison Wileman will speak at 2:30 p.m. today in Barker Brothers' Auditorium on modernism in the home. He is consulting decorator at Barker Brothers, and a lecturer on interior decoration at the University of Southern California and at the University of California at Los Angeles. He speaks on the sane use of the modern vogue in the home, and illustrates his talk with displays of modern living-room furnishings.

CHILD BADLY HURT IN AUTO ACCIDENT

Majaunta Sloan, 8 years of age, of 3209 Descanso street, was injured seriously yesterday when she was struck by an automobile on Sunset Boulevard near Griffith Park Boulevard. The car was driven by Mrs. J. J. Perry of 4116 Dundee street. The girl suffered a crushing of the chest and possible internal injuries. She was treated at Georgia-street Receiving Hospital and later removed to University Hospital, Culver City.

Plans have been completed for a transcontinental commercial aviation service in Australia.

MOTHER TELLS KIDNAP STORY

Mrs. Grant Gives Testimony in Palmer Trial

Says Accused Took Boy for Music Lesson

Youth Will be on Stand at Resumption Today

Telling how her 11-year-old son disappeared for more than two months when she thought he was to be gone only for a day, Mrs. W. Grant yesterday took the witness stand in Judge Fricke's court as a witness in the trial of Henry Palmer, charged with abducting young Richard Grant.

Palmer was arrested in Arizona last February after a search had been conducted for him and the boy throughout the western part of the United States. In addition to the kidnaping charge he faces two counts of committing a statutory offense against the boy.

It was on December 21, last, according to Mrs. Grant, that Palmer, whom she thought a friend, came to the Grant home and asked that he be allowed to take the boy to Long Beach for a music lesson.

Thrilled over the prospect of her son obtaining a musical education, Mrs. Grant said she and her husband consented and Palmer called the next day and left with Richard. She did not see her son again until two months later, following Palmer's arrest in Arizona, Mrs. Grant said.

Other witnesses included the boy's father, a painting and papering contractor, a brother, and Richard himself. Richard was on the stand for a brief period before adjournment and his testimony will be resumed today.

Following the trial of the present case, Palmer will be prosecuted on the other counts against him, according to Dep. Dist.-Atty. Scheinman, who is prosecuting the case.

VOTE RESULTS GOING ON AIR

"Times" Election Service Will Be Available for Those Listening to KHJ

All of The Times' special election facilities will be available the night of the 7th inst. to prepare and digest election returns for radio.

These will be given over KHJ, the Don Lee station, commencing with the world-wide news at 6:45 p.m. with an election resume. The later returns will be given at periodic intervals on a schedule to be made public later.

NEW ENGLAND TO RALLY

Former residents and tourists of the six New England States will assemble for a reunion next Tuesday evening in Veterans' Hall, 246 South Hill street. Today's Bible Text

Awake, awake, put on thy strength, Shake thyself from the dust; arise, For thus saith the Lord, Ye have sold yourselves for nought; and ye shall be redeemed without money. Isa. lii:1.

ONCE A FORGER

A couple of forgers who got to be trusties at San Quentin found the ruling passion so strong that they worked up a system whereby they got cash on prison checks to the amount of $3000 or $4000 before they were discovered. It seems that even when we have our clever criminals under lock and key we cannot prevent them from plying their lawless trade.

AT COPENHAGEN

Now they say Denmark must have a new Cabinet. Not just something to keep the butter in, but a political one. In the recent elections the Socialists gained eight seats in the Danish Parliament and there were numerous changes. So it seems that a fresh Cabinet is on the cards. Yet there is nothing rotten in Denmark. They know how to farm in that country and they do better with their soil than most peoples.

SAFETY FIRST

In ten years the railways of America have spent nearly $50,000,000 in trying to make their lines safe for the public. They have studied and investigated every appliance that has been offered in the name of safety. And they have done well. Take it by and large a passenger coach on an American train is about the safest spot for human life that the country affords. It is a darn sight safer than being afoot on a country road or being a wayfarer on a city street.

BUGS AND NUTS

The specialists say that insanity in the State is decreasing. There isn't so much of it nor is it proportionately keeping up its end with other States. You are more likely to go crazy in New York, for instance, than you are in Pasadena and perhaps it wouldn't be so hard to figure out a reason. Also it is whispered that in some sections of California if a stranger seems childishly eager to go back East they either lock him up in an asylum or buy him a ticket to New York. It is hard to provide accurate statistics about the nuts.

YOUNG AMERICA

At the age of 30 years Dr. Robert Maynard Hutchins becomes president of Chicago University, an institution with more than 12,000 students and an endowment of nearly $40,000,000. So far as memory serves he is the youngest executive of a major college and yet he has qualified through years of training and experience. He has been dean of the law department at Yale for a number of years and that is no job for a springold. He has the vision and enthusiasm of youth and the wisdom of the sage. This should be a good combination for a great school.

HOT DOGS FOR ALL

Down in Texas the city of Dallas has just elected a new Mayor by a margin of 3000 votes and his success seems to lie largely in the fact that he provided a practically unlimited supply of hot dogs for the nourishment of the electorate. No one came to him unwelcome or left him empty-handed. Instead of the ancient keg of hops or box of stogies that marked the campaigns of a city boss in other days the voters of Dallas were bidden to come up and refresh themselves with a savory frankfurter. Just now the hot dog is the steaming emblem of political success in the Texas metropolis.

PERFUMES IN BUSINESS

A professor of chemistry in one of the big laboratories urges the larger use of perfumes in the business world. All the unpleasant smells in merchandise—such as may arise from leather, glue or other agencies can easily be eliminated or attractive odors be substituted. The glove can be synthetically treated to give a haunting fragrance suggesting a conservatory rather than a skinned animal. It is even hinted that wall-paper patterns could carry the scents they represent. A bunch of roses would bear the perfume of the bush. There are a lot of suggestions for merchandisers who like to put things up in fancy packages.

THE PLAN OF HERMOSILLO

The "plan of Hermosillo" for the late Mexican revolt has never been made public, but various details of it have become evident. It must, for instance, have contained, among other things, the contemplation of a quick exit over the American border if things did not go so well. Something more than attempted isolation of the Mexican Federal government from the United States was in mind when the decision was made to drive first at the border towns and the ports, and the strategy of assuring that Nogales should be in rebel hands to the last is now disclosed in its full utility.

The rebel generals who flocked over into the safety of Arizona soil, well ahead of the advancing Federals, will be given the benefit of the doubt and received as political refugees, entitled to the right of asylum under both national and international law, but their case indicates that at times the right of asylum may be abused. Not all of the rebels, of course, can be designated as bandits and bank robbers; some of them, perhaps, were high-minded patriots who conceived they were acting for the good of Mexico; but certainly others were interested only in their own pockets. It is reported some of the fleeing "generals" have fat bank accounts in Los Angeles and other American cities, which may or may not have been established in contemplation of this very contingency. The question arises in connection with these anchors to windward as to how far the United States is in honor bound to protect loot and the persons of looters.

As was said in this column soon after the inception of the outbreak, this particular revolt seemed to be the most purposeless in all Mexican history. The rebels had a plan, the "plan of Hermosillo," but no apparent object save a coup d'etat. They assumed some slogans as they went along, but these varied from place to place and evidently were designed for local consumption. Attempts to claim clerical support were made in some places, attempts to lay claim to the mantle of Obregon in others, but the clericals remained aloof and the mantle was plainly a misfit.

Conditions in Mexico are not to be improved by a coup d'etat, successful or unsuccessful. They are to be improved, if at all, by popular education and giving the government a broader basis, under civilian rather than military control. This, apparently, was not any part of the "plan of Hermosillo," which looked to a continuation of the regime of military dictorships. It was a part of the announced program of Gen. Calles and his successor, President Portes Gil; hence the revolt did not deserve to succeed and there will be general satisfaction, on this side of the line, over its collapse.

To the credit of Gen. Jose Gonzalo Escobar, generalissimo of the rebel forces, it must be said that he, at least, is not yet among the refugees. He has announced the purpose of fighting it out in the Sonora mountains, and guerilla warfare there as the last phase of the revolt is to be expected. It would be more satisfactory all around if Gen. Escobar gave up this determination and slid quietly into Arizona also, even at the loss of some face. Under certain circumstances a fight to the last ditch becomes ridiculous.

SLAYING MISSIONARIES

It is painful to note the revival of the old Boxer feeling against the missionaries in China. Recent Hankow cables tell of the slaying of three Catholic clergymen near Chansgasha, in the province of Hunan. The Nationalists and the Wuhan faction have been battling in this region for some time. Nearly a month ago missionaries in service there were warned to flee the country. It is evident that the brave members of the missionary band in Hunan paid little or no heed to the warning, despite the fact that a Catholic chapel in that part of the province was burned recently.

It has been nearly three years since there was a very serious outbreak against the missionaries in China. In June, 1926, several belonging to different Catholic and Protestant orders were slain, and little was done by the government in the way of indemnity though the incidental property destruction amounted to many thousands of dollars. None of the murderers was brought to justice. The idea at that time was that China did not want the missionaries in its territory, and if they entered it they did so at their own risk.

There are more than 1,500,000 native Christians in China, and the China-for-Christ movement is going forward with a tremendous stride, being backed by the Young Men's Christian Association and other religious organizations. Many of these converts are derisively referred to by the Chinese and foreigners as "rice Christians"—people who have professed Christianity for material gain. The epithet is an old one, and it may have some truth in it, but what is to be said of the hundreds of Chinese Christians who were so strong in the faith that rather than give it up they calmly permitted themselves to be martyred by the Boxers in 1900, and of those others who since that time have suffered all sorts of hardships at the hands of their fanatical countrymen because of their profession of Christianity?

Often we hear skeptics at home say the missionaries have no business in China, and are doing no good there. Lowell once wrote of such people: "When they can find a place ten miles square on this globe where the gospel of Christ has not gone and cleared the way and laid the foundation and made decency and security possible it will then be in order for the skeptical ones to move thither and there ventilate their views."

Christianity is going forward in China despite such outrages against the missionaries as have been reported from Hunan and despite all the sneers of the home and foreign skeptics.

How many stars can you see?—no, no, not when you faw down, go boom—but on any clear night, with a naked eye? Scientists allege 20,000, but they add that during the past three decades, 50,000 twinklers have been located through photographs of the heavens.

W. B. J.

The LEE SIDE O' L.A.

BY Lee Shippey

ANGELENOS always seem to have had a love of the hills and spectacular roadways leading up to heights as dizzying as could be reached. When Mt. Washington used to be a three-hour drive away from Los Angeles instead of a lovely part of it, comparatively "close in," from which men in motor cars can reach their downtown offices in twenty minutes, cable cars like those which now climb Mt. Lowe or Angel's Flight took people up to it and many handsome homes were built there. The building in which Swamis now consent to swap the invaluable wisdom of the East for the valueless dollars of America, we are told, then was a hotel to which the elite of Los Angeles went for week-end outings.

Certainly Mt. Washington is a beautiful spot. One may drive far away and see nothing more inspiring than the views from that hilltop. And a good many famous people love it.

Mission Garden, "a garden with a mission," is the center in which many of these people meet. It is a place which has an almost religious atmosphere, created by the mission architecture and the old mission cross and bell and the almost cloistral quietude of the Vale of Silence, but it is an outdoor temple of art. Jay Wellington, the founder, calls it a cultural art center, and his "disciples" call him an idealist, poet, dramatist, artist and actor, and his physique and manner suggest that he does not despise the joys of living. The mission of the garden, Wellington says, is inspiration, and the informal gatherings before the fireplace in the guest house, the pageants in the amphitheater, the shrines one comes on in the grounds, all are designed for spiritual appeal.

Sometimes we think it makes people more artistic to live on a hilltop. Perhaps it's because they can look down on so much of both good and bad that they can choose the best. But certain it is that when one comes on a house perched on the brow of a cliff or the crest of a high hill it is almost certain to be a place of art and beauty, whether it be simple or ornate, the abode of rich or modest folk. On Museum Hill, above Southwest Museum, we came on a little house in ambush—so hidden by hedge and foliage and flowers that only the birds and the sunshine could find it, and they couldn't have found it had they been passing along the road. We knew it must be the retreat of some one who had reason to hide out from the public—somebody like a colyumist. And sometimes we are psychic. It was the home of Dr. Ralph Power, the radio editor. A tiny place, but certainly compact of artistic originality.

An Eye-rie

On the very crest of that hill is the home of Mrs. Helen Lukens Gaut, who writes poetry and things. It is by no means a mansion, but it is the pleasantest and most brightening house we have been in in quite a while. It's mostly windows, and every window looks out on a view which makes you take long breaths and wish you could give some adequate idea of things like that on paper.

MT. WASHINGTON

Furniture au Naturel

That little house is so bright inside as to have an air of gayety, yet most of the furniture is ancient carved Chinese stuff which might look in place in an oriental palace. Mrs. Gaut's father was the naturalist and scientist for whom Mt. Lukens was named, and he collected many odd pieces. One is a chair which, it is said, was grown by a native of Korea, who began to train a gingko tree in its youth and in twenty years had trained it to grow into such a shape that the chair was formed by it. Mrs. Gaut doubts that there is another chair like it anywhere.

No Nature Faking

The Times' headline, "Tiger Folds His Wings," stirs H. E. B. to ribald jest. "I've seen an elephant pack his trunk and a horse fly," he chirps, "but never knew tigers had feathers."

That headline referred to the Tammany tiger, suggesting it had put off its angel make-up and reverted to type. And we can assure H. E. B. that tiger is pretty well feathered.

Favorite Possessions

"All voice and breathing defects positively restored in fifteen lessons" advertises a teacher of "public speakers, talking-picture and radio artists." And C. B., Jr., who sends us the catalog with the unconscious humor ringed, wants to know why we should pay money for having defects restored.

Well, lots of us value our defects very highly.

MAY DAY

May Day began away back in the misty past as a heathen custom to suggest to Nature to hurry up and produce. Civilization has gradually taken over the idea, cleansed it and given us one of our purest festivals.

The Bolshevists of Europe have squatted down upon it for their bombings and burnings. Just why the children's day with its May pole and flowers should be desecrated to crash and kill is one of the dark and bloody secrets. Possibly garlands of roses make good camouflage.

America has a way of redeeming every holiday for service. Many are coming to think that the best way to keep Thanksgiving Day alive is to dedicate it to a living issue. Coming near Armistice Day, the whole month of November is being appropriated by the peace propagandists.

Many of our great charities have completely sold themselves to Santa Claus. And instead of a holiday of selfish enjoyment, the birthday of the Man of Galilee is becoming a time of peculiar helpfulness. Christmas is taking a new place in the calendar.

Easter has been rededicated and men and women are flocking toward the sunrise. Offerings are poured out lavishly that the same hope may gild all the peaks of all the earth.

Even the Glorious Fourth is having a hard time maintaining its Independence along the old lines. Children so soon forget the sacrifices of the fathers. So statesmen seers are tying it up with other great movements of national life. New goals are flung into the future or new devotion of this generation.

And now May Day has been chosen as Child's Health Day by a no less illustrious efficiency expert than Herbert Hoover. The anniversary is to be worked over into a national play day. Better play for better health is the slogan of the movement.

The President's Child Bill of Rights focalizes all activities. He wants no child in America to be without—proper birth conditions, hygienic surroundings, proper nourishment, prompt and efficient medical care, instruction in the laws of health and sanitation, the birthright of a sound mind in a sound body, and an opportunity for self-expression of the best within.

It is unnecessary to say that the May pole acquires a new dignity at once. The especial pet of girls' schools, it becomes the universal rallying point of all healthy, happy, youngsters all over the country. A ribbon of opportunity runs out to every boy and girl in the republic.

ANOTHER BIRD

According to the cables a Vienna aviator not only kept his glider aloft for more than three and a half hours, but managed to gain an altitude of more than 6800 feet. This is a wonderful showing for a craft that carries no power and is still heavier than air. Wait till all our sailors get air-minded and see what happens.

FLIES AND FLAUNTS THE FLAG

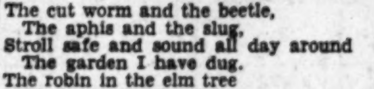
The owners of the Leviathan hold that it is not subject to the Constitution of the United States on the high seas, notwithstanding that it flies the American flag. The vessel sails dry and returns wet.

When trouble comes, however, it will claim protection by the Navy. If a dispute arise over any maritime matter, it will show no sluggishness in seeking the aid of Uncle Sam. Indeed, it will insist that it is his ward. If a foreign power take any advantage of it, it will demand that good American red blood be shed in its defense.

Maritime law to the contrary notwithstanding, the view of the average common-sense American is that wherever the Stars and Stripes fly, that is American soil for the time being. If it be without the jurisdiction of our Constitution, then it is also without the reach of its help in time of trouble.

As long as the Constitution is good for defense, it ought to be good for obedience. Travelers do not want drunken railways. Autoists do not want drunken automobiles. Manufacturers do not prefer drunken shops.

No American ship should be allowed to fly the flag and flaunt the flag at the same time.



THE ROBIN

By James J. Montague

The cut worm and the beetle,
  The aphis and the slug,
Stroll safe and sound all day around
  The garden I have dug.
The robin in the elm tree
  His lyric solo chants
The while they feed with avid greed
  Upon my tender plants.
The earth worm spends long hours
  Of stern unwearying toil
To turn the loam about my home
  To rich and fertile soil.
The robin swiftly notes him,
  Swoops downward like a shot
And my poor friend has met his end—
  Devoured upon the spot.
Far better might the robin
  His beak and claws employ
The hungry slugs and evil bugs
  To capture and destroy,
Instead of constituting
  Himself the mortal foe
Of harmless worms whose twists and turns
  But help my garden grow.
But when, just after sunset
  He perches on a bough
And, clear and strong pours forth the song
  That he is singing now,
And when a distant robin
  His thrilling lay repeats
For all of me, he can make free
  With all the worms he eats.

SOME REFLECTIONS

BY J. A. GRAVES

For some years past an effort has been made by our civic authorities to establish a Civic Center for our great and growing city. In pursuance of this effort our new City Hall has been built in its present location. The Hall of Records and the Hall of Justice are near by. The United States government already has a building at the corner of Temple and Main streets, opposite the City Hall, and other Federal buildings and the new county Courthouse will be built in the same neighborhood.

In face of the express desire on the part of our city to establish this Civic Center, the Federal Reserve Bank of San Francisco, without consulting its Los Angeles stockholders, viz: all the banks in Los Angeles, bought a location for a new Federal bank building at Tenth and Olive streets, this in spite of the fact that I. B. Newton, the Federal Reserve agent, is a Los Angeles man and was undoubtedly familiar with the desires of the people here. The location selected for the Federal Reserve Bank building is fully a mile and a quarter from the now established Civic Center. In the name of common sense, why should this building not have been located near the other public buildings of the city and county? Had Los Angeles been consulted, a location near the Civic Center would have been unanimously chosen. Either the Natick House site or the Nadeau Hotel site would have been an admirable place for this bank building and would have cost less, size considered, than the Tenth-and-Olive-streets location, which is to be decreased in size by the widening of Tenth street. Queer things, past the understanding of ordinary mortals, happen in this world of ours. The location of the Federal Reserve Bank Building at Tenth and Olive streets is one of them.

The law governing the parole of prisoners sentenced either for life or a term of years, should be amended so as to prevent the parole board from paroling anyone bearing a life sentence. Louise L. Peete committed a most dastardly murder in Los Angeles of her employer, Jacob C. Denton, and buried his body in a cellar. Detected, she was tried and, owing to the sickly sentimentality of the jury, was not hanged as she should have been, but received a sentence of confinement in San Quentin for life. If her sentence means anything it means imprisonment for life. No body of men should be empowered to alter this sentence and turn this criminal loose again. After the murder was committed and before she was apprehended, I saw her sitting in the lobby of the Farmers' and Merchants' Bank. Her appearance was repulsive in the extreme. Her countenance bore all the evidences of criminality. I said to myself, after looking at her, "Here is Denton's murderess." Within a week she was arrested. The people of Los Angeles county should rise en masse and oppose the parole of this red-handed murderess.

I do not even know the names of those who compose the Parole Board. Politics may control actions as they are politically appointed. Whoever they are, they should smother all feelings of mercy or pity when it comes to dealing with hardened criminals who have, in a most outrageous manner, violated our laws. I am not up on criminal law procedure. If objection to the death penalty is not a sufficient excuse to dismiss a prospective juror in a murder trial, it should be. One wonders why it is that our Federal courts get a better class of jurymen than our State courts. Federal jurors very often convict where State jurors, on the same evidence, would acquit. Of course everybody knows that there are men and women, ne'er-do-wells, who become professional jurymen. They are anxious to be called for the sake of fees which will be paid to them. Naturally, such persons will prevaricate when being examined as jurors for the sake of being accepted. I should think that in time our public prosecutors would get wise to all of them. In view of the possible parole of Mrs. Peete, let everybody work for a modification of our parole laws. Clara Phillips, another murderess sentenced from Los Angeles county, who should also have been hanged, will probably be up for parole in due time.

From all signs going around, I am of the opinion that our union-labor sympathizer and supporter, Gov. Young, will shortly pardon Mooney, the convicted bomb slayer of San Francisco. Such action would equal the outrage of paroling either the Peete or Phillips convict.

The Pacific Electric Railway Company is taking up old and laying new rails in front of my house in Alhambra. The work is being done entirely by Mexican laborers directed by a Mexican foreman. I have watched these men at work for some days with considerable interest. They were quiet in their actions, industrious, active, attentive to their work, and seemed to know what to do and how and when to do it. I would say that they were exceedingly efficient. On every steam railroad in California the section men are all Mexicans. In the Imperial Valley the melon and vegetable and cotton crops are all planted, tilled and gathered by Mexican labor. Nearly all of our oranges are picked by them. There are not enough white laborers in the country to take the places of these men. Our railroads on this coast originally were built by Chinese labor. They could not have been built without them. There were not enough white laborers on the coast to have done the work. White labor is otherwise employed in driving trucks and automobiles, selling and delivering merchandise. White laborers do not have to and have no inclination to seek such manual labor and such labor as is required in the hot Imperial Valley. In face of these facts, labor-union agitators are warmly, even strenuously, advocating the exclusion of all Mexican laborers from the United States.

These agitators do not stop to consider what the effect would be on the nation at large. White men, on account of climatic conditions, are not suited for the work in Imperial Valley, now done by Mexicans. Mexican labor is gradually being used in all of the Western and Middle States and in some of the Southern States. We do not believe the American people, submissive as they have been to union-labor dictation in the past, are going to submit to the exclusion, even in part, of Mexican labor.

The past history of Los Angeles and its vicinity is pretty well known to all of us. We all realize what has been accomplished here since the Southern Pacific Railroad came to us in 1875 and 1876. It gave us a means of marketing our products. It advertised us to the world and made the Santa Fe and Western Pacific possibilities. Possibly all of us do not fully realize what is going on in the country by way of improvements. A man would have to spend half of his time in an automobile to keep posted on building operations and street improvement work. The man is not living who can paint the picture of what this section will be in another twenty-five years. J. D. Lynch, who, for a number of years, edited the Los Angeles Herald back in the 70's, was an enthusiastic believer in the future of Southern California. Occasionally he would break out editorially in rapturous prophecies as to our future development. I wish some paper would occasionally reproduce some of his editorials, simply to show not only that his predictions have been fulfilled, but far surpassed. He frequently announced that every acre of land in the San Gabriel Valley would be worth a thousand dollars. Could he come back to us for a day, he would be amazed at the fact that much of this land is bringing as high as $25,000 per acre, in acreage lots, for building purposes. He would be more than astonished at what has been done in the building of homes in every section of the county in the past few years. Let the reader close his eyes and try to picture to himself what this country will be in another quarter of a century. Before doing so, he should read Baron Munchausen for inspiration.

• • •

One Robert H. Fuller, who claims that he was a boyhood companion and afterwards associated in business with James Fiske, Jr., has written a book entitled, "Jubilee Jim," being the life of Jim Fiske. His story bears the earmarks of truth. He is vouched for by Charles Evans Hughes, who made him his private secretary when he was elected Governor of New York. If he correctly gives the deals engineered by Fiske, Jay Gould, Cornelius Vanderbilt and Daniel Drew, all the promoters who have since operated in America were mere pikers when compared with them. In reading this story, one must remember that a million dollars in Fiske's day was about ten times as big as a million dollars is today, so when these men pulled off deals which netted them in some instances as high af $50,000,000, they were traveling fast. Lewis and his confederates in Julian Petroleum should have had this book before them when they were operating. They might have made more money and come out of the sorry mess with better reputations than they did. Any sucker who thinks he can get rich playing the stock market will always run up against a "Jubilee Jim," who will skin him.

HECKLING

Heckling is coming back, if recent heckles observed in a Chicago meeting are indicative. Though the heckler represents the audience versus the speaker, presumably, he has been repressed in America by the audience itself. Rarely can he survive the cries of "Put him out!" that greet his first remarks. America never has wanted hecklers.

A native good nature that tries to save the speaker humiliation is one reason. A demand for the whole show without interruption is another. The audience comes for a show that the speaker will produce, why have it ruined? An interest in presentation more than in discussion is another reason. In any case, the heckler is prohibited.

But heckling may come back. The customs of open forum, the bug club, the soap-box debate, where heckling is part of the technique of catching public interest, are becoming more general. Whether Americans are temperamentally able to heckle well and moderately may be a question. But experimental heckling will do no harm.—[Chicago Tribune.

Plants From African Jungle

There has been recently received at Yale University a large number of the most curious trees and other plants which has ever been unpacked in this country. The material was gathered by a special expedition sent out for this purpose under Prof. G. Proctor Cooper for the forestry school of the university. The expedition is still operating in Liberia, although the head of the party has been incapacitated by a severe attack of fever contracted in the jungle. One of the leading tire manufacturing companies is co-operating with the Yale authorities and a great deal of land is being cleared for rubber cultivation. Among the specimens received was a "milk tree," the wood of which when cut, yields a liquid remarkably like milk.

EDWARDS HURLS TRIBE TRIUMPH

Vitmen Held to Five Hits by Seattle Southpaw

Indians Swat Winning Runs Over in Ninth Inning

Defeat Shoves Sheiks Back Into Second Division

BY BOB RAY

Hollywood's "hitless wonders" were the "hitless wonderers" yesterday at Wrigley Field, where they took a 5-to-3 jolt on the chin from the lowly Seattle Indians in the series opener. Big Jim Edwards, the lanky left-hander from Mississippi, was in great form and it was his southpaw shoots that turned the Sheiks from wonders to wonderers — the home guards spending most of the afternoon wondering why they couldn't get many hits.

JIM EDWARDS

Edwards limited the hopeful Hollywooders to five safeties and would have held the Stars' score down to less than three runs but for a bad first inning, when his mates refused to give him support.

The Indians got only seven hits off the combined efforts of George Hollerson and Dick McCabe, but three of those swats were bunched in the ninth inning to put over the two winning runs that broke a 3-to-3 deadlock. McCabe replaced Hollerson in the seventh and was charged with the defeat.

Yesterday's defeat bounced the Stars back into the second division, which they had gained last Sunday for the first time this season by dropping the Seals for a couple of

La Barba Bout Not Rated Title Go

NEW YORK, April 30. (AP)—The New York State Athletic Commission, at its meeting today, declined to designate the Kid Chocolate-Fidel La Barba bout as a bantamweight championship engagement, but hinted broadly that the winner could gain recognition as 118-pound king if all title requirements were met. The commission ordered the boxers to weigh in on May 21 at the bantamweight limit and let "matters take their course."

CUBS DEFEATED BY REDS, 5-4

Rally in Ninth Gives Cincy Baseball Victory

CINCINNATI, April 30. (AP)—The Cincinnati Reds took a 5-to-4 victory from the Chicago Cubs here today, staging a ninth-inning rally which brought them two runs and the game.

ROGERS HORNSBY

Jakie May and Sheriff Blake staged a mound duel that threatened to force the game into extra innings but the war clubs came into action in the last two frames and the Reds took the edge of a see-saw battle.

Rogers Hornsby poled out a home run in the eighth inning to start the Cubs rally and break their

HESS SURPRISE VICTOR IN RING

Zorilla Loses Decision in Go at Olympic Arena

Ocean Park Boy Rallies to Capture Verdict

Pilkington Wins Nod in Dull Semifinal Bout

BY PAUL LOWRY

Goldie Hess, the Ocean Park boy, is a big shot in the Bay district this morning. He beat Santiago Zorilla in one of the biggest upsets of the year at the Olympic last night—beat him by a furious rally in the tenth round that had the crowd howling wildly for Referee Benny Whitman to give the nod to Goldie.

GOLDIE HESS

The Hon. Whitman obliged and the crowd emitted a roar of pleasure. Goldie's beach friends rushed for the ring to grasp his hand and pat him on the back. It resembled the old-time receptions the newsies used to give Mushy Callahan when the junior welter king was climbing the fistic ladder.

Hess threw left and right-hand punches with reckless abandon in the last round, and enough of them landed to wipe out the margin that Zorilla had piled up in the eighth and ninth rounds.

The winner found a left hook with a right swing his best weapons, and he reached his target with telling effect, particularly in the third and tenth rounds.

The bout was Hess' first main event in the Olympic and his second start there. His first was a special event about a month ago. Victory over Zorilla, a topnotcher among the featherweights, means a lot to Hess and he can command attention now that he never enjoyed before.

LACKS TOP FORM

Zorilla is still far from the form that he displayed before his trip to Panama last summer, and his two recent fights—the one with Morgan last month and the Hess scrap—indicate he needs considerable work on the range.

Jackie Pilkington, a newcomer from New York, won the other ten-rounder of the evening from Pedro Amador. It was a dull bout that several times drew a barrage of foot stamping from the galleries.

Lorenzo Sizon, the Filipino boy from the navy, was fast of foot and hand and eye, but he lacked the experience of Huerta Evans, and Evans dragged down the decision.

The victor was rocking Sizon's head badly with a left hook in the final spasm, and the Filipino was a pretty tired boy at the close. His face was well marked by the Evans gloves.

GREAT CLASH

Two redheads—one white, the other black—met in one of the four-round preliminaries. It was a great clash of color with the black boy emerging on top as the result of a knockout in the fourth round. A right to the stomach sent William

RIVALS CLASH IN OLYMPIC GO

Scissors Hold Expert and Old Rival Meet

Headlock Artist in Form for Gruelling Tilt

Tonight's Winner May Face Sonnenberg Here

BY RALPH HUSTON

The bulging arms of "Strangler" Ed Lewis, and the long-vise-like legs of Joe Stecher, both long famous in American wrestling annals, hold the mat spotlight of the country tonight in the feature attraction of Lou Daro's Olympic program.

LOU DARO

Whenever either Lewis or Stecher climbs into a ring it's an occasion for much enthusiasm on the part of the man fans, but whenever they face each other—and tonight makes the sixth time—a young riot ensues.

Five times in championship matches these old masters have grappled, and honors are even. Twice, when Stecher was champion, Lewis removed the crown with victories. Twice Stecher won when there was no title at stake. And once they wrestled to a draw.

BOTH ON WAY

Now they are both on the up trail. Stecher lost his crown to Lewis and Lewis dropped it to Sonnenberg. The two ex-champions are gunning for a chance at the title-holder. Both are acknowledged topnotchers, and the outstanding challengers. Their bout tonight is likely to decide who will get the title chance, for Promoter Lou Daro has been broadcasting vociferously anent a championship clash to be held in the local ball park between tonight's victor and Sonnenberg.

Consequently tonight's affair is likely to be a vicious struggle from the start. Both grapplers are confident they can "take" Sonnenberg with fore or less ease, and figure tonight's affair is really the big match on the program. It will be Stecher's scissors against Lewis's headlocks, and the first man to hang on his favorite hold is likely to be the winner.

Stecher is rather a drab sort of a performer, but there is no smarter wrestler in the game. The Kansas giant is in the

YANKS WIN OUT IN TENTH, 10-9

Heimach Wins Own Contest With Hot Double

NEW YORK, April 30. (AP)—The Washington Senators waged a hard uphill fight against the Yankees here today, but the world's champions managed to win in the tenth by 10 to 9. Each team called upon three pitchers and Fred Heimach, last of the Yankee defenders, won his own game in the tenth with a hot double, which ripped through Goslin's hands, permitting Durocher to score. The shortstop had opened the inning with a pass and had advanced on a sacrifice.

LOU GEHRIG

Washington outhit the Yankees by 17 to 13, but had fifteen men left on base. The tenth was the only inning in which the Senators failed to gain the paths.

Lou Gehrig hit the big blow for the Hugmen, a home run in the

SPRINTERS ON EVEN TERMS

Little to Choose Between Borah and Wykoff in Race Over Coliseum Track Saturday

BY BRAVEN DYER

Picking the winner of Saturday's race between Charley Borah and Frank Wykoff is no easy task. The two sprint stars have performed so sensationally of late that it's hard to figure how either can be defeated. They are champions with a champion's class and rating one over the other is more a matter of guesswork than anything else.

Borah's assets may be summed up as follows: Experience gained through much competition, an exceptionally fast finish and splendid physical condition. Wykoff has the edge in the following: Youth, which should give him more reserve; a tremendously fast start, and the knowledge that victory will stamp him as the country's leading sprinter. Some may argue that Frank is already that, and perhaps he is, but a win over Borah will settle the matter for the time being.

FRANK WYKOFF

NOT SO MUCH

When you get right down to it the edge which Borah has in experience probably doesn't amount to much. Likewise, Wykoff's youth won't be the asset it was against Charley Paddock last year for Borah is far from being old.

Borah has done more running than Wykoff, this being Charley's fourth year of varsity competition. But Wykoff has met his share of good sprinters, his recent Olympic Games competition being as tough as any he could be called upon to face. Certainly, Frank wasn't bothered at all by the thought of Paddock's lengthy career.

Wykoff's victory over Paddock wouldn't mean so much if it were not for the fact that Frank equaled the world's record for 100 meters at the time. We know now that Paddock was pretty well washed up, but you can't get away from the fact that Wykoff tied the world's record and then went on to trim the nation's best in the finals at Boston.

Borah met Paddock in 1926 and the margin between them in a 9 5-10s. race was so slight that a lot of folks still believe Borah won. The margin between Wykoff and Paddock was a good yard, but that

GAVUZZI AGAIN HEADS PARADE

Italian Athlete First Among Pyle Derby Runners

MILLER (Mo.) April 30. (AP)—Pete Gavuzzi, Italian speed king of Southampton, Eng., led the plodding pilgrims of C. C. Pyle's transcontinental jaunt into their daily control point today to check up his second consecutive win.

PETER GAVUZZI

He ran the 33.7 miles from Springfield, Mo., to Miller in 4h. 15m. 10s., increasing his lead over Johnny Salo, Passaic (N. J.) policeman, to 3h. 52m. 55s.

Salo finished in a tie with Paul Simpson of Burlington, N. C., today for sixth place. Sam Richman, New York, was second in 4h. 25m. 15s.

Herbert Hedeman of New York was third, Giusto Umek, Italy, fourth, and Philip Granville of Hamilton, Ont., was fifth.

SHADE GETS UNLUCKY BREAK

BUENOS AIRES, April 30. (AP)—Dave Shade, American middleweight, and Kid Charol of Cuba, fought twelve rounds to a draw here tonight. The official decision drew a storm of boos from ringside spectators, who seemed to think Shade had won by a wide margin. Shade was the aggressor throughout and had the Cuban in distress several times.

DANIEL LONG, FORMER SEAL MANAGER, KILLED

SAUSALITO, April 30. (AP)—Daniel Long, identified by railroad men as the former manager of the San Francisco baseball club and more recently a scout for the Chicago White Sox, was crushed to death tonight beneath the wheels of a Northwestern Pacific interurban electric train as he was about to board it en route home.

Identification of Long was made complete by Jimmy Byrne, former White Sox catcher, who was a passenger on the same train, but was not aware of the presence of his old friend until after the accident.

Known to baseball fans along the Pacific Coast as "Danny," Long managed the San Francisco club during 1909 and 1910 and saw his team win one pennant.

As a baseball scout he was given credit for finding Hal Chase and Willie Kamm who went to the big leagues from the Coast at fancy prices.

Long is survived by a widow.

Long, accompanied by a neighbor, Joseph Clark, attempted to board the electric train as it was pulling out of the station. Clark succeeded in "making" the train. Long fell under the wheels.

The inquest will probably be held about the middle of next week.

LOMELLI LOSES BOUT

PORTLAND (Or.) April 30. (AP)—Eddie Thomas, 130 pounds, Bellingham, Wash., won a six-round bout from Leo Lomelli, 131 1-4, Los Angeles, here tonight.

CALLAHAN TO DEFEND TITLE LATE THIS MONTH IN BUFFALO

Jack Kearns, manager for Mushy Callahan, junior welterweight champion, announced yesterday that he had accepted terms for a title match in Buffalo, N. Y., late in May, between Callahan and the winner of the Jimmy Goodrich-Buck Lawless fight, which is being staged in the eastern city next week. Kearns said he closed with Charley Murray, Buffalo boxing promoter, who also made an offer for a middleweight championship match between Mickey Walker, also managed by Kearns, and Osk Till, of Buffalo. Murray offered $75,000 for Walker's defense of his title in June, Kearns revealed.

FANS HONOR MOREING

SACRAMENTO, April 30. (AP)—Representatives of all the baseball clubs in the Pacific Coast League and hundreds of friends of the late Charles Moreing, today paid tribute to the baseball club owner. An impressive funeral service was in charge of Sacramento Lodge No. 6 of the Elks.

Hundreds of floral wreaths testified to the esteem in which Moreing was held. Following services at the home, interment was made in the family plot in the rural cemetery at Stockton.

There was no game between Los Angeles and Sacramento on account of Moreing's funeral. A double-header is scheduled for Saturday.

Dazzy Vance Blanks Giants With Three Hits as Brooklyn Captures 2-to-0 Duel

BROWNS UPSET DETROIT AGAIN

Four Home Runs Feature of 6-to-5 St. Louis Win

League-Leading Braves Cop Slugfest from Phils

Ed Morris Pitches Red Sox to 4-to-1 Triumph

BROOKLYN, April 30. (AP)—Lured by the magnificence that is the right arm of Arthur C. Vance, 20,000 Flatbush folk gathered at Ebbets Field today to sit by while the dazzler made the Giants dance at his bidding. The premier pitcher of the National League let down the aspiring young men of John J. McGraw with three very small hits, appropriately scattered, and one Brooklyn flurry netted the home team enough edge for a 2-to-0 victory.

DAZZY VANCE

Bill Walker gave the runless Robins just four hits, but three of these were bunched in the fifth for the two Brooklyn markers.

Gilbert's double with the bases filled, swung the tide in Vance's favor, and he protected his margin with mastery. The dazzler fanned six.

Babe Herman was put out of the game in the fifth for arguing over a called third strike. Score:

JOE ROCHE FAVORED TO WHIP KETCHEL FRIDAY

Hollywood fight fans have made Joe Roche a favorite over Wesley Ketchel in the main event at the American Legion Stadium Friday night and Freddie Fitzgerald a favorite over Frankie Torndorf in the semi-wind-up. Two wins for Joe Roche over Homer Sheridan have been enough to convince Hollywood fight fans that at last Fred Winsor has a real fighter under his wing.

There is a feud brewing between Fred Winsor and the Hudkins boys. Winsor believes that by Roche winning decisively over Wesley Ketchel, who fights under the Hudkins colors, he will be able to smoke Ace Hudkins out and put over a Roche-Hudkins fight. That is what Winsor is angling for.

The wise men of the fight racket expect to see Roche win a decision and maybe score a kayo. Ketchel is a southpaw who hits hard and is dangerous all the time, according to Clyde Hudkins. He had Roche on the floor in their last fight, which is more than Homer Sheridan could do in two bouts with Roche.

Freddie Fitzgerald is trying to land a fight with Mushy Callahan and he believes that he can get it if he beats Frankie Torndorf in the semi-wind-up. Fitzgerald got a draw with Mickey O'Neil in his only fight here.

BROWNS BEST

DETROIT, April 30. (AP)—For the third successive day the St. Louis Browns trod rough shod over the Detroit Tigers, winning a game in which four home runs played a prominent part, 6 to 5. The circuit clouts were registered by Blue and Kress for St. Louis and Schuble and McManus in the Tiger periods.

Dan Howley used two pitchers, Ogden and Collins. Ogden was yanked in the fourth after McManus doubled and scored on Schuble's homer, which bounced over the fence from the top of the scoreboard. Yde's downfall followed three singles and a double in the third and Stoner was pulled for a pinch batsman in the eighth.

CHISOX COP

CHICAGO, April 30. (AP)—A little of almost everything in baseball was paraded by the White Sox today as they grabbed their fourth straight from Cleveland, 8 to 4.

Bill Kamm officially opened the hidden ball season in the seventh inning when he cut short an Indian rally by touching out Jamieson after the Indian slugger had reached third during a double play. Hodapp batted for Willis Hudlin to open the inning and singled to right. He went to second on Jamieson's single and attempted to score as Cissell threw out Lind. He was run down between third and the plate, the putout going to Kamm who hid the ball. When the excitement died down Jamieson led off third and Kamm put the ball on him.

Bob Weiland, Sox recruit lefthander, started and went well until the seventh, when he was replaced by Dugan, another rookie southpaw. Score:

Jack Dempsey Hurls Defi at Caplin

NEW YORK, April 30. (Exclusive)—Jack Dempsey today issued a statement denouncing Hymie Caplin, manager of Al Singer, featherweight title contender, as having deliberately run out of the match he promised between Singer and Kid Chocolate.

"Caplin is afraid to let Singer fight Chocolate," said Dempsey. "Caplin said he would sign if I got Chocolate. When I made good my part of the agreement he went into his dugout for three days and emerged with the statement that he had signed with Madison Square Garden with the stipulation that Singer could weigh 130 to Chocolate's 124 pounds."

BELMONT LOSES TO HARDING BALL CLUB

Despite the fact that the Belmont Hilltoppers outhit the league-leading Harding nine, 10-8, yesterday at Belmont, the Warriors defeated Sid Witherow's nine, 6-1. Yesterday's win was the fourth straight victory for Harding, who are now in undisputed possession of first place in the Minor City League.

EDWARDS HURLS TRIBE TRIUMPH

Vittmen Held to Five Hits by Seattle Southpaw

Indians Swat Winning Runs Over in Ninth Inning

Defeat Shoves Sheiks Back Into Second Division

(Continued from First Page)

victories. The Sheiks had expected to do a lot more climbing this week at the expense of the lowly Indians, who apparently have a season's lease on the cellar, but the Tribesmen evidently have other ideas about this series.

GAMBOLEERS FOOLED, TOO

However, the Stars weren't the only ones to suffer yesterday. The gallant gamboleers were giving 2-to-1 odds against Seattle, which goes to prove that you can't tell what will happen in baseball. Yesterday's win was the eighth in five weeks for Seattle, but the Indians wouldn't play the set-up role for the Sheiks.

Fred Muller started the Indians off in front with a home run over the left-field wall, but from then until the seventh Hollerson had them smoking pipes of peace on the scoreless reservation.

The Stars got two runs in their half of the first, errors by Cox and Eckhardt aiding the cause of the Vittmen. Dud Lee fanned to open the first but Cox missed the ball and lost track of it when it bounced off his knee back toward the stands. Before Taylor, the first sacker, could retrieve the ball, Lee had ambled to second, which is getting about all that's possible out of a strikeout. Mike Maloney then singled to left and Eckardt fumbled the ball, Lee scoring and Mike making second. Knothe threw out Green, whom the Stars used in left field yesterday. Carlyle beat out an infield tap to Muller that put Maloney on third. Maloney scored when Rehg forced Carlyle at second. Rehg stole second but Heath grounded out to Taylor to end the round.

Hollerson and Edwards turned the boys back without a sign of a run until the Seattle seventh, which saw the young Hollywood hurler batted to the showers. Eckhardt walked for a starter, but Taylor skied to Carlyle. Chick Ellsworth hammered a double off the left-field fence that scored Eckhardt from first. When Cox followed with a single to center that scored Ellsworth and put the Indians a run in front, Vitt sent in McCabe. Edwards bunted Cox to second, but McCabe disposed of Muller on a loft to Carlyle for the third out.

STARS KNOT COUNT

The Stars tied it up in their half of the seventh. Rehg singled infield to Knothe and was sacrificed to second by Heath. Leo Ostenberg replaced Rollings, but before he could do anything Rehg stole third. Ostenberg then singled to center and Rehg romped home. Cook forced Ostenberg, but went to second when Muller's throw for a double-play went into the stands. McCabe grounded to Taylor to leave Cookie stranded on second.

Edwards walked Lee and Green in the eighth, but retired Carlyle and Rehg to prevent any scoring.

Eckhardt opened the Seattle ninth with a double to left center that Green almost caught, but couldn't hang onto after a long run. Olney batted for Taylor and singled over second to bring Eckhardt over the plate. Ellsworth sacrificed and Cox drew a walk. Edwards forced Cox at second, Olney taking third. Muller followed with a solid single that brought Olney home with an extra winning run.

Heath got a lucky double over Knothe's head to begin the ninth for Hollywood, but Ostenberg, Shellenback and Sypher, the latter two pinch-hitters, were easy outs, so that was that. Score: ... ...

Double play—Lee to Maloney to Heath. Passed ball—Cox. Time of game—1h. 46m. Umpires—Genshlea and Powell.

Foul Tips

Oscar Vitt is going to call on Hank Hulvey to try and stop the Indians in today's game. Hap Collard and Kyle Graham are both available for Seattle mound duty.

• • •

The Indians and Stars will play eight games this series, a double-header being carded for Saturday. The extra game is being played to make up for the three the Stars and Tribe had rained out in Seattle.

• • •

What a wallop these Stars pack. They've made exactly fourteen hits in their last three games, and yet they won two of them.

• • •

Freddy Muller provided the daily home run at Wrigley Field yesterday. Out of thirty-five league games at Wrigley Field this season there have been home runs in all but five contests.

• • •

Cleo Carlyle made a nice running catch of Knothe's line drive in the eighth inning for the fielding feature of yesterday's tilt.

• • •

Bill Klepper, president of the Indians, is around showing the drawings for Seattle's new ball park, which is to be started next month. Klepper ought to spend his money for some new players and get himself a good team before he starts even thinking of a new baseball plant.

• • •

The players and fans stood with bowed heads for thirty seconds in the second inning in final tribute to Charles Moreing, part owner of the Sacramento club, who was buried yesterday at Stockton.

• • •

Somebody connected with the Hollywood club must be pretty stubborn to keep Mike Maloney in the line-up when Ostenberg, a much better hitter, is adorning the bench. Maybe the Sheiks will have a new batting order today.

Fair Golfers Sign Up For Catalina

AVALON (Catalina Island) April 30.—At least 150 golfers will participate in the Catalina invitation tournament for women, May 6-7, according to officials of the Catalina Country Club. Included in this list will be practically every player of note in Southern California. Some are coming by steamer, some by private yacht and some are flying. Play in the tournament will be in five classes, according to handicap. Trophies provided by William Wrigley, Jr., make no dividing lines as to class and the winners in the fifth class will receive equally fine trophies with those in the first class.

LEWIS, STECHER MEET TONIGHT

(Continued from First Page)

ring on strictly business principles, and he wastes no precious minutes.

On the other hand, the ever-popular Lewis is one of the real showmen of the game. Win, lose or draw, the "Strangler" gives fans a real evening's entertainment. Although he specializes on the headlock, Lewis is a capable performer with any hold, and is just as likely to try Stecher's favorite scissors as not.

WINNER TAKES ALL

In addition to the chance at the champion, various other details which Daro has arranged promise to make the match a particularly thrilling one. Stecher has agreed to put up his diamond-studded belt, which he refused to give Lewis when the latter beat him for his title a few years ago. The $10,000 purse which Daro hung up goes entirely to the winner, with the unfortunate victim scheduled to raise his ham-and-egg money as best he can.

Both gladiators went through light workouts yesterday in preparation for their finish struggle. Both will come into the ring above the 220-pound mark, Stecher weighing about 222 and Lewis 225.

The ever-popular Nick Lutze appears in the semi-wind-up in a one-fall finish match with Jack O'Malley. The latter has been using Sonnenberg's patented flying tackle hold of late with rare success, and is confident he can upset the well-liked Chicagoan. "Bulky Bill" Beth, the humorous cowboy, tangles with Tommy Thompson in the opener.

SEALS TURN TABLES ON OAKLAND CLUB

OAKLAND (Cal.) April 30. (AP)—San Francisco opened a series today by defeating Oakland, 2 to 1, in a game that was marked by eight scoreless innings for both sides. Oakland took an early lead by scoring one run in the third inning on three hits. In the seventh the winners scored two runs on three hits to take the lead and hold it.

BARRACUDA STARTING RUN AT SANTA MONICA

Barracuda ahoy! That was the glad cry of anglers yesterday afternoon at Santa Monica, when the long-expected run on the "snakes" started close in shore.

Hundreds of the gamy fish were landed by fishermen, angling from the ships Palisades, Ameco, Lois, Freedom and Kikuma, it was declared by Capt. Max Watt.

GUEST MUST TAKE OUT CARD FOR PRO TOURNEY

Willie I. Hunter, president of the Professional Golfers' Association of Southern California, last night stated that there was a possibility that Charley Guest, former California professional champion, might not be permitted to enter the Southern California professional championship at Sunset Fields the week of May 13-19.

He pointed out that the P.G.A. of Southern California is a limited, thoroughly organized association. It is affiliated with the national body and it requires much of its members. Charley Guest is eligible for membership but since his return from Detroit has failed to take out a local card. Unless he does he will not be permitted to enter the championship at Sunset Fields.

Speaking for his association, Hunter said: "Our organization is only as strong as its weakest link. Our constitution requires that we limit our championship match play tournament to members. In other words, this event is a 'closed championship,' differing radically from the open championship at Sunset Fields last fall. I can speak for our entire organization when I say that we would welcome Charley Guest as a member. Unless he does take out a membership he will not be permitted to play."

Plans for the tournament call for a qualifying round of 36 holes at Sunset Fields on Monday, May 13. Match play will start on Tuesday and will continue through the week, with the exception of Saturday. The 36-hole finals will be played on Sunday, May 19.

PIRATES TAKE GAME

San Pedro High's baseball team defeated the San Pedro Union Ice nine, 7-0, yesterday afternoon at San Pedro. Thomas of the Pirates banged out a homer, while Patalona, also of the Pirates, and Wolfe of the icemen connected for triples.

fine as any imported cigar

SMOKE TALKS by the DUTCH MASTERS

You *may* get as much satisfaction from other forms of tobacco as from a good cigar, but you have to work harder to get it. Sort of like eating soup with a fork.

"If the price of things was based on the real, solid satisfaction a man gets from them," writes one signing himself *A Dutch Masters Fan,* "I guess I couldn't afford to buy my favorite cigar."

Eve took some fig leaves and made herself a dress. But Adam wasn't satisfied until he found some tobacco leaves and rolled them into a cigar. Ever since then men and women have been disagreeing as to what are the really worth while things in life.

Southern California Anglers Turn Out for Opening Day of Trout Season

EXPERTS EXPECT PLENTY OF FISH

ll But One District Opens War This Morning

Good Conditions Reported from Kern River

Fishers Make Trek to Big Bear Lake

The king of all fishing seasons in California opened at an hour before [illegible] this morning—the 1929 trout [illegible]. It will open throughout the [illegible] with but one or two exceptions, the principle exception in District No. 4½ or in Mono and [illegible] counties, where it will open on May [illegible].

That the season is to be a better one than Californians have had in several seasons is the prediction of Pete Peterson, angling authority for the B. H. [illegible] Company stores, Los Angeles and Hollywood. He bases his predictions on the fact that there has been a heavier rainfall than last year, very heavy snows in the higher altitudes and the maturing of millions of baby fish, which the State Fish and Game Commission planted in the streams and lakes during the last several seasons.

* * *

[illegible] in the vast amount of information received at Dyas's it is learned that the lower Kern will be high, but good fishing can be expected, but [illegible] or spinners should be used. [illegible] fish are in the Kern, [illegible] rainbows.

* * *

Good conditions are reported from the [illegible] forming what is commonly known as the Santa Barbara watershed. The [illegible] Creek is in excellent condition with many fish. Only a part of the [illegible] River will be open, due to the stream running through private property.

* * *

[illegible] Creek, a tributary to the [illegible] River, is low and ideal for the [illegible]. Many fair-sized trout are to be [illegible] this stream. Seasoned and [illegible] fishermen can journey from [illegible] Hot Springs by trail, nine miles, to [illegible] Cold Springs on the head [illegible] of the famous Sespe.

* * *

Some of the best fishing in Southern California can be had on either the Upper or Lower Sespe. Many of the old-time fishermen regard the Sespe as the best fishing stream in the State. The stream is clear and the flow of water the best it has been in years, due to the nearly thirty inches of rainfall in that section during last season. Best flies are [illegible] coachman and black gnat.

* * *

The Lower Sespe is likewise clear. It is expected that many anglers will be hiking to stream today from Hensley's Camp.

* * *

Welcome news came from the County Board of Supervisors yesterday when it decided to take the control off the road up San Gabriel Canyon, and eliminate the pass system for two weeks, commencing today. This will allow fishermen to go and return at will up the canyon road during that period to one of California's best trout streams. However, those anglers who go to the San Gabriel are in for plenty of hiking.

* * *

The bass season opens today also. Best places are at Big Bear Lake and the [illegible] dams and reservoirs in San Diego county.

It is stated that millions of young bass, which were too small last year for the [illegible], should be available for the fishermen this year. A considerable number of crappie, catfish and blue gill perch were put into the lake last fall and about [illegible] fingerling trout were placed there this spring.

* * *

Big Bear Lake is located in the San Bernardino Mountains, thirty-seven miles from San Bernardino, at an elevation of [illegible] feet, and each year is popular with many Southern California anglers. The many boat concessionaires around the lake have been active during the past few weeks in reconditioning their boats in preparation of an anticipated rush over the opening period.

* * *

Fifty trout anglers will leave Noah [illegible] Paradise Trout Club today [illegible] by pack train for Iron Fork, [illegible] Fork and Vincent Gulch in the headwaters of the San Gabriel River. Well-known Southern California anglers have made arrangements to camp near the river until they catch their limits. Reports from scouts who looked over the upper stream of the San Gabriel have it that fish are in abundance in Big Rock Creek.

According to the actor-owner of the [illegible] near Palmdale, those failing to catch the limit in the San Gabriel can go to the Beery river which contains thousands of mountain trout.

GARFIELD SCORES WIN OVER ROOSEVELT, 9-5

Garfield's championship bound baseball tossers won their third straight game yesterday, when they defeated Roosevelt, in a hard-fought battle, nine to five, on the Garfield diamond.

In the first inning Lupton of the Roughriders, clouted a home run with Trengo on base. A few seconds later Watts, duplicated the feat to give Roosevelt a 3-to-0 lead. Not to be outdone by his team-mates Knickerbocker, hit a homer in the fourth inning.

Mazzanti, and Ruiz, of Garfield, contributed nobly to the downfall of the Roughriders by pounding out three hits apiece. Aside from a bad first inning Leo Ray pitched a masterful game allowing but four hits thereafter.

	R.	H.	E.
Garfield	9	14	2
Roosevelt	5	7	4

RABBIT PUNCHES
By PAUL LOWRY

DOBIE ON THE CARPET

THIS is the month of the year when the case of Mr. Gilmour Dobie, who used to do his football coaching on the Pacific Coast, comes up at a certain Cornell convention.

The story is that Mr. Dobie has not pleased the dear old grads with the success—or rather failure—of his football teams the past few years. In fact the showings of the Red teams have been as distressing as Mr. Dobie's invariable prophecies before any game.

Mr. Dobie is a misanthrope by nature. There is no silver lining to any cloud. They say he got his training in the same hearse factory as Gloomy Gus Henderson, the ex-U.S.C. mentor.

Mr. Dobie's material is always rotten. If the newspaper correspondents don't admit it he bristles with rage. He enters every game with eleven cripples and nothing but weaklings for substitutes.

It seems that the Dobie system has soured on the boys back Cornell way and that the dour one's scalp is due to come off at the May convention.

Regardless of the outcome of Mr. Dobie's case he should change his football outlook. Getting the credit for winning a game by miraculous work with a team of cripples and dumb-bells is old stuff.

It is a standing joke in intercollegiate football.

⁂

A MODERN SHYLOCK

IN TRYING to close a Jackie Fields-Jimmy McLarnin match, Matchmaker Hayden Wadhams of the Olympic is up against the same old bugbear that always prevailed when the baby-faced kid was fighting locally.

Pop Foster, McLarnin's manager, wants Fields to make a ridiculous weight. He mentions 142 pounds, knowing full well that Fields is now a legitimate 145-pound fighter well within the welterweight limit of 147 pounds.

This is an old trait of Foster's. He has never made a match for his boy in which Jimmy had to make weight. He haggles more over this end of a match than he does the money end.

The McLarnin-Bud Taylor matches were always hard to seal because of the limitations insisted upon by Foster.

The Fields match four years ago was never signed until Jackie agreed to make the murderous weight of 126 pounds. McLarnin knocked Fields out in the second round, but Jackie was weak as a cat when he entered the ring.

Foster has the interests of his own boy at heart to a commendable degree, but he is out of line this time.

The Fields-McLarnin match was to have been for the welterweight title which Fields holds by virtue of the ruling of the National Boxing Association and the California Athletic Commission. Twenty-eight States recognize Fields as the champion.

The championship welter limit is 147 pounds. If McLarnin aspires to the crown the best he can expect of the champion is that he scale within that figure.

Of course, another drawback to the matchmaking angle is that McLarnin is one of the biggest drawing cards in the country. He has some reason for dictation. Fields would make more out of a McLarnin match than he probably would make out of three or four other fights elsewhere.

⁂

THE DOVE OF PEACE DESCENDS

IT LOOKS as if the race-track boys below the border are more skilled in the art of warfare than the Mexican revolutionists.

While there are always a few mishaps when the rebels start a new revolution there have been none in the bloodless battle between the old and the new order at Tia Juana and Agua Caliente.

But a few weeks back it looked bad. Agua Caliente was to build a new $1,000,000 racing plant which undoubtedly would knock Sunny Jim Coffroth's Tia Juana plant off the map.

There wasn't room for two racing clubs, and Agua Caliente had the atmosphere, the trappings and the trimmings that the old place lacked.

But anyway the ballyhoo was started for a terrific battle. It was to be Coffroth, veteran of the old hoss oval at Tia Juana and founder of the $100,000 Coffroth Handicap, against the field—the Agua Caliente interests composed of Wirt Bowman, James Crofton and Baron Long.

The battle lines were drawn, and it looked like a terrific war. Coffroth had been through them before, and won. But it looked tougher this time. Bowman had the best Mexican connection. That means the drop.

But suddenly the dove of peace fluttered out of an azure Mexican sky. Coffroth went over to the enemy—or the enemy went over to him—and each took one-quarter interest of the new enterprise.

Thus ended the war. The dollar sign won the day.

⁂

ANOTHER NOTICE TO DUNDEE

INCIDENTALLY, the commission of Maryland, Joe Dundee's home State, is now on the neck of the man it recognizes as champion.

It has advised Dundee that he must defend his title by June 25.

That's the match for either McLarnin or Fields to grab. The man who whips Dundee in the ring will be the recognized champion of the world.

⁂

THE "BEEG SHAW"

ALTHOUGH it seems practically impossible to beg, borrow or steal a ducat to the Lewis-Stecher 'rasslin' soiree at the Olympic tonight, Carnation Lou Daro insists that some mention should be made of his "beeg shaw."

It seems that the boys have now wrestled five times—one draw and two victories apiece. This evening's affair therefore is a sort of rubber party.

In previous meetings Stecher has always held the heavyweight title. This time neither is king. They are grappling for the right to meet the king, Dynamite Gus Sonnenberg.

That's an open-air Carnation Lou promises this summer.

BRUINS SLATED TO MEET TROJAN TOSSERS TODAY

Coach A. J. Sturzenegger's University of California at Los Angeles baseball team will have an opportunity to clinch its second successive intercollegiate city baseball championship this afternoon at 2:30 o'clock, when it meets the University of Southern California nine in the second game of a three-game series on Moore Field. The Bruins copped the first fracas of the series last Saturday from the Trojans by a 6-to-2 game on Bovard Field, and the third game will be played Saturday afternoon on Bovard Field.

The probable line-ups:

U.C.L.A.	U.S.C.
Forster, cf	Hanby, cf
Lerh, ss	Tarchone, 3b
Stahl, 1b	Boswell, rf
Dennis, 3b	Caballero, 2b
Woodroof, lf	Stanier, lf
Smith, rf	Holshoen, 1b
Fitzgerald, 2b	Von Aspe, ss
Sayer, c	Ward, c
Graham, p	Schultz, p

VANCOUVER FACES STARS IN FINAL PUCK BATTLE

One last desperate effort to vindicate the caliber of California hockey will be made tonight by an all-stear team by all odds the strongest assembled against the Vancouver Lions in the post-season hockey classics at the Winter Garden Ice Palace. This and the fact that it will be the concluding game of the season assures plenty of excitement.

Three straight chops on the chin taken by the Hollywood Millionaires and that close 4-to-3 defeat suffered by the all-star team Monday night are slights that local hockey clansmen cannot let go unchallenged.

Total goals during the two-game series will be counted in awarding the $1000 bonus to the winning team and this alone should have all hockey players on the ice tonight striving like demons to edge out each other.

The All-Stars have a one-goal lead to overcome but they figure that with the added punch that they have gained through acquiring the services of "Big Bertha" Newell, San Francisco ace, they can catch up with the Lions and then pass them on the stretch.

Newell will have plenty of high-powered help in Leo Cook, San Francisco; Roy Worters, goal keeper for the New York Americans, voted the most valuable player to his team in professional hockey; Jim Seaborn, St. Louis; Burr Williams, Duluth; "Wolf" Peltier, Bill Phipps and "Peaches" Headley, Hollywood.

All-Stars.		Vancouver.
Worters	Goal	Jackson
Seaborn	Defense	Jerwa
Newell	Defense	Arnott
Leo Cook	Center	Somers
Williams	Wing	Phillips
Peltier	Wing	Sanderson
Wells	Wing	McAdam

SHERROD TAKES BOUT

MILWAUKEE (Wis.) April 30. (AP) Johnny Sherrod, 157, of Chicago, decisively outpointed Shuffle Callahan, 156 1-4, Chicago, in an eight-round, no decision bout here tonight.

SOUTHLAND TENNIS PLAY GETS UNDER WAY MONDAY

When the annual Southern California open tennis championships open Monday afternoon at the Los Angeles Tennis Club, Hollywood, the usual strong delegation of northern racket wielders will be on hand, making an effort to capture the Southland title and carry away the laurels up-State.

The two biggest invaders will be Gerald Stratford, recent Ojai men's singles winner, and holder of the Southland championship in 1927, and Johnny Doeg of Stanford University, recent State intercollegiate winner at Ojai, and eighth ranking American netter. The third visitor will be Phillip Neer, former intercollegiate national champion.

The women's singles entries include the names of Mrs. Marion Williams of La Jolla, winner of the Ojai invitational ladies' singles, and Miss Midge Gladman, Los Angeles, runner-up at Ojai. Miss Gladman is the sole hope of the locals though Gladys Patz, city champion; Helen Marlowe, Dorothy Workman, and other local aces will also be entered.

Other prominent stars to perform are Ellsworth Vines, Kieth Gledhill, Sidney Wood, Arthur Kussman, Ben Gorchakoff, Jack De Lara, Clifton Herd and Gene Warren. Alan Herrington and Lester Stoefen of the Los Angeles Athletic Club are included among the singles candidates.

The tourney is slated for a seven-day run at the tennis club starting Monday. Events include men's and women's singles and doubles and mixed doubles. Entries close Thursday night at 6 o'clock. The drawings will be made Friday night. Entries must be sent to Edward Berry at the tennis club.

Playground Boys Lead Olympics

SAN JOSE AND DEAL STARRING

Playground Boys Turn in High Scores

Santa Paula District Victors Are Announced

Local Playgrounds to Hold Meets This Week

BY BRAVEN DYER

Robert San Jose and Jerry Deal, two playground stars of Los Angeles Harbor, have the best scores made to date by youngsters competing in the Southern California Junior Olympic Games. San Jose and Deal were both competitors in the program last year, the latter winning the Southern California junior championship while Bob finished well up in the senior division.

JERRY DEAL

In the district finals held last week at Banning Playground in Wilmington, San Jose registered the unusually high score of 623 points, while Deal won the junior division with 611.

Youngsters who are falling below these totals should not feel discouraged. Four boys will be sent to Atlantic City for the national finals and the same quartet will go to Honolulu with all expense paid. When Johnny Falcon, national senior champion, started out last year his score was nothing to brag about, in fact, it was rather the reverse. But the Azusa boy kept at it, practising diligently, and his reward was the national championship and a trip to Amsterdam.

It is well to remember that those who make such astounding totals this early in competition often fade a bit as the season progresses. This is not said to discourage San Jose and Deal, both of whom are great little athletes, but merely to indicate that constant training and application is what counts in all lines of athletic endeavor.

San Jose had fine marks in all five events. H broad-jumped 9ft. 1-2 in., threw the baseball 265ft., chinned 23 times, got 15 out of 20 in the basketball throw, and made 8 3-5s. in the 75-yard dash. The four other high scores in the senior division were Dick Carson, 550; Anthony Kordich, 457; Cecil Metzger, 419, and Jack Trishman, 407. Carson showed great possibilities, chinning 26 times and running the dash in 8 1-5s. Trishman made 16 out of 20 in the basketball throw and did 8 3-5s. in the dash.

Deal's marks were also equally high. He jumped 6ft. 11in., threw the baseball 214 ft., chinned 24 times, tossed 16 out of 20 in the basketball and ran the dash in 9s. Art Metzger was second with 390 points, Harry Reese, third, with 387; Dominick Tudor, fourth, with 374, and Leslie Esposito, fifth, with 309.

SANTA PAULA DISTRICT MEET WINNERS NAMED

Hewitt Garman of Saticoy and Bobby Powell of Isbell, finished first and second among the seniors in the Santa Paula district meet held last week. Elmer Coolidge of Briggs was the leading junior with 313 points, followed by Kenneth Halterman of Saticoy with 274. Garman's total was 365, while Powell ran up 301 points.

The division includes the following schools: Isbell of Santa Paula, Briggs of Santa Paula, Saticoy, Elisco and Santa Clara. Ray P. Teel of Santa Paula directed the meet, aided by W. K. Cobb of Ventura, George A. Bond of Santa Paula, J. W. McGinnis of Briggs, F. W. Eckstrand of Saticoy, and Elton Bowman of Santa Paula.

The four winners named above will take part in the Ventura county meet to be held at Santa Paula on May 18, next.

ANNOUNCE WINNERS AT SIMI VALLEY

The Simi Valley Union Grammar School has completed its semifinals in the Junior Olympic Games. Leroy Johnson, with 305 points, and Frank Ferrer with 253, led the seniors. Joe Brown, 226, and Agustin Sanchez, 123, were the best of the juniors. Moorpark will be the scene of the district finals, Friday, and these four winners will compete in that meet.

Frank Arico, student executive at Lawndale, reports that several promising athletes are coming to the front in the Junior Olympic Games competition. Billy Palmer, Clyde Ruggles, Sam Arico and Frank himself are numbered among the best of the boys taking part.

This being Boys' Week, youngsters of Los Angeles playgrounds will hold six district meets Saturday. Winners of these district events will take part in the city-wide finals slated for May 18, next. This big meet was first slated for the 25th, but must be held on the 18th instead. Following is the schedule of meets, with location and starting times:

South district, at Harvard Playground, 1:30 p.m.—Central, Exposition, Harvard, Manchester, Ross Snyder, Slauson, South Park, Compton.

Central district, at Downey Playground, 10 a.m.—Apablasa, Downey, Elysian, Hawley, Recreation Center, Wall-street, Yale.

North district, at Arroyo Seco Playground, 1:30 p.m.—Arroyo Seco, Griffith Playground, Verdugo, Yosemite.

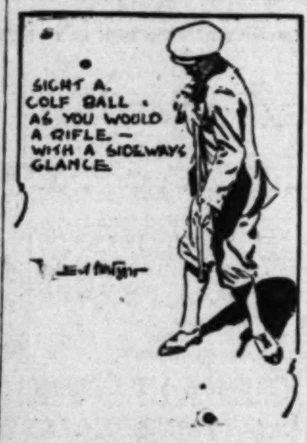
West district, at Poinsettia Playground, 1:30 p.m.—Echo, Poinsettia, Queen Anne, Vineyard.

East district, at Hazard Playground, 10 a.m.—Evergreen, Hazard, Pecan, State-street.

Bay district, at Sawtelle Playground, 1:30 p.m.—Sawtelle, Venice.

REDLANDS, April 30.—Announcement was made today of the winners in the Redlands Junior Olympic Games to compete at the county meet in San Bernardino May 18. Seniors—Victor Heath, 403 points; Edwin Burke, 280 points; Charles Davis, 254 points. Juniors—Cecil Dunithan, 339 points; Charles Patterson, 323 points; Shirley Bacon, 116 points; Lewis Wattenberger, 108 points.

Cure for Not Watching Ball



SIGHT A GOLF BALL AS YOU WOULD A RIFLE.—WITH A SIDEWAYS GLANCE.

BY SOL METZGER

One of the most difficult things about the backswing is to keep the head from swaying. As the left shoulder comes around on the pivot for the drive many golfers seem to pull the head to the right. The probable reason is that they instinctively feel they cannot see the ball because of the intervening shoulder.

But the compact swinger, like Jones, looks at the ball over his left shoulder. If one will concentrate on simple things his or her golf will rapidly improve. One of these is keeping the head down. To do it look at the ball. More shots are spoiled from looking up too quickly than for any other reason.

A cure laid to the late Walter J. Travis, was to finish the stroke and then step with the right foot on the spot the ball lay when played. Now to step on this exact spot one must keep his eyes on it after the ball gets under way. If you have trouble in looking up and thus spoiling your shot, try this stunt for a round or two.

Get the idea indelibly impressed in your mind that you are going to sight your shot with your eyes. Bob MacDonald says it's a sideways glance at the top of your swing. Tomorrow—Barnes on the left knee.

To cure a habit of slicing you must first learn the cause. Sol Metzger's leaflet on "Slicing" takes up in detail the causes. Send stamped, addressed envelope to Sol Metzger, care of The Times, and request this leaflet.

FREMONT NINE WINS

Coach Les Haserot's Fremont High baseball team scored a 4-3 win over Frank Shaeffer's Fairfax Colonials in a game held on the Pathfinders' diamond yesterday.

Tucker Stainback, erstwhile broad-jumper, allowed the Pathfinders but two scattered blows, but due to an abundance of walks and a rather disastrous third inning lost the ball game.

The score:

		R.	H.	E.
Fairfax	0 0 0 0 0 0 2 0 1—	3	11	2
Fremont	1 0 3 0 0 0 0 0 0—	4	2	0

VENICE RUNNERS WIN

Venice High's freshman-sophomore track-and-field team took the measure of the Inglewood babes 70-37 yesterday on the Sentinels' oval. Henshaw, of Venice annexed high-point honors with 6¾ digits. Henshaw copped first in the quarter, tied for third in the high jump and ran the last lap on the relay.

LEGION PLANS DIAMOND LOOP

Junior Championship Will Start Shortly

District Nines to Play Off for Championship

National Title-holders to See World Series

The annual play-off for the junior baseball championship of the world, which is staged yearly under the direction of the American Legion, will get under way May 20, according to the announcements made yesterday by officials of the organization. At that time the district play-offs will begin.

Last year, the first time that California was represented in the event, Oakland won the title. This year the national champions not only will gain undying fame, but they will be guests of the two big leagues at the world's series, and Commissioner K. M. Landis will present them with wrist watches. Paul B. McNutt, National Commander of the Legion, has received a check from Landis for $50,000, a gift from the two circuits, to aid in the staging of the national play-off.

FOUR DISTRICTS

Los Angeles county comprises the seventeenth, eighteenth, nineteenth and twentieth districts. Los Angeles also is in the fourth area, and all district winners will battle for the area leadership. Area winners will play off for the State championship, and the State winners will mingle for the region title. California, Arizona and Nevada comprise the third region.

There are six regions west of the Mississippi, and six east. When all of the region championships have been decided, the western title-holders will gather in Denver for the right to meet the eastern winner. These two teams will meet in a three-game series, the first contest to take place in St. Louis, the second in Detroit, and the third, if necessary, in Chicago.

There is a movement on foot to send the California championship team, whether or not it wins the national title, to Honolulu, for a game with the Hawaiian winners, inasmuch as the island kings are not entered in the national tournament.

SPONSOR TEAMS

Each American Legion post in the country sponsors one or more teams. Ed Risdon and Ernie Bain, State athletic commissioners of the Legion, figure there will be at least 400 teams in California, with some 250 of them located in the southern section of the State.

Last year, Santa Monica won the area championship, and played off with Oakland for the State title, losing by one run. District championships are decided in a round-robin tournament. All other play-offs are eliminations, with the exception of the national title affair, which is a best two-outof-three series.

Local teams already have started working out, according to George Contreras, Los Angeles county athletic official of the legion, and practice games are being scheduled.

SPRINTERS ON EVEN TERMS

(Continued from First Page)

was two years after the race between the two Charleys.

IN FINE SHAPE

Despite the fact that he got a late start in training this year Borah is probably in better physical condition than Wykoff. Charley is older and more settled. He has had no sickness to speak of since last spring, while Wykoff almost died a few months ago and nobody knows just how strong he will prove to be when it comes to a test of speed such as Saturday's great race will be.

Dink Templeton, Stanford track coach, clocked the two runners in their respective heats at Fresno last week when each did 9 3-5s. Dink's watch is the one used by the head timer in the Olympic Games at Amsterdam last year. It figures to one-hundreth seconds. Borah's time was 9.46, or just a shade over 9 2-5s. Wykoff's was 9.67, or just a shade over 9 3-5s. Both were given 9 3-5s. by the official timers.

Wykoff's slower time may be accounted for by the fact that he looked around twice and then appeared to coast into the tape. Borah did not look around at all in his heat and did not slow down particularly at the finish.

Charley has always been noted for his terrific finish. In many races it has been this side of his running that has stood him in such good stead.

Wykoff generally gets away to a fast start. He was so far ahead of Paddock at the 50-meter mark last year that some people thought Charley was running in a different race.

WON'T BE NAPPING

Borah is no slowpoke out of his holes and will not be caught napping when the gun barks. But Wykoff has shown in the past that he had beat most of his rivals away from the post and it will be surprising if he loses this slight edge to Borah Saturday.

Ray Conger, who meets Nick Carter in the mile feature on the same program, takes another workout at the Coliseum this afternoon. Borah and Wykoff will also be on hand.

Jimmy DeMers, star L.A.A.C. javelin thrower, is said to have done 226ft. in practice yesterday.

SHIPPING NEWS AND ACTIVITIES AT LOS ANGELES HARBOR

HARBOR TRAFFIC POINTS HIGHER

April Gains Over March and Similar 1928 Period

Total Value of All Tonnage Set at $89,429,033

Intercoastal Trade Records Largest Increase

BY WAYNE B. CAVE

Commerce in and out of Los Angeles Harbor approached a record in April, during which 2,241,813 tons of cargo crossed over the docks for a total value of $89,429,033, according to the Marine Exchange. It is a gain in value of 12 per cent over April last year and 14 per cent over March this year.

Intercoastal trade disclosed the greatest gain over a year ago, receipts advancing $4,000,000 to $25,511,766, while shipments rose from $8,330,031 to $9,927,916. Coastwise movements also increased materially, receipts being $23,254,702, against $17,388,662, while shipments were $15,000,000, compared with $13,285,724. Exports rose $800,000 to $11,025,438, while imports dropped from $3,882,056 to $3,420,220. Hawaiian receipts were up $121,000 to $571,292, while shipments slackened $80,000 to $717,713.

Lumber receipts from the Northwest continued their slow climb, totaling 107,875,000 board feet, an increase of 7,000,000 over March, and of 4,000,000 over April a year ago.

Los Angeles continued its world leadership in oil dispatch with 9,275,582 barrels during April, a drop of 700,000 barrels under March and April, last year.

An average of more than a score of commercial carriers arrived and an equal number departed daily over the month, numbering 695. Of these, 175 carried passengers, 204 general cargo, 161 oil, ninety-eight lumber and seventeen miscellaneous. American flags flew from 537, followed by British, 45; Japanese, 21; Norwegian, 18; Swedish, Dutch and German, 6 each; Danish, 5; French, 4; Mexican, 3; Panaman, 2, and Italian, 2.

FIRST RICHFIELD OIL CARGO GOING TO BRITAIN

Richfield Oil Company's regular movement of gasoline to the United Kingdom will get under way tomorrow, when the British tanker Oil Pioneer sails for the Thames with 62,000 barrels, loaded at the Pan-American terminals. The Oil Pioneer has been operating under time charter for Richfield, carrying kerosene to Shanghai for the Kwang-Wha Petroleum Company's account.

Richard Hall, export manager for Richfield, said yesterday that the light oil movements to both the United Kingdom and Orient will be maintained on regular schedules.

Pacific Coast headquarters of the United States Shipping Board, which have been maintained at San Pedro since February 1, last, will be transferred to San Francisco, effective today, it was announced yesterday by T. V. O'Connor, chairman of the Shipping Board. The only Shipping Board vessels now operating regularly in Pacific trade are the thirty freighters of the Roosevelt and Tampa Inter-Ocean fleets, which call only at Los Angeles Harbor en route to the near West.

Wilmington Boat Works have started work on a seventy-foot jib-headed cruising ketch for Lee Milbank, member of the California Yacht Club. The new yacht, from designs by Edson B. Schock, will embody many new features in her construction. A four-cylinder Eastern Standard Diesel engine will furnish auxiliary power via a silent chain drive to the stub propeller shaft.

The Luckenbach liner Harry Luckenbach, in command of Capt. Ralph McKinnon, was in yesterday from gulf ports to discharge 3000 tons of general cargo after a record run of thirteen days and fourteen hours from New Orleans. Leaving New Orleans at 6 a.m. on April 16, she had transited the Canal and was northbound in the Pacific at 10 p.m. on the 20th.

Walter McPherson, former district manager here for American Hawaiian Steamship Company, is due late this week on his first visit since he was promoted to traffic manager of the line at New York. He will be accompanied by John E. Cushing, vice-president, and Dearborn Clark, assistant traffic manager, on a tour of inspection.

Eighteen years ago, Capt. W. H. Devan was chief officer and Dick Graham, purser on the old United Fruit liner Pastores on the Atlantic. Yesterday they met for the first time since. Bevan is master of the fast fruit carrier Albion Star, while Graham, long shoreside, is terminal superintendent for Williams, Dimond & Co.

Capt. C. A. Carlson to Pearl Harbor, T. H.
Commander Ralph Whitman to Mare Island, Cal.

HESS SURPRISE VICTOR IN RING

(Continued from First Page)

Barbour to the floor for the count of nine, and when he arose a head beating made him helpless. Referee Gilmore stopped the bout, and raised Oscar Rankin's hand.

Dick McDaniels found the going too tough in the third round of his fight with Young Bello and dropped to the floor from a rain of blows to the mid-section.

He claimed a foul just before the bell rang. Dr. Lloyd Mace, the State athletic physician, examined him during the intermission, but finding no evidence of a foul ordered the fight continued. However, Bello's opponent appeared unable to answer the bell for the fourth, and Bello's hand was raised.

BELMONT WINS

Coach Clarence Ebers's Belmont High golf team walloped the Roosevelt mashie wielders, 4-1, yesterday on the Fox Hills Country Club course.

SAN PEDRO WINS TITLE

SAN PEDRO, April 30. (Exclusive) Haney's Nighters, San Pedro Night School basketball five, walked off with the Night School League cage championship here today by trimming the Belmont five of Los Angeles, 38-26.

KING GEORGE COLLECTS

NEW MARKET (Eng.) April 30. (AP)—King George had his first racing success of this season today with the victory of his horse, Magnum Bonum, in the Thurlow welter handicap over a mile and a half. Eleven ran.

May 3, from Los Angeles. Specially addressed mail for Panama, South and Central Americas.

May 4, from Los Angeles. Mail for Honolulu.

For connections at Seattle, mail must leave Los Angeles the second day prior to date of sailing, not later than 7:10 a.m.

To connect at San Pedro for the Hawaiian Islands every other Saturday, mail leaves Los Angeles at 8:50 a.m. on Saturday.

Note—To connect at San Francisco, mail must leave Los Angeles on dispatch made not later than 5:30 p.m. the day prior to date.

News of Ships and Sailings at Pacific Ports

SAN FRANCISCO, April 30. (AP)—Capt. R. R. Drummond, formerly master of the liner Sonoma, will leave here for Honolulu shortly to take command of the motorship Carrisa. It was learned today. He will take the place of Capt. Dick Connell, who was killed when he fell from the gangplank of the Carrisa, at Salamaua, New Guinea, March 31. Chief Officer Erikson, who took command of the vessel after Capt. Connell's death, will turn his command over to Capt. Drummond when the ship reaches Honolulu.

Announcement of the appointment of eight men to the United States Naval Reserve and of the presentation of a Merchant Marine Naval Reserve flag to the S.S. Ventura, was made at Twelfth Naval District headquarters today. Included among the men receiving appointments were Lieut. Elmer John Stull, chief mate of the S.S. Melville Dollar, and Lieut. Alexander Oak, engineer on the S.S. Columbia.

Takeo Yamaoto, local N.Y.K. Line manager, today announced the appointment of K. Matsukuma to the post of assistant freight agent. Matsukuma will succeed Ashino, who was named manager of the company's Callao office.

SEATTLE, April 30.—Six vessels of a total deadweight tonnage of will be added to the fleet of the Yamashita Shipping Company for allocation to the trans-Pacific service of the Japanese company.

H. Kanai, United States manager of the Yamashita Kisen Kaisha and Yamashita Shipping Company announced today that four of the vessels have been acquired from Kokusai Line and will be ready for use in July, and the sixth, another motorship, will be commissioned early next year.

The four vessels which the Kokusai Line recently sold to the Yamashita are the Egypt Maru and Texas Maru, 10,000-ton carriers, and the Maru and Jufuku Maru, 9100 tons each. The new motorships will be 9100 each.

Addition of these ships brings the of the large Japanese firm to 134 with a tonnage that totals nearly million.

GRAYS HARBOR (Wash.) April 30.—Arrived: Svea, 7 p.m., Los Angeles.

SAN PEDRO MAN HELD IN SLAYING

Tells Police of Shooting in Row With Father-in-Law; Latter Found Slain

Raymond Hightower, 29 years of age, walked into the San Pedro Police Station last night and calmly announced that he had just finished an argument with his father-in-law, Joseph Traylor, in which several shots were fired. A short while later the officers found Traylor's body with a bullet through the heart at 1430 East N street, Wilmington.

According to Hightower's story to the officers, he went to the Traylor home to attempt a reconciliation with his wife, who is suing him for divorce. He said an argument came up, Traylor made a move to obtain a revolver, and Hightower emptied his gun.

While the father-in-law's body was removed to the morgue Hightower is held in the San Pedro Jail. The police say the young man recently completed a six-months' jail sentence for beating his mother-in-law with a gas pipe.

WRIGHT DECRIES SITE SELECTION

Criticises Choice of State Building Location

Says It Will Disrupt Plans for Civic Center

Legal Obstacles to Street Widening Suggested

Declaring that he hopes the Board of Supervisors will reconsider their resolution to buy the Humphreys site at the northeast corner of the intersection of First and Hill streets for a State building "before it is too late," Supervisor Wright, who voted alone against the board's action Monday, pointed out that the proposed location of the State building would dislocate architectural plans for the new Civic Center.

"It has been planned to locate the huge new Courthouse in the block between Hill, Broadway, First and Temple streets," said Supervisor Wright. "This building would conform in style to the new City Hall, and would be on the same architectural axis. With a building on the north end of the block this design would be spoiled and the magnificent conception of the Civic Center approved by city and county authorities would be upset.

COURTHOUSE SITE

"Los Angeles must have a new Courthouse, and I have no doubt but that a $15,000,000 bond issue to authorize such a building will be passed in a few years. We have fifty Superior Courts and twenty-six Municipal Courts now, scattered in five buildings, some of them are located in the City Hall tower, some in old office buildings and hotels, some in the Courthouse, some in the Hall of Justice and others in the Hall of Records.

"The logical place for this building is across Broadway from the old Courthouse. A state building costing [illegible] deserves a site of its own and should not be located in the shadow of a much larger building."

It was suggested that legal obstacles lurk in the way of the city paying damages to the county for the widening of First street, forty-one feet to the northward, to conform to the plan of the street where it passes the City Hall. If the street was widened before the county bought the property the damages would have to be paid to the present owner. If the county pays $409,000 for the site, it might be difficult for the county to collect this money without agreeing to an assessment district which would balance the damages with assessments, it is pointed out.

OPINION WITHHELD

County Counsel Mattoon, asked an opinion of this situation, said he has not been officially notified of the action of the Board of Supervisors, and declined to be quoted until he has studied the legal questions involved.

It became known yesterday that the vote of the Supervisors to buy the Humphreys site for the State building came after a conference behind closed doors, during which only three Supervisors voted to buy the site at First and Hill streets. It was suggested that real-estate brokers who have been trying to engineer deals for at least nine separate sites had not yet reached the limit of reductions in their prices for the property whose owners they represented. No definite figures could be quoted, however.

The money for the construction of the new building was voted as a State bond issue. It is available, according to State officials, as soon as plans for the building are drawn and approved. It is estimated this action will require six months.

LEGION AUXILIARY HEAD HERE

On Tour in Interest of Disabled Men

Guests at Tea
Mrs. Eoyce Fickler, Jr., and Mrs. Alyce Gill.

MRS. BOYCE FICKLEN, JR., of Washington, Ga., was the guest of honor at a tea given by the American Legion Auxiliary of Southern California at the Biltmore yesterday afternoon. Mrs. Ficklen, national president of the organization, is making a tour through ten States in the interest of disabled veterans of the World War. Approximately 500 women attended the tea.

"I am interested especially in rehabilitation work, and we are making an earnest effort to obtain compensation and hospitalization for the 60,000 men whose names are on the list of those not yet cared for," she said.

"Just now I am studying the conditions in hospitals, and considering the care the men are receiving. I want to obtain a first-hand knowledge of how their needs are being met."

Mrs. Ficklen is accompanied on her trip through the State by Mrs. Alyce Gill, State president, whose home is in San Francisco. They will go to Riverside today, returning to Los Angeles for another inspection, and then north to San Francisco, Portland and Seattle. The auxiliary has 305,000 veterans on its list in the United States, and has a branch in Hawaii.

Hearing League Opens Program

Prevention of deafness was the subject of addresses that featured the opening program last night of the Los Angeles League for the Conservation of Hearing, in observance of national hearing week at the clubhouse, 2026 West Ninth street. The problem was discussed by Dr. Willis M. Gardner, assistant medical supervisor of the Los Angeles city schools; Miss Nora Sterry, principal of Macy school, and Dr. Paul K. Sellew. Mrs. Jane K. Bigelow, chairman, presided.

Features today will include addresses by Dr. George H. Kress over radio KHJ at 2 p.m.; by Prof. Verne O. Knudsen over KNX at 3 p.m.; by Dr. J. Frank Preisen at the Los Angeles City Club luncheon, and by Dr. Sellew at the Kiwanis Club. This evening at 7 o'clock Miss Lucey Ella Case, pioneer educator, will speak.

JURY SELECTED TO TRY SHULER

Eight Women and Four Men Will Hear Evidence

Defense Counsel Will Seek Dismissal Today

Prosecution Reveals Plan to Speed Up Case

A jury of four men and eight women finally was selected to try Rev. Bob Shuler, charged with criminally libeling the Fourth Degree Knights of Columbus, in Municipal Judge Pope's court a few minutes after 5 o'clock yesterday afternoon.

Selection of a jury satisfactory to both sides came after two days of questioning, during which two-score prospective jurymen were examined, and after Judge Pope had announced that night sessions would be held if a jury was not picked by adjournment time yesterday.

The jurors were sworn immediately after Defense Attorney Paul D'Orr and Prosecutors David Cannon and Paul Hornaday had announced themselves satisfied with the panel as it is now constituted.

NAMES OF JURORS

Names of those who will sit on the Shuler jury are W. E. McWane, 3538 Percy street; Mary B. Greenwald, 932 Annandale Boulevard; Jesse S. Palmer, 3107 Manitou street; Mary Stewart, 906 West Eighteenth street; Gordon R. Barratt, 4123 Griffin avenue; Anna Emerick, 3053 Harrington street; Helen B. Gardner, 2162 West Thirty-first street; Cora Hood, 231 South Avenue 52; Adele S. French, 2024 Del Rosa Drive; Evelyn Webb, 4177 Woodlawn avenue; Elsie Rollings and Bert Poling.

The majority of the jurors are men and women of middle-age. Individually they have expressed themselves as unprejudiced against Dr. Shuler, but at the same time of the opinion that the right of free speech might be so abused that criminal libel would result. They have declared themselves of open mind and willing to form an opinion on the evidence only.

OBJECTION DUE TODAY

Although the jury was completed last night, it probably will hear no evidence until late this afternoon, as the first move this morning will take the form of an "objection to the evidence" on the part of Attorney D'Orr.

To all intents and purposes the defense lawyer's action will be an attack on the whole case prepared by the City Prosecutor's office, and an effort to have the entire action thrown out of court by Judge Pope before any evidence gets to the jury. The jury will be excused from the courtroom while D'Orr and the prosecutors argue the points involved. The defense tried a similar move when Shuler was tried on the same charges before, but was overruled by Municipal Judge Sheldon.

In the event that Judge Pope also overrules the defense objection, Prosecutors Cannon and Hornaday are prepared to present their case in record time, using only five witnesses. The announced brevity of their evidence, it is believed by observers, is an indication that the prosecutors hope to confine the evidence to that relating only to one chapter of a pamphlet published by Shuler.

BOY ON BENCH, TOO

In that chapter the minister caused to be reprinted the so-called false oath of the Fourth Degree Knights of Columbus. The entire pamphlet, however, deals with the election campaign of Al Smith, and Attorney D'Orr has contended that the purpose of the whole pamphlet should be considered by the jury in arriving at a verdict.

Crowds continued to fill the courtroom yesterday and struggle for entrance in the corridors without. Sitting on the bench with Judge Pope yesterday was Harold Cohen, 15-year-old Roosevelt High School youth, who was a guest of the court as a part of Boys' Week program.

Twin Sisters Would Divorce Twin Husbands

When twins marry twins and live in the same house, what happens. The answer is set forth in the twin divorce complaints filed by Louise Doyle Young and Lucy Doyle Young against W. Byrl and Alvin Earl Young, respectively.

The complaints charge cruelty, asserting that the brothers would not provide separate homes for the sisters and would not let their wives ride in the single automobile they maintained.

Furthermore, Mrs. Louise Young accuses her husband Byrl of telling her she wore her hair like a Fijian and that she didn't know how to fry an egg.

According to Attorney Ernest G. Woodward, who filed the suits, Elmer L. Young, brother of the twins, who married Alice McKeen at a triple wedding, when the twins were united in quadruple harness, three months ago, still is living happily with his bride. Neither one of this couple is a twin.

Fifty Thousand Shriners Slated for Convention

Five hundred Shrine delegates from Syrian Temple, Cincinnati, have chartered special trains to come to the fifty-fifth annual Shrine convention here June 4, 5 and 6.

This was made known last night when Director-General Edwards announced that approximately 50,000 Shriners, with their families and friends, will come to Los Angeles from the Middle West.

The Shriners will present seven major events in the Coliseum during the convention, including a $1,000,000 motion-picture electrical pageant, four Circus Maximus performances and two oriental parades. Season tickets may be had at the B. H. Dyas stores, Seventh and Olive streets, and Hollywood Boulevard at Vine street.

LONG MAY HE RULE!

Coulter Dry Goods Co.
FOUNDED in 1878

Los Angeles Annual Baby Week

A week devoted to the interests of their Majesties the Babies—to their necessities and to their luxuries.

Many special prices make the event even more interesting than it ordinarily is to mothers and to those who buy for showers and like gifts:

Wicker Bassinettes on stands, $9.95

Baby Dresses $1.00

Hand-made, hand-embroidered! Dainty as one can desire—with tiny rosebuds—some touched with color, others all-white.

More elaborately embroidered garments are exceptional values at ....$1.95 and $2.95

Gertrudes—special, 75c and $1. Hand-made and embroidered, with scalloped edges. Better ones at ....$1.95 and $2.50

Linen Pillow Cases—embroidered, each 95c
Four patterns in these, size 12x16 inches.

Down Pillows—to fit, in pink, blue or white sateen, special $1.00

Bibs—embroidered 25c

Flannelette Gowns—for babies, with scalloped edging 50c

Wool Crocheted Bootees—in white with pink or blue trimming 50c

Hot Water Plates $1.95
These keep babies' food warm; unbreakable; with various nursery rhymes.

Hand-woven Blankets—embroidered, with satin bound ends $3.95
Of fine wool in block or check patterns; white with pink or blue embroidery.

Toddle Dresses—bright floral patterned batiste or dimity, with matching embroidery; sizes one and two years...........$1.95

(Fourth Floor—Coulter's)

Little Girls' Dresses $1.95

New! Sleeveless models that are best for summer—of sheer cotton prints in colorful designs; some of the garments are embroidered by hand. Sizes to fit girls of two to six.

Straw Hats, $2.95

Made of fine Milan hemp, in Pollyanna or poke shapes, with silk ribbon streamers in self color—Castilian red, suntan and white; for miss two-to-six.

Boys' Flapper Suits

For summer wear—short sleeves; made of sturdy material that will launder well; in a great many styles and colors; for boys of two to six, $1.95.

(Fourth Floor—Coulter's)

Handbags Should Match One's Costume

As almost every woman knows who reads the style journals or watches her friends!

Here are the Vagabond, backstrap, and envelope bags with passport pocket or leather bill fold, in all the favored shades.

Lido Sand, Suntan, Beige, Red, Brown and Black

Grains are Lizard, Smooth Calf, Saffian and Cire; and the bags are trimmed in French enamel ornaments, or fancy metal, or shell. All are of genuine calfskin and are priced inexpensively at $7.50.

(Main Floor—Coulter's)

What Woman Can Resist These Exquisite Wash Prints?

It takes so little skill with needle and thread to fashion them (with the aid of a McCall Pattern) into the most adorable frocks for almost any purpose!

Celanese & Rayon Voiles
36 and 40 inches wide—these prints bring out anew the display of what can be done with color and design this spring; yard 85c

Printed Rayon Crepes
36 inches wide—have one distinction—that of being non-crushable. Then, too, their colors and patterns are very novel; yard $1.00

Celanese and Bemberg Chiffons
40 inches wide, show plain shades and a variety of color combinations in prints, and are attractively priced at, yard $1.50

Rayon Georgette Crepes
36 inches wide, are printed in a wonderfully pretty assortment of light to dark colorings, and may be had at, yard $1.95

(Second Floor—Coulter's)

At the Country Club, Wear a Suit of Bouclette

The average woman just couldn't do without her two or three-piece ensemble of bouclette, when she plays bridge on the piazza of her favorite Country Club, or indulges in golf or motoring or similar sports.

Many women prefer bouclette to any other material, also, for traveling wear, as it may be had in dark, serviceable tones as well as in the lighter pastel shades.

Embellishments of embroidery or woven-in stripes add distinction to certain models, while others are plain, relying upon their smartness of tailoring for their beauty.

Inasmuch as we carry in stock sizes from 14 to 44, there is little fear that any woman who comes looking for these popular suits will be disappointed in securing one to fit.

$29.50 to $59.50

(Third Floor—Sportswear—Coulter's)

Daytime Wash Frocks

Numerous materials—various weights—attractive styles, all make these dresses acceptable to women who do not sew at home.

Dainty voiles in pastel patterns and colorful prints, with novel ideas in trimming, add to their attractiveness.

Collarless or with collars, sleeveless, short set-in sleeves or full length. Sizes 16 to 44 in nearly all of them.

$2.95 to $5.95

(Fourth Floor—Coulter's)

Beach Pillows, Attractive at 95c and $1.50

For beach homes, porches or sun rooms, few pillows are prettier or more serviceable than these of cretonne, sateen or crash. You can throw them about with the assurance that they will not easily show soil or wear out.

(Second Floor—Coulter's)

Of Interest to Women.

Clubs Society — Health Fashions

SOCIETY

BY JUANA NEAL LEVY

One of the lovely affairs of the week was the luncheon with which Miss Katherine Tilden entertained at the home of her mother, Mrs. Eugene M. Tilden, in North Curson avenue, Hollywood, honoring Miss Jerry Ollier, who is visiting at the home of Mrs. Earl Long. Twenty-six guests were bidden.

The table was most attractive in its springtime motif of blossoms in the yellow and orchid tones, lilacs and roses predominating, with candelabra in matching shades lighting the board. The affair served also to announce formally the betrothal of the attractive young hostess to William Stephen Scully, the news being disclosed by means of tiny scrolls hidden in the hearts of yellow rosebuds, with the names of the betrothed written on the scrolls.

Miss Tilden received her guests in a bouffant Dresden taffeta gown. Although no date is set as yet for the wedding, it probably will be an event of the late summer.

Following the luncheon Miss Tilden assisted her mother at a reception and tea to which more than 200 guests had been bidden, the news also being told the assembled guests, by a tiny lassie and laddie seated beneath a wedding bell of white sweet peas suspended in an archway. They handed the guests as they arrived white cards bearing the names of the betrothed.

Miss Ollier has made a host of friends since her arrival some days ago and many delightful affairs are being given in her honor. She has traveled extensively and for the past twelve years has been in Europe.

During the afternoon tea was served in the patio and strolling Spanish troubadors in native costumes sang and played lilting native airs. Fragrant fruit blossoms and lilacs formed the predominating motif of the house decorations. Receiving with Mrs. Tilden and Miss Tilden were Mrs. George Schoolcraft, Mrs. Walter Hartman, Mrs. Thomas Meeks, Mrs. Charles Freylinghausen Smith, Mrs. William Engles, Mrs. S. W. Garretson, Mrs. Richard Anderson, Mrs. Edward Jones and Mrs. Myron W. Tilden.

Miss Tilden graduated from Mills College and was a student at the University of Southern California, where she is affiliated with Alpha Chi Omega Sorority, while her fiance graduated from Stanford law school and is a member of Delta Theta Phi Fraternity.

For Nebraskan

A delightful social event planned for today is the May Day breakfast and bridge party to be given at the Chapman Park Hotel in honor of Mrs. Oscar C. Homann of Omaha, who is visiting in Los Angeles. The hostesses are Mrs. Mox G. Dehner and Mrs. E. C. Vanderbilt.

As a compliment to the guest of honor, a decorative color scheme will be carried out in her favorite colors, orchid and yellow. Those bidden are Mrs. Bill Moon, Mrs. H. L. Zoller, Mrs. L. L. Broodeen, Mrs. H. G. Bodkin, Mrs. O. H. Amberg, Mrs. J. M. Pattillo, Mrs. Leroy Elliott, Mrs. W. B. Johnson, Mrs. Fred Sholda, Mrs. Charles A. Gault, Mrs. Elwin Lechner, Mrs. A. B. Vandercook and Mrs. Sydney Boughn.

Sorority Affair

An innovation in bridge-teas will be introduced at the event being sponsored for Saturday by alumnae members of Alpha Sigma chapter, Delta Gamma Sorority, when Gus Edwards of musical comedy fame presents a miniature revue during the tea hour. The fiesta ballroom of the Ambassador will be the scene of the benefit, for which the sorority is completing elaborate plans.

A committee of alumnae in charge of arrangements is headed by Mrs. Monroe Hummel and includes Mrs. Cameron Livingston Thom, Mrs. Harold Craig, Miss Elizabeth Schoonmaker, Miss Dorothy Gerow and Miss Nadine Crowley.

Patronesses for the affair are Mrs. Joseph F. Sartori, Mrs. Edward A. Dickson, Mrs. Lester Hibbard, Mrs. W. T. Gerow, Mrs. Lawrence Sevier, Mrs. Antonio Moreno, Mrs. O. M. Souden, Mrs. J. Allen Davis, Mrs. Yale Porch, Mrs. Bessie Blessin, Mrs. Rowe Sanderson, Dr. Margaret Carhart, Dr. Julia Johnson, Mrs. W. F. Brandt, Mrs. F. B. Yoakum, Mrs. C. R. De Laubenfels, Mrs. Howard Verbeck, Mrs. Aurania Rouveral and Miss Bertha Rose.

Dinner Host

Jules Verne Allen was host at dinner recently to a distinguished group in the Hollywood Plaza Pig'n Whistle, covers being placed for Lady Evan Middletown Brown, Mme. Ivy De Verley, Mr. and Mrs. Harold Brown, Mrs. C. Willard Smith, Mrs. W. M. Peterson, Miss Helene Unity Hunter, Miss Barbara Smith, Miss Yvonne Dorian, Miss Roberta Bleecker, Miss Rosanna Bleecker, William Lovelace Miles, Alden Almstead and A. B. Spies.

Wedding Date Set

Miss Edith Jenkins, daughter of Mr. and Mrs. John Wesley Jenkins of Kansas City, Mo., whose engagement to Harold Holmes Patterson, son of Mr. and Mrs. Asa T. Patterson of 1861 Whitley avenue, Hollywood, was announced several months ago, has chosen as her wedding date June 8. The ceremony will take place at 8:30 p.m. at the Trinity Methodist Episcopal Church in Kansas City, with a reception following at the home of the bride's parents.

Betrothal Told

Announcement was made last Saturday afternoon by Mrs. B. E. Schuck of 2207 West Third avenue of the engagement of her daughter, Miss Dorothy Schuck, to Robert D. Salinger of Newtonville, Mass. The wedding will be an event of June.

The news was told during a bridge-luncheon to a coterie of intimate friends, among them Mrs. Fred Dickinson, Mrs. Lewis Spangler, Mrs. Robert Huff, Mrs. Fred Cox and Mrs. John Huntington, and the Misses Barbara Evans, Agnes Neer, Irmajean Moore, Winifred Horn, Florence Huntington, Josephine Chapman, Bonnie Palmer, Winifred Huntington and Carol Hoyt.

The bride-elect is a graduate of the University of Arizona and Mr. Salinger of Dartmouth.

The Right Powder Doesn't Show On Your Skin!

The art of powdering is not to look powdered! The professional beauty who lives by her looks knows better than to powder carelessly. She uses a subtle *illusion* powder—Pussywillow—in the exact skin-perfect tones of her own complexion, which instantly blends with her natural flesh tints and can't be detected. Its exquisite rosepetal effect clings softly and becomingly for hours. Get a box of Pussywillow today in the correct shade for your skin—it comes in five skin-perfect tones and white.

Don't YOU *want to stay young,* TOO?

You can buy a Charis from $6.95 up. The garment illustrated costs $9.25.

The Adjustable Inner Belt lifts and flattens the abdomen without pressure. It is also a safeguard against muscular strain and fatigue.

What is more worth having than a lovely, youthful figure? What is more precious than the health and vitality of youth? . . .

CHARIS can re-create youth for you exactly as it has for so many other women. It will give you a lovely, youthful contour because its complete adjustability permits you to re-proportion your entire figure, correcting over-development or ungraceful lines. These amazing results are accomplished by means of a single lacer.

Through scientific support CHARIS will protect you from the devitalizing results of abdominal strains and from the aging effects of over-exertion and extreme fatigue. There is no other foundation garment that can so surely and effectively assist you in prolonging youth.

You will never find CHARIS in stores. It is brought directly to your home and explained or demonstrated by a specially trained representative of this company. Individual fittings are given at this office, without extra charge. If you are interested in looking younger—*and feeling younger*—please write or 'phone the address below.

HER ENGAGEMENT ANNOUNCED

News Told to Friends at Luncheon

[C. Elmore Grove studios]

Miss Katherine Tilden

A LOVELY affair of yesterday was the luncheon with which Miss Katherine Tilden entertained at the home of her mother, Mrs. Eugene M. Tilden, in North Curson avenue, Hollywood, honoring Miss Jerry Ollier, house-guest of Mrs. Earl Long.

The affair also served to announce formally the betrothal of the attractive young hostess to William Stephen Scully, the wedding to be an event of the late summer.

HOUSEHOLD SUGGESTIONS

Before Vacationing

Soon we will be on the wing leaving town troubles for a while. But we must remember many details before leaving the house. Pets and plants must be arranged for. Notice must be given milk, ice and paper men. Word must be sent to the telephone company for a temporary discontinuance of service. Leave the refrigerator doors open. Be certain that all lights are turned off. Be sure all windows and doors are locked and the shades pulled down. These are just a few of the many "closing" details of the house, but they might serve as reminders.

The Housewives' Exchange

Cream taken after meals is excellent to increase flesh.

One lighted gas jet is said to consume as much air as four adults.

A quart of milk a day, to be used for each child solely as a beverage, is not too much.

Egg stains on a silk frock can usually be removed by rubbing them with common table salt.

There is no slogan in housekeeping that is quite so good as "A Place for Everything and Everything in its Place."

Jelly Tests

A little refreshing of the memory in regard to jelly tests might be in order now at the beginning of another preserving season. Jelly is done when a very little will form a single large drop and break quickly away when dropped from a spoon. Another test is to pour a little on a small dish and place this dish directly on the ice. If it jells, the jelly will harden.

The Spring Cleaning

Before starting your spring cleaning, brush and clean the winter clothes you will no longer need.

Take it easy, one room at a time, so that the whole house is not upset and disorderly at once.

If you find you are wearing yourself out, take a day off and have some diversion and pleasure. You will come back to the task with renewed interest.

The Worn Places

The lumber-jackets so popular with the boys at the present time usually wear out at the cuffs, leaving the rest of the jacket perfectly good. If this should happen, make cuffs of corduroy and replace the worn knitted ones. Most of the jackets have brown yarn at the waist and cuffs and the corduroy blends very well.

Do It Thoroughly

When you see a frock in the window of a very exclusive shop and you feel certain you can copy it, go to it. But do not leave out one small detail, even going so far as to count the exact number of buttons used as trimming. These seemingly small details are usually the things that really make the frock, so when you copy, copy well.

Safety First

Do not take reckless chances with stain removers on colored fabrics. Try it on the underneath part of the hem of the frock first and see if it affects the color.

Successful Scrubbing

Floors should be scrubbed with lukewarm water, never hot. Hot water sinks into the wood and means longer drying. Scrub with the grain of the boards, never across them.

After the Party

Just as a precaution, after the youngster has been to a party and eaten you know not what, give him a laxative. It cannot hurt him in any event and may save him an upset stomach.

Removes Stains

Add a tablespoonful of borax to the water when washing light-colored stockings that have become stained from shoes and see how quickly the stains will wash out.

HEALTH and DIET ADVICE

By Dr Frank McCoy

author of "The Fast Way to Health"

Dr. McCoy will answer personal questions on health and diet, addressed to him, care of the Los Angeles Times. Inclose stamped, addressed envelope for reply.

WHAT PATIENT HANDS TELL THE DOCTOR

The doctor often develops great powers of observation after years of practice, and he may know very much more about the patient than the latter is usually aware. Often a doctor of many years' experience can almost diagnose a case by merely looking at the patient. Often, too, the doctor does not realize the actual definite physical changes which led him to his opinion, as he may do this by a subconscious recognition of similarities to other patients having the same type of disease. Just to illustrate, I am going to give you a few of the pointers that a doctor may learn from observing a patient's hands.

It is often easy to determine a patient's occupation without asking questions. For example, a carpenter has practically the skin of the entire palm of the right hand thickened and calloused through pressure upon the plane, and small hard patches of skin are usually formed upon the first and second joints of the thumb and the lower part of the forefinger.

The violinist usually has flattened, calloused fingertips.

The tailor shows small puncture marks of the needle on the forefinger of his left hand.

The bookkeeper or clerk usually has a thick callous of the skin just above the last joint of the middle finger.

Typists often have the tips of the first two fingers of both hands roughened and cracked as well as the outside of the thumb of the right hand.

The painter can usually be detected by small particles of paint at the base of the fingernails.

Dyers, photographers and those who work in chemicals almost always have characteristic stains upon the fingers.

Horny, thickened fingers almost always indicate a hardy son of toil.

Bank cashiers usually have a callous on the outside of the thumb tip of the right hand.

A woodsman usually has a thickened skin over the entire inner surface of the palm and well-defined callouses upon the first finger and thumb of the right hand caused by the hand sliding up and down the ax handle.

The doctor is also able to determine much about the patient's general health from the appearance of the hands and from the patient's method of holding and moving them, and much can also be determined from the texture of the skin of the hands and from the appearance of the fingernails.

It is even possible to sometimes determine how long since the patient has had an acute illness because the nutrition of the nail suffers greatly during an acute illness and a transverse groove will usually form in the nail. The time can be calculated by the fact that the length of time required to grow a new nail is about six months. If the groove is about half way up to the fingernail, the patient had an illness about three months ago, and if the groove is a third of the way up, the patient had an acute illness about two months ago, etc.

QUESTIONS AND ANSWERS

Large Neck

Question: Mrs. S. M. writes: "I have had a large neck for seventeen years. My doctor says it's not goiter, only a large lump. Could this be taken away without an operation."

Answer: There are many kinds of glands in the neck besides the thyroid which swell out of their normal shape. Most of these can be reduced through the proper diet with sometimes the assistance of local treatments. If you will have an exact diagnosis made of your trouble I will be glad to send you my opinion about your case and the possibility of a cure.

Artichokes

Q.: O. M. J. asks: "What do you think of artichokes as a food? What is their food value? How do they combine with other foods?"

A.: The French artichoke is a nonstarchy vegetable, while the Jerusalem artichoke is starchy. Both have excellent food value, but the French artichoke is richer in vitamins and mineral elements. These artichokes look something like thistles, and the French artichoke can be used in combination with any other kind of food, but the Jerusalem artichoke should only be used with the nonstarchy vegetables and not with meat or other proteins.

Pains in Ribs

Q.: F. B. D. writes: "For the past three years I have had so many cramps in my ribs or the muscles underneath them. If I turn my body to look back, or raise my arms to reach around for anything, I get them. Sometimes they will last for five minutes and I have to move myself in all shapes to get rid of them. I have asked several doctors but they don't say what it is. I am 33 years of age.

A.: It may be possible that you dislocate your ribs when twisting your body. Sometimes one rib will fold over the other and this will cause pain until it is replaced. Have an osteopathic or chiropractic physician examine your ribs and see if this is the cause.

New Method of X-Ray Discloses Teeth Cavities

A new method of X-ray by which cavities in teeth may be detected before they can be seen will be one of the new discoveries presented at the annual meeting of the Southern California State Dental Association at the Biltmore next Monday and Tuesday.

The method originated by Dr. Howard Raper of New Mexico, enables dentists to observe early indications of cavities in teeth which to all appearances are in a sound and healthy condition, according to Dr. Charles O. McBean, president-elect of the association. In many cases the actual formation of the cavities can be frustrated by proper diet.

The Southern California State Dental Association meeting clinical program will be given under the supervision of Dr. C. M. McCauley, chairman of the clinic committee.

BRAN FLAKES THAT ARE BETTER

KELLOGG in Battle Creek makes them. With the rare flavor of PEP in every crisp spoonful. With the nourishing elements of the wheat. With just enough bran to be mildly laxative.

Try these better bran flakes—Kellogg's Pep Bran Flakes. Sold in the red-and-green package.

CHEF WYMAN'S RECIPES

Every Tuesday and Friday at 1:30 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southwest Building, 130 South Broadway.

[illegible] BANANAS AND RICE

[illegible] bananas, peeled, two tablespoonfuls of butter or oil, one [illegible]spoonful of curry powder, two [illegible]spoonfuls of cornstarch, one-[illegible] teaspoonful of salt, one tea[illegible] of table sauce, one and one-half cupfuls of milk, two cupfuls of cooked rice. Cut the bananas in half lengthwise, fry them [illegible] quite soft in the butter, to which the curry powder has been added. Place the bananas on a hot [illegible] dish, to the butter remaining in the pan, add the cornstarch, [illegible] and table sauce, stir and cook [illegible] minute. Slowly add the [illegible], and cook until the mixture is thick and smooth, beat one egg, and stir into the sauce, pour the [illegible] over the bananas, mound the [illegible] around them and serve.

BOILED LEG OF LAMB, FRENCH STYLE

Place a small leg of lamb in a [illegible], place in a muslin [illegible] whole onion, three sprigs [illegible], and one of summer [illegible], four whole cloves, and six [illegible], tie, cover the leg of [illegible] boiling water, let come [illegible] and skim. Add two [illegible] of parsley, take six tea[illegible] of flour, and mix to a [illegible] with half a cupful of cold [illegible], one tablespoonful of salt, and a dash of cayenne pepper, stir [illegible] the liquor, cover tightly, and allow to simmer until the lamb is tender, take four hard-boiled eggs, mash the yolks with three [illegible] of butter and three [illegible] of flour, remove the leg of lamb, take out the spice bag, stir in the butter mixture, and allow to cook until thick. Add two [illegible] of capers, pour the gravy over the boiled leg of lamb, garnish with the hard-boiled egg whites and sprays of parsley.

POTATO SOUFFLE

Boil and mash six medium-sized potatoes, press them through a potato ricer, chop two onions fine, add two tablespoonfuls of ham, chopped fine, cook the onions and ham together, in a little butter, season with salt and pepper, and one tablespoonful of chopped parsley, beat the yolks of three eggs, add to them half a cupful of stock, combine the mixtures, beat the whites of the eggs until stiff, fold into the potato mixture, place in a buttered baking dish, cover with bread crumbs and brown in the oven.

ONION PUFFS

Take good flaky pie crust, roll thin, and cut into squares, take as many white onions as there are guests, and boil them until just beginning to get tender, remove, drain, and let them cool. Carefully remove the centers and fill the space with a small ball of sausage meat, fold each onion into the pastry square, place in a baking dish, and allow to bake in a moderate oven. When done, serve with a thick tomato sauce, to which has been added, a little Parmesan cheese, garnish with thin slices of green pepper.

Mrs. Wyman does not reply to letters, but requests for recipes are answered in the department, PRACTICAL RECIPES, published every Friday.—(All rights to reproduce reserved by A. L. Wyman.)

May Day Fetes to Begin Today

Children of the Los Angeles municipal playgrounds will begin today upon a series of festivals in observance of May Day that will last through the next two weeks, according to plans announced by Mrs. Emelie R. Hollington, supervisor of dramatics in the playground department.

More than 2000 children will take part in May Day events. Many of the festivals will be symbolic, with children playing the parts of birds, flowers and butterflies. Others will follow the traditional Old English idea. May celebrations begin today with festivals at Hazard and Anderson Memorial playgrounds; on Friday, Venice, Exposition, South Park and Yosemite playgrounds; Saturday at Elysian, Barnsdall, Central, Queen Anne, Watts and Vineyard playgrounds.

Be a thorough housekeeper but not a fussy one. The wise woman is the one who says "I do all I can and refuse to worry over the things that do not get done."

GUIDING YOUR CHILD

BROTHERLY LOVE

By Mrs. Agnes Lyne

We are brought up in the belief that brothers should love one another and the fact that they so frequently quarrel throughout their growing years we take to be one indication of the innate wickedness of human nature.

Really we ought not to be surprised that two brothers, especially if they are close together in age, should quarrel a good deal. They have more to quarrel about than any other two people in the world.

They are born rivals and competitors. Both are trying to win their parents' love. Both are contending constantly for toys and play space, for attention and privilege, for leadership, for superiority of one sort or another.

It needs but the touch of a little favoritism, a small amount of tactlessness, an occasional injustice, to set hostilities going full blast.

If we are wise we can avoid unnecessary clashes and give opportunities for the development of genuine affection and pleasant comradeship. Here are a few suggestions which should help:

Never tell the children they ought to love one another.

Try never to show more love for one child than for another.

Appreciate with equal warmth the efforts of each child to be helpful and obedient. Show equal interest and understanding of the work and play of each.

Don't expect them to prefer each other as playmates while they are little. During their early years try to give them plenty of play materials and plenty of play space, so that they will not interfere unduly with each other's activities.

If there are temperamental differences which act as a barrier to the development of any real companionship, accept the facts and do not attempt to achieve the impossible.

Recovering the Buffer

The tops of kid gloves make excellent covers for the nail buffer. Remove the worn cover, noting how it is put on the buffer by means of a heavy thread, and use this as a pattern on the new kid. These covers retail around 35 cents, so you save actual money by saving the tops of gloves for this purpose.

SOROPTIMISTS PLAN JOURNEY

Meeting Considers Trip to London Session

Parent-Teachers Begin Conference

Other Clubs Active With Programs

BY MYRA NYE

Preparing for an exodus of California Soroptimists to London, Eng., a year from now and desiring to go supplied with information concerning the Southland, yesterday in the Music Room of the Biltmore the local club, the third of its kind ever formed, listened to an address on "Prepare for Millions." F. J. Buckley, member of the Harbor Committee, Los Angeles Chamber of Commerce, was the speaker, and Frances R. Knox, vice-president, presided in the absence of Amelia F. Johnson who was in Sacramento lobbying for some of the bills sponsored by women.

The London meet is to be the first international gathering of Soroptimists and it is expected at least a score will go on to the convention from here. Miss Knox and Frosta Pasley are members of the "On-to-London" committee.

Helen Roberts Rankin presided as chairman of the program and introduced Mr. Buckley. Showing the marvelous growth of Los Angeles, the speaker began with the founding of the city by Gov. Philip De Neve in 1781 and briefly recounted its history to indicate by contrast, as he said, its slow growth up to the boom of 1885 with its rapidity of the years since that time.

Other numbers of the program provided as entertainment by Mrs. Rankin, included roping stunts by the cowboy Mayor of Cardiff, Arthur Terry; and music by the banjoist, Billy Wilson. The attendance prize was given by Matilda Olson. Hostesses were: Marie Haas, Kate Myers, Martha Weaver, Alberta P. Wilson, Elizabeth H. Morrison and Agnes Mahoney.

Parent-Teachers

A two-day conference, an annual affair, begins today in the First Congregational Church, 845 Hope street, of the Tenth District, California Congress of Parents and Teachers. Official call has been sent to 42,681 members, of whom nearly half are fathers. Mrs. Frank R. Schaefer is president.

Polls will be open from 10:30 a.m. until 2:30 p.m. for election, and nominations may be made from the floor this morning. Candidates will be introduced immediately preceding opening of polls. Among those scheduled to appear either giving reports as committeewomen or as musicians or speakers are: Dr. C. K. Hunter, Mrs. Charles P. Reiniger, Mrs. Schaefer, Bennie Wilson and his "Dad" in musical numbers, Miss Ave Leslie, Miss Ella May Nevell, Mrs. Charles Ernest and C. L. Glenn.

Philanthropy and Civics

Tomorrow the report of the election commission is expected.

The first Thursday of every month is devoted to current events under the direction of Nellie Dean Graham by the Philanthropy and Civics Club. As it is also welfare day for the club, Mrs. Graham has planned for tomorrow a conference of all welfare associations of the city at the clubhouse on Wilton Place. The speakers will be: R. R. Miller of Los Angeles County Charities; Margaret Barnard of the American Red Cross; I. Irving Lipstitch, Federation of Jewish Welfare Organizations; Dorothy Wysor, Traveler's Aid, and Margaret Edgin, the Philanthropy and Civics Club's own social service secretary, who will tell of what is being done in their various organizations for the material betterment of humanity in Los Angeles and vicinity. The speakers will be entertained at luncheon and shown through the various sewing rooms where the layettes, dresses, big and little, boys' blouses, trousers, quilts and comforts are made by the sewers of the club.

Catholic Club Program

Under the direction of Miss Lillian Fitch, curator, the drama department of the Catholic Woman's Club will present four one-act plays at 2 p.m. today in the clubhouse at 927 Menlo avenue.

"Overtones," by Alice Gerstenberg, will be the first presentation, with Mrs. E. Breen, Mrs. D. Kearney, Mrs. Fred Wilson and Mrs. A. Tappeiner in the cast, while the second, "Gettysburg," by Percy Mackaye, includes Mrs. Katherine Cox and Mrs. Marie Doyle.

Constance McKaye's "Beau Nash," and "The Little Father," by Austin Strong, complete the program, with Mrs. James Costello, Miss Margaret Phillipson and Miss Frances Dilger in the former and in the latter, Mrs. James Costello, Mrs. Mary Elder, Mrs. P. J. Tompkins, Mrs. Thomas Scott, Mrs. Thomas Lynch, Mrs. John Bee and Miss Catherine Beahr.

Poetry and Music

Meeting today from 1:45 to 3 p.m. in the Majestic Recital Hall, Majestic Theater Building, the Poetry and Music Club will have as its program an address on "Poetry Building" by Leetha Journer, and song selections by Miss Stanley Fraser, contralto. The public is invited, and it is suggested by Bertha Eichel, press chairman, that notebooks will come in good stead.

Last Conference

"What has the 1929 State Legislature accomplished for the people of the State?" will be the general topic for the last conference of the club year of the Department of Legislation, Los Angeles District Federation of Women's Clubs. The meeting takes place today and is open to all club women. Mrs. A. J. Lawton will preside.

Also on the program will be N. Bradford Trenham, secretary of the Educational Commission of the California Taxpayers' Association, who will discuss the status of the educational bills before the Legislature, while other bills to be presented are "Special Assessment Bills," "The Restitution Act" and the bills sponsored or recommended by the State and District Executive Boards.

WOMEN TO HEAR HINTS ON BEAUTY

Expert Will Lecture at Dyas Hollywood Store During Present Week

BY OLIVE GRAY

That it is "never too late to mend," applies to the complexion and skin, is explained by Mme. Bergeron, beauty expert, and that this assertion is an inspiring promise to many hundreds, yes to thousands, is proved by the interested listeners thronging the sections where this famous woman gives informal, authentic advice.

During the present week the Dyas Hollywood store will be the center of these interesting lectures. Personal attention to each patron will be given freely and that the advice is that of one who knows, cannot be doubted by those who see Mme. Bergeron in person; for she—with her snowy hair, and fresh youthful skin and complexion—is concrete proof of the efficacy of her methods.

The preparations, compounded from old French recipes, inherited years ago, and tested throughout many cities of the United States and Europe, are the foundation upon which rests the facial loveliness of Mme. herself, while—beyond the exterior daintiness, one glimpses the profound and beneficent character, by means of which real success in business and in society has been attained.

Mme. Bergeron has talked to patrons in stores but once heretofore; and the course at the Dyas Hollywood store this week is her last appearance before leaving for eastern and European centers.

Mme. Bergeron's Los Angeles headquarters occupy the entire top floor of the Haas Building, Broadway and Seventh street.

YOUR BABY AND MINE

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope, forwarded to this office, will bring a personal reply.

This department offers leaflets on weaning and feeding the child from 6 weeks to 6 years, prenatal care and diet for the nursing mother, constipation, [illegible], outfits for the new baby, sleeping, walking, teething, thumb-sucking, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, styes and boils and cradle cap. Before asking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

QUESTIONS ASKED BY THE MOTHER OF ONE

Mrs. C. D. T. writes: "I am a young mother of a 9-months-old baby who is a perfect little devil. He is in perfect health and normal weight, and though he cannot walk he does plenty of creeping. He is so strong that I have to strap him in his coach when I go out walking. As the strap goes around his waist, shall I loosen it when he goes to sleep?

"His face is covered with scratches which I could not stop by cutting his nails. As he does this when lying in his coach, the doctor told me to tie his hands, one to each side. Do you think this is the right thing?

"When he is out for an airing I often have to give him his bottle, and as our street is dusty, shall I put a veil over his face to keep out the dust that might get on the nipple or the pacifier if he has that?

"I have been using ventilated rubber panties this winter; shall I use them this summer? How long will it take to train his ears back if I use adhesive tape on them? As he sleeps from eleven to twelve hours at night I think I have a model baby."

Answer: Presumably the "little devil" had nothing to do with his behavior, since you later consider him model. I was a little surprised at that last in view of the first.

I am afraid there is room for some improvement. Pacifiers are never given to babies. They do not need to be entertaining themselves sucking on these rubber contrivances and encouraging a nice growth of adenoids and a misshapen jaw by so doing. Throw it away today.

If the harness isn't tight, and it shouldn't be, it ought not to trouble the baby when asleep, so I don't think it makes any difference whether you loosen it or leave it in place.

I consider it a bad practice to tie the poor child's hands. Why not put a pair of loose cotton mittens on him when you find he is scratching his face, and take them off when you can watch him and prevent it? Even a small wrapping of cardboard at the elbow, which would prevent his reaching his face but still allow his arms to move about, would seem to me better than this. Keep the nails very short. He'll get over this habit.

The amount of dust baby gets on a nipple which he is busily manipulating in his mouth would seem negligible. I have never known the time that I thought a veil for a small baby advisable.

If the panties are only used when baby is out and not all night or all day, their occasional use would be harmless.

Personally I don't think that ears which, by heredity, do stand out from the head can ever be made to change their shape by tapes. If caps or tapes are successful it would be from constant use over a long period of time. How long, no one could say.

Planning for Hubby

The woman who packs a lunch each day for her husband frequently uses her muffin tins for pie-making and bakes many little ones rather than one large pie. Then she has some very welcome little tarts for hubby's lunch for several days to come.

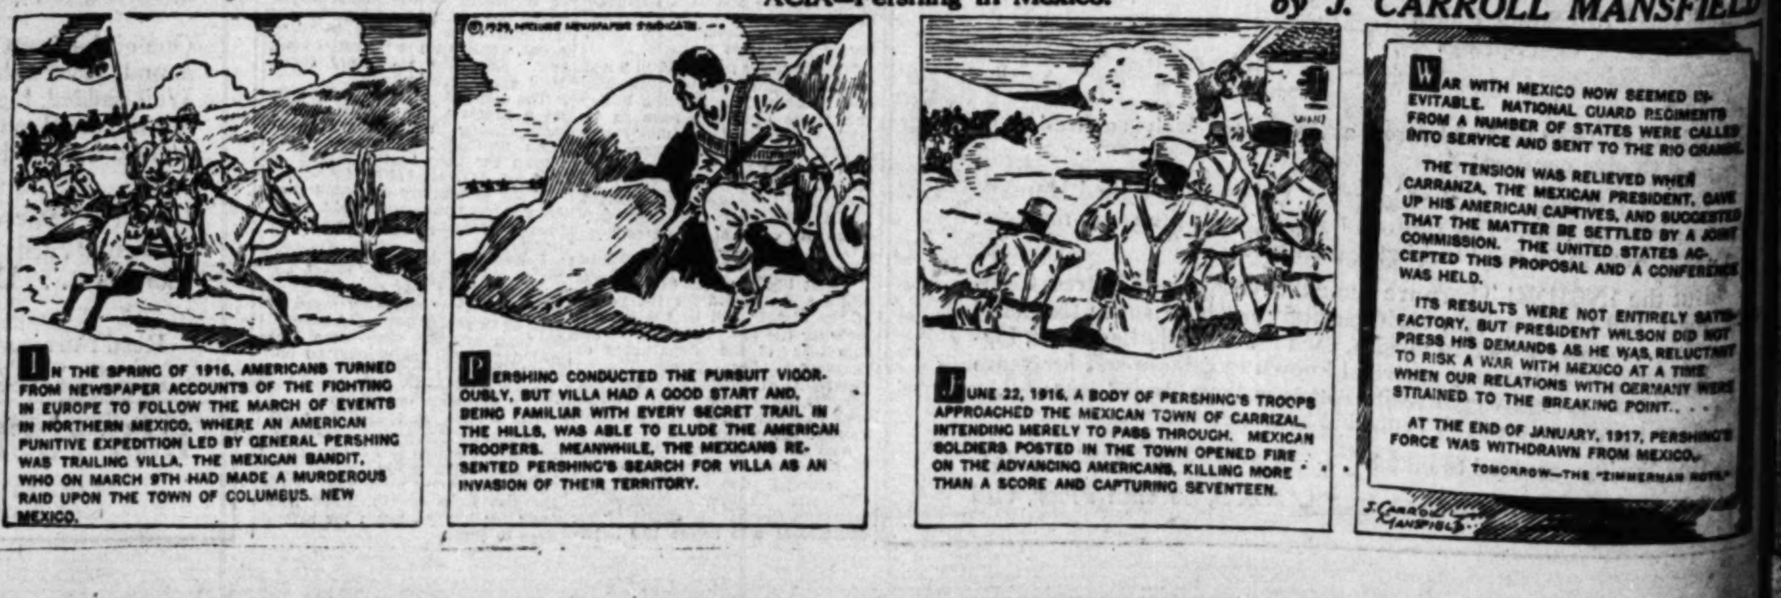
HIGH LIGHTS IN HISTORY 1329

The Story of the World War
XCIX—Pershing In Mexico.

by J. CARROLL MANSFIELD



IN THE SPRING OF 1916, AMERICANS TURNED FROM NEWSPAPER ACCOUNTS OF THE FIGHTING IN EUROPE TO FOLLOW THE MARCH OF EVENTS IN NORTHERN MEXICO, WHERE AN AMERICAN PUNITIVE EXPEDITION LED BY GENERAL PERSHING WAS TRAILING VILLA, THE MEXICAN BANDIT, WHO ON MARCH 9TH HAD MADE A MURDEROUS RAID UPON THE TOWN OF COLUMBUS, NEW MEXICO.

PERSHING CONDUCTED THE PURSUIT VIGOROUSLY, BUT VILLA HAD A GOOD START AND, BEING FAMILIAR WITH EVERY SECRET TRAIL IN THE HILLS, WAS ABLE TO ELUDE THE AMERICAN TROOPERS. MEANWHILE, THE MEXICANS RESENTED PERSHING'S SEARCH FOR VILLA AS AN INVASION OF THEIR TERRITORY.

JUNE 22, 1916, A BODY OF PERSHING'S TROOPS APPROACHED THE MEXICAN TOWN OF CARRIZAL, INTENDING MERELY TO PASS THROUGH. MEXICAN SOLDIERS POSTED IN THE TOWN OPENED FIRE ON THE ADVANCING AMERICANS, KILLING MORE THAN A SCORE AND CAPTURING SEVENTEEN.

WAR WITH MEXICO NOW SEEMED INEVITABLE. NATIONAL GUARD REGIMENTS FROM A NUMBER OF STATES WERE CALLED INTO SERVICE AND SENT TO THE RIO GRANDE.

THE TENSION WAS RELIEVED WHEN CARRANZA, THE MEXICAN PRESIDENT, GAVE UP HIS AMERICAN CAPTIVES, AND SUGGESTED THAT THE MATTER BE SETTLED BY A JOINT COMMISSION. THE UNITED STATES ACCEPTED THIS PROPOSAL AND A CONFERENCE WAS HELD.

ITS RESULTS WERE NOT ENTIRELY SATISFACTORY, BUT PRESIDENT WILSON DID NOT PRESS HIS DEMANDS AS HE WAS RELUCTANT TO RISK A WAR WITH MEXICO AT A TIME WHEN OUR RELATIONS WITH GERMANY WERE STRAINED TO THE BREAKING POINT. . . .

AT THE END OF JANUARY, 1917, PERSHING'S FORCE WAS WITHDRAWN FROM MEXICO.

TOMORROW—THE "ZIMMERMAN NOTE."

Hopes Mysterious Friend Will Come to Aid

Manslaughter Plea Also Considered by Howard

Pasadena Police Move for Amity With Fitts

A mystery "friend," whom J. L. ward, confessed murderer of Vic A. Cooley, yesterday announced expects to come to his aid with for his forthcoming fight life, became the center of in to Pasadena police officials, assert they do not believe the tive given by Howard when he ed he beat the wealthy au man to death with a hamer after a drunken argument.

Howard's assertion that he will aided financially came a short after he had asked that Dan Heyfron, Los Angeles attorney, called to his cell in Pasadena for conference.

Immediately after the meeting attorney Heyfron said he will rep the self-confessed slayer at preliminary hearing Friday be Municipal Judge Gibbs of dena, but that his future serv will depend on the outcome of conference he is seeking with P. Shannon, attorney for Pearl Cooley, estranged wife the slain man.

HAS LITTLE MONEY

Heyfron would not reveal the na of the proposed conference, but that it is necessary as the of his meeting with Howard, has only $115 to finance his defense.

"You tell Shannon he had better and talk to me or he'll regret Pasadena police officials quoted as stating.

Attorney Heyfron, however, said is no significance to Howard's statement and that the slayer to consult Mrs. Cooley's legal representative pertaining to business owned by Cooley and which Howard acted as night manager.

Late yesterday Howard told his attorney that he is willing to go into court and plead guilty to a manslaughter charge, but that he will fight the first-degree murder complaint, Heyfron said when he left the man's cell. If the charge not reduced he will plead not guilty, he told Heyfron.

STORY HELD FAULTY

Howard's declaration that the hammer with which he admitted striking Cooley in the head was in his coat pocket because he had been working on automobile brake bands does not "stand water," Chief of Police Kelley of Pasadena said.

The Police Chief declared that when Howard confronted officers in Cooley's apartment after he had called them and said that he had "found a man murdered," Howard's business suit was unspotted and neatly pressed.

An attempt to heal the breach between the District Attorney's office and Pasadena's Police Department, said to have resulted from an alleged "gentlemen's agreement" between Attorney Shannon and Lucien Wheeler, chief of the District Attorney's investigators, whereby Shannon always is to be present when Mrs. Cooley is questioned, was attempted by Chief Kelley yesterday in a letter to Dist.-Atty. Fitts.

LETTER TO FITTS

The letter, which follows Chief Kelley's refusal to attempt to interrogate Mrs. Cooley in Shannon's presence when the woman appeared at the Pasadena police station Monday, reads:

"Regardless of the controversy that has arisen over the Cooley case, this department wants you to know that every one of its members has implicit confidence in your honesty, ability and integrity, and we will do everything in our power to co-operate with you on all occasions in the enforcement of every law. Some things have arisen in the Cooley case that have made our men very bitter against your investigating department, the details of which can be furnished if necessary.

"J. L. Howard's preliminary trial for the murder of V. A. Cooley is set for Friday, May 3, 10 a.m. Pearl Cooley has been subpoenaed as a witness at that trial. We would like an opinion from your legal department as to whether we can legally take her in custody after the trial, bring her to the police station in charge of a policewoman, and interrogate her as to the circumstances connected with the mur-

[illegible] Mysterious Friend Will Come to Aid

[illegible] Plea Also Considered by Howard

[illegible] Police Move for Amity With Fitts

[illegible] mystery "friend," whom J. L. [illegible] confessed murderer of Victor A. Cooley, yesterday announced [illegible] to come to his aid with [illegible] for his forthcoming fight [illegible] became the center of in[illegible] to Pasadena police officials, [illegible] they do not believe the [illegible] given by Howard when he [illegible] he beat the wealthy automobile man to death with a hammer after a drunken argument.

Howard's assertion that he will [illegible] financially came a short [illegible] he had asked that Dan [illegible], Los Angeles attorney, [illegible] to his cell in Pasadena for [illegible].

[illegible] after the meeting [illegible] Heyfron said he will represent the self-confessed slayer at [illegible] hearing Friday before [illegible] Judge Gibbs of [illegible], but that his future services [illegible] depend on the outcome of [illegible] he is seeking with [illegible] F. Shannon, attorney for [illegible] Cooley, estranged wife [illegible] man.

[illegible] LITTLE MONEY

[illegible] would not reveal the nature [illegible] proposed conference, but [illegible] that it is necessary as the [illegible] his meeting with Howard, [illegible] only $115 to finance his [illegible]

[illegible] Shannon he had better [illegible] talk to me or he'll regret [illegible] police officials quoted [illegible] as stating.

[illegible] Heyfron, however, said [illegible] no significance to Howard's [illegible] and that the slayer [illegible] consult Mrs. Cooley's legal representative pertaining to [illegible] owned by Cooley and [illegible] Howard acted as night [illegible]

[illegible] yesterday Howard told his [illegible] that he is willing to go in[illegible] and plead guilty to a [illegible] charge, but that he [illegible] the first-degree murder [illegible] Heyfron said when he [illegible] man's cell. If the charge [illegible] reduced he will plead not [illegible] he told Heyfron.

[illegible] HELD FAULTY

[illegible] declaration that the [illegible] with which he admitted [illegible] Cooley in the head was in [illegible] because he had been [illegible] on automobile brake bands [illegible] "stand water," Chief of [illegible] Kelley of Pasadena said.

The Police Chief declared that [illegible] Howard confronted officers in [illegible] apartment after he had [illegible] and said that he had [illegible] man murdered," Howard's [illegible] suit was unspotted and [illegible] pressed.

[illegible] attempt to heal the breach [illegible] the District Attorney's office and Pasadena's Police Department, said to have resulted from an [illegible] "gentlemen's agreement" [illegible] Attorney Shannon and Lu[illegible] Wheeler, chief of the District Attorney's investigators, whereby [illegible] always is to be present [illegible] Mrs. Cooley is questioned, was [illegible] by Chief Kelley yesterday [illegible] letter to Dist.-Atty. Fitts.

LETTER TO FITTS

[illegible] letter, which follows Chief [illegible] refusal to attempt to in[illegible] Mrs. Cooley in Shannon's [illegible] when the woman appeared [illegible] Pasadena police station Monday [illegible]

"[illegible] of the controversy [illegible] arisen over the Cooley [illegible] department wants you to [illegible] every one of its members [illegible] confidence in your [illegible] ability and integrity, and [illegible] everything in our power [illegible] with you on all occasions [illegible] the enforcement of every [illegible] things have arisen in [illegible] case that have made our [illegible] bitter against your investigating department, the details of [illegible] be furnished if necessary.

"[illegible] Howard's preliminary trial [illegible] murder of V. A. Cooley is [illegible] Friday, May 3, 10 a.m. [illegible] Cooley has been subpoenaed [illegible] at that trial. We [illegible] an opinion from your department as to whether we [illegible] take her in custody after [illegible], bring her to the police [illegible] charge of a policewoman, [illegible] her as to the circumstances connected with the murder of her husband, without her attorneys being present.

BLOW TO INQUIRY

"We will abide by your decision, whether it is in the negative or affirmative. However, if it is in the negative it would appear that this investigation must cease, with the facts only half-established.

"Assuring you again of our very great respect and admiration for you personally, I beg to remain, Charles H. Kelley, Chief of Police."

His relationship with Mrs. Cooley, which Howard pictured at great length in a supplementary statement made late Saturday, has no bearing on the slaying, the prisoner reiterated yesterday to Attorney Heyfron, the latter said.

It was revealed by Detective-Lieutenant Thomas of Pasadena, that Howard sent a basket of American beauty roses to Cooley's funeral, which he attended.

"Well, I am glad my flowers got here," Howard said to Thomas. Cooley died four days after Howard's attack without regaining consciousness. A fake attack on himself the night following his attack on Cooley, and other questionable parts of his original story, led to Chief Kelley casting suspicion on Howard and the man's subsequent confession.

CALL ON MRS. COOLEY

Howard yesterday also corrected the impression that he visited Mrs. Cooley after he had fatally beaten Cooley.

"I called on Mrs. Cooley early that evening and we talked of many things. It was sometime later that I went to the apartment from the garage seeking a pint of whisky I left there, and which resulted in the argument, which caused me to strike Cooley," Howard stated.

Mrs. Cooley is said to be living in seclusion at a near-by beach, where she will remain until after Howard's preliminary hearing.

Dep. Dist.-Atty. Broker has been assigned to handle the preliminary for Fitts's office. Identification Expert White and other officials, as well as five newspaper reporters who saw Howard re-enact the tragedy, have been subpoenaed.

Howard yesterday tumbled to the sting of the publicity bug and began a history of his life, which he is writing with meticulous care as to detail from early boyhood. Chief among outstanding incidents in the early pages of the manuscript is his account of once having a tooth pulled, and of suffering from a skin affliction. At a late hour yesterday he had not succeeded interesting the numerous reporters covering the Cooley case in the story.

IDAHOANS PLAN PICNIC

There will be a picnic of former Twin Falls (Idaho) people Sunday, at Pacific Palisades, Santa Monica.

Actress May Wed Hohenzollern Scion

Prince Louis Ferdinand and Lily Damita

GERMAN PRINCE TO BE ANGELENO

Louis Ferdinand Will Enter Business and Live Here

City Entrances Grandson of Former Kaiser

But Romance Figures Also; She's Lily Damita

Prince Louis Ferdinand, second son of the former Crown Prince of Germany, has decided to enter the business world of Los Angeles and to reside here, perhaps permanently.

But not as Louis Ferdinand, Prince of Prussia. Here he will be known as Dr. Louis Ferdinand, a title of which he is proud because he won it by his own efforts at the University of Berlin. He was graduated as a doctor of philosophy there two months ago, having majored in economics and history. This was the first time a member of the royal house of Hohenzollern has been granted a degree as the result of study, he said yesterday in an interview at his apartment, 5959 Franklin avenue.

The royal visitor came, saw, and was conquered by the beauty of Los Angeles, which he describes as the most interesting city he has seen in the world. "This city has more than beauty, in that there are also unlimited commercial and industrial possibilities here," he asserted. "Because of the rich field for business development it offers, I have about decided to settle here."

MAY GO WITH FORD

Although arrangements have not been officially completed, it is likely that the Prince will become associated here with the Ford Company. He probably will be affiliated with the aviation department. While in Detroit on a tour of the country recently, he spent some time with Mr. Ford.

The information relative to his possible business connections came as the result of a sort of double interview in his quarters. For there was present a charming and beautiful woman who had much to do with the Prince's decision to locate here. She is Miss Lily Damita, the motion-picture actress.

Thereby hangs a romance about which much has been printed in America and Europe, and because of which several conferences were held in the house of Hohenzollern. They have been "married" more times by newspapers and gossips than any couple in the world, they laughingly declared.

In order to set the public mind at rest, Miss Damita finally was persuaded to tell the facts of the case. Briefly, they are as follows: She met Prince Louis Ferdinand in Germany two years ago. They fell in love, and great was the sensation in film circles as well as in the palaces of the Hohenzollerns.

CAREER COMES FIRST

The former Crown Prince himself talked with Miss Damita just before she sailed for America a year ago. She told him she would not give up her career for marriage with his son. The young Prince was a university student and had his own way to make in the world. Eventually, perhaps . . . if both of them felt the same after a few years. And that still is the situation today, she asserted.

The Prince came to see her after an unofficial controversy with his family, who wanted him to stay in Europe. They still feel the same, both of them said, and he is going to start his climb up the business ladder near her here. They will be married later, when he has won success if . . . Judging from their devoted glances yesterday that "if" will be removed soon.

TRIP PLANNED FIRST

Several months will intervene before the Prince can settle in the city. He is going to rest here for a few months after his strenuous university years. Then he will go to Argentina, he said, to expand a thesis he wrote for his doctor's degree on "The German Immigration Trend Toward Argentina." After that is done he will return to Los Angeles, he declared.

A most democratic young man is this 21-year-old Prince, and deadly serious about his work. He has little interest in affairs of state. He is a typical example of modern adventurous youth. When asked about the difference between what his life would have been as an indirect heir to the throne of Germany and his present comparatively free existence, he replied that he was too young during the last years of the family's supremacy to feel the restrictions surrounding a Prince.

"But if conditions had remained the same, I believe I would have had a little personal revolution against that kind of life. I always have been interested in America, and I am sure that I would have come here anyway," he declared. "This is a mighty nation where men are made noblemen by their own power and not heredity."

The combination of his admiration for America and his love for Miss Damita brought him to this city as a possible future citizen. And that is the story of Prince Louis Ferdinand, now Dr. Louis Ferdinand, who might have been Kaiser of Germany, but who now is a prospective Angeleno.

AIR MAIL SET TO GO TONIGHT

Plane Will Leave from Vail Field This Evening for Atlantic Coast

With Jimmie Carson, veteran mail flyer of Western Air Express, at the controls, the first plane to depart from Los Angeles under the new night transcontinental air-mail service, will leave Vail Field this evening at 7 o'clock, cutting down the dispatch of mail to the Atlantic seaboard to one business day and two nights.

Carson will be at the controls of one of four new Boeing biplanes, especially designed for night mail flying, which have been received by Western Air Express. Simultaneously another ship will depart from Salt Lake City, where connection is made with the transcontinental line eastward.

Today marks the beginning of the double service which the Postoffice Department has been planning for months. Mail and passenger planes will continue to leave Los Angeles at 7:35 a.m. for Salt Lake City, but no passengers will be carried on the night ships.

The entire 600 miles of the route between here and Salt Lake City has been fully equipped with beacon and flasher lights for night service, and intermediate landing fields have been illuminated.

The plane leaving in the morning will carry all mail that reaches the Los Angeles postoffice after 6 p.m. of the preceding day. The night ships will haul all matter which reaches the Arcade station before 6 p.m.

Air mail from Los Angeles will reach the Atlantic seaboard in thirty-one hours, and the Middle West and southern cities in correspondingly quick time. Under the single schedule mail has been held overnight at each terminal of the transcontinental, and it is to eliminate this delay that the double service is being inaugurated.

In celebration of the event and as an accommodation to collectors of air mail first-flight stamps, Western Air Express prepared a special cachet. All letters taken to the main ticket office at 113 West Ninth street up to 3 p.m. today will be stamped as follows:

"First Flight-Night Service, 7 p.m., C.A.M. No. 4, May 1, 1929, Los Angeles, Cal."

STATIONS GO OFF AIR BY RADIO ORDER

Federal Board Declares KMIC and KGFH Not for "Public Convenience"

Radio stations KMIC, Inglewood, and KGFH, Glendale, went off the air at 9 a.m. yesterday on order of the Federal Radio Commission.

The commission in Washington renewed the licenses of most of the various United States broadcasters. The majority were for the usual three months' period allowed by law and a few were for a probationary period of six weeks.

The Glendale and Inglewood stations, however, received notice of nonrenewal of their operating licenses.

According to Eddie Barnes, general manager of the two stations, the Radio Commission wired from Washington to close both stations immediately as their operation was not for the "public convenience, interest and necessity."

KMIC has been operating at 500 watts on 1120 kilocycles and KGFH with 250 watts on 1000 kilocycles. Dalton's, Inc., purchased the stations a month ago. KMIC formerly was owned by James R. Fouch and KGFH by Frederick Robinson.

It is understood that applications are to be made for a hearing before the commission at a future date.

W.C.T.U. TO MEET

The Los Angeles W.C.T.U. will meet tomorrow at 2 p.m. in the First Methodist Church, Eighth and Hope streets. Candidates for public office will be speakers. A parliamentary drill will be conducted by Mrs. Allie Simmons Wheeler.

CHEST UNIT DOORS WILL OPEN TODAY

Visitors Invited to Look Over Work of Agencies for Children's Health

To show how Los Angeles guards the health of poor and problem children, twenty-two child health agencies of the Community Chest will celebrate American Child Health Day today by throwing their doors open to the public. Visitors will be shown through the various departments of each institution, and modern methods and equipment in public health, preventive and corrective work will be explained.

In four cases, special hours have been set. Visitors may see the children at the All Nations Day Nursery at 603 Gladys avenue from 7 a.m. to 1 p.m. and 3 p.m. to 5 p.m. At the Children's Hospital, 4614 Sunset Boulevard, the hours will be 1 to 5 p.m. and at the Orthopaedic Hospital, 2 to 4 p.m. At the Protestant Welfare Association Home for Boys on Ventura Boulevard the hours are 1 to 5 p.m.

Other agencies are California Junior Republic at Chino, Regina Coeli Orphanage at Burbank, Jewish Orphan Asylum at Palms, Lark Ellen Home at 11351 Louisiana street, Sawtelle; the Jewish Mothers' Alliance, 244 North Breed street; Maryknoll Home for Japanese Children, 425 South Boyle avenue; the Volunteers of America Home for Children, 501 South Boyle avenue; the Los Angeles Orphan Asylum, 917 South Boyle avenue, Goodwill Industries Nursery at 342 North Main street, the Santa Rita Clinic at 1441 North Main street; the Allen C. Cowperthwaite Clinic at 1510 North Main street; St. Elizabeth's Day Nursery at 135 North Mission Road, Big Sisters' Bide-a-Wee Home at 1315 Pleasant avenue; the Kiddie Koop, 840 North Avenue 66; the Junipero Serra Boys' Club at 1029 Valencia street; the Community Boys' Lodge at 610½ Temple street; the Frances Willard Home at 301 North Broadway; and the California Babies' Hospital at 1401 South Grand avenue.

LESSONS IN VOTING CONTINUE

Additional Polling Places Where Machines Are Demonstrated Announced

Additional polling places where automatic voting machines are being demonstrated were announced yesterday by Registrar of Voters Kerr and City Clerk Dominguez. Instruction in the use of these machines, which will be used at the city primary election, will continue all week at the places already announced and at the additional places listed below. Hours of demonstration are from 10 a.m. to 9 p.m. The additional places are as follows:

Prct.	Reg.	Address—Polling Place.
		DISTRICT NO. 2
881	476	5059 Hollywood Boulevard (storeroom.)
888	565	5334 Hollywood Boulevard (store.)
		DISTRICT NO. 3

Doug and Mary Will Dissolve Studio Concern

Dissolution of the Pickford-Fairbanks Studio Company, organized in February, 1922, with a capital stock of $250,000, is asked in a petition filed yesterday in Superior Court. The move, Attorney John C. Mott explained, is the result of the recent $60,000,000 consolidation of United Artists interests by Joseph M. Schenck.

The usefulness of the company, organized by Mary Pickford and Douglas Fairbanks as a holding company for their studio property, ceased at consolidation.

With all the details worked out, Schenck is now on the way to New York with Miss Pickford and Fairbanks to negotiate the Warner Brothers merger. Announcement of the completion of the deal is expected shortly.

Charles Chaplin is the only United Artists member to balk on the amalgamation and he will produce independently when it goes through, he said.

PLEA TO VOTERS BASED ON WELFARE OF NATION

BY D. W. PONTIUS

Vice-President and General Manager, Pacific Electric and Railway Company

The commendable movements of recent years to stimulate citizens to vote have as their motivating purpose the wisdom of the immortal Lincoln when he said . . . "you can't fool all the people all the time."

D.W.PONTIUS.

In this great country of ours the people are the government and in their hands rests the well-being and destiny of the nation.

Hence it may be truthfully said that a man or woman who is entitled to vote is not a good citizen unless he exercises that great right and privilege—one denied the people of many nations.

Essential always before that we should vote, the great progress and developments of recent years make it increasingly necessary that men or rare ability, judgment and perception should be elected to handle the complex problems of city, State and nation.

It was, I am sure, a great satisfaction to all of us when it was shown in the last national election that California had increased its national voting rank to ninth place—79.9 per cent of all its registered citizens having voted in the Presidential election. Citizens of Los Angeles did even better—80.2 per cent of the registered voters having gone to the polls. To maintain and even better that ranking should be the desire and aim of our citizens.

Happiness, prosperity and advancement must be continued and I know of nothing more certain to assure these for ourselves and future generations than the intelligent and incessant voting by the great citizen mass.

Dyas

Hollywood at Vine

Mme. Bergeron

western climate beauty scientist pleases many visitors at DYAS' this week

Mme. Bergeron, famous manufacturer of "Key to Beauty," western climate beauty preparations, is delivering the most pleasing and educational chats upon the care and protection of the skin, at DYAS' Hollywood store this week. You are cordially invited to bring your beauty problems to her here.

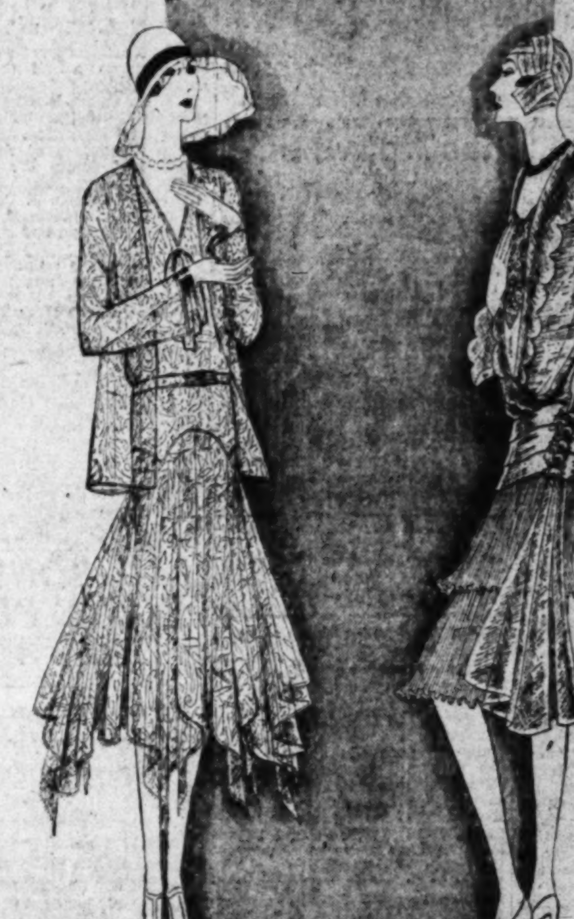
With every 3.50 purchase of "Key to Beauty" Preparations you will be presented with a smart week-end set without added cost.

DYAS CO.—HOLLYWOOD ONLY—STREET FLOOR

Dyas

"Two Stores to Serve You"

Maytime—Summer! Sheer Smartness



DYAS sponsors the tea-time ensemble of lace, the afternoon ensemble of chiffon and the evening ensemble of transparent velvet and lace—three expressions of sheer smartness.

sheer lace

The lace ensemble in color! It may be a flattering jacket ensemble, a graceful "bertha" dress or a sun-back evening gown. 59.50 to 145.00 at DYAS.

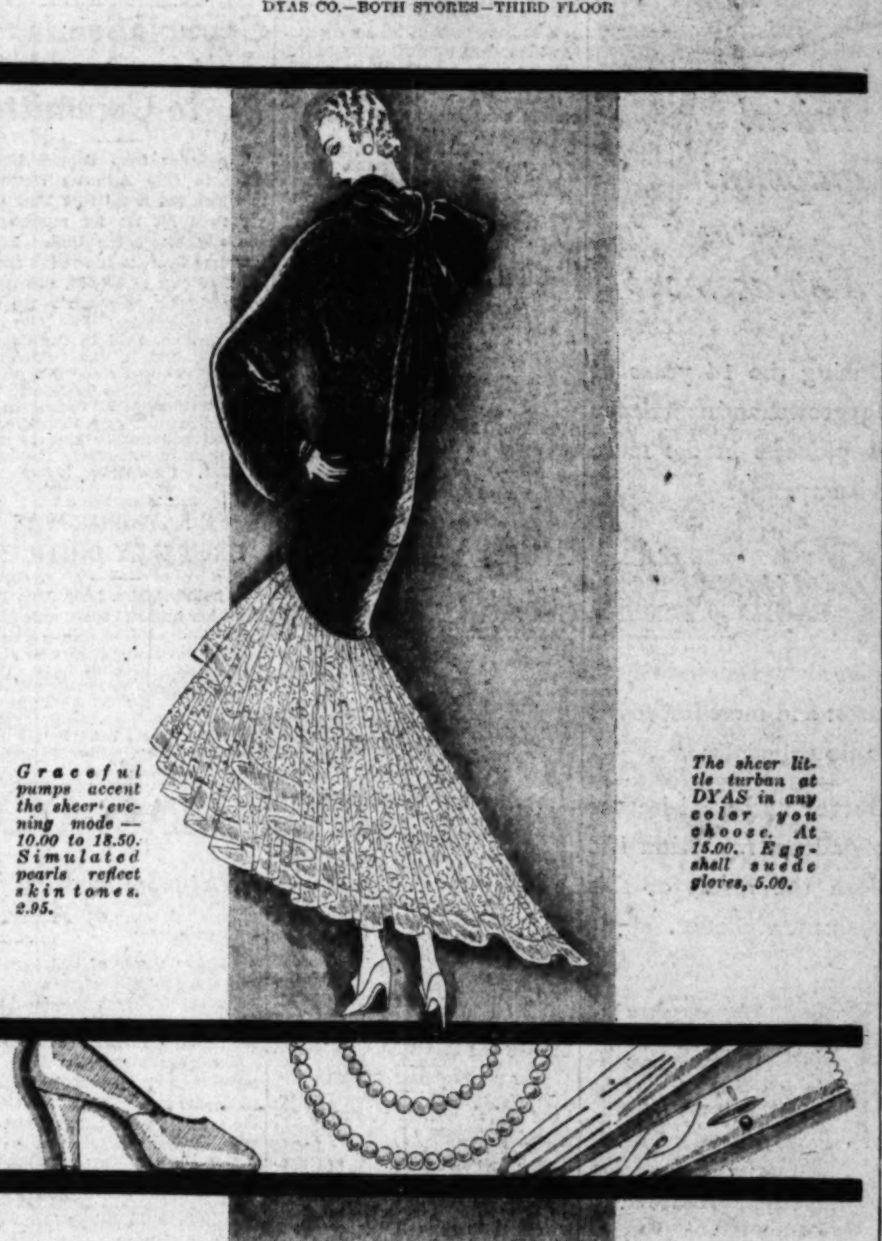
sheer velvet

The wrap of transparent velvet — one of the loveliest of sheer fashions. One sketched below over a lace dress. Velvet wraps, 39.50, 49.50 and 59.50.

sheer chiffon

Maytime and chiffon for afternoon. Chiffon that is tailored, but with those little dressmaker touches so effective with this filmy sheer fabric. 69.50.

DYAS CO.—BOTH STORES—THIRD FLOOR



Graceful pumps accent the sheer evening mode — 10.00 to 18.50. Simulated pearls reflect skin tones. 2.95.

The sheer little turban at DYAS in any color you choose. At 15.00. Eggshell suede gloves, 5.00.

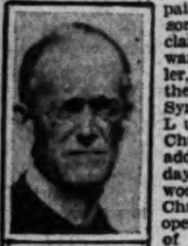
RELIGION HELD PROGRESS KEY

Churchman Says World Must Turn to Christ

Evangelical Lutheran Synod in Convention

Denominations Declared to Lack Justification

"Religion is the key to all true progress and is the path which humanity must tread to the goal of liberation from pain, sin and sorrow," declared Dr. Edward P. Schueler, president of the California Synod of the Lutheran Church, in his address yesterday at Hollywood Lutheran Church at the opening session of the thirty-eighth annual convention of the Evangelical Lutheran Synod of California, attended by forty ministerial delegates and hundreds of lay delegates and visitors.



DR. EDWARD P. SCHUELER

"Science knows much, but in the presence of the origin of life and the mystery of being it is as dumb as the first man at sight of his first sunrise," said Dr. Schueler. "Philosophy and culture are not to be despised, but the world must turn to Christ to find the way, the truth and the life."

That Martin Luther had no intention of creating a new church, but that his aim was "to modify Latin Christianity so as to adapt it to the Anglo-Saxon and Teutonic types of mind," is the opinion expressed by Dr. John R. Broyer of San Francisco, in his address at the convention church last night.

"There exists today no justifiable reason for the coexistence of the various denominations and sects," said Dr. Broyer. "Their spheres of usefulness already interlock. The Lutheran consciousness differentiates itself from all so-called Protestant denominations. We are a part of the universal church of Christ. While in many respects, Lutherans no longer can claim absolute distinctiveness, the unique position of our church manifests in her powers of absolution. Lutheran piety, based on use of the absolution, insures the happiness, contentment and success of our members—and we Lutherans practically can enjoy heaven on earth in San Francisco as well as in Los Angeles."

Sessions of the convention and of the Women's Missionary Society of the Synod will be conducted at the church in the mornings and afternoons until and including next Friday morning.

FEE RETURN ASKED

Reimbursement of owners of meat markets, fish markets and vegetable stands for license fees which they are asserted to have paid under an ordinance which was repealed in December, 1927, was asked in a resolution introduced in the City Council yesterday by Councilman Foster. The resolution was referred to the Finance Committee.

SALVATION ARMY LEADER TO SPEAK

Commissioner Adam Gifford

Fine Raised on Possession of Lottery Ticket

The cost of possession of a Chinese lottery ticket, which has been gradually climbing upward from the $10 standard fines imposed a few months ago by the Municipal Courts, jumped to $500 yesterday when Judge Wood fined Wong Wing and Jim Ong that amount following their conviction by a jury on the charge.

Deputy City Prosecutor Fox proved that the two Chinese merchants were arrested in a Maple-street store by police vice-squad officers. The lottery tickets were in their possession at the time, he maintained.

Guy Eddy, attorney for the two Chinese, filed oral notice of appeal from the heavy fine.

NEWS OF THE CAFES

"Boom! Boom!" new girl and music revue glorifying campus capers and collegiate comedy, will open at the Pom Pom, Hollywood, next Friday night.

Clarice Gannon, youthful blond tap dancer from Earl Carroll's "Vanities," will head the cast, which also includes the Two Sophomores, Helen Hanover, Archie Wallace, Casanova, Lee Phelps and Menny Harmon's Night Owls. The Pom Pom girls will appear in "The Trojan Trot," new jazz dance; "Hey, Hey, Alma Mater," "Hello, Professor," "Boo Boop-a-Doop" and "Ukulele Baby," a harmony specialty.

ARTISTS' NIGHT

Celebrating artists' night at the Montmartre this evening, Jeanette Loff, Pathe star, and Matty Kemp, popular leading man of the screen, will be the guests of honor.

Dixie Fields, known as "Chicago's Sweetheart," will give several of the song and dance numbers that made her famous in the eastern city. Also a dancing contest will be a feature on tonight's program as will an elaborate fashion show staged by the May Company.

CHEF'S SPECIALS

A "chef's special," now featured evenings at Jahnke's Coffee Shop on West Ninth street between Spring street and Broadway, is winning for that establishment many new friends, according to the proprietor. Every evening the chef prepares a special dish of delightful surprises for the patrons. The evening dinners which have long been a specialty at Jahnke's, are still being served.

COLORFUL AFFAIR

Continuing the series of moving-picture luncheons which have been a feature of Mme. Helene's Tea Room at J. J. Haggarty's, Seventh street and Grand avenue, Sally Eilers, screen star, will be present on Thursday as guest of honor at one of the most colorful affairs of the year. At the "Teas of the Ages," an innovation recently introduced by Mme. Helene, a style show will be presented.

NEW NIGHT CLUB

Advance reservations from motion-picture stars and other "who's who" of Hollywood indicate a record turnout for the opening of the new Show Boat night club, at the Venice pier Friday evening the 10th inst. This new rendezvous is the old Ship Cafe, remodeled and redecorated, and it will be operated by Hale Huggins and Ralph Arnold, directors of the Pom Pom, Hollywood.

"Dine and dance until dawn" will be the slogan of the Show Boat.

CATERING SERVICE

The recent inauguration of a catering service by Estrada's Spanish Kitchen, on Wilshire Boulevard near Normandie, is proving extremely popular, according to the proprietor. It is now possible for the host or hostess to serve genuine Spanish delicacies in the home. Estrada's Spanish Kitchen features luncheons, dinners and after-theater specials, remaining open until 1 a.m.

POPULAR ORCHESTRA

Bert Crossland's Syncopators, now furnishing dance music at the Roof Garden Cafe, rapidly is becoming one of the most popular dance orchestras in Southern California, according to those who have visited the new cafe, which is located on the thirteenth floor of the American Storage Building.

The Roof Garden also is presenting a complete new show, featuring Titus Del Valle in a repertoire of unusual dance numbers; Ted and Frances, adagio dancers; Tommy Leonard and Inez King, blues singer.

AT BLOSSOM ROOM

In compliment to Abe Lyman, band leader, who is playing a repeat engagement at the celebrated Kit Kat Club in London, Jackie Taylor and his orchestra are featuring compositions by him at the Blossom Room of the Roosevelt Hotel.

Included among the international song hits written by Lyman are such compositions as "Sweethearts on Parade," "After I've Said I'm Sorry," "Mary Lou" and "Mandalay."

DEDICATION OF HOSPITAL DUE TODAY

Leaders of Business and Social World Will Join in Salvation Army Fete

Men and women leaders of Southern California's business and social circles will unite today to welcome the public at dedication ceremonies of the new $125,000 Salvation Army Women's Hospital and Maternity Home, scheduled for 2:30 p.m. at 2670 North Griffin avenue.

Commissioner Adam Gifford, western territorial commander of the Salvation Army, will make the dedicatory address in officially opening his organization's recently completed institution.

Local men who hold places on the Salvation Army's Los Angeles advisory board have given freely of their time and finances in completing the new hospital and home, it was declared in a statement issued by Brig. James C. Bell. These men and many local society women are scheduled to attend the opening services today.

John R. Quinn is secretary of the maternity hospital building committee, and Mrs. Edna Jones is secretary. Members of the advisory board are Henry W. O'Melveny, Harry Chandler, Joseph B. Dabney, Charles S. Huston, J. Dabney Day, Frank Ryan, Charles H. Toll, William May Garland and H. M. Haldeman.

The following prominent women are acting as hostesses:

Mesdames Joseph F. Sartori, Alexander B. Barrett, Harold Braly, Louis N. Cole, Gurdon Wattles, William Booth Guyton, W. D. Longyear, Robert Happner, William Lacy, Richard Lacy, L. B. Tannehill, W. L. Valentine, E. N. Lazard, Martin Bekins, George Sunday, Jr., S. W. Kolb, Edward Tufts, Sarah Bixby Smith, Martin Carter, W. I. Hollingsworth, Joshua C. Lucy, Harry M. Haldeman, Gertrude Maynard, Roy Jones, William J. Dodd, Dr. Lillian Grandmason, John T. French, Alethea Gilbert, Walter P. Story, Buron Fitts, Leiland Atherton Irish, Mae Carvel, Max Strauss, George Schweinhardt, Chester Ashley, Charles S. Hutson, Carl Triest, Peter Garnier, F. O. McCollock, Edward Dale, Aleck Brownstein, L. R. Pepperdine, M. P. Moll, A. L. Bartlett, Joseph Ferguson, Loretta MacBeth, William Armstrong Moses, Queen Boardman, Helen Ott, F. O. Wyman, Grace Stoermer, Fred Uhle, Joseph B. Dabney and Sue Probst.

JAIL BOND VOTE PLAN ADVANCES

Council Adopts Report of Committee for Building Proposals on Ballot

Another formal step was taken by the City Council yesterday toward placing on the ballot at the June 4 election two propositions for the issuance of bonds to construct a new police administration and jail building and a health-center building when it adopted a report of its Legislative Committee favoring the submission of the propositions to the voters.

The Council's Finance Committee previously had recommended that the people be asked to vote on the bond issues and the references of the matter to the Legislative Committee was merely a technical formality. That committee's report, as adopted yesterday, also instructs the City Attorney to prepare and submit to the Council the necessary resolution for placing the propositions on the ballot. The next formal step, therefore, will be the adoption of that resolution.

The amounts of the proposed bond issues are $1,500,000 and $1,000,000 for the police and jail buildings and the health building, respectively.

Council Sends Untermyer Note to Committee

The letter from Samuel Untermyer to City Attorney Stephens, in which the noted New York lawyer fixed his fee for representing the city before the United States Supreme Court in the yellow streetcar fare case at $25,000, was transmitted by Mr. Stephens to the City Council yesterday.

It was not read to the Council, however, and it was immediately referred, without discussion, to the Finance Committee for report. The next meeting of that committee will be held Monday and, therefore, the Council will not be able to make any decision concerning the hiring of Mr. Untermyer before next week.

WIFE SAYS SHE WAS BRUTALLY CRITICISED

It irritated Mrs. Lucy Jane Howe when her husband spoke unceasingly of the pretty legs of chorus girls and film actresses, and finally Mrs. Howe felt she had grounds for a divorce against George F. Howe, it was revealed in a complaint on file yesterday. Howe's assertedly "brutal" criticism of his wife before company was cited as another ground for complaint.

MAY DAY BRINGS SPRING MUSIC

Light Tunes Will Flit Over Ether Today

Airy Melodies Planned by Radio Studios

KMIC and KGFH, Silent, Can't Celebrate

BY DR. RALPH L. POWER

Radio stations will usher in May Day with all due pomp and ceremony. Many of the broadcasters will sprinkle their air offerings of the day and evening with a smattering of light, airy tunes apropos of springtime.

The Shrine Chanters will visit the studios of KHJ, the Don Lee station, at 9:30 p.m. with a diversified program. During the 8 o'clock broadcast, which will be a chain event, the weekly theater revue also will stress semiclassics and popular tunes of the day.

Some of KFI's evening programs will be in light vein. Paul Taylor's quartet, assisted by Arthur Lang, baritone, will be on the air at 8:30 o'clock.

KTM at 10 p.m. will have El Camino string quartet, assisted by Lucy Day, soprano, and Will Maginetti, baritone, while KFWB at midnight will serenade with the midnight melody hour, Harry Q. Mills at the console of the organ.

KEJK plans to present its midweek musical comedy at 9:30 o'clock followed a half-hour later by the studio ensemble in a light concert program.

There will be no May Day celebration, however, at KMIC, Inglewood, or KGFH, Glendale. The licenses of these stations were not renewed by the Radio Commission and they went off the air yesterday.

RADIO TRADES TO MEET TOMORROW

With Freeman Lang as guest chairman, the Radio Trades Association and its various Southern California branches will meet in the Breakfast Club pavilion tomorrow morning at 8 o'clock. There will be a varied entertainment program followed by a brief technical talk.

KPLA—Phonograph records 1 to 6 a.m.

GLASS AND GUN IN COURT

Bullet-proof Material from Car First Exhibit in Trial of Asserted Gang Slayers

Heavy sheets of bullet-proof glass from an asserted gangsters' car and a sawed-off shotgun found their way into Judge Fricke's court yesterday as the first exhibits in the trial of Mike Pupillo, Domenic De Ciolla and Vito Ardito, asserted gunmen who are charged with the murder on July 18, 1928, of August Palombo.

The glass is said to have been taken from an automobile registered to Pupillo and Ardito at the time of their arrest at Twelfth street and Western avenue.

The shotgun was introduced for identification through the testimony of G. S. Stanley, an employee of the City Surveyor's office, who said he found the weapon near a city dump January 14, 1928.

In his opening statement Dep. Dist.-Atty. Menzies declared the prosecution will attempt to establish that the defendants opened fire on Palombo with shotguns as Palombo was parking his car at the curb in the 2200 block on Hillcrest avenue.

The glass was identified as being of a bullet-proof nature by Fred W. Heick, glass expert. Other witnesses included Police Officers Jones and James, and Mrs. Marie Dwyer, 2200 Hillcrest avenue, who told of hearing shots on the night of the slaying and of seeing a car drive away.

Attorneys William T. Kendrick, Sr., and William T. Kendrick, Jr., are representing the defendants.

The trial will proceed today.

PUNCTUALITY IN PAYING TAXES INCREASES HERE

People of Los Angeles are becoming more punctual in paying their taxes, according to figures compiled yesterday by County Tax Collector Welch.

With the closing of business yesterday Welch estimated that 76.22 per cent of the taxes for the year had been collected, as against 74.80 per cent for the same date last year.

The total tax charge for the year is $117,227,097, of which sum $89,426,430 already is in the county and city coffers. In addition to this amount, it is said, several millions were collected Monday, the last day for paying taxes without penalty.

According to Mr. Welch, it will be a week or ten days before the office definitely can balance its books, due to the huge amounts that always come into the office during the eleventh-hour rush. Present indications are, however, that there will be less delinquencies this year than last, if the percentage of the total already accounted for is to be taken as a criterion.

Last year the total tax charge was $106,604,601, and of that amount $79,825,640 had been accounted for at the end of business on the day following the closing of the tax-paying period. Delinquencies at the close of the last fiscal year totaled 2.78 per cent, according to Mr. Welch.

The trials of last-minute tax-paying were lessened to a great degree this year through the action of County Health Officer Pomeroy, who dispatched a nurse to the tax office to attend those who could not stand the pressure of the crowd. It is reported a half-dozen women received treatment for fainting.

HEARING DELAYED

Hearing of protests against the confirmation of the assessments which have been levied to pay for the land condemned for the proposed El Sereno Playground was postponed yesterday by the City Council to June 11.

Art Club Plans New Exhibition

The California Art Club, Barnsdall Park, offers a new exhibition of paintings chosen and sponsored by Edouard Vysekal. The group of painters whose most recent works will be shown during this month include Edith Truesdell, W. E. Rowland, Hugh Herrick, C. Von Schneidau, Lillian Ferguson, Bessie Ella Hazen and Harold Bishop.

Decided variety in individual artistic viewpoint and methods of expression are dominating characteristics in the showing.

Club galleries are open to the public every afternoon excepting Monday from 2 to 5 o'clock. On Thursdays admission is free.

TWO USURY CASES MAY BE DROPPED

Prosecutor Fails to Voice Objection to Dismissals Following Restitution

Dismissal of usury charges in connection with the Julian crash against J. H. MacLachlen and Samuel M. Benson was presaged yesterday when Hugh Foster, special prosecutor, interposed no objection to a motion for dismissal of their cases under the compromise section of the Penal Code made before Municipal Judge Bogue yesterday. Judge Bogue previously had indicated that he would consider a dismissal under the section in cases where full restitution, including the asserted usurious interest, has been made to the Julian receivers and where no objection is made by the prosecution. The court yesterday, however, declared that it was not ready to rule on the motion to dismiss and continued both cases until May 14, next, for ruling.

Three new defendants are Arthur Perry, merchant of 6816 Hollywood Boulevard; Mike Lyman, residing at 135 North Hamilton Drive, Beverly Hills, and Samuel M. Warmbaugh, stock broker of 615 South Oxford street. Perry was given until Friday to enter a plea, while Lyman and Warmbath will appear in court on May 14, next, for argument on the demurrers which their attorneys will interpose to the complaints. Aaron Sackin, arraigned several days ago, also will appear before Judge Bogue on May 14, for argument on his demurrer.

Initial Equipment and for Replacement

During the 14 years of our growth and experience as pioneers in the radio industry,

Cunningham RADIO TUBES

have always embodied the latest and most improved radio principles.

Better and still better broadcast reception has been the result of this constant vigilance.

This monogram on the top of every Cunningham tube is visible proof of in-built integrity and quality.

Announcing—
a new RCA Radiotron
of very high amplifying power
UY-224
4-ELEMENT
(Screen Grid)

RCA

Look for this mark on every Radiotron

Another notable achievement of the associated Research Laboratories of General Electric, Westinghouse and the Radio Corporation of America.

The development of a 4-Element (screen grid) amplifier or detector Radiotron—for use in specially designed radio receiving sets operated by alternating current—marks a great forward step in the simplification of radio set design.

The Radio Corporation of America and leading radio manufacturers will use this Radiotron in their sets this year.

Superior resources of research and manufacturing guarantee to RCA Radiotrons the finest quality in vacuum tubes. They are the standard of the industry—and are so accepted by the trade and public.

When buying a new radio set make sure that it is equipped throughout with RCA Radiotrons.

And when buying a UY-224 look for the RCA mark on the red-and-black carton, and the RCA mark on the tube.

CONTRACTORS— And Builders —8

WE BUILT for a lady a home, within one year she sold it; we constructed for her another home, which she sold within a year. In five years we built four houses for her, all of which she sold at a profit of about $15,000. We furnished all the money for the buildings. The lady only bought the lots.

You can always afford to make payments on a home, as payments are about what your rent would be. When you sell at a profit, build you another as this lady did.

If you have a lot come in and see us, whether you do business or not.

A. S. O'NEIL CONSTRUCTION CO. VA. 9715. 811 H. W. Hellman Bldg.

Salesmen, Solicitors —10-B

SALESMEN
DOLLARS FOR YOU
$ $ $ $ $ $ $ $ $ $ $ $ $ $ $

Several of the sales producers of this city have joined this organization within the last week—and what's more, they are making sales.

HERE IS WHAT THEY SAY:

A proposition they have long waited for and the best general set-up that has been presented to them in years.

A FEW REASONS WHY:

1st—A one-year campaign and the opening of a new property.

2nd—Close-in property. Five minutes from Hollywood Blvd. Ten minutes from Western and Wilshire Blvd.

3rd—Sensational low prices and terms. The most reasonably priced property of its kind offered for sale in the last ten years.

4th—Sales co-operation, newspaper advertising. Plus radio campaign. Plus $100,000 auditorium. Plus daily and evening sales with Lecture and Motion Picture on an entirely new plan. Plus high-class and efficient lady solicitors and large part-time organization. Plus a new sales business-getting plan, the first time in the city, but operated successfully by Mel Anderson over a period of years, and has been instrumental in producing millions of dollars in lot sales. It is a winner.

We guarantee you plus leads from all the above channels and your personal three definite contacts a day. Plus

LIBERAL COMMISSION Plus

TWO PROPOSITIONS FOR YOUR CONSIDERATION Plus

One of the strongest financial institutions in the West to carry out full program and campaign. Plus

Property management and organization under leadership of men of proven success.

All of the above offered to the right type of men who can measure up to our standard of requirements.

POSITIONS OPEN FOR TEN MEN ONLY.

We are operating under a limited and closed organization policy.

Check over the above facts, then analyze it with your time and ability.

Drive direct to the property sales office at

HOLLYWOODLAND
2690 N. Beachwood Drive
or
Phone HOllywood 1344

For appointment and detailed directions to reach property. I will be pleased to talk the situation over with you personally.

MEL ANDERSON
General Sales Manager
HOLLYWOODLAND
S. H. WOODRUFF
Community Developer.

A LIFE WORK
Statistics show Life Underwriters are the best paid salesmen. Many in Los Angeles earn from $2500 to $50,000 annually. A dignified, interesting, constructive, permanent vocation. No dull periods, constantly building for the future. The Pacific Mutual Life, the oldest and largest California Life company, will consider your application for a position provided you are tactful, have initiative, determined and willing to work hard and can give satisfactory references. Aged 25 to 45. Complimentary course of instruction. Competent field assistance. Earn as you learn, beginning with the first week. Call, telephone (TRinity 9501) or address Mr. Herschel Arms, Educational Secretary, 322 Pacific Mutual Building, Los Angeles.

Saleswomen, Solicitors —11-B

SALESLADIES ATTENTION
SALARY, COMMISSION OR STRICTLY COMMISSION

My experience with salesladies within an organization has been most successful. As a frank confession, in several of my past connections, women have been my most successful producers.

This is a women's age—no denying that fact. They are accomplishing big things in every line of endeavor.

Realizing this fact, I am just forming an organization for the opening of a new addition in an environment that will be appealing to you. Located in the heart of Hollywood, and has the requirements that are necessary to sell property today.

In this new scheme of things, I have an unusually good proposition to submit to a few industrious and ambitious women, who possess ability, and can meet people of means, from names that will be provided you.

Attractive sales offices have been equipped that will be separate and distinct from the balance of the organization.

A three-way plan is open for your consideration. Liberal salary, commission or strictly commission basis.

Positions available for five high-class women as direct salesladies.

Positions for ten high-class ladies in Business Contact Department. Salary and commission.

Ladies organization will function under a limited closed organizational policy.

Drive direct to the property sales office at

HOLLYWOODLAND
2690 NORTH BEACHWOOD DRIVE
OR
PHONE HOllywood 1344.
for an appointment and detailed directions to reach property.

An interview will be granted by asking for Mel Anderson, General Sales Manager of Hollywoodland or Mr. Chas. Everson, Sales Director.

With
S. H. WOODRUFF
Community Developer.
HOLLYWOODLAND

BUSINESS CHIEF LAUDS DRY LAW

Edward Wilmer Praises Its Effect on Workers

Former President of Large Companies "Jobless"

He Starts Drive East After Vacation on Coast

Twenty years of activity in "big business" during which time he guided the destinies of such great industrial concerns as the Goodyear Tire and Rubber Company and Dodge Brothers, automobile makers, entitles him to a long rest, said Edward G. Wilmer, one-time president of both concerns, at the Biltmore yesterday. Mr. Wilmer has completed that rest, having been in Southern California since January, and last night he departed for his home in New York.

President of the Goodyear company during its reorganization period, from 1921 to 1925, chairman of the board of Dodge Brothers from 1925 to 1926, and president of the same company from 1926 until it was absorbed by Chrysler Motors in August, 1928, Mr. Wilmer is, as he expressed it, "without a job at present."

Conceding a sincerity of purpose and belief to wet and dry factions alike in the present nation-wide controversy over the Volstead Act and the Eighteenth Amendment, Mr. Wilmer declared, that, from an industrial point of view, prohibition has worked a world of good in the United States.

"Prohibition, regardless of what its opponents may say against it, has raised the standards of living and increased the morale of working people, particularly in industry," he declared. "I decline to moralize on the question of personal liberty, that has been raised by anti-prohibitionists, nor am I prepared to say just what we should do about prohibition. The question of whether it is right or wrong for an individual to take a drink is, I think, purely a personal one.

"But my close connection with large companies has convinced me that prohibition has done much period of, let us say, five years besition to observe conditions for a poriod of, let us say, five years, before the adoption of the Volstead Act, and for a similar period after the law became effective. And in the latter period, the condition of the working man has been greatly improved."

Mrs. Wilmer and their two children, Edward, Jr., and Polly, left for New York by train yesterday; Mr. Wilmer departed by automobile for the drive across the continent last night.

BUSINESS OPPORTUNITIES
Of Many Kinds
In Alphabetical Order —85-A

Real Estate Business

An established corporation with liberal charter. Fully equipped office, ground floor, center of Hollywood. Owner retiring. Terms GR. 2611.

RESTAURANT, st. counter, 15 chr. back stls., dbl. urn, large range. Beaut. eqpt. Brick bldg. 2½ yr. lse. $30. 2 mos. free rent. $550. Owner, TR. 5817.

POLITICS

THE WATCHMAN

Trend of Political Thought and Action

—BY THE SENTRY ON HIS BEAT—

The time grows short—less than a week now—until the May primary. To those citizens who are "tired of politics" and "fed up" on politicians, the Watchman respectfully suggests that only those voters who have informed themselves as to the merits of the men on next Tuesday's ballot should consider themselves relieved of further attention to the campaign's various issues.

Probably more than many electors realize, the outcome of the primary election will determine tax rates, special assessment policies, crime reduction and the numerous other governmental matters with which the Mayor, the City Council and the municipal judiciary have to do.

Not campaign publicity, oratory, pamphleteering and the like, but a reasonable effort at investigation of the merits and contentions of the candidates will give the voter an accurate summary of the situation.

Through the courtesy of Rowland E. Loop, a building has been donated to William La Plante, candidate for Mayor, for a political rally tomorrow night. This building is located at 815 East Washington street and the public is invited. Candidate La Plante will speak on municipal ownership of the belt line railroad and other harbor facilities, the present increase in streetcar fares, reduction of telephone rates, the asserted "third degree" methods in the police department and the political situation in Los Angeles.

P. H. Greer, candidate for Mayor, yesterday issued the following statement:

"Many of my friends have asked me: 'Why do you want to be Mayor?'

"My answer to them is just this: In common with every good citizen I have smarted under obvious political rule for years; I have seen taxes mount, and money wasted by political machines until I am tired of it.

"I have asked business associates time and again: 'Why doesn't some business man go into the City Hall and clean it up?' They all agreed it should be done, but no one wanted to do it. The only answer I'd get was: 'Why don't you do it?'

"That is just why I'm a candidate for Mayor."

Dr. Remsen D. Bird, president of Occidental College, yesterday indorsed the candidacy of William G. Bonelli for Mayor. Bonelli graduated from Occidental College, and previous to his entry into public life as president of the City Council was an instructor of municipal government at the institution. He now lectures to students on governmental administration.

On the eve of the thirty-first anniversary of the battle of Manila Bay, which will be celebrated today, the Dewey Congressional Medal Men's Association of Sawtelle last night indorsed the candidacy of John R. Quinn for Mayor. The indorsement follows:

"It is my good fortune and a very great pleasure to notify you that the Commander E. P. Wood Chapter, No. 2, Dewey Congressional Medal Men's Association, have indorsed the candidacy of Comrade John R. Quinn for Mayor of the city of Los Angeles. Knowing John R. Quinn as we do, for his untiring work and his many sacrifices for the betterment of disabled shipmates and ex-service men, we consider it a privilege and duty to indorse and work for his election at the primaries held May 7, 1928.

"We feel a closer tie with John R. Quinn than the average veteran organization as Shipmate Littlejohn, father-in-law of John R. Quinn, is a member of the Dewey Congressional Medal Men's Association.

"We know John R. Quinn's election will give Los Angeles not only the best Mayor in every way, but the greatest man to have ever held the office."

Ability, integrity and sincerity are the three prime requirements of any individual or body intrusted with the complex duty of executing the educational and moral needs of the school child, according to Dr. Ernest C. Moore, president of the University of California at Los Angeles, who yesterday commended to the voter the four candidates indorsed by the Citizens' School Committee for the Board of Education.

The candidates are Harry H. Baskerville, Mrs. Carrie Parsons Bryant, Mrs. Elysabeth Louise Clark and Arthur W. Eckman.

Opening the final preprimary drive, friends of Erwin P. Werner, candidate for City Attorney, will take the air this week to broadcast his platform to the voters of Los Angeles. Among the prominent speakers who will urge the election of Werner are Attorney W. H. Anderson, well-known civic leader, Judge Myers, former Supreme Court jurist; Mark Herron, former United States District Attorney; Attorney R. Mott, and J. W. Buzzell, secretary of the Central Labor Council.

Three new indorsements of the candidacy for John S. Myers for City Controller were received at Mr. Myer's headquarters yesterday. The indorsements came voluntarily from Paradise Lodge, No. 74, Brotherhood of Railway Trainmen; Divisions 503 and 470 Railway Conductors; Northwest Anti-Assessment League, the latter pledging undivided support at the election on May 7.

Mr. Myers attended the meeting of the Brotherhood of Railway Trainmen and was heartily received.

Additions to the executive committee include W. A. Boyne, Jr., John P. Burke, John W. Carrigan, George H. Coffin, Mrs. Christopher M. Gordon, W. J. Hunsaker, Nathan Newby, Dell A. Schweitzer, Mrs. J. B. Stearns and Mrs. Allie Simmons Wheeler.

Following the recommendation of the Los Angeles Women's Christian Temperance Union City Federation in favor of the election of Perry Thomas to Office No. 7 of the Municipal Court, Mrs. Hattie Doughty, president, said: "We feel that Mr. Thomas will make a conscientious, able and fearless judge and have no hesitation in recommending his election at the primaries."

Late indorsements of Councilman Hall's candidacy for City Attorney include Lieut.-Col. Leslie G. Bryant of the Three Hundred and Sixty-fourth Infantry and vice-president of the Westlake Hills Association, Frederick Webb of Los Angeles office of the Pennsylvania Railroad; Irvin C. Taplin, attorney; Dr. Vincent Logan, William H. Sheldon, attorney; N. M. Lyon, chairman of the City Beautiful Tree Committee and the Los Angeles Realty Board Tree Committee, Joseph Musgrove, attorney, and the Associated Master Barbers.

Councilman Ingram was indorsed for Council from the Tenth District by the Greater Hoover Boulevard Association and Greater Jefferson-Exposition Boulevard Improvement Association in letters received yesterday at Ingram's campaign headquarters, 603 West Washington Boulevard.

Councilman Ingram's outstanding record in City Council for efficiency and impartiality is cited by Karl F. Euper, president of the Great Hoover Boulevard Association, while the Councilman's interest in the improvements and projects sponsored by the Greater Jefferson-Exposition Boulevard Improvement Association is pointed out by its president, Harry Culver.

Supporting S. DeVier Ely as councilmanic candidate from the Fifth District, Alex N. Stout, American Legion commander, said. "Ely is a successful business man. He retired before he was 50 years of age. He is a veteran of the World War, and was wounded in action. He is a graduate of two universities, the father of a family, and has a private and public record which is without blemish. He has lived in the district for the last ten years, and in Los Angeles for sixteen years. He knows what the city needs and he has the personal courage and the training to help us get it."

Emphatically denying that he has withdrawn from the race for City Attorney in favor of another candidate, Donald M. Keith, deputy City Attorney, yesterday issued a statement refuting a rumor that has had widespread currency.

Among the recent indorsements received at the headquarters of J. Stanley Farlinger, Councilmanic candidate of the Twelfth District, are the following: Harold G. Ferguson, prominent realty man; Walter Gordon Clark, engineer; Gene Murphy, well-known sportsman and business man; Lloyd Burkeholder, past senior counsellor, United Commercial Travellers; Hal Shields, sales manager Western Air Express; Mrs. Vivian Stafford, prominent social worker; Harry S. Margid, attorney.

The Dewey Congressional Medal Men's Association, holding its thirty-first annual reunion at San Diego, has indorsed the candidacy of John R. Quinn for Mayor, according to word received yesterday by George A. Glover, County Commander, United Veterans of the Republic, from Louis Ford, chairman of the committee on resolutions at the meeting of the veterans of Dewey's fleet.

Thomas W. Williams, candidate for the City Council, Twelfth District, will speak tonight at the Cambria-street school, 1510 Cambria street. He has obtained the use of the Belmont High School Auditorium, 1575 West Second street, for Friday evening. All the candidates for City Council from the Twelfth District have been invited to be present and participate. These meetings are being held under the auspices of the Home Defense League.

The Municipal League in its special election bulletin urges support of Judge Carleton, candidate for Office No. 2 of the Municipal Court.

In speaking of Judge Carleton's candidacy the bulletin reads: "Judge Carleton has practiced law fourteen years and served as District Court Judge, Eighteenth Judicial District, of Montana, an office corresponding to the Superior Court of this county. The judge is absolutely honest and has an extremely high sense of moral duty. He is very competent and did excellent work as chairman of the State Bar Committee, No. 9. His temperament is especially suited to judicial work."

That Douglas E. Foster's candidacy for re-election as Councilman from the Twelfth District is welcomed by Twelfth District citizens and officials and organizations in all sections of the city is evinced by the large number of indorsements already received at the candidate's campaign headquarters, it is announced by his campaign manager.

John A. Westrom, who has been doing some very effective campaigning in the Sixth District, will speak tonight at the Fifty-second-street school in the Angeles Mesa district on matters he believes are important to the voters of his district. Westrom has been advocating a sane attitude on the matter of the storm-drain bugaboo and has made some very definite suggestions to do away with the evil of overlapping assessments.

J. C. Edward, secretary of the Affiliated Improvement Associations, sent in word yesterday that his organization has not and will not indorse anybody for anything.

The Dewey Congressional Medal Men's Association indorsed L. B. Bueter as candidate for City Council from the Eighth District. He was also indorsed by the Disabled Veterans and other veterans' organizations. He lost his left hand in the World War.

Arthur Hirschhorn, Councilmanic candidate from the Eleventh District, opened headquarters yesterday at 1001 South La Brea avenue, 49 West Adams street, and 2627 Somerset Drive. He has received the indorsement of the Los Angeles Municipal Engineers and the West Adams Taxpayers' League.

John A. Gaudin, formerly Bank of Italy accountant, who is a candidate for City Controller, has been indorsed by the Polish-American Citizens' Club. "Taxpayers are tired of gang government and I believe a business administration is wanted," said Gaudin. "I never was a candidate for any office before, and with my fifteen years of experience in banking business I will save the taxpayers money and force politician office holders to give value or stop their pay check."

Judge Stafford will be the principal speaker at a Quinn radio program to be given over station KPLA at 8:45 o'clock tonight. Breezy Eason, director at Universal studios, and several other film folk will take part.

STORM BREAKS IN CEMENT QUIZ

Short and Ugly Word Marks Clash of Attorneys

Planning Commission Session Engenders Row

Talk of Cost of Product Starts Fireworks

A hot row in which accusations, loud cries, audience applause and much rapping of the gavel took place marked the City Planning Commission's hearing last night on the application of the Mountain Park Company for approval of the extensive rock-quarry plant it wishes to construct in the Santa Monica Mountains.

Eugene Overton, attorney for the company, charged Arthur R. Smiley, attorney for protesting interests, with being "hooked up with the cement trust," to which Smiley replied, "You are a contemptible cur and a liar!" Overton made no reply. Smiley is a cripple. Arthur Verge, another protestant, also took exceptions to Overton's charges. Commissioner Miller finally restored order and after all the stormy dialogue was stricken from the record and quiet restored adjournment was taken until 7 p.m. today.

PRICE TALK STIRS STORM

The storm broke when Arthur P. Miller, a company witness, testified that the company will be able to manufacture cement and place it on cars for delivery at a cost of 96 cents a barrel, which led to the assumption that the mill price to the public would probably be $1.60 a barrel. Smiley's interest in the selling price elicited Overton's charge. The cement market price here now is $2.06 a barrel to dealers.

Miller gave the value of the proposed plant in the mountains, the proposed cement mill in San Pedro and other facilities for the combined operation at $2,968,027. He said it is intended to produce 1,750,000 barrels of cement a year. It is asserted to have raw materials available for manufacture of 150,000,000 barrels of cement.

WOULD LEGALIZE ACTS

Thorwald Siegfried, a protesting attorney, told the commission that if the proposed new city zoning ordinance now pending before the City Council be adopted, it will legalize the company's present assertedly illegal rock quarrying and crushing operations in the questioned area. The operations are infrequent and on a small scale, it was stated, but validating of the operations would clear the way for the larger operations that the company wishes to begin. Siegfried urged the commission to have the proposed ordinance amended.

That the company has in mind the possibility of operating the proposed plant for rock crushing for purposes other than cement manufacture also came out at yesterday's session.

Miller said the plant will consume 35,400 cubic feet of water a day and that it is intended to get it from the city. He said an alternate would be to use sea water. This disclosed that if sea water be used, a pumping station will be built near the residence strand in the Santa Monica Bay front. It is not intended, he said, to try to get water from underneath the property.

DAY IN, DAY OUT

Miller testified also that it is intended to operate at least parts of the plant seven days a week, which made the Pacific Palisades Association, conductor of religious enterprises, increase its objection to the project.

When Commissioner Thomas opened yesterday's session he turned the meeting over to David D. Fairbrother, senior class president at Lincoln High School, as the commission's part in the city-wide celebration of Boys' Week. Despite a broken right arm, which he said was inflicted by a refractory automobile engine crank, the pupil conducted the afternoon session.

One Acts Role While Another Recites Lines

Two men last night shared the leading role in "Osceola" at the Mission Theater, San Gabriel, the author, John Steven McGroarty, reading the lines, while George Ramirez pantomimed. This dual assumption of a single role was necessary because the leading man, Richard Sterling, had broken both ankles while fishing Monday at Santa Monica, and was unable to appear. The theater was "dark" Monday, but a performance was scheduled for last night and the playhouse was filled. There had been no time to rehearse a new lead.

Rather than disappoint the large audience, Mr. McGroarty explained the situation to the audience. He was urged to proceed with the substitution he offered. He then swathed himself in a dark robe, and during the scenes where "Osceola" is on the stage the author dodged about as Ramirez's vocal shadow, furnishing the sound effects. Ramirez, a dancer, did the acting without words. It was announced that a new leading man will be up in the part tonight.

Schallert Will Talk at U.S.C.

The importance of criticism to the development of the photoplay art will be explained by Edwin Schallert, drama editor of The Times, to student members of the class in photoplay appreciation at the University of Southern California today at 3:15 p.m., in Science Hall.

Lecturing on "Principles of Criticism," Mr. Schallert will project certain principles as a guide to Trojan students in their criticism of photoplays.

RELIEF CORPS TO MEET

Bartlett Logan Camp, No. 5, Women's Relief Corps, will give a luncheon and reception to Federation No. 5, it was announced yesterday, following its meeting tomorrow at Patriotic Hall, 1816 South Figueroa street.

LIQUOR-CHARGE JURY DISAGREES

Deadlocked Panel Dismissed by Municipal Judge Wood

Man and Wife Charged With Sale and Resisting Arrest

Defense of "Shakedown" Set Up by Accused Pair

Unable to reach a verdict, the jury in the trial of Roy J. Smith and his wife, Lillian, on charges of sales and possession of liquor and an additional charge against Mrs. Smith of resisting an officer was dismissed last night by Municipal Judge Wood.

The jury was reported as standing 9 to 3 on the sales and possession charge against Smith, and 11 to 1 on the resisting charge against his wife. The sales and possession charge against Mrs. Smith was dismissed on instructions by the court.

TELLS OF BUYING

Police Officer Frank Gallagher, who made the arrest, testified that he entered the Smith home at 2525 Hauser Boulevard and purchased a pint of moonshine liquor. He then arrested Smith and took him to a near-by drug store where he called the patrol wagon. He awaited the arrival of the wagon at the Smith home, and while there, he testified, Smith escaped through a rear window under a pretext of going to the bedroom to secure his coat. Smith later was recaptured.

Both Smith and his wife, as well as Julius Kadke and Roy Glover, two friends who said they were in the house at the time, denied the sale and possession charges. Smith testified that Gallagher offered to "square the rap for $100" and that he refused an offer of $25, declaring it was not enough.

DEFENSE SUSTAINED

J. W. Rostine, druggist, testified that Smith came to his store requesting him to refuse to cash a check for $100 if Smith later requested him to do so. A few minutes later, Rostine said, Gallagher and Smith entered the store and the latter requested him to cash a $100 check, which he refused to do.

Following argument by Deputy City Prosecutor Fox and defense attorneys, Judge Wood instructed the jury to find a verdict of not guilty with regard to the liquor charges against Mrs. Smith.

Gramercy Model

Sketched from life from Foreman & Clark guaranteed $35 suit at

$25

The most carefully-built suit of clothes

at $20 $25 or $35

in the clothing industry

At 36 important points, Foreman & Clark guaranteed clothes are as carefully hand-tailored as if we built—not 5000—but 50 per week

---

Let clothing-buyers have the facts! Let them know the true clothing situation!

Here is one fact—and nine others.

1 By actual count Foreman & Clark clothes are as fully hand-tailored, point for point, operation against operation . . . as 2 well-known brands of advertised clothing priced from $10 to $20 *higher*.

2 Hand-built coat-fronts of soft silver Hymo, hand-shaped, rope-sleeved shoulders, hand-set sleeves, hand-felled collars, hand-trimmed edges, hand-stitched button holes . . . look for these telling touches of quality in any other low-priced clothes.

3 Machines are clever. Human hands are cleverer. Machines would cut the unit cost of Foreman & Clark production by *dollars per garment*. But they would cut Foreman & Clark tailoring down to the dull average of machine-made, chain-store clothes!

4 Foreman & Clark buy the same woolens, from the same higher-grade mills . . . as a famous maker of clothing at $50 up.

5 Dunn's, Princeton's, Mayflowers . . . their finest 14-ounce, 6-harness worsteds, *(not their low priced lines!)* Look for such fabrics in any stock of clothes at or near F. & C. prices!

6 The man at the head of F. & C. 5-factory production previously directed manufacture for a $50, $55 and $60 clothing maker. He changed his desk but *not* his standards when he came to us.

$30 GUARANTEED SUITS & TOPCOATS

$20

$35 GUARANTEED SUITS & TOPCOATS

$25

$45 GUARANTEED SUITS & TOPCOATS

$35

Open Until 9 P. M. Saturdays

7 The director of our woolen-shrinking and inspecting plant at Watervliet, N. Y., left the same job in a celebrated clothing plant producing splendid clothes at $50 to $135! He was amazed to find many of the textiles he had handled there . . . coming from the *same* mills *for our* $35 *line*.

8 One Foreman & Clark designer was previously a custom tailor of $100 suits. Another styled the clothes of a maker whose retail prices ranged to $80.

9 Any of the 3000 skilled employees in our daylight plants would be welcome, without changing their standards of work—in plants producing clothes at twice these prices. We know—*(they've been invited!)*

10 In short, here is a business with one foot firmly planted in the finest textile and tailoring markets of the clothing world . . . the other firmly planted on our low-priced upstairs floors. *It's a long stride.* It means doing an enormous business at half the average selling cost. At ¼ the average profit. But judge how well we've done it . . by one outstanding fact: *Foreman & Clark sell more clothes in a single one of their upstairs stores from coast to coast than many "store chains" do in their entire group!*

Several dead and "many" hurt in Kovno.

Mob dispersed from American Consulate, Mexico City.

Hungary's principal cities "armed camps."

More than 3500 arrests in Paris.

Communism parading the soviet armed forces in Moscow.

Above, concisely, are the outstanding events marking the celebration of May Day, 1929. Offsetting them, however, come reports from other countries recording exceptional quiet.

PITCHED BATTLES ON BERLIN STREETS

BERLIN, May 1. (AP)—Communists, in an attempt to "conquer the streets" for May Day, caused an ugly riot tonight in the working class quarter in Northern Berlin. They erected barricades, using street repair material, and held off police with rifle and pistol fire until armored cars forced the obstructions and enabled the authorities to clear out the surrounding houses.

At midnight the casualties for the day had mounted to eight dead and eighty seriously injured. Hundreds of others suffered bruises from missiles or policemen's clubs.

The rioters erected barricades in the main thoroughfare of the Pankstrasse and its side streets. The police charged them repeatedly with batons until the commanding officer realized that his force was too weak for these tactics and ordered his men to open fire. Then armed cars were brought up and the police finally captured the barricades.

Communist ambulances and first-aid squads were overwhelmed by the number of victims brought from the fighting front.

Fighting was also reported from eastern and southeastern parts of the city. Those sections were plunged in darkness.

The Pankstrasse and the Poesleinstrasse were under repair and a quantity of paving material, including blocks, was lying about. The Communists erected barricades from this material and from behind them received the police with pistol and rifle volleys.

Shots were fired also from windows of near-by houses and when the armored cars arrived their searchlights were turned upon those vantage points and the rioters quickly were driven from them by well-directed police fire. The houses were invaded after the po-

Will Rogers Remarks:

BOSTON, May 1.—[To the Editor of The Times:] See in Washington dispatches that the Democrats are planning to take the wet side and make a direct issue of prohibition. Why a man should dig his grave three years before he is buried is almost unexplainable. I spent three years in forty-eight States, each season kidding and joking on both sides of prohibition, and if you think this country is wet, you got a big city angle on a nation that is composed of country folks. It's the only law we ever had where the small town and country know they hold the trump card. You can't change it without their permission and you won't get it. They are just laughing at you.

Yours,

WILL.

REVOLT DIES IN MEXICO

Federals Obtain Agua Prieta

Opposing Generals Agree on Terms of Truce and Rebels Disband

Army Except Leaders Given Immunity and Exiles Enter Arizona

DOUGLAS (Ariz.) May 1. (AP)—The city of Agua Prieta and 1500 rebel soldiers were taken over by Gen. Ignacio Flores in the name of the Mexican Federal government this morning, following the signing of an official agreement between representatives of the two factions at the American customshouse here. Its surrender marked the end of the latest Mexican rebellion.

The agreement was reached after a three-hour conference between Gen. Antonio Medina, commanding the rebels, and various consular and military representatives of the Federal government, including Mexican Consul Fernando Chacon at Naco and Gen. Abelardo Rodriguez, Governor of Baja California, who were consulted by telephone.

RAID CALLED OFF

An early morning bombing raid on Agua Prieta planned at Naco was called off and all troop movements against the city were canceled following the truce, which

AUTO LEVIES PLAN WINS

Dodgers of Tax Due for Blow

Assembly Gives Approval, Defeating Proposal of Young's Forces

People Scheduled to Ballot on System Calling for State Collection

BY C. A. JONES
"Times" Staff Representative

SACRAMENTO, May 1. (Exclusive)—An avalanche of votes in the Assembly today fell on the 400,000 automobile owners now dodging the personal property taxes on their machines when both Senate Bill No. 511 and Senate Constitutional Amendment No. 18 were adopted.

Both of these measures are aimed at the same mark to plug the hole wherein $3,200,000 annually escapes the treasuries of the counties. Both the bill and the amendment have had a serious time of it in the Legislature and the result of the Assembly roll calls, 64 to 5 for the amendment and 60 to 8 for the bill, came as a surprise to those who have been watching the legislation.

While the Young administration has been credited with attempting to defeat the amendment the result cannot be regarded strictly as an administration disaster, as Gov. Young's forces are able to scrape together more than five votes.

VIGOROUS ATTACK

However, the administration shock troops made a vigorous assault on the floor of the Assembly during the argument and did their best to stop the amendment before they were hurled back in disorder. Keith Carlin, the Governor's executive secretary, made an appearance before the Assembly Constitutional Amendments Committee and attacked the amendment last week and received a severe talking to by Senator Murphy of San Francisco the sponsor of the amendment, for the interference of the executive with the legislative branch.

The Murphy amendment, which was written by the county assessors of the State, proposes that the State collect all personal property taxes on automobiles when the license plates are issued, subtract 5 per cent of the proceeds for the cost of collection and remit the remainder to the county in which the car is registered. It further provides that in the event of the personal property tax being erased, this tax on machines will go by the board also.

The amendment now having been adopted by both houses will be submitted to the people at the general election of November, 1930, and, if adopted, enabling acts will be passed at the next session of the Legislature, becoming effective in the summer of 1931.

RECEIPTS DEMANDED

Senate Bill No. 511, by Senator Nelson of Eureka, proposes, in the form which it passed the Assembly today, that when registering his car, the automobile owner must present a certificate from his assessor, showing that he has paid the personal property tax

The bill, passed by both houses, now goes to the Governor's desk.

The principal assault today was made on the constitutional amendment, which was handled by Assemblyman Little of Santa Monica and Assemblyman Hornblower of San Francisco. Both measures were considered at once. The proponents of the amendment made no attack on the bill, stating that both could be adopted, the bill serving as a temporary expedient during the year before the constitutional amendment can become effective.

Assemblyman Jesperson tried to halt the progress of the amendment by offering first a resolution, which was referred to committee, or chloroformed by a standing vote of 26 to 13 and then an amendment to the measure itself which he stated was "clarifying" and designed to tax the stored cars which are unregistered. Mr. Little informed him that these cars out of use now are taxed as merchandise. On a roll call his amendment was cast out by 46 to 20.

POSTS TOO MUCH

Mr. Little stated that the Murphy amendment proposes a simple method for catching the tax dodger who represents, he said, 20 per cent of the car owners of the State. These are the people who do not own real estate, and the assessors contend that chasing them up and down California costs more than the

BITS OF NEWS FROM "TIMES" WANT ADS

An advertiser located in the Stock Exchange Building has fifty feet of Broadway frontage between Eleventh and Twelfth streets which he says is offered at sacrifice for quick sale.

With plenty of water rights, twenty acres of avocado land near Oceanside are offered for sale for $10,000—$1000 down—and owner might consider Los Angeles property in trade.

A twenty-passenger sedan-type stage is offered at attractive price for quick sale.

SEVEN DEAD IN STORM

Many Others on Injured List

Arkansas Areas Hard Hit; Fatalities Reported in Wheetley

Hail and Rain With Series of Gales Damaging Fort Smith

LITTLE ROCK (Ark.) May 1. (AP) The Brinkley correspondent of the Arkansas Gazette reported tonight that seven persons are known to be dead and probably more than twenty injured in the tornado at Wheetley. The dead includes a Mrs. Edwards and her two children, three unidentified white persons and an unidentified negro.

TWELVE HURT AT FORT SMITH

FORT SMITH (Ark.) May 1. (AP) Twelve persons were injured, one seriously, in a series of tornadoes which struck Fort Smith and vicinity today. Property damage estimated at $50,000 was caused to homes and industrial plants. Five of the injured are in Fort Smith and the others at Sand Prairie, six miles southeast of Van Buren, in Crawford county.

Severe hail and rain storms accompanied the tornadoes, which struck in four places in the city.

THREE KILLED IN GEORGIA STORMS

ATLANTA, May 1. (AP)—Three negroes were killed and more than a dozen persons were injured in storms that swept over different sections of Georgia last night and early today, causing heavy property damage.

Two met death near Waynesboro and three were injured when a tornado, accompanied by a near-cloudburst, hit the southern section of Burke county.

The third was killed at La Grange in a severe wind and hailstorm.

Eleven persons were injured near Louisville in Jefferson county, none seriously.

NAVAL CHIEF DUE SOON ON WEST COAST

Secretary Adams Leaves Washington Tomorrow on First Inspection Trip Here

WASHINGTON, May 1. (Exclusive)—Secretary of the Navy Adams will start on his first inspection of West Coast operations as the head of the American Navy next Friday. He will arrive in San Diego next Tuesday and spend a day and one-half there. Wednesday afternoon he will motor to San Pedro where he will board one of the battleships and watch the battle exercises of the fleet. The following Saturday at 2 p.m. he will proceed by motor to Bakersfield. Sunday he will inspect the petroleum reserves and depart by train Sunday afternoon for San Francisco. The following Monday he will combine an inspection of Mare Island Navy Yard, Hunter's Point and the Alameda base. That night he will leave by train for Seattle and on the following Wednesday will make a full day's inspection of the Bremerton naval base. He will remain there until the following night when he will return direct to Washington by the Great Northern to Chicago and the Baltimore and Ohio, reaching the capital Monday morning, the 20th inst.

On this first inspection trip he will take with him the assistant secretary of aviation, David S. Ingalls, Chief of Operations Charles E. Hughes, Capt. George F. Neal, aide to the Secretary of the Navy; Commander Felix Gykax, aide to the chief of naval operations, and Lieutenant Commander W. H. Harrill, aide to Assistant Secretary Ingalls.

JAPANESE MINISTER OFF TO SIGN TREATY

SHANGHAI, May 1. (Exclusive) Kenkichi Yoshizawa, Japanese Minister to Peking, with a staff of secretaries, departed for Nanking tonight in order to sign an agreement with the Nationalist government, covering a settlement of the Nanking and Hankow incidents involving Chinese-Japanese clashes when Nationalist troops occupied the Yangtze Valley in 1927.

New Device Links Flyers With Land System; Reporter in Plane Calls Office in Test

HADLEY FIELD, HASBROUCK (N. J.) May 1. (AP)—The airmen of America were presented today with the means of speaking from cloudy peaks with their bosses, their sweethearts or anyone else of the earthbound millions who have access to a regular telephone instrument.

The Western Electric Company demonstrated in a series of tests of the press an invention linking planes on the wing to the land lines of the commercial telephone system.

The first call was put through by an Associated Press reporter, who went aloft in the flying telephone booth at 11 a.m., and stayed up until noon. Wearing a regular telephone headset and speaking into a microphone held in his hand, he gave the telephone number of the Associated Press office in New York to the Bell Telephone experiment radio station at Whippany, N. J., by wireless telephone.

REGULAR SEQUENCE

A moment later he heard the Associated Press switchboard operator respond and was switched to the city desk, which in turn handed the call over to a rewrite man, who took the report of the demonstration from the flying reporter.

Though the reporter in the plane was sitting only four feet from the roaring engine, from which he was separated only by a thin pane of glass, he could hear the people in the New York office as clearly as in an ordinary phone conversation and his words were plainly audible in New York.

ABOVE THE STORM

The take-off was made in a driving rain, but the telephone plane rode above the storm and the demonstration was made while 2000 feet over Plainfield, N. J., and while the plane was making about 100 miles an hour.

Radio telephony between planes and radio sets aground has been operated successfully for some time, but never before perfection of the present invention has it been possible to link planes to the regular commercial telephone system.

COMMUNITY INCOME TAX SUIT BEGUN

Government Attempts to Clarify Joint Returns in Eight States Involved

WASHINGTON, May 1. (AP)—The Internal Revenue Bureau announced today that it will institute action in all community property States to determine definitely what income must be shown on returns of husband and wife, not only to protect taxpayers from overpayment, but to assure that proper amounts of taxes are collected.

To place the plan in effect the bureau has ordered that in all community property States the returns of each husband and wife be audited concurrently. In this way it hopes to determine the just division of the income and prevent duplication of exemptions claimed by the taxpayer.

The community States are Arizona, Idaho, Louisiana, Nevada, New Mexico, Texas, Washington and California. The bureau said suit to determine the Texas law already is on file.

Slaying Causes Bulgarian Strife

SOFIA, May 1. (Exclusive)—Internal war broke out today between the Macedonian and the revolutionary groups when an unknown assassin shot and killed Mito Dschozedanoff, generally believed to have murdered Gen. Alexander Protogeroff.

Protogeroff was shot and killed at Sofia in July, 1928, under mysterious circumstances.

HELEN'S PRESENTATION SET

Tennis Star Summoned to Buckingham Palace on 9th Inst. to Meet Queen Mary

LONDON, May 1. (AP)—Helen Wills, America's tennis queen, will be presented at the court of Queen Mary on the 9th inst., by Mrs. Ray Atherton, wife of the American Charge d'Affaires. As Miss Maude Hunnewell Mrs. Atherton was a widely known golfer, competing in the British ladies' championship and other tournaments.

Mrs. Atherton's position in the court ceremonies is due to the absence of Mrs. Charles G. Dawes, whose husband is to be the new Ambassador from the United States. Besides Miss Wills seven other American women will be presented at the first court of the season at Buckingham Palace. At the second court on the 10th inst. eight additional American women will be introduced.

The list for the first court, besides Miss Wills, includes Elizabeth Behn, New York; Alice Coonley, Illinois; Lillian Emerson, North Carolina; Mrs. Albert Halsted, Ohio; Jocelyn Pierson, Maryland; Harriet Walker, California, and Virginia Willys, Ohio.

The presentees at the second court will be Mrs. George Barnett, Virginia; Miss Mollie Cullum, Pennsylvania; Mrs. Paul Grening, California; Mrs. George Lawrence, Jr., New York; Margaret McKittrick, Missouri; Catherine Norcross, Georgia; Margaret Tyner, Illinois, and Adeline Winston, Georgia.

Alaska Plane in 1000-Mile Race Against Death

SEATTLE (Wash.) May 1. (AP)—Ending a 1000-mile race against death the airplane Juneau landed here at 7:40 o'clock tonight with Mrs. Peter Kostrometinoff of Sitka, Alaska. A waiting ambulance rushed the woman, who was in a critical condition from septic poisoning, to a hospital.

The woman was brought in the plane from her Sitka home to Seattle when physicians said she had no chance of living unless afforded expert treatment and hospital facilities such as are unobtainable in Alaska.

Senate Passes Bill Giving Five New Judges Here

SACRAMENTO, May 1. (AP)—A bill adding five judges to the Los Angeles Superior Court bench was passed today by the State Senate and transmitted to the Assembly for lower house consideration.

Senator J. W. McKinley of the southern city sponsored the measure to increase the number of Los Angeles Superior Court judges from thirty-eight to forty-three.

ALADDIN HAD NOTHING ON AIR STOCKS

Ticker Spells Out Huge Fortunes as Shares Soar to New High Levels

NEW YORK, May 1. (Exclusive) The story of a fabulous fortune made in aviation has been slowly spelled out on the stock ticker in the last few days in the quotations of the shares of the United Aircraft and Transport Corporation.

In less than one month stockholders in that company, and there is only a small number of them, have made profits of approximately $146,000,000.

Since Saturday last they have made profits of almost $50,000,000.

The rapid advance in United Aircraft since Saturday has been the sensation of the year in stock exchange circles. Seldom in the history of the exchange have fortunes been made so quickly. Only a short time back investors would not touch aviation securities and bankers could not be found to finance the industry.

Prior to April 11, last, United Aircraft was traded in on the New York curb market, where it sold as low as $67. When it was known that the stock was to be listed on the "big board" it sold up to $97.25. The initial trade on the stock exchange on April 11 was $78.25.

Today United Aircraft in a series of wild leaps touched $162, up $15 a share overnight. On Tuesday it closed at $146.50 a share, on Monday $137.75 and on Saturday last $129.75. The stock has advanced $32.25 a share since Saturday.

BODY FOUND ON BEACH

SAN FRANCISCO, May 1. (Exclusive) — Early morning beach strollers today discovered the body of Stanley D. Cowden, 42 years of age, until recently an automobile salesman, on the rocks at the foot of the Cliff House. Cowden had been missing since last Friday.

KEYES AIDES ARRESTED

Separate Trials to be Granted

Donald MacKay and Davis Charged With Bribery Under Indictment

Getzoff and Berman Give New Corruption Facts; Lasker Involved

Donald MacKay, former chief trial deputy in the District Attorney's office under Asa Keyes, will appear at 2 p.m. today before Superior Judge Shaw to enter a plea to an indictment charging him with asking, agreeing to receive and receiving a bribe in connection with the dismissal of several felony counts against A. I. Lasker, a broker, in August, 1928.

Harold L. (Buddy) Davis, former chief deputy District Attorney in the Keyes regime, will appear in the same court at 2 p.m. on the 6th inst., for his plea to a similar indictment asserting he received $7500 for agreeing to "control and direct" the prosecution in favor of E. H. Rosenberg in the Julian stock fraud trial.

BOTH SURRENDER

Both former prosecutors surrendered yesterday to bench warrants, were arraigned before Judge Shaw and posted $5000 bail each. The indictments are based on different asserted transactions and it is expected Davis and MacKay will be granted separate trials.

At the time of the arrest of the two men it was revealed at the District Attorney's office that Ben Getzoff, self-confessed "pay-off" man in the Keyes-Julian bribe ring, and Jacob Berman, also known as Jack Bennett, another self-admitted principal, met yesterday, compared notes and gave further vital evidence of asserted corruption in Keyes's office.

Getzoff, on whose testimony Davis and MacKay were indicted, has appealed to the District Attorney's office for protection from persons he believes are attempting to harm him, it was learned yesterday.

Steps were taken toward the protection when Getzoff said a man and a woman tried to induce him to "take a ride" when he came out of a downtown theater Tuesday night. He said he became suspicious and refused to enter the machine, but the woman attempted to push his wife into the car.

STATEMENT ISSUED

After his arraignment, Davis issued the following statement:

"As I am yet unaware of the details of the charge against me it is impossible to make any kind of an answer at this time.

"It appears, however, that the indictment was returned on the bought-and-paid-for perjury of the miserable and unspeakable Ben Getzoff, who has sold his testimony for his liberty."

MacKay declined to comment on the charges against him.

Getzoff, the principal witness in the Davis-MacKay action, was convicted on bribery and conspiracy charges with Keyes and E. H. Rosenberg, but was given probation from a prison sentence after he confessed to the machinations of the Julian bribe ring.

SPECIFIC CHARGES

The specific charge against Davis, according to the indictment, is receipt of $7500 on August 15, 1927, to "control and direct" the prosecution in the Julian stock fraud cases favorable to Rosenberg.

MacKay is charged with agreeing that "he would control and direct the prosecution of A. I. Lasker to the end and in the manner that the cases would be disposed of and dismissed in such manner as to result in Lasker's discharge."

The former chief trial deputy is accused of receiving from Lasker through Getzoff $7500 cash, a check for $108 payable to MacKay and signed by Getzoff, $1000 to relieve a promissory note on August 16, 1928; a trust deed to a San Francisco lot,

(Continued on Page 2, Column 3)

SNOW NIPS SPRING BLOOMS

Jack Frost Sends Belated Blizzard to Blanket Rocky Mountain Peaks and Valleys

DENVER, May 1. (AP)—May Day's dawn brought to the Rocky Mountain region another copy of the bleak picture that has recurred so many times during the last few months—a swirling, blinding snowstorm borne in on a north wind.

Throughout the entire eastern tier of Rocky Mountain States this picture describes weather conditions correctly in a large majority of communities. Cold rain turned to heavy wet snow in much of Montana and Wyoming.

Ranchers plodded to their tasks on the open range to investigate the condition of spring lambs and weak cattle, animals already menaced by recent inclement weather. Grain and fruit farmers, mindful of frost warnings issued by the Weather Bureau, are concerned about the condition of their crops.

Wires to the north of Denver, extending into Montana and Wyoming, were made unstable. Only meager reports on weather conditions are available over wires demoralized just a week ago by a heavy Wyoming blizzard. Cheyenne, struck last week by a blizzard that cut off wire communication for three days, experienced a new storm that brought more than an inch of snow and high wind. Rock Springs experienced "rough weather."

In Denver huge flakes of snow fell steadily shrouding budding trees and shrubs in white. The snow melted quickly on pavements. In the higher altitudes severe snowstorms are raging.

A heavy sleet storm is reported twenty miles south of La Junta, Colo., and extending to Trinidad. Cold weather prevailed in Northern New Mexico.

Snow fell in Northwestern Colorado.

ANGRY COLORADO CREEK SWEEPS AWAY RESERVOIR

GREELEY (Colo.) May 1. (AP)—Flood waters in Crow Creek, which traverses Southeastern Wyoming and Northeastern Colorado, today took out a reservoir two miles south of Hereford, Colo.

Warning was sent from Briggsdale, twenty-nine miles north of Greeley, to persons living in the low lands along Crow Creek to protect themselves and their live stock. Schools in towns along Crow Creek were dismissed to permit children to reach home before being cut off by rising waters.

The towns of Coleman, Briggsdale, Fosston, Cornish and Barnesville, are on the banks of Crow Creek.

FRENCH PARLEY OPENS ON FILMS

American Industry Sends Delegates to Meeting

First Session on Quota Row Fails of Agreement

Subcommittee Picked to Find Amity Basis

PARIS, May 1. (Exclusive)—Active negotiations for the solution of the Franco-American film controversy began at the Ministry of Fine Arts this afternoon. Delegates representing the American government, the Will Hays organization and the whole American film industry, appeared before the French government's cinema control commission and for nearly three hours participated in a discussion of the troublesome question.

The French government officials and a large representation of the French motion-picture industry also were there. At the close of the first hearing it was said that no appreciable progress had been made, the French sticking to their demand for a three-to-one quota and the Americans reiterating their steadfast opposition to this quota and all other forms of internal restrictions.

There is a feeling of pessimism in American quarters, although every effort will be made to reach an amicable agreement. With the hope of finding some way out Paul Leon, president of the commission, appointed a subcommittee consisting of five Americans and an equal number of Frenchmen. This subcommittee will hold its initial session Saturday and continue to work for as long a time as is necessary to explore all avenues leading to a possible understanding. If the commission fails to find a solution then Francois Poincet, Undersecretary of State for Fine Arts, who is indirectly responsible for the government's cinema control regulations, will tackle the subject.

Missouri Kills Sterilizing Bill

JEFFERSON CITY (Mo.) May 1. (AP)—The Missouri House today defeated a bill to provide for sterilization of habitual criminals, persons hopelessly insane, imbeciles, idiots and persons afflicted with certain diseases.

BULLOCK'S ANNUAL FURNITURE EVENT

FITZGERALD'S
FOR THE ADVANCEMENT OF MUSIC

Martha Spangler Nicholson
Violinist-Teacher
By David Bingham

It seems to me the violin offers more obstacles to the student than any other musical activity. Patience, perseverance and punctuality are an essential need but most important is the selection of a proper teacher. That is vital. In the few years Martha Spangler Nicholson has been teaching, she has been successful simply because in her student days she had the patience, perseverance and punctuality plus the advantages of study with great masters of the violin. The result is apparent in her own successful teaching today. She is a fine teacher and a charming woman. In company with an ever increasing number of artists in this city, Mrs. Nicholson has purchased the

a check payable to Olin MacKay for $500 and a suit of clothes valued at $35.

CASE RESUMED

Lasker was charged with violation of the Corporate Securities Act, making false entry in corporation books and grand theft in connection with the operation of an automobile finance concern of which he was president.

The charges dragged through the courts for many months and finally were dismissed. With the indictments in the Keyes-Julian bribe ring, however, the 1928 grand jury restored many of the charges against Lasker. He was tried, convicted and sentenced to from fifteen to fifty years in San Quentin.

Davis studied law while he was secretary to Keyes and after admission to the bar became head of the homicide department in 1925. Later he became chief deputy and as such directed the investigation of the Julian stock debacle for the grand jury and was assistant prosecutor at the trial.

He resigned from the District Attorney's office after the Julian case defendants were acquitted early in 1928 and entered private practice.

After MacKay was admitted to the bar more than two years ago he became attached to the District Attorney's office and soon became chief trial deputy. He resigned from the department when Buron Fitts became prosecutor last year.

LEVY DODGING DEALT BLOW

(Continued from First Page)

result justifies. In addition Little said, the plan will equalize the tax on automobiles, by setting a maximum and minimum on all classes of automobiles.

The administration is said to oppose the Murphy plan because the tax while returned to the counties, will be collected by State officers and will appear as a State tax, thus increasing the size of the present stupendous budget.

ARIZONA "REPUBLICAN" OFFICERS ANNOUNCED

PHOENIX, May 1. (AP)—Charles A. Stauffer, general manager and secretary of the Arizona Publishing Company, publishers of the Arizona Republican, has been elected president and publisher of the organization, it was announced today. Mrs. Marie B. Heard, widow of Dwight B. Heard, former publisher of the Republican, has been elected chairman of the board of directors. Mr. Stauffer and Mrs. Heard will formulate and direct the policies of the paper.

KANSAS CITY RADIO STATION QUITS AIR

KANSAS CITY, May 1. (AP)—WHB, local radio broadcasting station today quit the air following the receipt of an order from the Federal Radio Commission. Emory J. Sweeney, owner of the Sweeney Automotive School, said he has legal documents to show the station is owned and operated by the school company. The Radio Commission charges the license was transferred without the commission being notified.

MAY DAY TAKES TOLL IN LIVES

(Continued from First Page)

lice had stormed and carried the barricades and many of the sharpshooters were found and arrested.

REDS ASSEMBLE BEFORE CONSULATE

MEXICO CITY, May 1. (AP)—Police and riot squads guarding the United States Consulate-General today dispersed several hundred men and women of the "Red Syndidates" who congregated in front of the Consulate as part of a May Day demonstration. Some of the demonstrators shouted: "Death to gringoes. Death to Yankees. Death to Americans."

Although the police carried loaded rifles ready for action, they were not forced to fire them, shoving the crowd back with the butts of their rifles. The fire department was called to assist the police and the firemen were ready to turn the hose on the demonstrators.

By this time, however, the crowds ran pell-mell in every direction and the assemblage dispersed within ten minutes after it began to form at the Consulate.

No casualties were recorded.

WAR-LIKE PAGEANT PRESENTED BY SOVIET

MOSCOW, May 1. (AP)—The roar of the Kremlin batteries, the humming of air squadrons and the clatter of masses of cavalry, artillery, infantry and numerous tanks blended with the blare of huge bands, the deafening hurrahs of marching troops and the quaint chimes of the Kremlin to make this May Day one of the most impressive and strangest symphonies ever heard in Red Square.

The demonstration differed from all previous ones in so far as the foreign military attaches, in front of Lenin's mausoleum, were given ample opportunity to witness the Red army's achievements in keeping abreast of the world's most modern war technique.

Twenty-five huge black tanks, many more baby tanks and armored motor cars of recent construction drove by, causing a wave of enthusiasm.

THREE THOUSAND ARRESTED IN PARIS

PARIS, May 1. (Exclusive)—More than 3000 persons were arrested today by the police, who were determined to crush any Communistic or Socialist demonstration on May Day, which is the workers' holiday all over Europe.

In most cases the ringleaders were arrested—they include sixty foreigners—and will be released tomorrow when the menace of an outbreak is over.

The Reds failed utterly to cause any general strike. Only the taxicab drivers, following their usual May Day custom, refused to work. Everybody was forced to use street cars, automobile busses or the subway.

Groups of militant Reds were stationed outside large factories in Paris and the suburbs and tried to induce the workers not to report for duty, but police and detectives hustled them away.

COMMUNISTS KILLED BY LITHUANIAN POLICE

KOVNO (Lithuania) May 1. (AP)—Several Communists were killed and many wounded today when the police fired on demonstrators who had defied an order forbidding May Day assemblages.

MEXICAN REBEL MOVEMENT DIES

Agua Prieta Surrendered to Federal Commander

"Army" of 1500 Falls Into Government Hands

Amnesty Granted Troops as Leaders Cross Line

(Continued from First Page)

guaranteed all soldiers and line officers of the revolutionary armies immunity. Higher ranking officers, including those who participated in the peace parley, were refused such concessions and returned to the Arizona side of the border negotiating with American immigration officials to remain in this country.

No news of any authentic nature has been obtained as to the whereabouts of Gen. Jose Gonzalo Escobar, commander-in-chief of the rebels and provisional president of the revolutionary movement. He last was accounted for in Agua Prieta last evening.

Efforts to get reliable information on the situation to the east, where Gen. Juan Andreu Almazan is said to be approaching Agua Prieta, were unsuccessful.

REPORT OF BATTLE

Early this morning a messenger was sent to him at Colonia Morelos to acquaint him with the changed conditions in Agua Prieta. Later a rumor came that Gen. Marcelo Caraveo, former Governor of Chihuahua, and one or two or three revolutionists leaders who have not yet surrendered, had engaged Gen. Almazan's forces between Colonia Morelos and Agua Prieta and was driving the Federal general back. Coupled with this report, was a statement made by Federals here that Gen. Almazan had in the past three days met several sharp and disastrous engagements with rebels in the Pulpito Pass district.

NO ALARM FELT

No Federal troops have arrived in Agua Prieta yet, and aside from Gen. Flores and his staff and the civilian officials appointed to the Federal posts, the Agua Prieta district is filled with former rebels whose disposition to cling to one side or the other is not clearly defined.

No alarm over reports of the Caraveo-Almazan incident could be discovered and everyone in authority appeared to regard the entire revolt as completely disorganized and disbanded in so far as constituting any serious threat against the government is concerned.

CAPITAL IGNORANT OF REVOLT'S ENDING

MEXICO CITY, May 1. (AP)—Today's labor holiday and the fact that no newspapers were published kept the Mexican public in ignorance tonight of the virtual termination of the revolution begun almost nine weeks ago. Sonora, which was the last stronghold of the rebels, came virtually into complete possession of the Federal forces last night.

Although twenty-four hours had elapsed since the news reached the Presidency, the population was not aware of the fall of Nogales and Agua Prieta, the precipitate flight of rebel leaders and the disintegration of the remaining rebel armies.

Fresh tidings were lacking even in official quarters, for President Portes Gil spent a quiet day at home and his offices were closed as tight as any business house. It was the first complete day of rest that the President and his immediate assistants had experienced in nearly two months.

CATHOLICS NOT BLAMED FOR REVOLT

MEXICO CITY, May 1. (AP)—President Portes Gil in a public statement tonight said that he does not consider that the Roman Catholic Church, as an institution, was responsible in any way for the military revolution that has just collapsed. He added that "some servants of the church" in Jalisco, Michoacan and Guanajuato, forgetting their Christian morals, committed acts of banditry under the pretext of defending the doctrines of their church.

"But contrasted with this attitude are other worthy representatives of Catholicism who counsel respect for law and authority," he said.

The President declared the government's attitude on the religious question remains unchanged. Priests may return to their churches and resume public service whenever they desire "if they obey the laws of Mexico."

The President says that military revolutions will be less likely in the future because the celerity with which this year's uprising had been crushed will discourage repetition of such abortive attempts. For this reason he considers that the cost of $7,500,000 was worth while. He said he is convinced that the coming Presidential campaign will not be accompanied by armed fighting.

"Despite everything, I believe the revolution will turn out a good thing for the country because it has suffocated the ambitions of subversive elements," said President Portes Gil. "The government and people are able now to follow the paths of freedom to the full realization of Mexico's aspirations."

CAVALRY DRIVE SHATTERS REVOLUTION

NAVOJOA (Son.) May 1. (AP)—It was a brilliant Federal cavalry pursuit that shattered the rebel forces in Sonora. This became evident today as reports showed a prisoner list of 2000 with groups of varying size surrendering along the fifty-mile stretch between the Mayo and Yaqui rivers.

Resistance was virtually at an end and few shots were fired today. One of these encounters was with a small group escorting C. M. Vasquez, a rebel leader. He exchanged shots with Federal troopers but managed to escape northward.

It is believed here, too, that the rebel general, Roberto Cruz, and other leaders are fleeing toward Guaymas instead of heading northeast in the direction of Sahuaripa.

The Federal cavalry has reached the north bank of the Yaqui River. They report that the tribe is friendly to the government and has consistently refused to be drawn into the rebellion.

Local revolutionary papers found here by the advancing Federals show vivid imaginations on the part of their editors. They published claims of tremendous victories against the government, of successful uprisings throughout Mexico and of the capture of principal towns.

MINE PRODUCES LARGE NUGGET

Chunk of Gold Valued at Several Hundred Dollars Found in New Shaft

GRASS VALLEY, May 1. (AP)—This district's newest mine, the Boundary, produced a large nugget worth several hundred dollars yesterday.

The discovery was made in a shaft run into new ground where the recovery of gold was estimated at $4000.

Farm Product Prices Slump

WASHINGTON, May 1. (AP)—Department of Agriculture figures show that the general level of farm prices from March 15 to April 15 declined 2 points from 138 per cent of the prewar level.

The decline is the result of a general decline in farm prices of all crops, live-stock products, eggs, and wool, which was only partly offset by increases in the price of hogs, beef cattle, sheep, lambs, horses and chickens.

COURT DELAYS DEATH FOR MURDER PAIR

SACRAMENTO, May 1. (AP)—Two men condemned to die for murder today were given what amounted to stays of sentence when the State Supreme Court, sitting en banc, put over their cases for later consideration. They are Mario Cacace, Mendocino county, who confessed to the murder of his divorced wife, and James Chandler, Los Angeles, convicted of the murder of Jessie Gafford, his common-law wife.

"TALKIES" GO HIGHBROW

Film "Schoolmaster" Teaches Science Lesson That Makes Griffith Forget About Screens

COLUMBUS (O.) May 1. (AP)—A small toy paper boat, sailing by apparently invisible power across a dish of water, was depicted in a sound motion picture before the American Chemical Society today. It was the start of a forty-five-minute "talkie" made to demonstrate the possibilities of sound pictures in education.

"It is not," said Dr. Irving Langmuir, president of the society and "teacher" in the film, "the kind of picture we have called educational in the past, which really was for amusement instead of to interest those who wished to be educated."

SPEAKS FROM FILM

As the boat moved, Langmuir, in the role of teacher speaking from the film, said that its power was a bit of camphor in a recess in the stern. The camphor by contact with the water produced a tiny film which pushed the boat ahead.

He took some powder and dusted it on the surface of the water. Though the audience was large, every person saw the grain of powder bring out the hitherto unnoticed motions of the camphor film. They saw as clearly as if each one alone sat on the opposite side of the dish from Dr. Langmuir.

BOAT STOPPED

Then the "talkie teacher" put a drop of acid from olive oil on the water. It spread over the surface and the boat stopped. He explained how the film of acid, because it was permanent while the camphor was evanescent, prevented further motion of the toy boat.

He turned to a "close-up" blackboard, chalking some figures thereon, explaining the nature of the surface films.

He went on to tell, with interesting illustrations, about one of the most abstruse subjects in chemistry, how the study of these films has led to conclusions that invisible sections of matter have quite definite shapes, much as do bullets or persons and to show what some of these shapes are.

GRIFFITH FORGETS

Commenting before the showing, on his belief that sound pictures open new possibilities in education he said that D. W. Griffith, the motion-picture producer, when he saw this film, said:

"This is the first time I ever forgot that I was listening to a sound picture."

He said that Griffith was impressed with the fact that he could be so interested for forty-five minutes. Griffith saw the picture in the laboratory of the General Electric Company at Schenectady where it was made.

FAMED HOTEL CHECKED OUT

Auctioneers Sell Furniture of Waldorf-Astoria

Flags Fly on Final Day of Historic Hostelry

Closing Follows Banquet for 850 Guests

NEW YORK, May 1. (Exclusive) The raucous voices of auctioneers rang through the upper floors of the Waldorf-Astoria today, the last day of life for the historic hotel. In two rooms of the sixteenth floor they were hawking bedroom furniture and other odds and ends, working down floor by floor through the hotel.

There were 500 persons or so in the crowd, and most of them were professional auction attenders and dealers in house furnishings, although a few were obviously on hand to get souvenirs. Former Representative Brunner bought a mahogany dresser with a glass top for $75 and was delighted with the bargain. Beds of mahogany with good hair mattresses were going for as low as $30. Upholstered chairs were selling for $9 and $10. Good bargains were numerous.

GUESTS HANG ON

There were still 147 guests registered at the hotel early this afternoon—most of them old-timers in patronage, determined to stick it out until the final closing late tonight.

In the grand ballroom in the meantime, the Rubinstein Club, a women's organization of music lovers, held a "white breakfast" as a farewell to the old hotel. A crowd of about 2000 women overflowed into the hallways, eating, hearing the music and dancing.

Extraordinary precautions were taken against gate crashers, detectives and flunkies demanding tickets and credentials from all who attempted to pass the doors.

Outside the old Waldorf was making a brave show—all of her flags flying bravely in the drizzle. As Pat Sheridan, the chief houseman, said:

"We are going down with our banners flying."

FINAL BANQUET

Among the last guests to vacate their rooms were Col. E. H. R. Green, son of Hetty Green, who has lived there for twelve years; Albert Morris Bagby, founder of the Bagby concerts, who has made it his home for thirty-three years; Mr. and Mrs. W. R. Chapman; J. M. Buck, and Harry Stevens, the caterer.

Tonight many of them attended the greatest celebration the hotel has seen since the dinner to Theodore Roosevelt, when he was elected President—the "final dinner of the Waldorf."

More than 850 guests were invited. Seated in the grand ballroom they paid honor to a tradition, an epoch and the long line of ghosts, which the corridors, salons and bars of the hotel remember.

Among the guests were representatives of thirty-eight organizations, which have for years held their annual banquets in the hotel.

PIONEER SUCCUMBS

Women Preserve Their Beauty With
Vita

A full facial massage—neck—head and scalp twice a day—night and morning will keep the "crows feet" away—maintain firm tissues and induce a natural healthy bloom that outrouges any rouge ever made.
If—the toll of past neglect has begun to manifest itself—Vita will iron out the evidence and assist nature in bringing back the vigor and beauty that every woman inherently craves.
Vita does things no other exerciser can do.
PRICE $150.00 COMPLETE
Or $145 without the wide 7-inch hip belt.

IL DUCE GRABS ANOTHER REIN

Premier Drives on Toward Bismarckian Goal

Eight of Thirteen Portfolios Now Held by Him

May be One-Man Cabinet With Only Assistants

ROME, May 1. (Exclusive)—With Premier Benito Mussolini today taking charge of the eighth ministerial portfolio out of a total of thirteen in his Cabinet, an announcement is expected soon of a complete Cabinet reorganization, by which he will became Chancellor in a system something like that of Germany in the days of Bismarck.

The present Cabinet system, which corresponds to a democratic parliamentary system, is to be abolished and Premier Mussolini, as Chancellor, will be aided only by undersecretaries.

This reorganization will complete the reform of state bureaucracy, which has just been recommended to Il Duce.

With his assumption of the duties of Ministry of Public Works, left vacant by the resignation of Giovanni Guirati to become president of the new chamber, Premier Mussolini now holds the portfolios of Interior, Foreign Affairs, Corporations, Colonies, War, Marine, Aviation and Public Works. The five portfolios held by other men are Communications, Justice, Finance, Education and National Economy, so that the present Cabinet meeting consists of only six full-fledged ministers.

Under the proposed organization, which is expected to be made effective shortly after adjournment of Parliament, the government, with Premier Mussolini as Chancellor, would be grouped under the following five heads: First, ministry of the head of the government, comprising Department of Interior, Department of Justice, Departments of Education, Council of State, and several other bodies; second, Ministry of Foreign Affairs; third Ministry of National Defense, comprising war, marine and aviation; fourth, Ministry of Technics, comprising communications and public works; and fifth, Ministry of Economic Affairs, comprising finance, treasury, economy and corporations.

ITALIAN STORK ENCOURAGED

Mussolini Lowers Marriage Age as Move to Boost Population

ROME, May 1. (AP)—Premier Mussolini, in the hope of increasing the number of Italian offspring, has caused the lowering of the legal marriage ages from 18 to 16 years for the husband, and from 15 to 14 years for the wife.

It is explained the governmental measure will have a certain sociological value as well, inasmuch as it will afford a means of combatting the practices of common law marriage, or "free union," which is particularly prevalent in industrial centers.

SMOKE SCREEN ANGERS CAPITAL

Prohibition Discussed During House Session

Bill Offered as Result of Recent Shooting

La Guardia Pleads for Dry Law Modification

WASHINGTON, May 1. (AP)—The smoke screen again having appeared in the capital as the medium by which suspected bootleggers escape pursuing police, more than usual interest was attached today to a long prohibition discussion in the House in which the smoke screen and President Hoover's recent law-enforcement speech figured.

Police today guarded various entrances into the district and Private Henry Rinke is recovering from near-blindness occasioned by smoke loosed from a rum car, which eluded him after a chase of many blocks. The intensity of the situation in the current war between police and rum-runners was increased by two pistol battles, one in near-by Maryland and another in Virginia. One negro was wounded.

Representative Miller, Republican, Washington, proposed in a bill that the stamp of "justifiable homicide" be put on cases where an officer kills a person in attempting to halt an automobile from which a smoke screen is being projected.

WORD RETAINED

Representative LaGuardia, Republican, New York, a wet, failed in a second attempt to have expunged from the Congressional Record the word "applause" after a statement in defense of a Washington policeman in shooting to halt and killing a 21-year-old suspect who was using a smoke screen.

In an hour's speech, LaGuardia took exception to several statements made by President Hoover in his speech before the Associated Press, characterized the Washington policeman's action as "unjustifiable" and declared that modification of the dry law would remove 50 per cent of the conditions complained of by the Executive.

A wet, Representative O'Connor, Democrat, New York, objected today to LaGuardia's request for expungement on the ground that the record should be preserved for historical accuracy. Many drys favored striking out the "applause," although making it clear that they do not condone the crime the dead youth might have committed.

CRIME RISE CHARGED

Arguing that prohibition has brought about a tremendous increase in crime, LaGuardia charged that the government is making no attempt to enforce that law equally throughout the United States, though the President has "made it clear that respect and obedience of law is a Federal matter."

The government, he added, is doing "exactly that which the President says no individual has the right to do, to wit, to say which law it shall obey and which it shall not obey."

Discussing the President's statement that of the total number of convictions for felonies last year, less than 8 per cent came from prohibition, LaGuardia declared that if Mr. Hoover meant that 8 per cent were for direct violation of the dry law he was correct.

The fact remains, however, he added, that more than "50 per cent of present crime is a direct result of prohibition."

GALLERIES APPLAUD

After LaGuardia declared that all youths between the ages of 19 and 21 have tasted strong liquor, there were cries of "no, no," from the Republican side. Applause from the galleries greeted a later statement that even some of the prohibition leaders in the capital are "unable to control their own children."

Representative Halsey, Republican, Missouri, protested against a statement that there is extensive drinking in schools and colleges, declaring he most "emphatically condemned those assertions as a regent of one of the largest universities in the country."

Discussing the last election, LaGuardia said an analysis of the vote shows that a majority of the people are against prohibition.

"Take the Republican vote from such States as New York, Pennsylvania, Massachusetts, New Jersey, Rhode Island, Connecticut, Maryland, Illinois, Wisconsin, Michigan, Delaware, Montana and California, and add to it the wet Smith vote," he said, "and it will be found that a majority of the voters of this country now are against prohibition."

INTERPRETATION DISPUTED

Representative Crisp, Democrat, Georgia, denied that all votes for Smith were wet votes. Hundreds of thousands, particularly those in the South, who voted for Smith, he said, did so because of party principles.

Superintendent Pratt of the District of Columbia police estimated today that between twenty-five and thirty cases of the use of smoke screen by law violators have been reported here since March 3, 1925, when the law was passed making such practice a felony.

"I suppose the World War, with its smoke screens for airplanes and submarine chasers, gave law violators the idea," he said. "At any rate, the device was used here to such an extent that Congress passed a law against it. That law held the rum-runners fairly well in check until the Jones law started them again. It became necessary for them to take added risks, and, therefore, they also have been taking added precautions."

HOOVER SIGNS HIS FIRST BILL

House Measure Covering Congress Expenses Becomes Law

WASHINGTON, May 1. (AP) The first legislative measure to become a law under the Hoover administration has been signed by President Hoover. It was a House bill making appropriations to meet the expenses of the first session of the Seventy-first Congress.

Crail Sponsors Hospital Bill

WASHINGTON, May 1. (AP)—Authority for the Veterans' Bureau to expend $1,000,000 for erecting a 500-bed hospital in California was asked in a bill introduced by Representative Crail today.

The hospital would be erected on Federal land in Los Angeles county near Sawtelle and Santa Monica in the vicinity of the national home for disabled volunteer soldiers.

CHORE PLEA WINS DIVORCE

OAKLAND, May 1. (AP)—Agreeing with her complaint that a 90-year-old woman should not be made to milk cows or do other heavy ranch chores, Superior Judge Harris today granted Mrs. Isabel Brown, wife of Frank Brown, Dublin Canyon rancher, a divorce on the grounds of cruelty. Mrs. Brown was granted $50 a month temporary alimony.

COW COUNTIES DEFEAT CITIES

Rural Areas Win Most Seats for Constitution Parley

West Amendment Changed on Senate Floor

Representation for Third of State Exceeds Rest

SACRAMENTO, May 1. (Exclusive)—The cow counties gave the populous counties another sound thrashing in the Senate today when the constitutional amendment of Senator West of Alameda was amended on the Senate floor to provide that the rural districts of the State have a preponderance of strength in the proposed constitutional convention which will draw a new instrument of fundamental law for California.

It might be stated here that the present biennial registration of voters shows that Los Angeles county alone has more than 40 per cent of the State and with San Francisco and Alameda added is considerably more than two-thirds of the population of California.

The West amendment, as it came out of committee to the Senate floor, provided that following its adoption by the people in November, 1930, in the event it passes both houses by a two-thirds vote, an election will be called in September, 1931, to select eighty representatives, one from each Assembly district, to meet within six months to form a new constitutional amendment to substitute for the present outworn, patchwork instrument of 1879. This draft then is to be submitted to the people for approval.

CHANGE DEMANDED

The Legislature is expected at its next session to redistrict the Assembly, in accordance with the "Farm Bureau plan" of reapportionment and on the basis of the 1930 census. Judging by the registration figures for 1928, this would mean thirty-two Assemblymen for Los Angeles, twelve for San Francisco and ten for Alameda, totaling two-thirds of the House and two-thirds of the constitutional convention. By this scheme the convention would be representative of the population of the State.

But when the West amendment came to the floor, up rose Senators Boggs of Stockton, Nelson of Eureka, Inman of Sacramento and Slater of Santa Rosa, the wheel-horses in the fight for the Farm Bureau plan of reapportionment. They demanded a change in the measure to include a representative from each Senatorial district or an addition of forty members to the convention. Under the Farm Bureau plan, each county is limited to one Senator. Therefore, the populous counties will gain three convention delegates and the cow counties thirty-seven.

RURALS WOULD DICTATE

The make-up of the convention will be:

Cow counties, one-third population, sixty-three members.

Cities, two-thirds population, fifty-seven members.

The cow counties said they wouldn't vote for the convention amendment unless they had their way, and they had it, 26 to 10. The amendment went to the printer to put in the change, and it will come up again in its new form tomorrow.

If this scheme goes through it means that the rural counties, having the bulge in the convention, will write the improvement, taxation, representation and other features as they see fit, and that the cities will be powerless to protect themselves unless there is lobbying the like of which California hasn't seen in many a year.

Meanwhile, there is another constitutional amendment in the Senate which provides for a change in the Senatorial districts, a compromise by which the populous counties will have about fifteen of the forty Senators. Should this amendment go through, it will change the set-up to give the cities control, but this reapportionment plan is not showing any signs of life, has been defeated before, and is not likely to emerge upon the ballot.

Arkansan Wins League's Prize

NEW YORK, May 1. (AP)—Winifred D. Polk, 16 years of age, of Corning, Ark., won first prize in the third national competitive examination on the subject of the League of Nations, the educational committee of the League of Nations Association, announced today.

The prize is a two-months trip to Europe.

Jean Anderson, 15, of Ann Arbor, Mich., won the second prize of $100 and John Morrisroe of New York City third prize. Students in 1100 high schools in every State of the Union competed.

Perfect Hand in Bridge Game

AURORA (Ill.) May 1. (Exclusive)—L. E. Shroger, a real estate and insurance broker who is accounted "a convervative bidder" by bridge-playing friends, last night startled a game by bidding seven no trump. Then he laid down a perfect hand. It consisted of ace, king and queen of every suit and the jack of diamonds.

Playing with Mr. Shroger were Joseph Reid, R. A. Evans and F. B. Watson. Mr. Reid and Mr. Evans, like Mr. Shroger, are realty men. Mr. Watson is a banker.

Japanese Troops to Quit Shantung

TOKIO, May 1. (AP)—Japanese military authorities today decided to complete arrangements for evacuation of the Shantung area in China, which Japanese troops have been occupying, by the 25th inst.

Their action was the result of submission of detailed plans for the maintenance of order by the Chinese Nationalist government.

It's time
to think about their
wedding gift

No other one thing can so completely transform their first modest little home—as a grand piano. No other one thing is so dear to the heart of the young bride—nor so deep in her pride.

Æ

The STECK enters more homes (the world over) than any other piano name outside the STEINWAY. Rich in tradition. Modest in price. A variety of new modern designs to select from. For years it has been our most popular piano for the wedding gift.

This is the Petite Grand [only 4½ feet long] $860

It occupies so little space—and yet it dominates the home. It costs so little—yet gives so much. There are so many wedding expenses to be paid for right away—but the Steck may be paid for in 2 years. ONLY $86 DOWN

AS MUCH APART FROM THE ROARING CITY as the YOSEMITE

. . . yet thirty-five minutes of legal driving from Seventh and Broadway. Almost half a mile above sea-level, above the damp and fogs and frost . . . yet approached without a noticeable grade. As different from the popular conception of a subdivision as the Barbizon forest is from Coney Island. That is Alta Canyada.

It interests only people who have an inbred appreciation of natural beauty . . . who love clean, fresh air . . . and thousands of stately trees and colorful shrubs and a view of wooded hills on every side. It interests those whose achievements have placed them in a financial position to choose ideal surroundings. Here they may possess estates that befit their position, forever protected against the encroachments of hasty development. Such people are invited to visit Alta Canyada now . . while it is in the full flush of springtime beauty.

A typical estate conveys an idea of values: 100-ft. frontage on the canyon with an unbroken view of the valley below. 150 feet in depth. Contains two stately olive trees at least 20 years old, two Douglas firs 25 feet high and two fine Deodar cedars about 10 feet high. Surrounded by other heavily wooded estates. Price, $5,000. Others to $400,000. All urban improvements are in and paid for.

How to Go...
Drive via Verdugo Road to Montrose, thence about one mile east to Alta Canyada Road; then turn left (north) and follow arrows to Estates office.

SHOE STORE HOLD-UP SUSPECTS CAPTURED

SAN FRANCISCO, May 1. (Exclusive)—Two robbers who bound two shoe store clerks in a Latin quarter establishment and escaped with $100 today forgot that shoe clerks are expert at untying knots. Edward Semenza, one of the clerks, had his bonds untied almost before the bandits got out the door and gave chase in an automobile. As a result police arrested Alfred Brazil and Dan Chandler. The $100 is said to have been recovered.

FAILURE DOOMS ARMS MEETING

Geneva Session to Adjourn Minus Achievement

Naval Session Saturday to be Perfunctory

Gibson Blocks Limitation of Volunteer Armies

[Copyright, 1929, by the Chicago Tribune]

GENEVA, May 1. (Exclusive)—That the present preparatory disarmament session is doomed to end without the commission being able to chalk up a single notable achievement to its credit toward the reduction of either naval or land armaments became apparent today.

Admission of the commission's failure to make headway is contained in an announcement made by Nicholas Politis of Greece, who is substituting as chairman during President Loudon's illness.

As soon as the odds and ends of the land armaments discussion are cleaned up, M. Politis said, the subject of naval disarmament will be considered, but will be confined to "contain a number of declarations" and there will be no discussion.

Following this the commission will adjourn—probably the middle of next week—but will be reconvened before the September League Assembly session in order to complete debates on items being clipped from the present agenda.

"We cannot go further than that at this time," the chairman confessed.

It is expected the naval sessions will open Saturday and be devoted entirely to general statements by the large naval powers in reply to Ambassador Gibson's proposal. Interest is naturally centered on Lord Cushendun's answer, but in view of the imminent British elections it seems unlikely that he will go further than to make a vague innocuous address. With the naval disarmament section of the commission's program thus dismissed as a mere formality, the real work on the vital question will be left for settlement when the interested powers get together this summer.

In the meanwhile M. Massigli of France was checkmated this morning by Ambassador Gibson and Lord Cushendun when he tried to maneuver a move which would mean the same standards of limitation would be applied to small volunteer armies as to huge continental conscript armies.

Both the American and British delegates saw the joker simultaneously in the innocently worded proposal requiring that the maximum term of service not exceed the longest period called for by conscript armies.

When asked if this was supposed to apply to all armies the French delegate replied casually, "It applies to all armies, but as a matter of fact it wil only possess importance in the case of conscript armies."

"I have no doubt countries with conscript armies know exactly what they are proposing," Ambassador Gibson observed, "but as far as our voluntary system goes I do not see how the text applies."

"That is exactly what I was going to say," Lord Cushendum declared, pointing out that the proposed plan had no relation to volunteer armies and suggesting an amendment to limit conscript armies.

Voluminous explanations by the French delegate, who refused to listen to Lord Cushendun's amendment failed to convince either Ambassador Gibson or Lord Cushendun, who stuck doggedly to their point, and the discussion was finally postponed until Friday in order to permit rewording of the scheme.

WASHINGTON DENIES PLAN FOR NEW NAVAL PARLEY

WASHINGTON, May 1. (AP)—The position was taken in high administration circles today that the next move in naval disarmament rests with the League of Nations preparatory commission rather than the Washington government.

Since the proposal for a formula for measuring relative naval strength was put forward at Geneva by Ambassador Gibson, chairman of the American delegation, it has been reiterated here on high authority that there is no intention of seeking to bring about another naval disarmament conference in the immediate future.

The position of the administration is that such a conference will be futile until there had been an agreement in advance on a formula quite apart from that of tonnage, on which the chief naval powers were unable to agree in 1927.

In the discussions of disarmament here today growing out of events at Geneva, officials took occasion to deny Washington dispatches apparently widely published in Europe that Ambassador Gibson spoke on his own initiative in withdrawing the American general reservation against the exclusion of trained reserves in considering land armament reductions.

It is stated that Mr. Gibson has wide authority and discretion and that his pronouncement on this subject reflected the views of the American government. Suggestions that his remarks will be repudiated by President Hoover are discredited.

JAPAN WILLING TO JOIN MEETING TO REACH PACT

TOKIO, May 1. (AP)—It was learned here today that Count N. Sako, Japanese delegate to the preparatory commission on diarmament at Geneva, had been instructed to agree to a proposal whereby a subcommittee will be formed by delegates from the five leading powers to consider proposals of the United States delegate, Hugh S. Gibson, for broad naval reduction.

TEACHER WHO SLEW PATRON SENTENCED

BENTON (Ill.) May 1. (AP)—Floyd E. Watson, a school-teacher, who shot and killed Charles Ritchason, a school patron, last November, in an altercation over the whipping of three of Ritchason's four children at a rural school, was convicted of murder by a Circuit Court jury today. He was sentenced to twenty-five years in prison.

ANNE MORROW PREFERS LAND TRAVEL'S SCENERY

CLEVELAND, May 1. (AP)—Anne Morrow, fiancee of Col. Charles A. Lindbergh, prefers to travel by automobile or train rather than by airplane, but for esthetic reasons. Only on land, she says, can a journey reveal the scenic beauties of a landscape; the air traveler sees a map.

"I like to fly," Miss Morrow said, "but I don't think airplanes ever can take the place of motoring or any means of travel close to the earth. Not for real beauty, I mean. Flying over water is lovely. The different lights on the water are wonderful, but while over land you get only a splendid map view. Everything is one level, even the mountains."

MINER RELIEF FUND CLOSED IN ENGLAND

LONDON, May 1. (AP)—The Lord Mayor's fund for the relief of distressed miners has been closed with a total of $4,215,000. To this amount the government "pound for pound" grant must be added. The total amount for relief therefore would be $8,430,000.

HOOVER OUSTS OFFICEHOLDER

Defiant Federal Attorney Removed in New York

WASHINGTON, May 1. (AP)—President Hoover today signed an order dismissing from office William A. Degroot, United States Attorney for the Eastern District of New York, effective immediately.

The President's order, addressed to Degroot, is as follows:

"You hereby are removed from the office of United States Attorney, Eastern District of New York, effective immediately."

The President acted on the recommendation of Atty.-Gen. Mitchell, who called for Degroot's resignation and who took the case to the White House after the Federal attorney declined to comply with the request.

Pacific States Savings is now

Eighth Largest in the Nation

OUR 41st YEAR
6%
AGE
STRENGTH
SAFETY

But our growth is not so important to careful savers as the *reason* for our growth

LOAN POLICY
Pacific States Savings' funds are loaned in accordance with the strict provisions of the law and the even more rigid restrictions of the company itself. Loans are secured by thoroughly protected first liens on improved real estate in 75 California cities. The aggregate appraisal value of this real estate as determined by the company's ultra-conservative policy exceeds 2½ times the amount of the loans. Regular installment payments are required on all loans as a further safety factor.

LIQUID ASSETS
In order to maintain assets at the maximum of liquidity we have written down furniture and fixtures and real estate out of surplus to one dollar each.

STRONG CASH POSITION
Pacific States Savings' strong cash position is evidenced by the fact that in addition to its other cash on hand and liquid securities it maintains a voluntary cash reserve of over 1¼ million dollars in interest bearing certificates of deposit in 75 California banks.

BANK CREDIT FREE
Since bank loans would be an obligation coming before its obligation to savers, it is Pacific States Savings' policy not to avail itself of its bank credit. It has no bank indebtedness.

CONSERVED EARNINGS
That Pacific States Savings conserves its earnings is demonstrated by the fact that its surplus, reserves and undivided profits are over 2½ times its guarantee capital stock.

ESTABLISHED 1889
STATE SUPERVISED
RESOURCES OVER 35 MILLION DOLLARS

"Our first consideration must always be the safety of our savers' funds"—was the policy set down by Pacific States Savings in 1889.

The strict adherence to that policy ever since is the fundamental reason for our growth—our consistent conservatism has brought us steadily increasing acceptance by prudent people. Today the confidence of 50 thousand careful savers has advanced Pacific States Savings to its present position as the largest Building and Loan Association in the west—and the eighth largest in the nation.

"Our first consideration must always be the safety of our savers' funds"—this policy has caused us to incorporate into our financial structure *five outstanding factors of safety*. They are demonstrated in this simple, easily understood Statement of Condition. Study it.

STATEMENT OF CONDITION
as of April 30, 1929

Think of freezing ice cubes *in your present ice-box*

Have all the ice cubes, desserts and salads you want . . . *when* you want them. Make your present ice-box a Frigidaire

• • •

IT'S an easy matter to convert your present ice-box into a Frigidaire automatic refrigerator. And think what this means. A plentiful supply of sparkling ice cubes, delicious frozen desserts, delightfully different salads . . . all the benefits of dependable, care-free refrigeration . . . for years to come.

And Frigidaire gives your family priceless health protection. It maintains constant low temperatures that keep foods fresh and wholesome . . . temperatures that you *know* are safe

Besides making your ice-box an automatic refrigerator, Frigidaire now gives you positive control over freezing time and temperatures. Just turn the lever of the Cold Control to "colder" and you speed the freezing of ice cubes, desserts or salads . . . you have colder refrigerator temperatures for emergencies . . . all this under control.

Let us tell you more about Frigidaire's simplicity and what Frigidaire does. Let us tell you about the new low prices and General Motors liberal terms. Stop in today

Sargon is Revelation to Los Angeles People

THE SARGON MAN

THE SARGON MAN

Sargon was introduced in Los Angeles on April 16th. Today it stands pre-eminent in the field of proprietary medicines in this city and thousands are now using it with the most astonishing and gratifying results. Reports pouring in daily tell of the amazing powers of this new and epoch-making formula. This mass of evidence given by Los Angeles people verifies the claim of science that good health is largely maintained by three vital organs and fluids of the body which can be stimulated and invigorated by certain basic elements contained in Sargon.

FREE LITERATURE
FREE INFORMATION

Throngs are Meeting Him Daily at

The Owl Drug Store

6th and Broadway

Hours: 9 a.m. to 1 p.m.; 2 p.m. to 5:30 p.m.

In addition to these basic elements, there are other ingredients in Sargon which are designed to impart tone and strength to the entire system and which are highly valuable for their influence upon the appetite and digestion.

Sargon is the result of modern medical research. It is restoring thousands of half-sick, run-down, debilitated men and women to robust health by methods undreamed of only a few years ago and may well be considered the greatest health-giving remedy of the age.

Sargon may also be obtained at

All Owl Drug Stores in Los Angeles
and Other Cities

Gardens Die

from destructive pests!

HERE'S a sure way to save your garden from the ravages of snails, slugs, sowbugs, grasshoppers, earwigs, cutworms, etc.

Ask your dealer for a package of Snarol—the ready prepared meal that you simply broadcast on the ground—under the plants and shrubs. The pests eat this meal and are quickly destroyed.

Snarol is non-injurious to plants—safe to use and is not harmed by sprinkling. Also, it lasts longer and is more economical. Don't accept any imitation products for this popular pest control, see your dealer today about it!

Snarol

Quickly Kills Garden Pests

SENATE VOTE FAILS HEFLIN

Resolution Scoring Brockton Attack Beaten, 70 to 14

Southerner Warns Opponent of Reckoning Day

Declares Catholic Influence Turned Tide to Rome

WASHINGTON, May 1. (AP)—The Senate today voted, 70 to 14, against the resolution of Senator Heflin, Democrat, of Alabama, asking condemnation of the recent attack upon him at Brockton, Mass., after he had delivered a Ku Klux Klan speech.

In daily speeches in the Senate since the opening of this session two weeks ago, Heflin declared that Roman Catholic influences were inspiring opposition to his resolution. In a two-hour speech after today's vote, the Alabaman, calling the roll on the vote on his resolution, warned that "this issue will haunt you many times when you come up for re-election," and again blamed Catholic influences for the result.

After Senator Heflin had concluded, Senator Jones, Republican, Washington, admitted that he had been influenced, as the Alabaman had charged, "but the influence was solely the Senator from Alabama." He said he had felt impelled to vote for the Heflin resolution at the outset.

HOT SHOTS ON FLOOR

Senator Tydings, Democrat, Maryland, interrupted Heflin at one point to ask the presiding officer to expunge from the record the charges made by the Alabaman reflecting upon the motives of the Senators in making their votes.

"I am not afraid," Tyding shot at Heflin, "to vote for what I think is right. The Senator can't frighten me a damn bit."

Heflin had said that Tydings would be defeated, and added that "whom the Gods destroy, they first make mad."

"Then the Senator must be insane now," retorted Tydings and the galleries roared with laughter.

Senator Heflin has been assailing Senator Watson of Indiana, the Republican leader, for blocking the vote on his resolution. As the Alabaman again sought the floor today, Watson asked unanimous consent for an immediate vote, it was granted.

Despite the attacks on Watson, the other Indiana Senator, Robinson, a Republican, voted for the Heflin resolution. Only one other Republican, Sackett of Kentucky, supported it along with twelve Democrats from southern States.

HEFLIN'S SUPPORTERS

Senator Robinson of Arkansas, the Democratic leader, and nineteen other Democrats joined the forty-nine Republicans in opposition. The twelve Democrats voting for the resolution are: Black and Heflin, Alabama; George and Harris, Georgia; Fletcher and Trammell, Florida; McKellar and Tyson, Tennessee; Sheppard, Texas. Thamos, Oklahoma; Simmons, North Carolina, and Blease, South Carolina.

Senator Heflin later referred to the fourteen voting for him as "the roll of honor—those who stood four-square when Rome won."

Senator Heflin offered his resolution on the opening day of the session but twice he modified it. In the form it was voted upon today it carried a provision that the vote on the resolution should not be interpreted as an expression of approval or disapproval of the subject matter of Senator Heflin's address at Brockton. At one time, in calling for a roll call on the resolution, Heflin had declared that the vote would be a test of where the Senate membership stood when "Romanism and Americanism clash."

FARM-AID VOTE IN SENATE NEAR

McNary Sets Tomorrow for Debenture Test

Watson and Robinson Give Gallery Thrills

Party Floor Leaders Battle on Changing Front

WASHINGTON, May 1. (AP)—Friday afternoon was set today by Chairman NcNary of the Senate Agricultural Committee for a Senate vote on the export debenture plan as a method of farm relief.

Crowded Senate galleries enjoyed the unusual spectacle of a spirited debate between the floor leaders of the two major political parties as Senator Watson, the Indiana Republican, and Senator Robinson, the Arkansas Democrat, discussed their past and present attitudes toward the equalization fee.

LEADERS BATTLE

After the debate had subsided somewhat, Robinson looked toward his opponent and asserted with a smile that he hoped "my distinguished friend will soon terminate his tirade and come to luncheon with me."

The set-to occurred as Watson undertook to reply to a recent assertion by the Arkansas Senator that Republican farm leaders had deserted the equalization fee for political expendiency. Robinson himself, the Indianan declared, once voted against the equalization fee after describing it as "tax" levied without the consent of the person against whom it was to be assessed.

WATSON QUESTIONED

Recalling that Watson was once a leading advocate of the fee, Senator Robinson asked "why should the Senator from Indiana go wrong when the Senator from Arkansas goes right?"

Senator Watson declared that the Democratic leader also had voted against the export debenture plan which he now is favoring. Robinson replied that he voted against the plan because it was offered as a substitute.

"Oh no" Watson came back. "It was offered as an amendment to the tax bill."

"Well, it had no business being in a tax bill," Robinson shot back.

VOTE EXPLAINED

Challenged as to why he had voted to pass the fee over President Coolidge's veto, Watson said he was to this day in favor of the fee but he know he couldn't get it.

"I claim to be something of a practical legislator and I am trying to shape by course to serve new conditions," the Republican leader declared.

Senator Watson explained that he was opposing the fee and the debenture plan now simply because the political campaign had decided the issue.

HOOVER CONVERT

"I wasn't for Mr. Hoover's nomination," he declared. "I wanted it myself. I had the disposition but not the votes.

"But after Mr. Hoover accepted the farm plank in the Kansas City platform, after I had heard his discussion of the tariff, I came to the conclusion that he was a man for me to support.

"I did not know Herbert Hoover when I opposed him for the Presidency as I do now.

"I never said a thing about Herbert Hoover for which I need apologize. And I am glad that I did not."

Watson declared that when Robinson ultimately voted for the equalization fee he had explained the action by saying that "Congress is justified in taking the economic adventure embodied in the measure," although the Arkansan previously had asserted it was "unconstitutional and unworkable."

PACIFIC HOLDS BUSINESS KEY

Chamber Session Told of Coming Era

California Writer Depicts Trade Opportunity

Rowell Says Only War Can Stop Development

WASHINGTON, May 1. (Exclusive)—Addressing the United States Chamber of Commerce meeting here this morning, on "Our Stake in the Pacific," Chester Rowell, writer of Berkeley, Cal., emphasized that the Pacific is no longer a barrier to conduct of business with the Orient, but has become a bridge. Oriental business, he said, will become "stupenduously worth while in this generation to those Americans who attempted to understand the races with which they deal."

"Unless the great business opportunities which open across the Pacific are freed of the menace of war," Mr. Rowell said, "there is nowhere on earth for business to find the field for expansion in the coming generation which it has found in the industrialization of Europe and the development of America in the generations just behind us. The only field with potentialities large enough for us is in the opening world across the Pacific; provided politics and war do not interfere. The renaissance of the East, of which our fathers dreamed, is upon us. How much it shall profit us, or even endanger us, will depend upon how we understand it."

What peace in the Orient means to American business, and what methods far-sighted men are taking to hlep maintain peace, were elucidated by Mr. Rowell. He called attention to the annual meeting of the Institute of Pacific Relations at Kyoto, Japan, in October and asked the chamber's support.

WILBUR OUTLINES PACIFIC PEACE POLICY

WASHINGTON, May 1. (AP)—Retiring as president of the Institute of Pacific Relations, Ray Lyman Wilbur, Secretary of the Interior, today urged unofficial "problem conferences" between outstanding leaders of pacific nations as a substitute for warfare.

At a complimentary luncheon given for the retiring president, Wallace M. Alexander of San Francisco and Honolulu, declared, "The institute, under his leadership, never has avoided the most inflammable and dangerous subjects." He termed Wilbur "the Abraham Lincoln of the Pacific."

Since Wilbur has accepted an official position and no longer can aid in making unofficial recommendations in pacific affairs he has been succeeded as president by Jerome Greene, international banker of New York.

Forty American delegates will attend the conference of the institute in Kyoto, Japan, in Octover, it was announced. Representatives of other nations will bring the total to 140.

Among those attending the luncheon were Philip J. Fay, president of the San Francisco Chamber of Commerce; Arthur Bent, former president of the Los Angeles Chamber of Commerce, and C. B. Dodds, Washington representative of the San Francisco Chamber of Commerce.

EXPERT URGES CHECK ON SPECULATION

WASHINGTON, May 1. (AP)—Finances and the tariff occupied the attention today of delegates to the national convention of the United States Chamber of Commerce.

Increase of the Federal Reserve rediscount rate from 5 to 6 per cent, or higher, was advocated by Prof. O. M. W. Sprague of Harvard University as a means of restricting the amount of money used in speculation.

Chairman Hawley of the House Ways and Means Committee, told the delegates that the making of a tariff bill is entirely a domestic problem and that the United States alone has the right to say what tariff barriers shall be erected. He added, however, that suggestions from foreign countries had been considered in formulating the House tariff bill which he said, probably will be reported out of committee Saturday. Prof. Sprague declared the present policy of the Federal Reserve Board had proved ineffective and urged that more severe action be taken so that the full benefit would result immediately instead of following the policy of "slow, gradual pressure" which he said, had been employed by the board.

By raising the rediscount rate, Prof. Sprague said, the Reserve Board would serve notice that unlimited demand for credit will encounter definite and effective obstacles.

Sprague explained that he did not contend security prices are too high at present, but declared the Reserve Board should act before prices do become too high and possibly result in a collapse.

Bill for State Alienists' Trial Roles Advances

SACRAMENTO, May 1. (AP)—State alienists will have a word as to the sanity of a person who in court pleads not guilty to a charge by reason of insanity, under the terms of a bill approved by the Assembly Crime Problems Committee today.

The measure provides that the court must appoint at least two alienists from the medical staffs of the State Hospital, to examine the defendant and testify in the proceedings. Nothing in the proposed act would prevent the defendant or prosecution from hiring its own alienists to check on the opinion of the State's experts.

BOVINE TUBERCULOSIS MEASURE APPROVED

SACRAMENTO, May 1. (AP)—The bovine tuberculosis bill introduced by Senator Frank S. Boggs was approved for passage by the Assembly Committee on Live Stock and Dairies today.

FOCH TALKS

By COMMANDANT BUGNET
Aide-de-camp to the late Marshal Foch

Copyright, 1929, by North American Newspaper Alliance

[Commandant Bugnet, aide-de-camp to the late Marshal Foch from June, 1921, until the Generalissimo's death, gives in his book "Foch Talks" intimate and revealing conversations with the man who commanded the Allied forces in the World War. Marshal Foch knew and approved of Commandant Bugnet's work of revealing the real Foch but asked that the book be withheld from publication until his death. This is the fifth of a series of articles written exclusively for The Times and allied newspapers of the North American Newspaper Alliance, incorporating the most important parts of "Foch Talks."]

La Bruyere says: "One wins the heart of all, either by humoring the passions which rule their minds or else by sympathizing with the weaknesses which beset their bodies; therein alone lies the service which one can render them; and thence it follows that he who conducts himself well and desires little is the least easy to sway."

Marshal Foch "conducted himself well and desired little." Passions troubled him little. He had no other ambition than to do his duty as well as he could. He was incorruptible, because he never let himself be led by any personal interest.

His tastes remained the same as they always were. His habits of strict economy changed not at all. At his house in the Rue de Grenelle, rather than make himself an office on the ground floor equipped by the state furniture store and looking on the garden, he furnished with his old belongings, with well-worn arm chairs, a room on the courtyard, and there established himself.

GESTURE PRAISED

On hearing that the Rumanian Chamber had passed a unanimous vote granting an estate of more than 200 acres with a chateau and farms to Gen. Berthelot in recognition of his services: "Good! Very good! That's a fine gesture!" the marshal could not resist declaring. And then he added:

"The Rumanians know how to be grateful. A fine thing, isn't it? A gift like that, a country's recognition of services done; that's worth all the titles of nobility in a family. One leaves one's children something to bear witness to what one has done—an estate, or no matter what—something in national gratitude. I should have liked that. When the English were making grants to their admirals and generals, Lloyd George sent me a message by Gen. Du Cane that he had suggested making one to me, but that Clemenceau had refused, saying: 'That is the business of the French government.'

"I received thanks and congratulatory addresses from the House of Lords and House of Commons—the Americans, too, thought of making me a general of the United States, with pay. But with Briand—we were in London when this proposition was made to me—we agreed that I could not accept, because of the English precedent. There has been no further question of anything. Gratitude is hard to carry. Democratic governments have no use for it—they don't want to perpetuate anything. And yet a house, some sort of hut, even—a national gift!"

NO COMPLAINT MADE

It was a painful subject, despite the good humor with which he looked at it. "They turned to us in desperate straits, and now?" He admitted it, without complaining. A very delicate feeling of modesty imposed this reserve on him. He could only lower himself by any protest. The idea of making one did not even cross his mind.

He carried his glory well. It was not a burden that weighed on him. He was too strong. It was not an advantage which he exploited, for he was too upright. It was not an incense which intoxicated him, for he was too much master of himself.

When praised for his victory, he replied to those who would like to know how he was able to gain it: "I did my best," and if people pressed him: "No, no! I was no more than conductor of the orchestra; a vast orchestra, of course. Say, if you like, that I beat time well!"

His extempore speeches always were short. He had a horror of the eloquence which consisted of "stringing phrases without knowing what one is going to say, and parading words in the search of an idea." He did not aim at giving the illusion of a "deep thinker," and made fun of those who wished to create such an effect.

A man of action, with a lucid and exact mind, he was not one of those whom La Bruyere has written that "they are correct and tedious in their speech."

Often instead of one of these spirited extemporizations, the marshal delivered set speeches. These, after thought and preparation, he wrote out in silence, correcting and polishing them.

When he had so worked over them the set speeches which he read were naturally less colorful, less spirited and less-vivid than his phrases tumbled out haphazard.

One was aware of study work there. In each of them the marshal aimed at powerful expression of one of the ideas which were dear to him. To such an idea he insisted on giving solid foundations; he took care over the structure, though without worrying too much over ornament, since he despised phrase-making.

NO FINE SHADES

Here the authority of the professor was added to that of the soldier. There were no fine shades. "Here is what I have done and what succeeded. Do likewise." Here are the facts, definitions, truths, but few explanations. Perhaps there was too much austerity where, on the contrary, warmth was required. It was a brain speaking to other brains, leaving on one side all cheap tricks, "sentimental couplets" and "strokes on the big drum;" seeking only the barest, clearest, simplest form.

Marshal Foch once said to us:

"What moves me most is a presentation of military decorations. There they stand—three, four, five, ten, twenty in a row.

"You ask the first: 'What did you do?' He tells you his story: 'I was there, I did so-and-so . . .'

"At the second, there is the same question and the same reply. The third, the fourth, just the same.

"They all speak in simple language of extraordinary deeds. They are all heroes, who have done marvelous things . . .

"At the tenth one is past feeling emotion. Such things are unheard of; there is nothing like them! When one reflects that one is in command of men like that, to what heights ought not one to raise himself in order to command them worthily!"

In the same office where the marshal had given Gen. Weygand the plaque of the Legion of Honor after his Warsaw victory, and the Grand Cordon on his return from Syria, there was nothing more important on that day's list than the bestowal of a cross on a workman, blinded in the war.

This man, whose name was Martin, had begged to receive it from the marshal's own hands. Although he did not know him, the marshal had agreed and had fixed the interview, according to the usual routine, for some morning between 10 and 11 o'clock. We had been expecting him several weeks.

The unfortunate man needed a guide. One of his neighbors, working on the tramways, at last agreed to devote a holiday to him and they both presented themselves at the Boulevard Des Invalides. The marshal received them immediately.

Martin had donned his best clothes for the occasion, a suit of coarse blue serge, very clean . . . But, indeed, I do not know who could have chosen for him that tie of crude and gaudy color which drew attention to his poor face with his sightless eyes, all red with emotion.

HANDS TREMBLING

His hands were trembling as he stretched them in front of him, and when the marshal, who advanced toward him saying, "Good morning, my friend!" tried to take one of them to shake it, their fingers became entangled before they could clasp them.

"Where did you lose your sight?"

"At Souchez, on July 14, 1915."

"Ah! Then you were in the Two Hundred and Seventy-sixth Infantry?"

"Yes."

"What division?"

"I don't know."

"Which was your general?"

"I did not know him. . . I had only just come."

"Well, well; that doesn't matter! Good! I am going to decorate you."

He pronounced the regular formula. Slowly, two great tears fell from the closed eyes. The marshal, deeply moved, no longer knew what to say after embracing him. With a fatherly gesture, at once to cheer the new Legionary and to put himself in countenance, he gave him several friendly taps on the shoulder. "Come, my lad, you've well deserved it! You're married?"

WIFE DEAD

"Widower." Choken by emotion, it was all Martin could answer.

"Any children?"

"Two."

"And what do you do?"

"Make brushes."

"Doing well?"

"Not very.

"Come, my lad, keep your heart up!"

Then the big ruddy neighbor, who had so far kept in the background, could restrain himself no longer. "I've seen you, too, general!"

"Where?"

"Up north, in 1915."

"Whereabouts in the north? I used to go right up to Flanders."

"Clarence way."

Glad to have spoken, and yet overawed after shaking the marshal's hand, he stumbled against his friend in trying to take him by the arrm to lead him away; he then managed to clutch him and drag him off, but made him bump into the door, since he was trying at the same time to salute, to return thanks for the two of them and to get out of that peaceful office where the rich autumn sun was shedding both light and warmth, whilst the blind man, shut in his prison of darkness and silence, was allowing himself to be guided out without betraying a sign of his emotion.

Such a reminder of the war overwhelmed us all. . . .

(In his next article Commandant Bugnet tells how Marshal Foch worked during the war and explains his executive methods.)

Bills Passed in Legislature

IN THE ASSEMBLY

Assembly concurrent resolution 37, Jasperson, ratifying the City Charter of San Luis Obispo, passed April 1, 1929.

Assembly Bill No. 367. Woolwine, relative to the method of procedure through which street improvements are granted and carried out under the 1911 Street Improvement Act.

Assembly Bill No. 451, Woolwine, particularly affecting work upon streets or highways extending from one municipality into or through unincorporated territory or into another municipality.

Assembly Bill No. 831, Seawell, prohibiting unnaturalized, foreign-born persons from hunting any wild bird or game and providing that such persons may procure a "sporting fishing license" upon payment of $25, instead of $10 as the present law provides.

Assembly Bill No. 717, Scofield, providing the manner in which street improvement work shall be carried out under the 1903 Street Improvement Act and providing that when improvements extend beyond the limits of a city the legislative body of the same shall obtain consent of the body controlling the territory into which it extends.

Assembly Bill No. 618, Dillinger, Calaveras county government bill.

Assembly Bill No. 363, Stockwell, relating to the issuance of street-improvement bonds under the 1911 act and relating to the default, delinquency and foreclosure of these bonds.

Assembly Bill No. 658, Crawford, a new act providing that no street improvement proceedings shall be commenced unless owners of more than one-half of the lots and lands fronting on the street to be improved or of property to be assessed shall petition to have such work commenced.

Assembly Bill No. 281, Reindollar, setting the limits of the Tamalpais Forest Fire District.

Assembly Bill No. 1128, Kline, a new act to provide for the organization and government of community or memorial hall districts to provide for halls for use of the inhabitants for recreational, educational and related activities.

Assembly Bill No. 1171, Luttrell, providing for the transfer of moneys in the contingent fund of the State Fire Marshal to the clothes-cleaning establishment fund, abolishing the Fire Marshal's contingent fund and providing for the support of the division of industrial fire safety in the Department of Industrial Relations.

IN THE SENATE

Senate Bill No. 723, Mueller, an act providing for State supervision of dams.

Senate Bill No. 137, Baker, relates to receiving stolen property.

Senate Bill No. 789, Pellom, relates to protests against street-improvement work.

Senate Bill No. 860, Edwards, an amendment to the Sanitary District Act.

Senate Bill No. 853, Christian, Alameda county government bill.

Senate Bill No. 434, Murphy and Young, sardine bill.

Senate Bill No. 682, McKinley and Pedrotti, adds five judges to the Los Angeles Superior Court bench.

Senate Bill No. 754, Pellom, relates to bids on public work.

Senate Bill No. 321, Breed, amendment to the Corporation Commission Act relating to fees.

Senate Bill No. 373, Weller, relates to the liability of banks on negotiable instruments forwarded for collection and the liability of the drawer.

Senate Bill No. 856, Maloney, small-claim bill.

Senate Bill No. 394, Cleveland, closes the deer season fifteen days earlier in four counties.

Senate Bill No. 579, Slater, amendment to the State Building Act.

Senate Bill No. 850, Cleveland, grants the city of Pacific Grove certain tideland.

Senate Bill No. 834, Baker, Monterey county government bill.

SENATE PASSES SARDINE BILL

Measure Provides Closed Season in State

Bitter Fight Expected in Assembly Soon

Canning Concerns Regulated on Output Ratio

SACRAMENTO, May 1. (AP)—The Senate today passed the sardine bill establishing a closed season of five and one-half to seven months on the taking of sardines and placing restrictions on their disposal.

Attempts by Senator Young of Los Gatos, the measure's author, to have deleted the amendments adopted last week which modified the restrictions were blocked on a point of order.

The bill now goes to the Assembly, where a bitter fight is expected.

The bill as it finally was approved places a closed season on sardines seven months of the year in the San Pedro district and five and a half months in the Monterey district. Provisions permitting the diversion of 40 per cent of the fish actually taken to reduction plants and requiring that canners must can twenty cases to the ton are included in the measure.

Columbus World Cruise
Four Most Important Points:
1. The S. S. "Columbus" is the largest ship ever chartered for a World Cruise—32,000 registered tons, 48,000 tons displacement; she is also the fastest and most luxurious.
2. The itinerary is arranged so the best weather may be expected all along the route; sailing East in January ensures this important detail; finish in April in California.
3. The speed of the "Columbus" enables us to visit leisurely 45 world cruise points without sacrificing the time ashore; the ship is speeded up between ports—you have more time for sightseeing.
4. Chartered by Raymond & Whitcomb Company, America's oldest travel concern and operator of fifty cruises since the War; ensuring a competent, experienced staff to handle all arrangements ashore and on board.

See Around The Corner ... when driving at night

PILOT-RAY *Automatically* Lights the Turns *Before* You Make Them

No matter how carefully you drive at night, ordinary headlights do not fully protect you.

When you round a corner or a curve they shoot off into space, leaving you temporarily helpless in the dark. Dangerous for you! Dangerous for your family and friends! A constant source of mental strain!

But now a lamp has been discovered that corrects this situation. Mounted between headlights and slightly lower it automatically responds to the slightest touch of the steering wheel and turns faster than the wheels of your car. Thus every turn is *brightly* lighted *before* you make it.

Makes Night Driving Safe

With this lamp, called Pilot-Ray, you drive with confidence. You protect yourself and family against the rising tide of accidents which threatens even most careful drivers. (Over 200,000 accidents with 2,000 killed in California *alone* last year.)

See Your Car Dealer

There is only one Pilot-Ray. No other lamp operates on this safety principle. No other lamp guards your life at night so faithfully.

If you are buying a new car, you can include the price of Pilot-Ray in your contract. Or you can have your dealer install it on your present car. Pilot-Ray's brilliant chromium finish adds beauty to any automobile.

See your dealer today about securing a Pilot-Ray, or send the coupon below for prices and further information.

BRITISH LABOR GIVES SLOGANS

Party Outlines Platform for Coming Election

Ending of Unemployment One of Features

Socialistic Commonwealth Pledged to People

LONDON, May 1. (AP)—Correction of the unemployment evil, disarmament, and diplomatic recognition of Russia are listed as cardinal points of the Labor party's platform for the general elections, the 30th inst., in a manifesto published today.

The manifesto definitely places the Labor party in the field, the last to put their program before the British people, both Conservatives and Liberals having preceded them.

In a foreword former Premier MacoDnald says: "Unlike other parties the Labor party is not concerned with patching the rents in a bay system but with transforming capitalism into Socialism. The party is essentially one of action. It asks for power in order to lay the foundations of a new social order and to relieve immediate distress."

ITS FIVE ROADS

In its body the manifesto pledges the party "to advance to the establishment of the Socialist commonwealth along five roads. It will, in its own words, use its power.

"(1.) To secure to every member of the community the standards of life and employment necessary to a healthy, independent and self-respecting existence.

"(2.) To convert industry step by step and with due regard to the special needs and varying circumstances of different occupations, from a sordid struggle for private gain into a co-operative undertaking, carried on for the service of the community and under its control.

"(3.) To extend widely and rapidly those forms of social provision, namely education, public health, housing pensions, the care of the sick and maintenance during unemployment, in the absence of which the individual is the sport of economic chance and the slave of his environment.

READJUST TAXES

"(4.) To readjust taxation in such a way as to secure that due provision is made for the maintenance and improvement of the material apparatus of industry, and that surpluses created by social effort shall be applied by society for good of all.

"(5.) To establish peace, freedom and justice by removing from all nations the root causes of international disputes by conciliation and all—in arbitration, by renouncing war as an instrument of national policy, by disarmament, by political and economic co-operation through the League of Nations, and by mutual agreement with states which are not members of the league."

COUPLE MARRY AT MIDNIGHT

Witching Hour Halts Quarrel Over Ceremony on Birthdays

SANTA CRUZ, May 1. (AP) George A. Carrothers, 20 years of age, and Catherine Hauschildt, 18 years of age, married here at midnight, almost started their honeymoon with an argument.

Carrothers's birthday was yesterday—Miss Hauschidt's today. Each wanted to have the ceremony performed on their own birthdays. The groom was firm, but so was the bride.

So they waited until the clock struck twelve and thus celebrated the wedding on both birthdays.

Beetor Named for Loan Board

WASHINGTON, May 1. (AP)—Horace Paul Beetor of St. Louis, was nominated today by President Hoover to be a member of the Federal Farm Loan Board, filling the unexpired term of Commissioner Eugene Meyer, resigned.

Mr. Beetor, whose term will end August 6, 1931, has been president of the Federal Land Bank of St. Louis since August, 1922, and of the Federal Intermediate Credit Bank of St. Louis since June, 1923.

MELLON INQUIRY AT CROSSROADS

Senate Committee Must Pick One of Two Courses

First Involves Calling Upon Secretary to Testify

Other Would Rest Case on Interpretation of Law

WASHINGTON, May 1. (AP)—The Senate Judiciary Committee today reached a crossroads in its inquiry into the right of Secretary Mellon to hold office and a decision is impending whether to call on the Treasury Secretary to testify or to rest the case on an interpretation of the law relating to his office.

Some committee members believe the Secretary should be questioned about his relations to the business world as a stockholder in various enterprises, while others contend such action would amount to a trial of Mr. Mellon for violation of the law and would be outside the jurisdiction of the committee.

The latter maintain that the committee has been directed only to state whether Mr. Mellon as a stockholder is serving in violation of an old statute forbidding the Secretary of the Treasury to be interested in carrying on trade or commerce.

A decision is in prospect tomorrow on whether to open the committee hearings for an investigation or whether to rest the case on Mr. Mellon's statement that he is a stockholder.

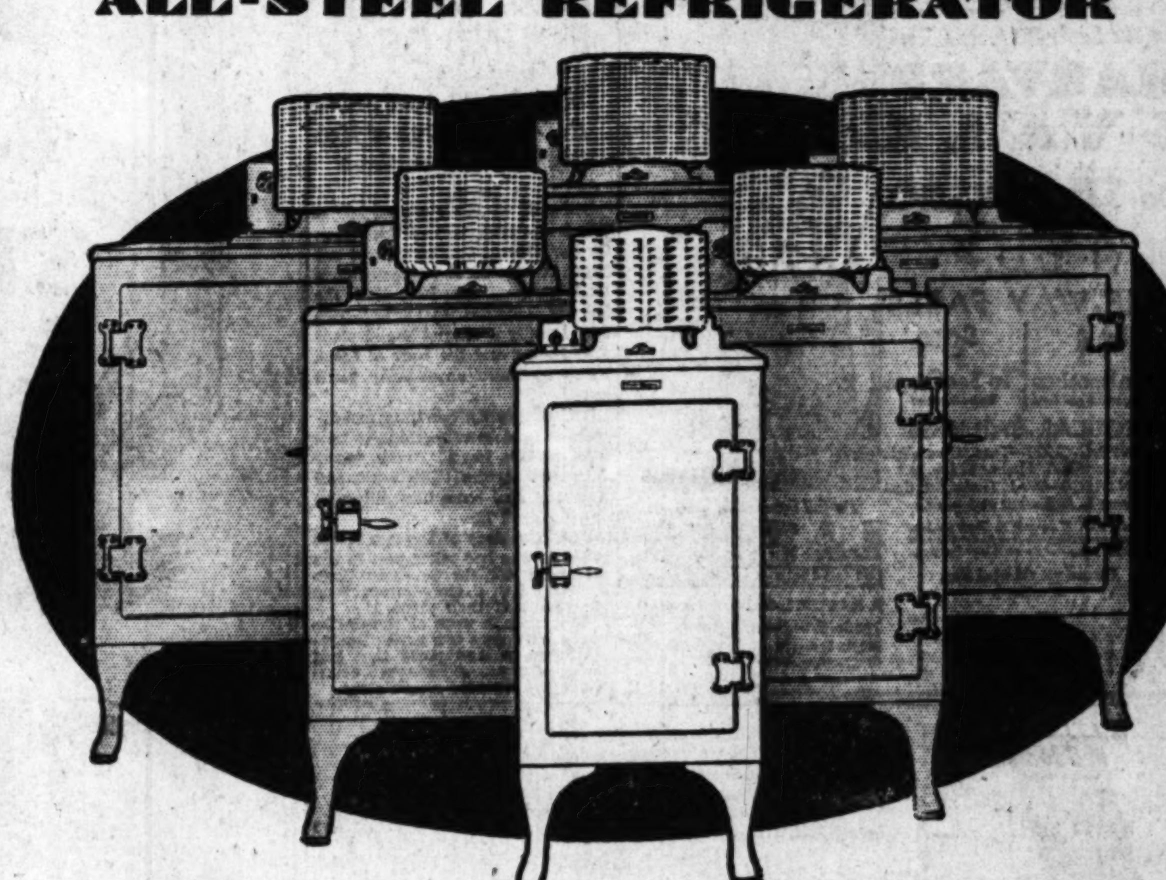
GENERAL ELECTRIC
ALL-STEEL REFRIGERATOR



Now presenting six ALL-STEEL MODELS

INTRODUCING STILL HIGHER STANDARDS OF EFFICIENCY

An outstanding achievement ... the first all-steel refrigerators. New low prices. The greatest values ever offered by General Electric.

This all-steel refrigerator development is another contribution to better living—made by the engineers and scientists of the General Electric Research laboratories.

Now you can buy a refrigerator with a cabinet built like a safe. One with doors that will always fit perfectly. One which will operate on the least amount of current. One which shuts out the heat—keeps in the cold.

The hermetically sealed mechanism remains just as it always has been—sealed away from dust and difficulties, permanently oiled, quiet, unseen, untouched—one of the miracles of modern science. The General Electric, too, was the first to provide an easily accessible temperature control which speeds up the freezing of ice cubes and desserts when the user desires. (Standard equipment on apartment models, too.)

CAN'T WARP
STRONGER, STURDIER
COST LESS TO OPERATE

Because of mass production economies, prices now start at only $227. There are six sizes. See them at our display rooms—examine them thoroughly—let us explain our plan of conveniently spaced time payments. There are now fifteen thousand users of the General Electric Refrigerator in California. Not one of them has ever paid a penny for service.

$19.50 Down

The model in the foreground—all steel—6½ square feet of shelf area—full porcelain lined including freezing unit—mounted on legs—bakelized door trim—makes 4 dozen ice cubes—ideal for small families. See it!

Listen in to General Electric Hour, Saturday evenings—6 to 7 over KFI and NBC network of 42 stations. Walter Damrosch and famous speakers.

COPELAND FINDS NEW SUPPORTER

Methodist Temperance Board Critic Reinforced

Catholic Leader Holds Aims of Wilson Political

Protestant Body Accused of Influencing Legislation

WASHINGTON, May 1. (AP)—The dispute between Senator Copeland, Democrat, New York, and the Board of Temperance, Prohibition and Public Morals of the Methodist Episcopal Church over what the Senator recently described as "improper activity" by the board was joined today by Patrick J. Ward, director of the Bureau of Publicity and Information of the National Catholic Welfare Conference.

Mr. Ward said in a statement that Dr. Clarence True Wilson of the Methodist board in replying to Copeland had declared that the "Catholic Church has long had a headquarters here from which they have no hesitancy in conferring with Senators and other government officials."

"In this statement," Ward continued, "he (Dr. Wilson) wishes to draw a parallel between the activities of the Methodist board and those of the National Catholic Welfare Conference.

CHURCH IN POLITICS

"There is no similarity between these two organizations. The Methodist Board of Temperance and Public Morals is in party politics. It supports or opposts candidates for public office according to their acceptability or nonacceptability to the Methodist Church. Its purpose is political.

"The Catholic Church and the Catholic body in the United States have no political platform. The National Catholic Welfare Conference is not organized for any political purpose. It does not align itself with any political party in return for party favors or support and it has never sought the defeat of any political candidate because of his stand on any particular piece of legislation."

REPROVES METHODISTS

Senator Copeland, who is a member of the Methodist Episcopal Church, in a recent letter to Dr. Wilson said he had been concerned over what he declared he regarded "to be an improper activity, the work at Washington" of the Methodist board in "its manifest efforts to dictate and control legislation."

The Senator said the Methodists "are doing exactly what we have demanded shall not be done by the Catholics."

"Had that branch of the Christian church erected a building adjoining the Capitol there would have been a vehement denunciation from every Methodist pulpit," he added.

REITERATES CHARGE

Dr. Wilson in reply to Copeland said "the Catholic Church has long had a headquarters here from which they have no hesitancy in conferring with Senators and other government officials and not a Methodist pulpit in the land has made any special protest against that right.

"When Senator Copeland says that everyone would protest," Dr. Wilson added, "he knows that the Catholic Church has such a headquarters and he knows that the Methodists do not protest.

"The work of our board is a denominational work in the training of the young people of our own church and an educational work."

FANCIED VIEW OF SELF IN OTHERS' EYES FATAL

CHICAGO, May 1. (AP)—Vernon T. Peters, 31 years of age, bond salesman and former Harvard student, had been reading a novel, "Beyond the Jordan," written by a college classmate and dealing with undergraduate life at the Cambridge institution. The name of one of the principal characters was "Drunken Peters."

Peter's body was found in his apartment today, the novel on the desk before him and a revolver near by. He is thought to have shot himself in the belief that he was the prototype of "Drunken Peters."

He came here a few years ago from California and was living apart from his wife.

FRUIT FLY HITS FLORIDA HARDER

Federal Quarantine Takes in More Area

ORLANDO (Fla.) May 1. (AP)—New discoveries of the Mediterranean fruit fly, one infestation as far north as Jacksonville, automaticalyl have brought the force of the Federal quarantine against the pest to otherwise uninfested places. Of the seven new major infestations just reported by the State Plant Board, only one near Boone Park, Jacksonville, is outside the central portion of the State.

A call from Judge Walker, president of the Florida Citrus Growers' Clearinghouse Association, has been issued deploring the fact that Florida has appropriated only $50,000 for use in the war on the fly while the Federal government has made available a fund of $4,250,000 for the purpose.

VICTIM IDENTIFIED

SAN FRANCISCO, May 1. (AP)—Mystery of a gang murder near Rockaway Beach was cleared up partially tonight when the body of a well-dressed young man found at the foot of a cliff near the Coast Monday was identified as that of Rene Fabri, French gambler and police character.

RENO DIVORCEE STAMPED AS BIGAMIST BY CANADA

MONTREAL, May 1. (AP)—Assad Eddy, recently found guilty of bigamy because he went across the United States border to remarry after obtaining a divorce in Reno, Nev., was sentenced yesterday by Judge J. O. Lacroix in two months in jail and a fine of $1000.

Eddy was arrested on a complaint signed by his second wife, Zahai Baraket, whom he married in Malone, N. Y., in 1912.

A similar case is scheduled to be heard shortly before a jury in the Court of King's Bench here and will be watched with interest by the legal profession as well as many Canadians whose second marriage was contracted under like circumstances.

Theater Owners Defeat Union

SAN FRANCISCO, May 1. (AP)—Theater owners scored a victory today in their controversy over "talkies" with the musicians' union here, when Superior Judge Conlan set aside a temporary injunction granted the musicians by him yesterday, restraining managements of a score of Bay district theaters from discharging their orchestras.

The injunction was vacated at the request of attorneys for the Allied Amusement Industries of California, who stated that the order would "work a great hardship and lasting injury" on the theater industry.

Druggist Urged for Law Board

WASHINGTON, May 1. (AP)—Appointment of a member of the American Pharmaceutical Association as a member of the National Law Enforcement Commission was urged upon President Hoover today by a committee representing that organization.

The committee said druggists have wide experience in dealing with the practices of physicians in issuing prescriptions for narcotics and liquor, at least in technical violation of the Federal statutes, and that they can suggest safeguards for the future.

BOMBS BLAST DRINK PARLORS

Three Chicago Outrages Laid to New Beer War

CHICAGO, May 1. (Exclusive)—Three bombings within five minutes near the Northwest Side today ushered in what was to be a "grand opening" of drink parlors which were closed since the Clark-street massacre last February 14, when seven gangsters were lined up against a wall of a garage and shot to death.

The places bombed are drinking parlors. Damage in each case was about $1500. A score of families were aroused and shaken.

The apparent motive in each attack narrows down to beer rivalry in which detectives theorize the losing beer gang hoped to blow up and wreck the saloons or customers of the successful gang. And, as usual, the sinister name of Capone was mentioned.

Beer war, it seems to police, inspired the bombings. Yet detectives followed another theory, and that was that the blasts were meant to extract tribute to a defense fund for Jack McGuern and John Scalice, now awaiting trial on charges of murder in connection with the St. Valentine Day slaughter.

HUNTERS OF LOST PLANE FOUND DEAD

Diary Scrawled on Ship's Rudder Tells Fate of Men Seeking Southern Cross

SYDNEY (N.S.W.) May 1. (AP)—The tragic aftermath of the search for the airplane Southern Cross was closed today with the report from a land party of searchers that the body of Robert Hitchcock had been found under a wing of the airplane Kookaburra and the body of Lieut. Keith Anderson about forty yards away.

Suffering agony from thirst and exhausted by desperate efforts to take off from the ragged terrain where they had landed, Hitchcock and Anderson died some time either on or after April 12.

The grim story of the fate of the two men who had taken part in the air search for the Southern Cross is revealed in a diary scrawled on the rudder of their plane.

First definite news of the deaths of the men came today with the report from a land party that had made its way over the rough country to the stranded rescue plane.

The WORK-TEST is a wide-open offer to every responsible TRUCK OWNER

Truck shown, BUICK-powered, 14,500 lbs., maximum allowable gross weight; chassis only: $2800 F. O. B. Pontiac, Mich.

Accept and MAKE THE TEST this Week

PONTIAC-powered light duty
BUICK-powered medium and heavy-duty • BIG BRUTE-powered for heaviest duty

THESE are famous names in the field of commercial transportation. And there is always a reason for fame.

This fame has been won by *modern* truck performance. By safety and speed not thought possible until BUICK-powered General Motors Trucks made them everyday facts.

Operating areas were amazingly expanded for tens of thousands of businesses. *And are being so expanded today!*

Work-capacity per unit has been increased, by this modern performance, for tens of thousands of owners. Costs per-ton-mile have come down—and *down*—and down *again*. You can, and should, see some of these cost-records.

On such performance, General Motors Trucks have become a complete line, covering every range of truck use, today.

Modern policies *today safeguard the man who buys a* General Motors Truck: a) Full, fair allowance on trade-ins—but no "padded" list-prices to cover *over-allowances;* b) STRAIGHT RATING, the clear, modern capacity-rating method; c) Time payments at lowest available rates, through Y. M. A. C.

Proof or disproof of these plain statements is made very simple and direct, for you. We offer you any General Motors Truck (whatever available model, chassis or body most closely meets your particular requirements). We provide a man to accompany your driver. We furnish gasoline. And you, accepting, make an adequate practical test—without liability or obligation. *You prove—or disprove—safety, speed, lower-costs, operating economy.* This is a sincere offer to you, and to every responsible truck-owner, today.

Take advantage of this modern information-source. It is yours to command.

GERMANY GIVES UP DEBT HOPES

Paris Reparations Meeting Doomed, Schacht Says

Three Memoranda Submitted Afford Only Light

Agreement Paves Way for Further Discussion

BERLIN, May 1. (AP)—The German delegation to the second Dawes committee foresees no solution for Germany's reparations problem at the present conference and possibly not even at a later one, Dr. Hjalmar Schacht intimated in final discussions with members of the Cabinet, and banking and industrial leaders before his departure for Paris tonight.

Dr. Schacht hinted, however, at an understanding already reached at Paris by which three memoranda will be submitted before the close of the conference. One will be from the creditor nations, a second from Germany and a third by Chairman Owen D. Young treating of Germany's capacity for production as well as for payment.

These memoranda are expected to present a more feasible basis for continuation of discussions between the different governments with a view to reaching an earlier and a more satisfactory settlement of reparations than is indicated as possible at present.

Dr. Schacht is noncommittal, however.

French press reports stressing the fact that a conference of diplomats or politicians will be undesirable and urging the conference of experts to find a present solution, have been interpreted by German official circles as an indication that Germany's creditors belatedly have realized her precarious economic situation. Officials say that the Allied delegates fear that if the Dawes plan continues they may find themselves holding the bag.

Official circles believe that since Dr. Schacht sees no possibility of changing his standpoint, it is up to the Allied or American delegates to come forward with new, acceptable proposals.

MARINE GIVEN AWARD FOR SLEEPING SICKNESS

SAN FRANCISCO, May 1. (AP)—What is believed to be one of the most unusual claims ever made against the government was upheld in the Federal Court here today when a jury awarded Horace Crowder, 28 years of age, formerly of Fresno, $7095.50 as compensation for sleeping sickness contracted by him nearly a decade ago while a United States Marine in Galveston, Tex.

In addition the jury granted his request that he be paid $57.50 monthly for the remainder of his life.

Crowder, former Fresno High School student, is at the Mare Island Naval Hospital, where doctors say he never will recover from his illness.

Attorneys for the former marine told the court their client will use the money to tour Europe, a trip he intends to make quickly, as he does not expect to live much longer.

HEFLIN BILL URGES WORLD ROAD BOARD

WASHINGTON, May 1. (AP)—A joint resolution to create a world highway commission to co-operate with other countries to build roads connecting North, Central and South America was introduced today by Senator Heflin, Democrat, Alabama. The President would appoint the commission.

SOUTH AFRICA FARMER FLOGGED FOR ATTACK

CAPETOWN (South Africa) May 1. (Exclusive)—Jack Nafte, white farmer who was tried and convicted for the fatal flogging of a native and was sentenced to seven years at hard labor and ten lashes, received a flogging today in execution of that part of his sentence.

MOTHER-CLINIC PLAN DISCUSSED

Problems of Child Health Occupy Convention

NEW ORLEANS, May 1. (AP)—The advisability of conducting a clinic for mothers to broaden their vision on problems of child health was discussed today by delegates to the national convention of the Associated Junior Leagues of America.

The prime difficulty encountered by the league in its philanthropic work, several speakers pointed out, is encouraging parents to continue the recommended routine after the patient is dismissed from the child clinics that are maintained in a number of cities.

HOLY SEE ACQUIRES VILLA

ROME, May 1. (AP)—La Tribuna says that authorities of the Holy See have acquired a villa on Via Nomentana, which may be destined as the seat of a nunciature to the Court of Italy.

GIANT SAWFISH BEATEN BY MAN IN HOT BATTLE

PORT ARTHUR (Tex.) May 1. (AP) A life-and-death struggle between an eighteen-foot sawfish and a man whose only weapons were his bare hands was revealed today when the monster was placed on exhibition at Sabine Pass, near here.

Frank Attaway and A. T. Cushion were working at the beach Monday when they observed a huge fish floundering in the shallow water of the gulf. Attaway decided to "capture" the fish. When he was within a few feet of the monster he saw what it was, a gigantic sawfish which raised its four-foot saw-like nose out of the water and started for Attaway. Unable to escape, Attaway grasped the saw and hung on for dear life, realizing that if he once let go the bony spine with its three-inch projecting needles would be rammed through his body.

After a struggle of nearly an hour Attaway maneuvered the fish into shallower water, where Cushion tied a rope around the saw, hooked the other end of the rope to a truck and pulled the monster on to the beach.

SOUTH DAKOTA GETS ITS FIRST AIR LINE

HURON (S.D.) May 1. (AP)—South Dakota's first air line opened a daily route to the Black Hills today. The inaugural flight was started by a five-passenger plane that left here at 9:20 a.m., and came back from Rapid City at 4:30 p.m.

HIGH SCHOOL ATHLETE FOUND SHOT TO DEATH

PORTSMOUTH (O.) May 1. (AP) William Sanford Wright, 18 years of age, sophomore and star athlete in Wheelersburg High School, was found shot to death in a country lane near Wheelersburg today by searchers who had spent the night looking for him.

STOCKS OF WINE VANISHING FAST

Supplies in State Diminish by Half in Ten Years

SAN FRANCISCO, May 1. (AP)—Stocks of wine in California warehouses are diminishing at the rate of about 1,000,000 gallons a year. The monthly report of Assistant Prohibition Administrator Q. J. Boone, issued today, disclosed that in 1919 there were in storage in wineries and warehouses about 20,000,000 gallons, while today the quantity is only one-half that.

In July, 1927, there were on hand 11,726,019 gallons of wine, and in July, 1928, the beginning of the fiscal year, there were 10,779,108 gallons.

AUTO RECEIPTS ANNOUNCED

PHOENIX, May 1. (AP)—A total of $400,594.30, representing license revenues on 83,398 motor vehicles registered in the State was paid to the motor vehicle division of the Arizona Highway Department during the first four months of 1929.

PERSONAL

Parker Fountain Pen owners can obtain a Parker Fountain Pen Desk Set for home or office use at about half the regular price of a full set. All you need is a taper for your present pen and a base of Glass, Porcelain, Onyx, or Marble. Bring your pen to any store where Parker Pens are sold and let us show you how fortunate you are to own a Parker Pen which can be converted quickly from a Pocket pen to a Desk pen, and vice versa, thus saving you the cost of a Desk pen. This cannot be done with any other.

BUYING red shoes IN BAGDAD

You'll have to haggle about the price—that's part of the game of buying in the immemorial east. The Rug Bazaar—the Street of Shoemakers—noise—scents — caravans — tall men in from the desert—veiled ladies—squalor and splendor are in this city of magnificent contrasts.

In Bagdad you will have to pay for your purchases with piastres but in Mesopotamia, as all over the world, you can conveniently get the money of the country as you need it by cashing ABA Cheques.

ABA Cheques are insurance against loss or theft of travel money. They are the official travel cheques of the American Bankers Association. Banks in this country and abroad sell them in denominations of $10, $20, $50, and $100. Buy them at your own bank.

A·B·A CHEQUES

AUBURN

The Most Oversold Car—and why:

Thousands whose first choice is decisively for Auburn cars have had to buy "second choice" cars because they could not wait.

Yet, to date Auburn deliveries are nearly double those for the same period of last year.

More Auburn cars will be built and sold the first 6 months of this year than for the 12 months of 1928, which was our banner year.

What are the reasons that, in the entire automobile industry, Auburn alone enjoys this unique condition?

No *product* can be better than the *policy* of the company manufacturing it.

Today's demand for Auburn cars is the fruition of more than four years of accumulative proof that Auburn actually *does* build more advanced types of cars, and *does* build better cars, and *does* give greater value for less money.

But even that is not the keynote to Auburn's progressive policy. Mr. E. L. Cord says the customers of the factory are the ones most entitled to benefit from that factory's success. Auburn puts these benefits back into the merchandise itself. Auburn's growth is retroactive to Auburn buyers in the form of continually bigger values for less money.

When Auburn announced its present new series the prices were based on the increased sales volume *anticipated*. In other words, the savings expected at the *end* of 1929 were made available to the public at the very *start* of the year. That is why Auburn is able to market a Straight Eight, 130" wheelbase for $1795, and a Straight Eight, 125" wheelbase for $1395, and a Six, 120" wheelbase for $995.

And all these Auburn models have:
More horsepower than other engines per cubic inch piston displacement; the strongest frames under any automobile; Bijur chassis lubrication; cam and lever type steering; lower center of gravity; hydraulic internal expanding 4-wheel brakes; hydraulic shock absorbers; metal side quarters; Brewster non-glare windshields; more head room, more leg room and deeper cushions; finest of mohair upholstery and Luxura type springs.

Proof that the public knows how to compare values is evidenced in Auburn's sales jump of 71% the first 3 months of this year. The demand was instantaneous and is steadily increasing. To care for this demand we enlarged our factory capacity 200%, increased our number of employees 100%, and increased our production 100%.

Yet, despite our great production increase, Auburn cars continue oversold. The demand far exceeds the immediate supply.

The significant thing is that *Auburn's oversold condition operates in favor of the public.*

Only when a factory is in this condition, and not influenced by expediency requirements, is it free to place the buyer's interest uppermost. In addition, Auburn's dealer policy is one of no commitments. That is, we do not "force" cars upon our dealers and overstock them. We think that it is bad business for all concerned, including you. Fast moving merchandise and quick turnover protect the buyer as well as the seller. No other principle is economically sound.

And here is another very significant thing:

While the demand for Auburn sixes is unprecedented, the demand for Auburn Straight Eights is even greater.

Today it is well known that the Straight Eight type of car out ranks all others in superlative quality, smoother performance, longer life and higher resale value.

Auburn has completely and conclusively proven the Straight Eight to be as economical as a Six.

And Auburn offers a Straight Eight for less than many Sixes.

While we regret that any one has had to take a "second choice" car because they could not wait for an Auburn, obviously that is one penalty we must pay for operating our business on the over-sold policy.

We want to ask all whose first choice is for Auburn cars to be a little patient. Auburn cars ARE worth waiting for. Production IS steadily increasing consistent with good business tactics and without imparing quality.

Therefore, to insure delivery, if your order is not placed we urge you to do so at once.

High Lights in Auburn's Spectacular Success

71% sales increase first 3 months of 1929.

More Auburn cars will be built and sold the first 6 months of this year than for all of 1928.

5,000 deposits have been returned to customers who could not wait and had to take "second choice" cars.

Production capacity more than doubled.

Auburn cars are sold before they are built.

Quickest turn over of any car today.

Greater value, more distinction and finer performance for less cost.

Leads in Straight Eight success.

Higher resale value.

Auburn dealers are not overstocked.

E. L. Cord says:

The best way to protect the customer's investment, and give him bigger value for less cost, is to supply the *kind* of cars people *want*, so that they are sold *before* they are built.

Airmail postage has been reduced to 5 cents for the first ounce and 10 cents for each additional ounce. Use Airmail daily for quicker communication

Shriners Prepare to Entertain 100,000 at Convention Here in June

Plans for the Reception and Entertainment of at Least 100,000 Shriners and Their Friends Who Will Descend Upon Los Angeles June 4, 5 and 6 for the fifty-fifth annual session of the Nobles of the Mystic Shrine, are nearing completion, reports from the committees in charge state. The Circus Maximus, heralded as most spectacular circus ever seen here, and a $1,000,000 movie electrical pageant are among the features billed for the week. Above are eight prominent Shriners who will play important roles during convention—(1) Leo V. Youngworth, slated to become Imperial Potentate; (2) LeRoy M. Edwards, director general of convention; (3) Dave F. Smith, (4) Frank Murphy, (5) Harold Janss, (6) James W. Jump, (7) Jack L. Warner and (8) R. A. Heffner.

World's First Sailplane, which will be propelled by wind through use of a sail, has been completed by John Domenjoz, Bridgeport (Ct.) inventor. (A. P. photo.)

Formal Dedication of the Salvation Army Women's Home and Maternity Hospital at 2670 North Griffin avenue was held yesterday with prominent officials of the organization taking part. Among those who assisted were, left to right above, Brig. James Bell, Lieut. M. Halderman, Col. A. W. Crawford, Bishop W. B. Stevens, Commissioner Adam Gifford and Joseph B. Dabney. (Times photo.)

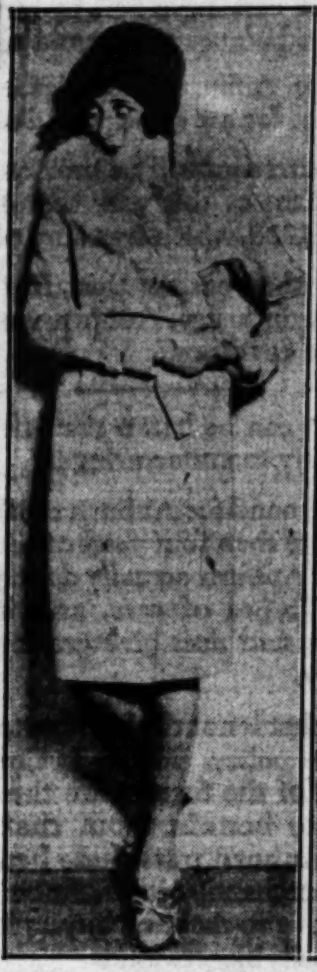
Baby-Face Youth above is Jacob Vanderburg of Gastonia, N. C., who went on trial the other day charged with murder of his father, mother, two sisters and brother. (P. & A. photo.)

Marine Engineers Are Engaged in Improving and Constructing Roads in Shenand National Park near Madison, Va., where President Hoover plans to spend c siderable time fishing. Until the President announced his intention of us the park as fishing headquarters, the roads were in almost impassable conditi Photo shows marines building a camp. (P. & A. photo.)

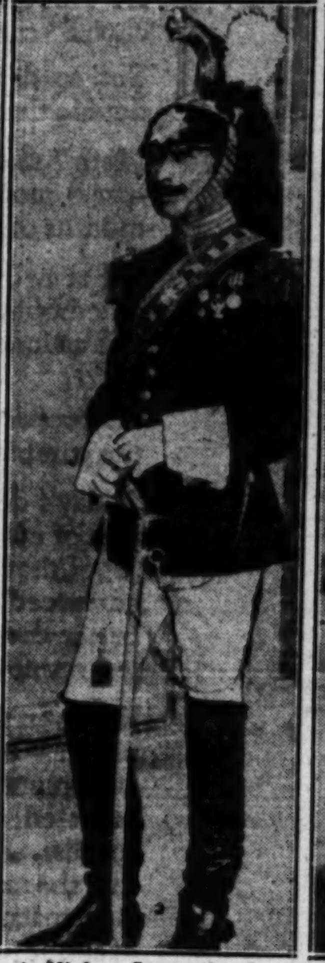
Negotiable Paper to the Amount of $202,000, stolen from a New York banking house, was recovered with the arrest of Michael Brzoska, 16-year-old messenger of the firm. The youth intended establishing a business of his own with the proceeds of his robbery. (P. & A. photo.)

Another Byrd Recruit— Lieut. E. R. Gorton of San Diego will sail next October to join the Byrd expedition in "Little America" as a flyer. (P. & A. photo.)

The Youngest President of a College in the United States, Robert M. Hutchins, recently named head of the University of Chicago, is pictured in the snapshot above with his equally youthful wife. President Hutchins was graduated from Yale in 1921. (P. & A. photo.)



Mother of Pearl buckles on cuffs and belt enhance the smartness of the summer coat of biege broadcloth with fox collar displayed here by Sally O'Neil.



A Higher Status is given noble guard of the Vatican as result of recent treaty between Vatican and Italian government. One of the aristocratic guards above. (A. P. photo.)

GERMANY SEEKS SECRET ALLIANCE WITH MEXICO!
DAILY
EXTRA
EXTRA

IN JANUARY, 1917, STARTLING EVIDENCE WAS BROUGHT TO LIGHT THAT GERMANY WAS SECRETLY PLOTTING TO FORM A MILITARY ALLIANCE WITH MEXICO IN ANTICIPATION OF WAR WITH THE UNITED STATES. THE PROOF LAY IN A NOTE CONTAINING INSTRUCTIONS IN SECRET CODE SENT BY HERR ZIMMERMAN, HEAD OF THE GERMAN FOREIGN OFFICE, TO THE GERMAN MINISTER IN MEXICO CITY.

THE WIRELESS MESSAGE IN BEING RELAYED FROM BERLIN WAS PICKED UP BY BRITISH NAVAL AUTHORITIES, WHO DECIPHERED IT AND AT ONCE INFORMED WALTER HINES PAGE, AMERICAN AMBASSADOR AT LONDON, OF ITS CONTENTS. AMBASSADOR PAGE PROMPTLY SENT A COPY OF THE "ZIMMERMAN NOTE" TO WASHINGTON.

IN THE NOTE HERR ZIMMERMAN INFORMED THE GERMAN MINISTER IN MEXICO THAT ON FEBRUARY 1, 1917, GERMANY WOULD BEGIN UNRESTRICTED SUBMARINE WARFARE. SHOULD THIS BRING AMERICA INTO THE WAR ON THE SIDE OF THE ALLIES, THE GERMAN MINISTER WAS INSTRUCTED TO PROPOSE A MILITARY ALLIANCE BETWEEN GERMANY AND MEXICO AGAINST THE UNITED STATES, AND OFFER AS BAIT TEXAS, NEW MEXICO AND ARIZONA.

THE GERMAN MINISTER WAS ALSO ORDERED IN THE EVENT OF WAR WITH AMERICA TO URG MEXICO TO SEEK AN ALLIANCE WITH JAPAN A MEDIATE BETWEEN JAPAN AND GERMANY. WH THE ZIMMERMAN NOTE WAS PUBLISHED IN TH NEWSPAPERS OF THE UNITED STATES A STO OF INDIGNATION SWEPT THE COUNTRY.

EXPEDITION IN QUEST OF SHARKS RETURNS

The gas boat Prospector returned yesterday after a three months' expedition for sharks off the west coast of Mexico. Some hundreds of sharks were caught, but their hides and 3000 pounds of fins were while drying at Socorro Island. The craft put in here with crates of tomatoes from Mazatlan, in an effort to recoup for shark misadventure. Members of the crew said the sharks were of several varieties and ranged up to two and a half tons in weight. A of fire spat from the stack ignited a lifeboat on the downward voyage, and swells on the return nearly cost the loss of hundreds of crates of tomatoes.

The steamer Ludwigshaven, from Germany for North German Lloyd arrived yesterday as a "fill-in" ship until two new motorships now building are dispatched this fall from Germany. She disembarked half a dozen passengers and is dropping tons of nitrates and steel before sailing north Friday night. R. Wahnschaffe, former chief on the Witram, is in command. First of the two additional ships will be the Isar, of 12,000 fourteen knots speed and with for twenty-four passengers. due here in August and will followed soon by a sister ship, Donau. Both are identical with motorships Saale and Havel, which have been on the Pacific run several months.

Panama Mail liner Guatemala in from New York and Central America yesterday to disembark of her eighty passengers and tons of cargo, including from Mazatlan. More than three-fourths of the travelers boarded the ship in Central America, an unusually big proportion. them were Col. Rush Wal- U.S.M.C., returning from Nicaragua, and Maj. Robert J. Jordan, collector of customs for the port of Roberto Avila, Salvadore plantation owner, and Miguel Vas- coffee planter of Colombia.

day frequency will be given McCormick Line's Pacific-Argentine service with the acquisition of its ninth steamer, the Shipping Board freighter Emergency Aid, it was announced yesterday by M. A. Richley, terminal superintendent. The fleet at present includes eight vessels on a twenty- schedule.

Capt. H. Griel, who has been in command of the F.-A.-B. liner West has gone to the east coast to bring back the Emergency Aid, which has been chartered with an option to buy her whereby her charter funds will apply on the purchase price. Capt. A. Johanson, erstwhile officer of the West Notus, succeeds to command.

Every alternate ship sailing out of Los Angeles following addition of the Emergency Aid will be refrigeration-equipped, it was announced by Mr. Richley.

Hearing in the case of Capt. Einar Snudt, master of the Norwegian steamer Evanger, which stranded at Huntington Beach on the morning of April 16, was held yesterday aboard that vessel, undergoing repairs at the Bethlehem shipyards. The trial board convened by Capt. Andrew Nelson, Vice-Consul of Norway, consisted of three local mariners, Capts. J. Olaf Madsen, J. A. Jacobsen and Jacob Bornholdt.

A. W. Cook, for the past three years commercial agent at Los Angeles for the California and Eastern Line and the Hammond Line, Inc., yesterday became traffic manager of the Hammond Line, at San Francisco, succeeding Thomas G. Widmeyre, who has resigned to accept a position in the new weight and classification bureau of the United States Intercoastal Conference.

TRANS-PACIFIC MAIL

RADIO REPORT

The Radio Corporation of America, in co-operation with the United States Health Service and the Seaman's Institute, will receive requests through the KSE station at Los Angeles Harbor for medical and surgical services for ships at sea.

LOS ANGELES STATION
Noon, April 30

FELIX TAUSSIG, Balboa for Los Angeles, 1302 miles south of Los Angeles.
CONDOR, Callao for Los Angeles, 1449 miles south of Los Angeles.
WILLZIPO, San Francisco for Balboa, 1227 miles south of San Francisco.
VOCO, San Francisco for Sydney, 218 miles south of San Francisco.
SUN, Los Angeles for Balboa, 1007 miles north of Balboa.
DIO, Balboa for Los Angeles, 2271 miles south of Los Angeles.
ATLAS, Balboa for Los Angeles, 764 miles north of Balboa.
ROBIN GRAY, Longview for Balboa, 1135 miles north of Balboa.
EMPIRE ARROW, Los Angeles for Balboa, 998 miles north of Balboa.
BRUNSWICK, Balboa for Los Angeles, 602 miles north of Balboa.

8 p.m., April 30

EL SEGUNDO, Los Angeles for Astoria, 775 miles south of Astoria.
HENRY D. WHITON, Los Angeles for San Francisco, 30 miles north of Los Angeles.
J. A. MOFFETT, La Union for Los Angeles, 1057 miles south of Los Angeles.
CITY OF PANAMA, San Francisco for Mazatlan, 727 miles south of San Francisco.
WEST MAHWAH, Los Angeles for Montevideo, 1115 miles south of Los Angeles.
STANDARD SERVICE, Richmond for Topolobampo, 420 miles north of Topolobampo.
GUATEMALA, Balboa for Los Angeles, 58 miles south of Los Angeles.
VENEZUELA, San Francisco for Balboa, 1172 miles south of San Francisco.
GALENA, Los Angeles for Seattle, 148 miles south of Seattle.
HOMER, San Lucas for Los Angeles, 575 miles south of Los Angeles.
DELIGHT, San Marcos for Los Angeles, 570 miles south of Los Angeles.
HANLEY, Los Angeles for Balboa, 1037 miles north of Balboa.
ECUADOR, Balboa for San Francisco, 3492 miles south of San Francisco.
CALIFORNIA, Colon for Havana, 30 miles east of Colon.
WINIFRED O'DONNELL, Manila for Los Angeles, 1010 miles west of Los Angeles.
KEKOSKEE, Seattle for Portland, 70 miles north of Portland.

Noon, May 1

ORIOLE, Portland for Los Angeles, 40 miles west of Los Angeles.
CHICKASAW CITY, Everett for Balboa, 460 miles north of Cape Falso.
KENOWIS, San Francisco for Balboa, 2733 miles north of Balboa.
CACIQUE, San Francisco for Paita, 903 miles south of San Francisco.
MOERDYK, Balboa for Los Angeles, 370 miles south of Los Angeles.
WILLKENO, Balboa for San Diego, 214 miles south of San Diego.
LANCASTER, Balboa for Los Angeles, 277 miles south of Los Angeles.
WATERTOWN, Los Angeles for Balboa, 366 miles south of Los Angeles.
NEBRASKA, San Francisco for Los Angeles, 139 miles north of Los Angeles.

8 p.m., May 1

W. S. RHEEM, Los Angeles for Balboa, 2623 miles north of Balboa.
YANKEE ARROW, Los Angeles for Balboa, 2409 miles north of Balboa.

8 p.m., May 30

miles west of Los Angeles.

SAN FRANCISCO STATION
8 p.m., May 1

W. S. MILLER, Los Angeles for Point Wells, 904 miles from Point Wells.
EL SEGUNDO, Los Angeles for Astoria, 585 miles from Astoria.
RICHMOND, Los Angeles for Portland, 957 miles from Portland.
CHARLES CHRISTENSON, Balboa for Los Angeles, 1146 miles from Los Angeles.
CALIFORNIA STANDARD, Kiel for San Francisco, 1507 miles from San Francisco.
J. A. MOFFETT, La Union for Los Angeles, 762 miles from Los Angeles.
ADMIRAL PEOPLES, Los Angeles for San Francisco, 65 miles from San Francisco.
OLYMONT, San Francisco for Seattle, 198 miles from San Francisco.
JAMES GRIFFITHS, Vallejo for Seattle, 65 miles from Vallejo.
LAKE FRANCES, San Francisco for Los Angeles, 330 miles from Los Angeles.
CHARLIE WATSON, Richmond for Astoria, 394 miles from Astoria.
KANAK, San Francisco for Bristol Bay, 59 miles from San Francisco.
DEROCHE, Ioco for Port San Luis, 475 miles from Port San Luis.
MANUKAI, San Francisco for Honolulu, 75 miles from San Francisco.
GOLDEN BEAR, San Francisco for Grays Harbor, 436 miles from Grays Harbor.
F. A. WARNER, Coos Bay for Long Beach, 438 miles from Long Beach.
CORSICANA, Coos Bay for San Francisco, 91 miles from San Francisco.
WAIKAWA, Union Bay for San Francisco, 164 miles from San Francisco.
MISSOULA, Eureka for Los Angeles, 263 miles from Los Angeles.
SAN DIEGO, San Francisco for Seattle, 150 miles from San Francisco.
EMIDIO, Richmond Beach for Martinez, 273 miles from Martinez.
H. M. STOREY, Richmond for Los Angeles, 360 miles from Los Angeles.

The Mackay Radio and Telegraph Company, in connection with the Los Angeles Receiving Hospital staff, will receive requests for medical and surgical services from ships' crews from vessels at sea through KOK station at Los Angeles Harbor.

LOS ANGELES STATION
8 p.m., April 30

YORBA LINDA, Los Angeles for New York, 212 miles south of Los Angeles.
HUMBOLDT, Los Angeles for San Francisco, 10 miles north of Los Angeles.
PACIFIC PRESIDENT, Balboa for Los Angeles, 1300 miles south of Los Angeles.
HOYANGER, Los Angeles for Montevideo, 1516 miles south of Los Angeles.
CHARLES CHRISTENSON, Balboa for Los Angeles, 1422 miles south of Los Angeles.
POINT BONITA, Los Angeles for Balboa, 1894 miles north of Balboa.
PACIFIC EXPORTER, Los Angeles for London, 890 miles south of Los Angeles.
LAUREL, Balboa for Los Angeles, 1958 miles south of Los Angeles.
U.S.A.T. DELLWOOD, San Francisco for Los Angeles, 106 miles south of San Francisco.

Noon, April 30

OREGON STAR, San Francisco for Balboa, 730 miles south of San Francisco.
WOODFIELD, Havana for San Francisco, 660 miles south of San Francisco.

Noon, May 1

WOODFIELD, Havana for San Francisco, 468 miles south of San Francisco.
MOERDICK, Balboa for Los Angeles, 370 miles south of Los Angeles.
NEBRASKA, San Francisco for Los Angeles, 130 miles north of Los Angeles.
PAUL SHOUP, Balboa for Los Angeles, 236 miles south of Los Angeles.

8 p.m., May 1

ADMIRAL FARRAGUT, San Francisco for Los Angeles, 88 miles north of Los Angeles.
ADMIRAL FISKE, Los Angeles for San geles. Diego, 18 miles north of San Diego.
JANE NETTLETON, Everett for Los Angeles, 130 miles north of Los Angeles.
EL CAPITAN, Los Angeles for Columbia River, 646 miles south of Columbia River.
CANADIAN OBSERVER, Los Angeles for San Francisco, 303 miles south of Los Angeles.
CURACAO, Los Angeles for San Francisco, 335 miles south of San Francisco.
WARWICK, San Francisco for Los Angeles, 25 miles north of Los Angeles.
ARKANSAS, San Francisco for Los Angeles, 108 miles north of Los Angeles.
SILVERADO, San Francisco for Los Angeles, 91 miles north of Los Angeles.
SAN JUAN, San Francisco for Los Angeles, 88 miles north of Los Angeles.
EASTERN KNIGHT, Los Angeles for San Francisco, 40 miles north of Los Angeles.
POINT JUDITH, San Diego for Los Angeles, 17 miles north of Point Loma.
POINT FERMIN, Balboa for Los Angeles, 500 miles south of Los Angeles.
ARGYLL, Santa Rosalia for Los Angeles, 320 miles south of Los Angeles.
J. C. FITZSIMMONS, Elwood for Richmond, 267 miles south of Richmond.

SAN FRANCISCO STATION
8 p.m., May 1

ADMIRAL SCHLEY, Longview for San Francisco, 288 miles from San Francisco.
SIERRA, Sydney for San Francisco, 218 miles from San Francisco.
EDNA CHRISTENSON, San Francisco for Portland, 450 miles from Portland.
FRANK G. DRUM, Honolulu for Ventura, 156 miles from Ventura.
WARWICK, San Francisco for Los Angeles, 25 miles from Los Angeles.
M. H. WHITTIER, Avon for Ventura, 160 miles from Ventura.
CALAWAII, Honolulu for Los Angeles, 848 miles from Los Angeles.
LA BREA, Los Angeles for Portland, 506 miles from Portland.
CATHWOOD, Ventura for Martinez, 180 miles from Martinez.
ADENA, Yokohama for Los Angeles, 250 miles from Los Angeles.
EMMA ALEXANDER, San Francisco for Los Angeles, 293 miles from Los Angeles.
BETTERTON, Ventura for Avon, 135 miles from Avon.
HUMBOLDT, Los Angeles for San Francisco, 116 miles from San Francisco.
ADMIRAL MOSER, Seattle for San Francisco, 177 miles from San Francisco.

AIR MAIL SCHEDULE

Eastbound—Leaves Los Angeles, 7:35 a.m. daily, connecting at Salt Lake, 2 p.m., Mountain time, with eastern lines. Usual flight time, to Chicago, 22 hours; to New York, 32 hours. (Closing time for eastbound mail: Arcade Station, 6:30 a.m.; airport, 7:35 a.m.; Main postoffice and substations, 5:30 a.m.)

Westbound—Mail leaves Newark (N. J.) 12:15 p.m., Eastern time; arrives Chicago, 7 p.m.; arrives Salt Lake City, 10 a.m., Mountain time, second day; arrives Los Angeles, 5:25 p.m., Pacific time, second day.

Coastwise—Leave Los Angeles, 12:01 a.m. daily; arrives Bakersfield, 1:15 a.m.; Fresno, 3 a.m.; San Francisco, 5 a.m.; Medford (Or.) 9 a.m.; Portland-Vancouver, 11:30 a.m.; Tacoma, 1:30 p.m.; Seattle, 2 p.m. Southbound mail leaves Seattle, 11:45 a.m.; San Francisco, 1:15 p.m.; arrives Los Angeles, 6:15 p.m. (Closing time for northbound mail: Arcade Station, 10:55 p.m.; air mail boxes, 9 to 10 p.m. Usual flight time, to San Francisco, 5 hours; to Seattle, 14 hours.

ARRIVALS AND CLEARANCES AT WORLD'S PORTS

SAN FRANCISCO, May 1. (AP)—Arrived: President Lincoln, 4:15 a.m., Hongkong; Charcas, 3 a.m., Callao; Oleum, 3:30 a.m., Los Angeles; Brookings, 4:30 a.m., Los Angeles; Port Angeles, 4:45 a.m., Monterey; Borgestad, 4:35 a.m., Portland; Lake Frances, 4:35 a.m., Seattle; Maloio, 7:37 a.m., Honolulu; Speybank, 7:55 a.m., Paita; Munami, 9 a.m., Los Angeles; Los Angeles, 9:45 a.m., Los Angeles; Yale, 10:25 a.m., Los Angeles; Chilkat, 10:55 a.m., sea; District of Columbia, 11:05 a.m., Elwood; Oran, 1:40 p.m., Philadelphia, Los Angeles; Sunewco, 12:30 p.m., Mobile, Los Angeles; H. W. Baxter, 12:27 p.m., Vancouver; Boobyalla, 4:30 p.m., Los Angeles; Capt. A. F. Lucas, 6 p.m., Los Angeles.

Sailed: Mericos H. Whittier, 2:15 a.m., Ventura; Wayfarer, 7:20 a.m., London; Golden Bear, 3 a.m., Grays Harbor; Kadiak, 8 a.m.; Marian Otis Chandler, 3:30 p.m., Portland; Emma Alexander, 3:30 p.m., Los Angeles; Trimountain, 3:30 p.m., Los Angeles; James Griffiths, 4:15 p.m., Britannia Beach; Yale, 4:15 p.m., Los Angeles; Lake Frances, 5 p.m., Los Angeles; Yorkmar, 6 p.m., Portland; Brooklyn, 6:30 p.m., Eureka.

SEATTLE, May 1.—Arrived: Cadaretta, 8 p.m., Port Townsend; Tanana, 1 p.m., Admiral Dewey, 2:30 p.m.; Columbian, 8 p.m.; Ceva, 3 a.m., Tacoma; Galena, 12:10 p.m., Los Angeles; Quinault, 11:30 p.m.; Wapama, 8:45 a.m., San Francisco; Lake Elmsford, 7:30 a.m., Balboa; Steel Maker, 5:30 a.m., Vancouver, B. C.; W. R. Chamberlain, Jr., 5 a.m., Portland; Doylestown, 2:30 a.m., sound ports.

Sailed: Horace X. Baxter, 5 p.m., Everett; Doylestown, 5 p.m., Anacortes; Admiral Dewey, midnight, San Francisco; Florence Luckenbach, 5 p.m., Bellingham; Steel Maker, 3 p.m.; Alabama Maru, 9 p.m.; Brookdale, 10:15 a.m., Tacoma; Wapama, 9 p.m., sound ports; Oduna, 5 p.m., Alaska; Benmachunt, 8 p.m., Olympia. Moorderdyk, 12:15 p.m.; W. R. Chamberlain, Jr., 10 a.m., Everett; Shidzuoka Maru, 10 a.m., Victoria; Solano, 7:30 a.m., Los Angeles.

PORTLAND, May 1.—Arrived: Anne Hanify, 2 a.m., Los Angeles via Warrenton; Kekoskee, 3:30 a.m., Los Angeles via Seattle; Munleon, 10:15 a.m., Grays Harbor; Iwatesan Maru, 7:45 p.m., Yokohama via San Francisco and Los Angeles.

Sailed: Tejon, 4 p.m., Los Angeles; Doricstar, 4:30 p.m., Newcastle and way ports via Astoria; Willesden, 5 p.m., Shanghai. From Westport: J. R. Gordon, 10 p.m., New York.

TACOMA, May 1.—Arrived: Tanana, last night, Seward; Mogul, last night, Britannia Beach, B. C.; Admiral Dewey, 7:45 a.m., Seattle; Brookdale, 1 p.m., Seattle; Steel Maker, 6 p.m., Vancouver, B. C.; W. R. Chamberlain, Jr., 7 p.m., San Francisco; Depere, last night, Seattle.

Sailed: Doylestown, last night, Seattle; Florence Luckenbach, last night, Seattle; Santa Cecilia, last night, Seattle; Depere, 5 p.m., Seattle; Admiral Dewey, 1 p.m., Seattle; Columbian, 7 p.m., Seattle; Lillian Luckenbach, 5:30 p.m., New York.

ASTORIA (Or.) May 1.—Sailed: Willangio, 12:15 a.m., New York and way ports; Nabesna, 11:45 a.m., Los Angeles and San Francisco; Admiral Benson, 4:30 a.m., San Diego and way ports.

PANAMA CANAL, May 1.—Passed, bound east: Loch Monar, San Francisco for Rotterdam; Saramacca, San Francisco for Limon; Chilsea, Vancouver for Montreal; Lewis Luckenbach, Los Angeles for New York; W. L. Steed, Los Angeles for Baltimore.

Passed, bound west: El Pueblo, New York for Vladivostock; El Salvador, New York for Los Angeles; Robin Goodfellow, New York for Los Angeles; K. R. Kingsbury, New York for Los Angeles; Castor, Hull for San Francisco.

News of Ships and Sailings at Pacific Ports

SAN FRANCISCO, May 1. (AP)—An investigation will be held by the Bureau of Navigation tomorrow into the cause of the near foundering of the steam schooner Kadiak off Point Reyes last night. The vessel was safe in port today after seamen waged an all-night fight in a forty-mile gale to prevent the schooner from sinking. The engine room and the galley were flooded with several feet of water. Steamboat inspectors who went over the vessel today could find no cause for her distress last night.

Pacific headquarters of the Shipping Board were moved back to San Francisco from Los Angeles today. The board offices were transferred to the Southern California port about three months ago. In announcing the change, Chairman T. V. O'Connor said that the board deemed San Francisco the more central location for operations.

Tonnage passing through San Francisco last month reached the total of 3,192,833 tons, as compared with the 2,876,917-ton figure of the corresponding month last year, figures released today by the Marine Department of the Chamber of Commerce revealed.

SEATTLE, May 1.—The Elmsford completed her last voyage under the American flag today when she arrived here to be transferred to the Merchant Marine of the soviet government of Russia. She is one of the five vessels purchased recently from the Shipping Board. She will load cannery machinery and supplies for Siberia.

The blue ensign of the United States Naval Reserve will be raised on the President Grant Saturday just before the vessel sails for the Orient. The Grant will be the sixth Seattle ship to join the reserve fleet, being preceded by the President Madison and President Jackson and the Alaska, Yukon and Aleutian.

TRAVEL BY WATER is one of the few uncrowded things left in this world of traffic jams and honking horns. Men have never cluttered up the highways of the sea. And no matter how speedy a ship may be, it still remains leisurely, aristocratic and spacious.

Getting there is not a hardship or a penance—something to be taken like a dose—if you travel by water. You dine, you dance, you promenade, you play—or if you prefer you just relax. And all the time you are getting there — swiftly, but unhurriedly and without commotion or inconvenience.

Reservations and Tickets:
501 WEST FIFTH STREET, Corner of Olive
515 SOUTH SPRING STREET, Alexandria Hotel
Telephone Mutual 4321
124 WEST OCEAN AVENUE, LONG BEACH, Telephone 619-32
Offices also in Hollywood, San Pedro, Pasadena, Glendale, Santa Ana, Santa Monica

DISCOVERY CUTS COST OF DRUG

Expensive Salt Made Cheap by New Process

Scientists Accidentally Find Production Source

Department of Agriculture Chemists Credited

COLUMBUS (O.) May 1. (AP)—Discovery by the United States Department of Agriculture of a means to make one of the calcium salts, reducing the cost of manufacture from around $150 a pound to 50 cents, was disclosed at the American Chemical Society convention today.

Calcium salts are among the essential remedies in medicine and are used as ingredients of many industries. In some forms they are commonplace and cheap. But one of them, taken from gluconic acid, has never been available because of the great expense of making this acid. The department now has found how to produce the acid cheaply, and that there are surprising differences in some of the effects of its hitherto inaccessible salt, as compared with those in common use. The discoveries were made by Horace T. Herrick and Orville E. May, of the color and farm-waste section of the Bureau of Chemistry and Soils.

WILL NOT CAUSE ABSCESSES

The newly developed salt, Mr. Herrick said, is the only one which cannot cause abscess when injected into the veins. Injection of calcium salts is an important and not unusual medical remedy, but with those now available, caution is necessary to keep the salt from contact with bodily tissues, where they induce abscesses. Calcium salts are used to stop hemorrhages of some kinds and calcium is one of the principal factors that go to make up healthy bones.

Though some of the other salts have truly horrible tastes, this one has none at all, and Mr. Herrick said it is likely to be useful for taking through the mouth. It is a white powder.

Mr. Herrick said it is possible, though not yet verified, that the salt may be effective when given to chickens to prevent thin egg shells. No present form of the calcium salts can be given chickens directly, but they are obtained by feeding them ground rock or broken oyster shells and similar substances. Uses in the textile and tanning industries are possible, in Mr. Herrick's opinion.

DISCOVERY ACCIDENT

The cheap method of making the acid was stumbled upon while the chemists were searching for a new way to produce tartaric acid. They were looking for this acid in molds, which are nothing more than the common films that form on the surface on spoiled foods. They examined 150 different molds without finding tartaric acid, but in No. 150 unexpectedly obtained the gluconic acid.

Mr. Herrick predicted that the method whereby this acid is made is the one whereby man's chemicals will be produced in the future. The varieties of molds appear to be unlimited. They grow with amazing rapidity. They produce many different chemical substances, and can be cultivated so as to give large yields. Mr. Herrick said that by putting some of these molds to work, chemical production may be obtained that will equal the work now done by "tons of machinery and hundreds of men."

The chemists are going ahead with the tartaric acid search.

Brass Knuckles and Blackjacks Remain Pariahs

SACRAMENTO, May 1. (AP)—After hearing Duncan Matheson, chief of detectives in the San Francisco Police Department, argue against making the law more lenient the Assembly Crime Problems Committee killed two measures today making it a misdemeanor instead of a felony for possession of certain concealed weapons.

The bills introduced by Assemblyman Woolwine of Los Angeles were characterized as bad measures because they tended to lighten penalties for the unauthorized manufacture, sale and possession of blackjacks, slingshots, billies, sandbags, dirk daggers, brass knuckles and other similar implements. One of the bills makes it a felony for unnaturalized foreign-born persons to possess concealable firearms.

Kellogg Treaty Action Delayed by Tokio Cabinet

TOKIO, May 1. (AP)—Japanese ratification of the Kellogg anti-war treaty has been postponed again, the Cabinet today failing to overcome once more the Privy Council's objections to the phrase, "In the name of their respective peoples."

In official circles it is said discussion of ratification necessarily will be suspended during the visit of the Duke of Gloucester, who arrives tomorrow, and hence further consideration unlikely until late in May.

Crail Proposes Cut in Congress

WASHINGTON, May 1. (AP)—The House of Representatives would be reduced in 1943 to 240 members under a reapportionment bill introduced today by Representative Crail, Republican, California, which provides that the 240 members be apportioned on the basis of the 1940 census, each State to have at least one representative and the remainder to be apportioned on a population basis by States.

Heckscher Gives More to Charity

NEW YORK, May 1. (AP)—August Heckscher, 80-year-old philanthropist, today announced that he has donated $4,000,000 to the Heckscher Foundation for Children for the construction of day nurseries, dental clinics, playgrounds and summer camps, in the boroughs of Manhattan, Bronx and Brooklyn.

COURT RULE REJECTED BY LORDS' VOTE

British Peers Refuse to Acknowledge Compulsion by World Tribunal

LONDON, May 1. (AP)—The House of Lords, after brief debate today rejected, 26 to 19, a motion submitted by Lord Cecil inviting the House to express the opinion that the time had arrived when Great Britain should sign the optional clause of the statute of the World Court.

By this clause States recognize the compulsory jurisdiction of the court, namely, the right of one party to summon another before the court.

The Lord Chancellor, expressing the government's inability to accept the motion, said that it was hoped the time would arrive when it would be possible for the British Empire to accept the compulsory jurisdiction of the international court with or without a reservation designed to protect the special position of the empire. The present moment, however, in the dying days of the old Parliament and in the face of resolutions of the imperial conference of 1926 and the urgency of the problem of the United States arbitration treaty with Great Britain, could not be considered a proper time.

The Lord Chancellor said that it would not be desirable to refer to an international court a dispute between the home government and one of the dominions or between two of the dominions.

SICILY JURY SENDS 150 TO PRISONS

Wholesale Convictions in Long Trial Breaks Back of Mafia and Cleans Island

TERMINI IMERESE (Sicily) May 1. (AP)—The great Mafia trial involving 161 defendants ended today in a verdict of guilty for 150 persons with sentences running as high as twenty-three years' imprisonment. The trial lasted nine months.

The proceedings, it is said, cut the roots from the last feudist groups of the once blood-stained island. Lawyers of the defense, as well as several of the defendants, acknowledged in statements to the court before sentence was passed that the determined action taken by Prefect Mori, on orders of Premier Mussolini, has cleaned up Sicily and given the population a chance to cultivate the fertile island in peace.

The jury was out seven days. It was faced with the task of answering 7000 questions in making up its verdict.

Strike Delays Sailing of Liner

HAVRE (France) May 1. (Exclusive)—The liner Ile de France sailed at midnight tonight after a twenty-four-hour delay due to a sudden strike of the stewards, demanding that their pay be increased $8 per voyage.

The strikers insisted they were entitled to more money because the stay of the ship in port has been cut down considerably.

The problem of meals today became an acute one, with the ship full of passengers and nobody to serve them. But an emergency personnel was quickly organized and many of the passengers solved the problem by going ashore to restaurants.

EN ROUTE SALES SAVE GROWERS

Grape Men's Marketing Plan to be Extended

Imperial Valley Crops May Adopt Method

Bids from All Nation Solve Price Question

SAN FRANCISCO, May 1. (Exclusive)—Sale of California fruits and vegetables while they are en route to eastern markets as a means of strengthening present marketing conditions will be put into effect this summer, according to present plans of the California Grape Growers' Exchange, disclosed today. The plan goes into operation following four years of experimentation with the grape crop which is declared to have proved its efficacy above all other methods of marketing. In addition to grapes, it was said, it will be made applicable to the Imperial Valley melon crop, Bartlett pears, lettuce, celery and peaches.

Briefly, the plan provides for the conduct of auctions by wire after the cars have been started east. Shipping information will be gathered from San Francisco, Fresno, Modesto and Cucamonga and sent by leased wires at night to a central bureau. The information then will be cleared to auction districts centering around Chicago, Detroit, Buffalo, Kansas City, Minneapolis, St. Louis, Cleveland, Rochester, Boston, Philadelphia and New York.

PLAN EXPLAINED

As explained by E. M. Sheehan, president and manager of the California Grape Growers' Exchange, the plan operates as follows:

On a certain day a certain number of carloads of grapes are started east. When the leased wires open a detailed description of what is contained in each car is forwarded from the shipping point and this information becomes available immediately to prospective purchasers who submit bids.

The prices thus obtained at auction are wired to San Francisco and the best terms are accepted, whereupon directions for routing the cars are sent the railroads. Upon arrival of the car the purchaser immediately deposits payment in a Federal Reserve Bank and this money is wired to the credit of the organization representing the growers, to whom a check goes forward at once.

FOUR-YEAR RECORD

"In the four years the grape growers' organization has used this method," Sheehan said, "there never has been an instance of a grower being obliged to wait for his money; there never has been an instance of a shipment having been destroyed because of a glutted market and there never has been an instance of a grower receiving a price so low as to leave him in the red. On the contrary in most instances the grower has received a better price than has been paid for competing shipments into the same market.

"Last year we shipped close to 5000 cars of grapes and every carload was sold at a fair price while it was rolling to market. This is a great advantage, particularly to the buyer, for he knows his product is on the way and that he will not have to wait while loading takes place."

PICKWICK AGAIN FAILS TO GET ROUTE PERMIT

SAN FRANCISCO, May 1. (AP)—The State Railroad Commission today denied for the second time the application of the Pickwick Stage Company to operate a line between Long Beach and San Diego via Laguna Beach and Serra on the coast route. The commission held the stage company had failed to show public necessity for the line.

S. S. "MALOLO"

Around Pacific Cruise

A LIFETIME OF COLORFUL EXPERIENCE IN THREE MONTHS OF TRAVEL

THE San Francisco Chamber of Commerce announces a cruise to the Orient, Australasia and the South Seas—using the splendid liner "*Malolo*," leaving San Francisco on September 21st and returning on December 20th, 1929. The itinerary covers 24,000 miles of travel aboard one of America's foremost luxury ships—including visits to 28 cities and 14 interesting countries.

On this cruise you will enjoy extensive excursions ashore under ideal travel conditions, and make invaluable business and social contacts.

The Around Pacific Cruise will present an ever-changing panorama of curious sights and peoples. Teeming cities and shrines of artistry in Japan . . . the pagodas and museum-shops of China . . . quaint old Spanish cathedrals in the Philippines . . . palaces, ornate temples, plantations, jungles in Indochina, Siam, Malaya . . . the vast vivid "garden of greenery" that is Java . . .

Then Australia, young and vigorous, with its great ports of Melbourne and Sydney . . . scenic New Zealand, land of natural wonders, and of the picturesque Maoris . . . then the South Sea paradise isles of Fiji and Samoa . . . Hilo and mighty Kilauea volcano, Honolulu and the Beach of Waikiki . . . and to San Francisco again on December 20th, in time for Christmas at home.

If you are interested in this cruise—the only one of its kind to include *both* the Orient and Australia—call or write for *illustrated prospectus*. It gives you complete details on the varied itinerary, sightseeing trips, recreational facilities, rates and deck-plans.

Rates are $1500 and up, including all arrangements ashore

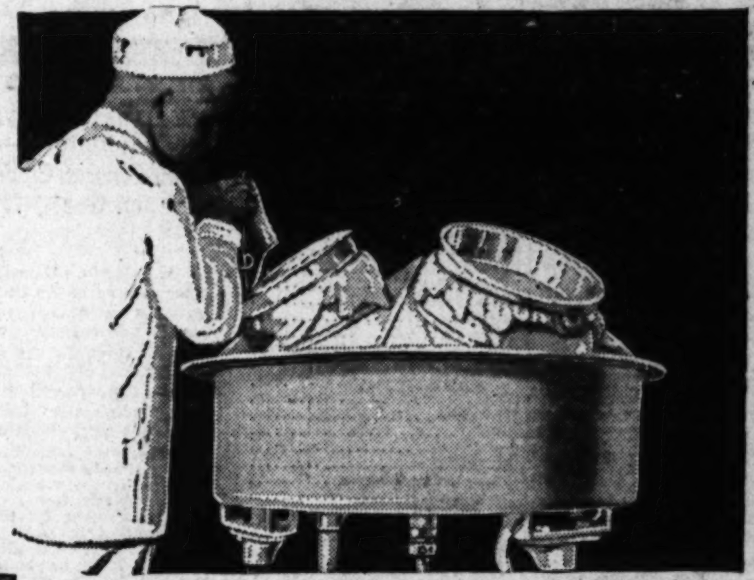
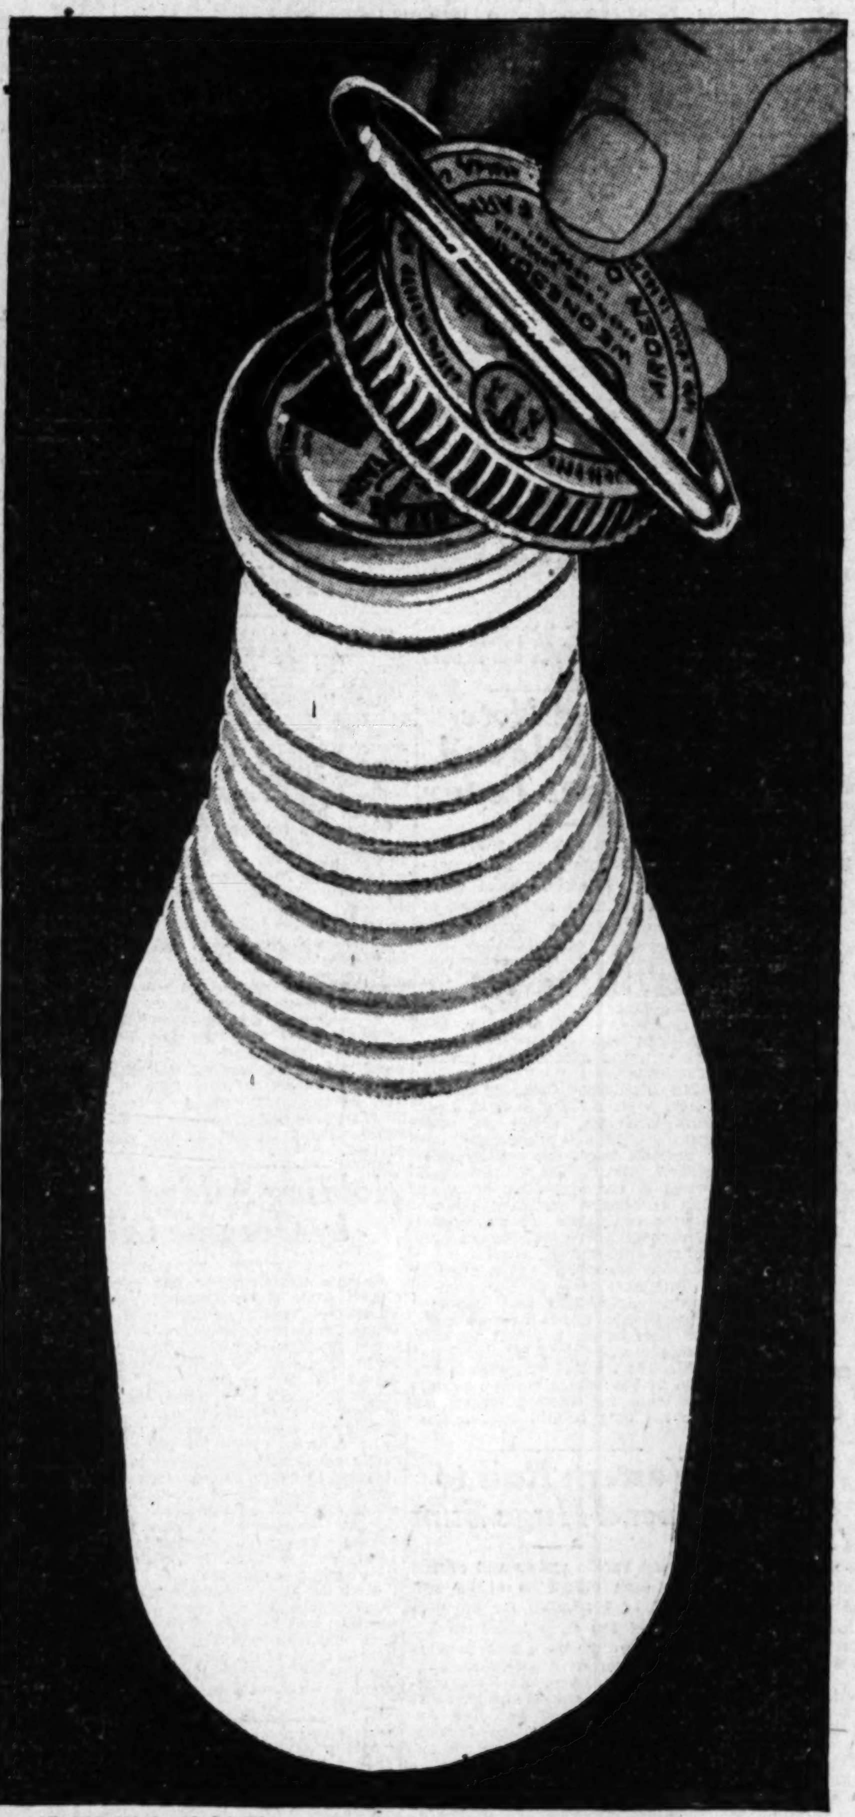
COOLED *to* 38° Three minutes after MILKING

One of the many reasons why ARDEN Certified Milk ranks First in PROTECTED Quality



(Above.) An ARDEN milker starting Arden Certified Milk on its way to you. Note careful attention given to his apparel. White linen suits are laundered and sterilized every day. All employees submit to thorough medical examination at very frequent intervals.



All ARDEN Certified Milk is produced under the daily inspection of the Milk Commission—Los Angeles County Medical Association. It is double capped for your protection. Phone NOW Have your first bottle delivered tomorrow.

As SOON as a cow is milked at the ARDEN Dairy Farm, the white-clothed milker carries his covered pail to the screened milk room 12 feet above the ground and 100 feet from the nearest cow. Here he personally pours the warm milk into a receiving funnel carefully *protected* by a strainer and gauze. From this tank the milk passes immediately to cooling vats where its temperature is reduced to 38°.

The entire process—from milking to complete temperature reduction—takes *less than 3 minutes*—a precaution that guarantees purity and prevents loss of vital food elements in ARDEN Certified Milk.

Bottled Automatically in Dairy House

From the cooling vats this *Protected* Natural Whole Milk descends by gravity to the automatic filling machines. Here it is double capped to prevent any possible chance of outside air disturbing the milk's original purity.

Soon you have it in your home—the finest certified milk that money can buy.

Live Steam for Fifteen Minutes

Another vital protection employed by ARDEN is in the cleansing of empty bottles before refilling.

They are first washed thoroughly by hand in a soda solution—rinsed in hot water—and carefully inspected. Then they go into a sterilization cylinder where they encounter live steam at *100 lbs. pressure for 15 minutes.*

Nothing is left undone to *protect* the purity of ARDEN Certified Milk.

Scientific Feeding

The prize winning ARDEN Herd of 1000 Guernsey and Holstein cows is perhaps the finest group of dairy cattle ever assembled. Before a cow is admitted to the herd she is put under observation for a definite period. Each day she is inspected by an expert veterinarian.

Feeding of the herd is under careful scientific supervision. Each cow is kept on an individual diet consisting of three important elements.

1. A concentrated bran, barley, oats, cornmeal, linseed meal, beet pulp and mineral portion, fed while the cow is being milked.

2. A hay and ensilage portion fed in the corral, immediately after milking.

3. Pure spring water drawn from the deep ARDEN wells.

23 years of experience has proved to ARDEN chemists that this balanced ration assures a milk of greater food value and more uniform flavor. Further, that it adds to the *contentment of the cows*—a factor that vitally affects the quality of milk.

Your Choice of Two ARDEN Certified Milks

ARDEN Certified Holstein Milk is especially easy to digest and is therefore adapted for infant feeding and for invalids. Its smaller butter fat globules more closely resemble mother's milk.

ARDEN Rich Table Milk is best for older children and adults. It has special nutritive and body building values.

Both are *Protected* Natural Whole Milk. Both have an abundance of Vitamins A, B and C.

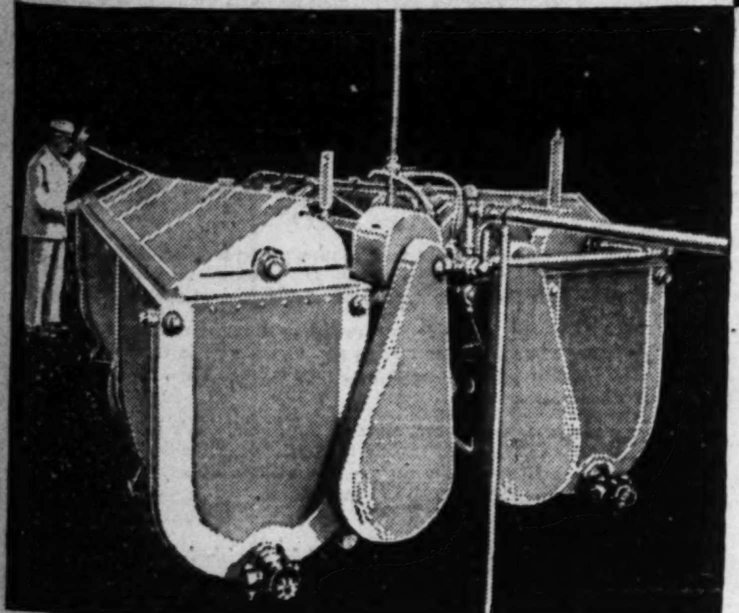
Why Not Have the Best?

Milk is a vital food. It is essential to infants and growing children. It is one of the most nutritive foods for adults.

So why be satisfied with any milk but ARDEN—holder of many records for its purity—now entering its 24th year of quality leadership.

Phone TRINITY 9521 NOW and have your first bottle of ARDEN Certified Milk left at your home tomorrow.

(Below.) Photograph shows modern vats where ARDEN Certified Milk is cooled to 38° F. in less than 3 minutes after milking. No expense is spared to make this milk the finest you can buy. Yet its cost to YOU is no more than ordinary certified milks.



Arden *Certified* Milk

THE ROYAL SEAL OF *PROTECTED* QUALITY

Arden Means Leadership

This Warwickshire-Arden crest is borne by the old renowned English Family which has given the world leaders in all walks of life for generations. Shakespeare, born near the Arden forest, on the river Avon, was a member of the family. High ideals and Arden mean the same thing.

RICHFIELD OIL INCOME GAINS

Earnings for First Three Months Up 46 Per Cent

Equal 91 Cents on Common; Shares Increased

Total Gallonage Shows Gain Despite Price War

Richfield Oil Company of California in the first quarter of 1929 showed net earnings after all charges and allowance for Federal income tax of $1,927,262, equal after preferred dividends to 91 cents a share on 1,917,386 common shares outstanding at the end of the period, according to the report of James A. Talbot, chairman of the board, to stockholders which was made public yesterday.

These earnings represented an increase of $611,744, or 46 per cent over the corresponding quarter of 1928, when $1.02 a share was earned on 1,174,060 shares. On the basis of the common stock outstanding on March 31, 1928, the first-quarter earnings for this year would have amounted to $1.63 a share. The 743,326-share increase in outstanding common stock in the twelve months is the result of conversion of bonds into stock, the issuance of stock against common stock warrants, as well as the conversion of Pan-American Western Petroleum Company's B stock into Richfield common.

Net operating income for the 1929 first quarter totaled $3,390,968, an increase of more than 31 per cent over the income for the 1928 first quarter, while net sales amounted to $14,545,281, against $10,147,643. Mr. Talbot pointed out that this showing was gratifying in view of the gasoline price war during February and March.

Gasoline gallonage for the quarter totaled 98,592,000 gallons, as compared with 50,162,075 gallons in the same period of 1928 and 31,609,128 gallons in the first quarter of 1927. Production of crude oil and casinghead gasoline during the first three months of this year amounted to 3,149,000 barrels, compared with 2,457,000 barrels during the first quarter of 1928 and 1,549,000 barrels for the same period in 1927. The production is coming from 56,633 acres of proven and potential oil lands and there are twenty-eight new wells now drilling.

Comparative figures for the first quarter of 1929 and 1928 follow:

First Quarter—	1929.	1928.
Net sales	[illegible]545,281	$10,147,643
Net oper. inc	[illegible]390,968	2,578,444

Gasoline Sales Record Gain in First Quarter

Distribution of motor vehicle fuel in California for the quarter ended March 31, last, amounted to 287,770,305 gallons, as against 251,105,567 gallons for the first three months of 1928, an increase of more than 14 per cent, it was announced yesterday by the American Petroleum Institute. In the fourth quarter of 1928, 276,945,313 gallons were distributed.

The position of the major companies did not change from the fourth quarter of last year. Compared with the first three months of 1928, Richfield showed the greatest advance with a gain of 8,537,722 gallons, or more than 30 per cent. General Petroleum increased 7,062,729, or 84 per cent, despite a drop of about 2,000,000 gallons from the last quarter of 1928.

The list of sales for the major companies, showing the percentage gain or decrease over the first three months of 1928, follows:

		P.c. gain
Standard Oil	57,902,624	2.7
Shell Oil	45,437,304	3.2
Richfield Oil	36,191,174	30.9
Union Oil	29,172,935	13.2x
Associated Oil	22,685,963	14.2
General Petroleum	15,437,281	84
Texas Company	15,512,505	2.1x
Pan American	8,061,582	.4x

x—Decrease.

Hog Marketing Shows Gain Here

Reflecting increased interest in hog production in California, J. A. McNaughton, vice-president and general manager of the Los Angeles Union Stockyards, announced yesterday that for the past six months there has been an increase of 89 per cent in the number of California hogs marketed at the stockyards, as compared with the corresponding period a year ago.

That this increase was in Southern California is proven by the fact, he said, that there has been an increase of 128 per cent in the number of hogs brought to market by truck. During the past six months 13,038 out of the 30,587 California hogs sold at the Los Angeles Union Stockyards arrived by truck, the balance by railroad. As most of the trucked-in shipments were in comparatively small lots, it indicates that the smaller producers in the section tributary to the market are bringing their own hogs to market, Mr. McNaughton pointed out.

DAILY QUOTATION ON EGGS DISCONTINUED

SAN FRANCISCO, May 1. (AP)—The United States Department of Agriculture, Bureau of Agricultural Economics, issued a statement tonight announcing the discontinuance of daily publication of prices on eggs in the wholesale market. The announcement said: "On account of the decreasing volume of business and irregularity of trading on wholesale prices of eggs, the publication of prices on wholesale grades is being discontinued as a regular feature of this report. Such information will be carried only when conditions fully justify."

AIRCRAFT STOCK WILL BE OFFERED SHORTLY

A Los Angeles banking group headed by E. C. Brace & Co., is to offer an issue of 2000 shares of no par Maximum Safety Airplane Company, Inc., stock within the near future. It is anticipated that the board of directors of the company will authorize a ten-to-one split-up at the time the offering is made. The company has an authorized capitalization of 35,000 shares, of which 28,000 shares are authorized for distribution.

SPRING VALLEY WATER EARNINGS POINT UP

SAN FRANCISCO, April 30. (Exclusive)—March quarter net earnings of the Spring Valley Water Company amounted to $445,066 after all charges including taxes, equal to $1.60 a share against $424,106 for the first three months of 1928, or $1.52 a share, it was announced here today. Capital expenditures during the period totaled $162,446 against $346,623.

WHEEL CONCERN WILL OFFER STOCK RIGHTS

DETROIT, April 30. (Exclusive)—Directors of the Kelsey Hayes Wheel Corporation voted today to offer shareholders of common stock, one new common share at $30 for each six held as of record May 16, which is after the consolidation with the Wire Wheel Corporation of America. Rights to subscribe for the new stock will expire June 6.

FITKIN PLANS NEW PROJECT

Well-Known Operator Negotiating for Two Properties on Coast; Will List Pacific Service Here

BY EARLE E. CROWE

A. E. Fitkin, nationally known public utility operator, is planning another venture in the building of utility properties on the Pacific Coast. Upon his arrival here yesterday Mr. Fitkin said that he is now negotiating for two companies which report total gross earnings of approximately $19,000,000, and for which the purchase price will run in the neighborhood of $50,000,000.

With these companies as a nucleus he plans to build another one of the large public utility projects along the same line of those he has already created in the Middle West, on the Atlantic Coast, and on the Pacific Coast. Ever since he quit studying for the ministry and acquired his first public utility in the little town of San Angelo, Tex., Mr. Fitkin has been been buying and building light and power, gas and water companies.

IS SEPARATE ENTERPRISE

With respect to the latest venture he contemplates, Mr. Fitkin emphasized the point that the new properties will have no connection whatsoever with the Pacific Public Service Company, the holding corporation for his present enterprises on the Pacific Coast. It will be an entirely new project, he said, with its own capital and its own program of expansion. The properties he intends to purchase he declined to identify at this time.

Affairs of Pacific Public Service, however, are in sound shape, Mr. Fitkin added. The management has made application to list the common stock on the Los Angeles Stock Exchange, which will give stockholders the benefit of three markets, including Chicago and San Francisco.

Within a short time, Pacific Public Service may acquire two or three additional properties, he said, although they will not be of major importance so far as size goes.

As a company Pacific Public Service is comparaticely new, although the properties owned are old and well established. The first group comprised a number of ice and cold storage companies operating in Southern California which were purchased and consolidated into the California Consumers' Company. Next he acquired the Coast Counties Gas and Electric Company, and then formed the California Consolidated Water Company as a combination of the bottled water distribution of a number of Southern California companies. All are controlled by Pacific Public Service.

STARTED IN TEXAS

Building of this holding company followed his sale for $30,000,000 of the Inland Power and Light Corporation to the Insull interests of Chicago. This was the company that resulted from the initial venture in San Angelo, Tex., after Mr. Fitkin had decided that it would be better "to contribute to the collection box in a big way rather than pass it."

Mr. Fitkin's charities are numerous, including the $1,000,000 Raleigh Fitkin Memorial Institute for Crippled Children, established in memory of a son, and another hospital in South Africa. The South African hospital was founded to carry on the work of his son who was saving and contributing his pennies for a South African missionary fund. Mr. Fitkin has provided for this hospital in perpetuity.

Other companies he has built include the National Public Service Corporation and the Western United Corporation. Incidentally, when he acquired the Coast Counties Gas and Electric Company several months ago he was offered a $500,000 profit on the day the sale was closed, which he declined.

Net Earnings of Seaboard Oil Off

NEW YORK, May 1. (Exclusive) Mexican Seaboard Oil Company and subsidiaries reported today a consolidated net loss for 1928 of $1,332,905 after all charges including approximately $500,000 spent in the development of California properties and depletion write-off of $48,982, against a net loss for 1927 of $2,232,246. Depletion in the previous period was not charged against earnings.

Current assets as of December 31, last, totaled $1,200,939 against $401,331 at the end of 1927 and current liabilities amounted to $2,726,767 against $3,425,486. This leaves a net current liability of $1,525,828 which compares with $3,024,155 at the close of 1927. Gross sales for the year totaled $1,439,367 against $3,112,759. Operating and general expenses were reduced nearly $1,000,000 and drilling expenses by more than $1,000,000. Depreciation charge-off was cut $70,000 to $87,927.

Occidental Oil Profits Higher

Occidental Petroleum Company yesterday reported for the first quarter of 1929 net profits of $46,384 after all charges including deduction of $59,477.83, or 55 per cent of the total profits, which represented the share of the Universal Consolidated Oil Company. The net of the Occidental Company is equal to 7 cents a share on 630,000 shares outstanding as compared with $19,597 or 3 cents a share in the comparative quarter of 1928.

Oil sold amounted to $679,543.36, representing 493,561 barrels at an average price of $1.38 a barrel. Average daily production was 5484 barrels. Gas sold amounted to $16,848.12. Gross earnings totaled $540,707 of which $432,566 or 80 per cent was retained by Universal Consolidated Oil Company for drilling costs.

BANK NOTE INCOME UP

NEW YORK, April 30. (Exclusive) American Bank Note Company reported today March quarter net income of $691,913, equal after preferred dividends to $1.04 a share on 593,430 common shares against $28,128, or 78 cents a share in the first quarter of 1928.

Investment and Broker Concern Union Approved

Knight, Stetson & Lester, Inc., member of the Los Angeles Stock and Curb exchanges, has been granted permission by the exchange to consolidate its business with the Los Angeles Investment Securities Company, subsidiary of the Los Angeles Investment Company, it was announced yesterday. The new organization will operate under the name of the Los Angeles Investments Securities Company.

Headquarters of the bond department will be maintained on the ground floor of the Western Pacific Building, while the stock trading department will be conducted in the Stock Exchange Building. Other offices will be maintained in the Maryland Hotel Building, Pasadena, and in the San Diego Trust and Savings Building, San Diego.

The Los Angeles Investment Securities Company, organized a few years ago, has specialized in the underwriting and distribution of government and corporation bonds and has shown a consistent increase in business. John O. Knight, who, with his brother, T. Fenton Knight, and J. Clement Storey, are partners of Knight, Stetson & Lester, became a member of the Los Angeles Stock Exchange in 1909.

Officers and directors of the Los Angeles Investment Securities Company include: A. C. Brode, W. B. Corwin, E. L. Dudleigh, W. R. Flint, W. H. Harrison, R. F. Ingold, W. P. Jeffries, John O. Knight, T. Fenton Knight, A. R. LeRoy, Dan Murphy, Roger H. Pile and Edward G. Pyle.

Bond and Note Issues Placed on Mart Today

Pacific Coast investors today will be offered Pacific Finance Corporation notes, Municipal Bond Company's certificates and a block of Los Angeles county improvement bonds. The Pacific Finance Corporation 5½ per cent convertible notes at 100 and interest are being marketed by Security-First National Company, the Elliott-Horne Company, Hunter, Dulin & Co. and American National Company and represent the unsubscribed portion of $7,000,000.

Municipal Bond Company is tendering a $1,326,716.02 issue of 6 per cent certificates, Series 26, evidencing ownership in municipal improvement bonds due serially February 1, 1930, to 1939, inclusive, and priced at par to yield 6 per cent. The certificates represent proportionate ownership of an equal amount of selected California municipal improvement bonds.

Miller, Vosburg & Co. is offering a $162,536.26 issue of Los Angeles County Acquisition and Improvement District No. 44 7 per cent serial gold bonds, due 1934 to 1953, inclusive, and priced to yield 6 per cent. The assessed valuation of the land in the district exceeds $1,356,630, while the bonds being offered are the only bonded debt against it.

Western Rail to Spend Huge Sum

Union Pacific system will expend more than $70,000,000 of its 1929 budget of $96,000,000 for improvements of the main line from Los Angeles to the East and $15,000,000 for the Los Angeles-Salt Lake line, Carl R. Gray, president, stated yesterday. One of the railroad's largest shops is at East Los Angeles where a $60,000 office building is being added. The shop pay roll is running at about $375,000 a month.

The purchase of twenty-five additional freight locomotives for $2,940,000 and passenger train equipment for $2,200,000 also is provided for in the budget. Another item of $1,500,000 covers the cost of 500 new fifty-foot automobile cars. Provision is made for extensive additions to the Union Pacific's lodge and other facilities at Grand Canyon, Zion and Bryce Canyon national parks and Cedar Breaks.

Pathe Elects New Chairman

NEW YORK, May 1. (Exclusive) J. P. Kennedy, who during the last year has acted in an advisory capacity to directors of Pathe Exchange, Inc., was elected chairman of the board at the annual meeting of the company today. Other officers were re-elected.

Five new directors were elected to fill vacancies. They included J. P. Kennedy, Stuart Webb, E. B. Derr, C. J. Scollard and Lewis Innerarity. Other directors were re-elected.

MAYTAG EARNINGS GAIN IN QUARTER

NEW YORK, April 30. (Exclusive) Maytag Company reported today March quarter net income of $1,320,968 after all charges including taxes, equal after preferred dividends to 58 cents a share on 1,608,660 common shares issued against $1,103,683, or 45 cents a share on the same capital for the first three months of 1928. Net sales totaled $5,839,931 against $4,815,864.

EXCHANGE REPORTS ON DIVIDENDS

Stocks Listed on Local Mart Paid $21,648,466 in March

Dividends paid during the month just closed by companies listed on the Los Angeles Stock Exchange reached a total of $21,648,466, as against $13,803,151 in March, and $14,977,530 in April, 1928, Carl P. Miller, secretary and manager of the exchange, announced yesterday.

The market value of the 112,394,442 shares listed during the month amounted to $5,742,832,281, as compared with a value of $5,582,983,486 on 112,103,213 shares for the preceding month, and a value of $4,824,507,375 for April, 1928. The April value is equivalent to the average price per share of $51.05, a new peak which compares with an average price of $47.05 a share for April, 1928.

Volume of trading on the two Los Angeles security markets for the first four months of the year was equal to the volume of the Los Angeles Stock Exchange for the full year 1927, and was 57 per cent greater in share turnover and 34 per cent greater in value than the trading of the stock exchange for the same period last year. The curb market was not created until June, 1928.

Sales of stocks by both institutions since the first of the year aggregated 26,703,872 shares, with a market value at $282,040,066. This compares with 27,096,535 shares, valued at $231,656,278, traded during the full year 1927, and also compares with 16,927,972 shares, with a market value of $209,411,100 traded for the corresponding period of last year.

Shell Union Oil Reports Profits at Higher Level

Shell Union Oil Corporation, issuing yesterday its 1928 annual statement, reported consolidated net earnings of $20,395,021, after all charges, including drilling expenses and abandonment, equal to $2.03 a share on 10,000,000 capital shares, against $11,344,914, or $1.09 a share reported for 1927 on the same common capital after preferred dividends. Preferred stock was retired May 15, 1927.

Gross sales for the year reached an aggregate of $68,538,815, as against $46,798,723 for 1928, an increase of $21,740,092, or more than 46 per cent. Depletion, depreciation, drilling expenses, etc., increased about $10,500,000 to $44,012,082. Bond interest was $4,119,486, against $1,962,740.

After common stock dividends of $14,000,000 the balance carried to surplus amounted to $6,395,021, which compares with a deficit of $3,036,356 for 1927. Surplus account as of December 31, last, totaled $37,023,378, against $30,628,357 at the close of 1927. The net working capital amounted to $49,075,383 at the end of the year, compared with $72,861,031 at the end of 1927.

Holding Added by Oceanic Oil

Oceanic Oil Company has purchased from H. C. Davidson, his landowner's royalty in the ten-acre Texas Company-Davidson lease between Twenty-seventh and Twenty-ninth streets on Gundry avenue, Signal Hill, it was announced yesterday by Cecile B. Springer, secretary-treasurer of the company.

This new acquisition of the company adds materially to the concern's assets and is expected to be reflected in future earnings, according to officials. There are now six producing wells on the lease. The Oceanic company has also purchased a 20 per cent interest in the Deeds Well at Signal Hill, which is now drilling at 6000 feet.

With the payment of the next bimonthly dividend of 2 cents, payable the 26th inst. to stock of record the 16th inst., the company will have paid a total of 12 per cent on its stock since January 1, last. An extra dividend of 6 cents was paid in April.

PULLMAN INCOME UP IN FIRST QUARTER

CHICAGO, May 1. (Exclusive)—Pullman, Inc., and all subsidiaries announced today a consolidated net income for the March quarter, of $3,638,785, after all charges, equal to $1.08 a share on 3,375,000 shares of capital stock, as compared with $2,563,848, or 77 cents a share on 3,361,498 shares for the same period of 1928.

COTTON MARKET

NEW YORK, May 1. (AP)—After responding only partially to a decline in Liverpool at the opening, today's cotton market strengthened on a less favorable view of the weather on smaller private acreage figures and on renewed covering which appeared to be combined with some trade or speculative buying. Prices advanced about 40 points from the low level of the morning, with the midafternoon market ruling about 30 to 25 points net higher.

FARM-AID PLAN ATTACKED

Bar Against Imports of Food Products Not Grown in America Held Narrow Policy

BY JOHN F. SINCLAIR

[Copyright, 1929, by North American Newspaper Alliance]

NEW YORK, May 1.—Some farm relief advocates hold to the theory that much of the farm surplus today is due to imports of foods, rather than to those raised in the United States.

Take bananas, for example. A witness appeared recently before the House Ways and Means Committee and testified that the bananas imported into the United States every year were equivalent to 435,000 acres of potatoes.

The natural conclusion is that we should shut out bananas and force the people to eat potatoes or some other substitute which in vitamin content is equal to bananas.

Such a position is too narrow. It does not recognize the position of world trade, how trade expands by a constantly rising import and export market and how, in the long run, everybody will be benefited by an increase in the prosperity of the world.

World prosperity is derived from the constant exchange of goods among countries. Any movement which tends to arrest that is an obstruction. That in itself is the chief argument against the tariff. Perhaps in the years to come, when the standard of living throughout the world is on a fairly even level, tariff walls will gradually be reduced and finally eliminated.

When Lawrence P. Fisher, president of the Cadillac Motor Company, and one of the famous seven Fisher brothers of Detroit, confirmed the purchase, through Howard Young, of the famous Romney portrait of Elizabeth from the Duke of Sutherland at a figure "not below $250,000," he brought again to the attention of the world the remarkable achievements of this famous Detroit family.

Most of the undertakings of the Fisher brothers are carried on together. Fred J is the leader. Few families in history have risen to such financial heights as this family, whose childhood home was in Norwalk, O., where the father and two or their uncles had a blacksmith and carriage shop.

Fred finished the eighth grade, and then went off to a business college in Sandusky, O. In 1902 he got a job as a draftsman for a large Detroit carriage company, at a small wage. Then came the rise of the motor industry, and the concern Fred was with began making bodies for the early Fords, Cadillas and Olds automobiles.

We next see Charley Fisher joining his brother in the same business. In 1908, just twenty-one years ago, with the help of their uncle, Andrew, they formed the Fisher Body Corporation, capitalized at $50,000. The boys soon bought out their uncle's interest. Then we find the Fisher Closed Body Corporation, which received its first big order, 150 closed bodies, from Cadillac, the largest order ever received up to that time. Now they turn out that number of bodies in a single day in just two of their forty-eight plants.

Two years ago the General Motors Corporation gave them $208,000,000 in stock for their business. Everybody knows what General Motors stock has done during the last two years. Recently the brothers built the finest office building in Detroit, a thirty-story structure containing hundreds of business and professional offices and stores, and an eleven-story garage, in addition to a 3000-seat theater.

These seven brothers, acting as a unit, are large operators on the New York stock market, give liberally to public charities in Detroit, and next to the Fords are perhaps the most powerful family there. In finance they are no mean competitor of Henry Ford.

Lewis H. Brown, who succeeded the late Theodore F. Merseles as president of the Johns-Manville Corporation, was born at Creston, Iowa, thirty-five years ago.

This country boy, after attending high school, was graduated from the University of Iowa in liberal arts, and then became a salesman and assistant to the sales manager of a manufacturing company in Indiana. During the war he was a captain of infantry in the Eighty-fourth Division, and attached as a staff officer at A. E. F. headquarters in France.

At the close of the war he joined Montgomery Ward & Co., and from 1921 to 1927 he was in close personal touch with Mr. Merseles, then president, and George B. Everett, now president of Montgomery Ward & Co.

When Mr. Merseles resigned from Montgomery Ward to accept the presidency of Johns-Manville, Mr. Brown went along as his first assistant.

He is one of the younger of the important business executives of the nation.

Byron Jackson Profits Higher

Byron Jackson Company reported yesterday for the first quarter of 1929 net earnings of $304,000 after reserves for Federal income taxes, an increase of more than 50 per cent over the corresponding quarter of 1928 of the company and its predecessors. After giving effect to the recent 100 per cent stock increase, earnings for the quarter are equivalent to 90 cents a share on the 335,884 shares of no par capital stock now outstanding.

The company has consummated its purchase of the business and properties of the Dunn Manufacturing Company located at Oxnard, which business is now being merged into the Byron Jackson Company's plants in Los Angeles.

SECOND ASSESSMENT VOTED BY OIL BOARD

Directors of the Commodore Petroleum Company have levied the second assessment on stock of the company at the rate of 10 cents a share to be payable the 27th inst., it was announced yesterday. Assessment No. 1 of 10 cents a share was payable March 27, last.

Aviation History is Being Written Across the Sky

The phenomeal flying feats of the past year, including the 150-hour endurance record, conclusively demonstrate the fitness of modern airplanes for dependable commercial aviation service.

The airship of today is revealed as a practical commercial machine; a swift, reliable carrier, and a challenge in the field of transportation so long dominated by the railroad train, the steamship, and the motor car.

The great tri-motored ships of the Maddux Air Lines, with almost the regularity of railway trains, cover 3150 miles of daily schedule service—by far the greatest mileage of any passenger service in America, exclusive of mail planes.

Further information will be furnished upon request.

PRODUCTION OF PIG IRON DOWN

April Figures Fraction Under Those for March

Moderate Decline Reported in Steel Demand

Pick-up Note in Buying of Wire by Farmers

CLEVELAND, May 2.—The Iron Trade Review for the week says:

Pig iron production declined fractionally in April, but the net gain of three active stacks in the month may presage a comeback in May. Preliminary estimates place the April daily rate at 118,154 gross tons, compared with 119,662 tons in March and 106,066 tons last April. So close is last month's rate to the record for April — 118,210 tons in 1923—that final figures may establish an April record.

April total production is estimated at 3,544,620 tons, compared with 3,709,518 tons in March, which was a longer month, and 3,181,975 tons last April. The four-month output of 13,905,542 tons is a record for the period. In April eight steel works stacks were blown in and four were blown out; two merchant stacks were dropped and one was lighted. The 216 stacks active as of April 30 was the greatest number since April, 1927.

In steel the trend in buying continues moderately downward, with the Chicago district, for several weeks an exception, now in line on some products. But so insistent is the pressure for prompt steel and so wide is the gap between booking and shipping, especially on bars, plates, sheets and strip, that this tendency is scarcely reflected in production and the mills have never entered a May with operating rates so high.

MILLS HANDICAPPED

Shortage of semifinished steel continues to handicap finishing mills at Pittsburgh, Chicago and Youngstown, the recent advances not bringing out additional supplies. Chicago continues to draw plates from Cleveland and Buffalo and forging bars from Pittsburgh. Water shipments to Detroit are expanding. In the East, deliveries generally are easier.

Considering all districts, iron and steel prices are strong. Pig iron producers in the valley district continue to apply their recent advances on the current small sales. More lower lake iron than reported appears to have been sold in the Chicago district, but without weakening the Chicago market. Iron and steel scrap prices tend toward softness. Sheet bars and billets at Philadelphia are up $2. Finished steel prices generally are steady. Some sheets have been sold.

A measure of plate activity is the fact that since December car builders at Chicago have taken 900,000 tons, including some bars and light shapes, while a Milwaukee fabricator of welded pipe has required 800,000 tons. On some sizes Chicago plate mills can deliver no sooner than sixteen weeks.

ALLOY STEEL EASIER

Alloy steel bars appear to have suffered more than soft steel bars in whatever curtailment has taken place in automotive buying. Business of bar makers varies according to their automobile buying affiliations.

Over their range of products sheet makers note no marked variation in demand. Specifications for the higher finishes are substantially as heavy for May as they were for April delivery. Strip mills at Pittsburgh have cut down their backlogs slightly, but at Chicago cold strip needs exceed shipments. Farm country buying of wire products has exceeded expectations and jobbers' orders have been expanding.

Car builders are taking as much steel as makers of plates and light shapes can ship them. With the Chicago and Northwestern likely to defer action on its inquiry for 2500 cars, approximately 6300 freight and 200 passenger cars are now pending, requiring in all 150,000 tons of steel. Structural steel awards in the past week approximated 65,000 tons, compared with 33,000 tons last week and a weekly average of 41,700 tons for 1929 to date. New York subways have taken 16,000 tons and electrification work on the Pennsylvania Railroad 6600 tons.

Higher prices on pig iron in Eastern Pennsylvania have lifted the Iron Trade Review composite of fourteen leading products 3 cents this week to $37.07, its highest in twenty-eight months.

. MARKET FLASHES

NEW YORK, May 1. (AP)—Stocks strong; Radio repeats year's high.

Bonds irregular; convertibles advance on strong demand.

Curb strong; Aluminum Company climbs 15 points to record price.

Foreign exchanges irregular; Spanish pesetas slump to new 1929 low.

Cotton higher; heavy rains in eastern and central belts.

Sugar steady; better export market.

Coffee advanced; Brazilian buying.

CHICAGO, May 1.—Wheat easy; bearish Kansas estimate.

Corn steady; bullish weather reports.

Cattle weak to lower.

Hogs lower.

CURB REMOVES TRIO OF UNLISTED ISSUES

The following three stocks were removed from trading yesterday on the unlisted division of the Los Angeles Curb Exchange: Buckeye Union common, Columbia Steel common and preferred, and Samson Tire and Rubber old. Removal of the stocks was ordered because of failure of the companies to comply with the curb requirements of appointing registrars for their issues. The action leaves only Ford of England on the unlisted division of that market.

OCCIDENTAL PROFESSOR SUCCUMBS

Dr. A. N. Cook's Passing Ends Thirty-seven-Year Career as Educator

Dr. Alfred N. Cook, 63 years of age, professor of chemistry at Occidental College since 1924, died yesterday morning at the Glendale Hospital as a result of a major operation, bringing to a close a service of thirty-seven years in college and university.

Dr. Cook came to Occidental College five years ago as acting head of the chemistry department during the absence of Dr. E. E. Chandler and remained as an addition to the department. He had been for sixteen years professor of chemistry at the University of South Dakota. Prior to that he had been connected with Amity College, Morningside College, Upper Iowa University and the University of Wisconsin, where in 1908 he received the degree of doctor of philosophy. From 1909 to 1913 he also served as State food and drug commissioner of South Dakota.

A graduate of Knox College in 1890, he studied later at Genesee Normal School, University of Chicago, University of Wisconsin and Stanford. He was a fellow of the American Association for the Advancement of Science A. A. A. S., former president of the South Dakota section of the American Chemical Society, former president of the South Dakota Academic Society, a member of the Eagle Rock Congregational Church and a Mason. He leaves his widow, Annie M. Cook, and two sons, Herbert Edward and Harold Lewis Cook, who live in Los Angeles.

Funeral services will be announced later. Dr. Francis O. Wyatt conducted the services.

Unit Organized for Supplying of Call Money

NEW YORK, May 1. (Exclusive) The first organization formed to operate independently in the call-money market was announced yesterday by John H. Allen, former vice-president of the National City Bank and president of the American and Foreign Bank Corporation.

The new corporation will be known as the First Call-Money Company of America and it plans to begin operations immediately under a plan by which the general public will be invited to participate in the profits available through the high rates charged for call loans. The corporation will start with 100,000 shares of stock of no par value, all of which have been subscribed.

Associated with Mr. Allen in the new venture are a number of bankers, industrial leaders and economists.

Wide fluctuations in call-money rates in recent months have called attention repeatedly to the fact that there is no one organization devoted exclusively to operations in this market. The banks have been the main reliance of the call-money market, though in the last year loans placed for the account of corporations have reached large proportions.

STOCK MART CLASS REGISTER TO CLOSE

Bank and bond houses are well represented in the State University Extension class in the "Stock Market," which is being conducted every Monday night by Dr. Floyd Burchett of the economics department of the university. Over 50 per cent of the personnel of the class is comprised of employees from these two groups. Class work covers a nontechnical discussion of securities, listings reading the financial page, relations between customers and brokers, types of orders, manipulation, rating securities, relation of money market to stock markets, trends and terminology. Registration to the class will be closed after the 6th inst.

JOHN BEAN PLANS TO CONVERT ISSUE

John Bean Manufacturing Company announced yesterday the conversion of $250,000 series B 6 per cent debentures into common stock at 52 1-4 per share, which leaves outstanding at the present time $250,000 convertible at 55, $500,000 convertible at 60 and $500,000 convertible at 65. There is also outstanding $500,000, series A debentures. The common stock now outstanding totals 124,762 shares.

NEW FINANCING ON SLATE OF UTILITY

SAN FRANCISCO, May 1. (AP)—The California-Oregon Power Company, operating in Northern California and Southern Oregon, today applied to the State Railroad Commission for permission to sell $1,50,000 worth of common stock to finance construction work. The company also asked to substitute 6 per cent stock for its present issue of 7 per cent preferred in the amount of $1,665,000.

BOOKLET OFFERED

Random Thoughts on Securities Market Off Press

The business of buying and selling securities has developed into the outstanding feature in American news today, according to Harrison S. Martin, an authority on stock-market procedure, in his recently published booklet, "Some Random Thoughts on Securities and Security Markets." In proof of this statement, the author cites the growth in bank deposits and securities in the United States since 1900.

He also emphasizes the fact that in 1900 the estimated amount of securities in the United States was $35,500,000,000, which was slightly over one-third of the national wealth, while in 1928 this had grown to $150,000,000,000. The booklet is being distributed by the committee on publicity, securities market, New York Produce Exchange.

April Trade Falls Below 1928 Levels

Business activity throughout the Los Angeles territory reported yesterday in the weekly review of the Bradstreet Company shows April to have been a very quiet month, with the sales of both wholesalers and retailers far below that of the same period last year. Spring and summer merchandise has not moved on account of the continued unfavorable weather and wholesalers state that since the spring season will soon be over, the chances for disposing of spring merchandise is becoming smaller every day.

Tire manufacturing plants are now working on full time, which has greatly improved the employment condition. While funds, especially eastern insurance money, has been plentiful, building was not as active as was expected earlier in the year. Apartment building is active and plenty of vacancies prevail.

Radio sales continue good, with collections improved. Oil storage has increased in the last sixty days, although sales have gained. Production in Southern California fields has decreased over the past week in compliance with the wishes of the commission on oil conservation.

Group of Motor Factors Reports Output in April

NEW YORK, May 1. (Exclusive) Automobile production figures for April and the first four months of the current year, announced today, follow:

Hudson Motor Car Company shipped 44,447 Hudson and Essex cars in April, a new record for any month, as against 28,002 in April, 1928. This brings the total for the first four months to 152,495, a new record and 33,058 cars in excess of the same period last year.

Graham Paige production for April totaled 11,550 cars, a new record, against 8275 in April, 1928. Production for the first four months totaled 36,834 cars against 21,407 units for the same period last year. April production exceeded March by 1490 cars.

General Motors Corporation's various divisions reported as follows:

Olds—April shipments of Oldsmobile cars, 15,752 against 11,088 in April, 1928, while shipments for the four months increased 19,000 over the first four months of 1928. April sales were 3053 ahead of March.

Buick — April shipments, 11,198 cars, considerably lower than in April, 1928. Factory officials explained the drop to the plant change-over due to the introduction of a new product, the Marquette. Production on this line began today.

Oakland—April shipments were 36,384 cars against 28,513 Oaklands and Pontiacs in April, 1928, and 36,483 in March.

Cadillac—April sales were 4206 Cadillac and La Salle cars, up 15 per cent over April, 1928, and an increase over March.

Hupp Motor Car Company reported April shipments of 6118 Hupmobile cars against 8034 in April, 1928.

Reo Motor Car Company reported April shipments of 5716 units against 5277 in April, 1928, and 4611 in March.

Willys-Overland Company reported April shipments about 40,000 cars, a gain of 1600 over March, and 500 over a year ago.

Day's Dividend List Reported

NEW YORK, May 1. (Exclusive) Dividend declarations reported today follow:

Federal Light Traction, regular quarterly of 37½ cents and 1 per cent in stock on common, payable July 1 to stock of record June 13, and $1.50 on preferred, payable June 1 to stock of record the 15th inst.

Quissett Mills, quarterly of $1.25 against $2 previously, payable the 15th inst. to stock of record the 1st inst.

Nickel Plate, regular quarterly of 1½ per cent on common and preferred, payable July 1 to stock of record the 15th inst.

Savage Arms Corporation, regular quarterly of 50 cents on common, payable June 1 to stock of record the 15th inst. and $1.50 on second preferred, payable August 15 to stock of record August 1.

Eitingon-Schild Company, regular quarterly of 62½ cents on common, payable the 31st inst. to stock of record the 15th inst., and $1.62½ on 6½ per cent preferred, payable June 15 to stock of record June 1.

American Water Works and Electric Company, regular quarterly of $1.50 on $6 first preferred, payable July 1 to stock of record June 12.

Electrical Products of Washington, initial of $1 on common, payable June 15 to stock of record the 15th inst., and semi-annual dividend No. 3 of $3.50 on preferred, payable July 1 to stock of record June 15.

Standard Oil of California, regular quarterly of 62½ cents, payable June 15 to stock of record the 15th inst.

Associated Oil Company, regular quarterly of 50 cents, payable June 29 to stock of record June 17.

Alaska Packers Association, regular quarterly of $2, payable the 10th inst. to stock of record April 30.

UTILITY EARNINGS ADVANCE SHARPLY

NEW YORK, May 1. (Exclusive) American Water Works and Electric Company today reported for the twelve months ended March 31, last, consolidated net income of $6,672,989, after all charges and reserves, equal after preferred dividends to $3.73 a share on 1,467,950 common shares, against $4,749,330, or $2.60 a share on 1,395,436 shares in the same period of 1928. Net earnings for March totaled $2,210,929, against $2,095,512 in the same month of the previous year.

INGERSOLL RAND TO PAY EXTRA DIVIDEND

NEW YORK, May 1. (AP)—Directors of Ingersoll Rand today declared a dividend of $1 on the common and an extra of $1.25, both payable June 1, next, to stock of record the 11th inst. Last quarter the company paid a regular dividend of 75 cents. Although the $1 payment authorized today came when the regular three-months' payment was due, it was not designated as a quarterly dividend.

MISSOURI PACIFIC IN FINANCING STEP

WASHINGTON, May 1. (Exclusive)—Missouri Pacific Railroad, in a second supplemental application filed with the Interstate Commerce Commission, today asked authority to guarantee, issue and sell $8,925,000 4½ per cent equipment trust certificates. The issue will be sold to the First National Bank of New York and Salomon Brothers and Hutzler Company, jointly, at 95.7 and accrued interest. Certificates will be date May 1, 1929, and mature May 1, 1944.

ADDITION TO EDISON LISTING ANNOUNCED

Additional listings of Southern California Edison for 235,291 shares of $25 par common stock and 400,000 shares of Series C 5½ per cent preferred stock of $25 par, and of Rio Grande Oil Company for 18,000 shares of no par common stock have been approved by the board of governors for trading on the Los Angeles Stock Exchange, effective immediately.

A 6.25% yield is offered by this investment in three widely diversified bonds.

Tide Water Power Company
First Mortgage 5% Bonds due 1979
Price 94½ and interest, yielding 5.32%

The Company serves 70 communities in North Carolina with electric light and power, gas and other services. Net earnings have recently been more than 2.4 times interest charges on this issue, the Company's only funded debt.

Union Rock Company
First Mortgage 6% Serial Bonds
Price 99 and interest, yielding over 6.10%

Total stock ownership of the Company was recently acquired by Consolidated Rock Products Co., which prepares, sells and distributes over 75% of the crushed rock, gravel and sand used in Southern California. The assets on which these bonds are a first mortgage have been independently appraised at $8,989,000, equivalent to over $3,700 for each $1,000 bond outstanding.

Ernesto Breda Company
First Mortgage 7% Bonds (with Stock Purchase Warrants)
Price 96¼ and interest, yielding 7.33%

The Company, one of the largest manufacturers in Italy of railroad, electrical and other equipment, has assets securing these bonds of nearly three times their par amount and recent net earnings of over 2.4 times interest requirements.

The bonds are listed on the Boston Stock Exchange and application has been made for listing on the New York Stock Exchange.

A total principal outlay of $2,897.50 is necessary to purchase a $1,000 bond in these three issues. The annual return —$180— is payable on six different interest dates throughout the year.

We suggest the above program as suitable and attractive for the diversified investment of surplus funds, and we will be glad to furnish you with more information about it.

6%
Municipal Improvement Bond Certificates

Due Serially February 1, 1930 to 1939
Denominations $1,000—$500—$5,000
Exempt from Federal Income Tax and California Personal Property Taxes in Opinion of Counsel.

THESE certificates represent actual proportionate ownership of an equal amount of carefully selected California Municipal Improvement Bonds, deposited with the Farmers & Merchants National Bank, Los Angeles, as Trustee. The deposited bonds average $144.19 each, and are a direct lien ranking prior to all mortgages, present or future, on real property having a total appraised value in excess of 23 times this issue of Certificates.

In this issue, there are 9,201 separate bonds. Each bond is secured by a separate piece of property. The purchaser of a certificate becomes the proportionate owner in each one of these bonds. The average amount in a single property per $1000.00 certificate is less than 11 cents.

Price 100 and Interest, to yield 6%

Wheat Futures Unchanged to Fraction Down

CHICAGO, May 1. (Exclusive)—Nearly 24,000,000 bushels of cash grain were delivered on May contracts today in the leading markets of the world, with about half of the total open interest in the near-by delivery of wheat in Chicago satisfied by tenders of the cash article, a total of 9,334,000 bushels being sent out. At Liverpool deliveries of wheat were 2,296,000 bushels and at Winnipeg 2,618,000 bushels.

Deliveries were heavier than anticipated by the trade in general and led to selling of futures early. A strong rally followed the dip, with wheat reacting rather sharply toward the last on local pressure, and the finish was unchanged to ⅛c lower, with May, 1.12⅞@1.13; July, 1.17¾; September, 1.21⅛; December, 1.26½@1.26⅝. Corn, however, while easing from the best figures with wheat, closed ⅜@⅝c higher, with May 90½; July, 93⅞@94, and September, 95⅞@96.

May oats developed congestion and closed 1⅝c higher at 49⅛@49¼c, with July unchanged at 46½ and September ⅛c lower at 44⅞c. Rye was ⅛c lower to ⅛c higher with May 93⅜c, July 95⅛c, September 98⅜c.

Long May wheat came out rather freely throughout the day, with some reinstating by buying of the deferred deliveries at 5c difference, while spreaders did the reverse. Liverpool reported deliveries went into strong hands, due to the low prices. Futures there gained ⅞@1⅛d for the day with May leading, the latter finishing at 1.21¾ per bushel, or 8⅛c over Chicago at the time. Winnipeg was strong and ⅛@⅜c higher with some buying to remove hedges against export sales. The foreign demand showed considerable improvement with sales of 1,300,000 bushels in all positions, largely Manitobas.

Private reports from the American and Canadian Northwest indicated that spring wheat seeding had made considerable progress of late, although a great deal of work remains to be done. Outlook for the winter wheat crop is very favorable taking the belt as a whole, and private reports tomorrow are expected to suggest a yield in excess of 600,000,000 bushels compared with 579,000,000 bushels harvested in 1928. The Santa Fe Railroad estimates the Kansas crop at 150,000,000 to 170,000,000 bushels against 177,000,000 bushels secured last year.

Unfavorable weather for plowing and planting of corn is causing considerable apprehension. The government weekly report showed field work two to three weeks later than the average.

Local shorts were good buyers of futures following an early break occasioned by larger deliveries than expected. 5,588,000 bushels. The latter are said to have included around 2,000,000 No. 2 and No. 3 yellow. There was buying of May and selling of July by cash interests at 4 cents difference, and longs in May did the reverse. The spot basis here was steady to ⅛c higher.

Considerable intended oats acreage in Iowa will not be seeded this year owing to the lateness of the season, according to the weekly report. There was a noticeable lack of pressure on May oats and prices advanced 2⅛c from the early low with the finish slightly under the best figures due to profit-taking. Deliveries were 183,000 bushels.

Practically all of the contracts of rye were delivered on May contracts here early 774,000 bushels being put out and at noon 300,000 bushels were delivered. A local cash house sold May and bought July, and also bought 11,000 bushels cash rye to come here from Minneapolis. Other interests bought May and sold July.

Provisions eased early but firming later in the day. Decline of 15@25c in hog prices and scattered commission house selling forced the dip. Upturn was attributed to short covering and buying for cash interests.

RANGE OF PRICES

GASOLINE ADVANCED

SHREVEPORT (La.) May 1. (Exclusive)—Louisiana Oil Refining Corporation and others advanced service-station and tank-wagon prices for gasoline here today 1 cent a gallon to 20 cents.

LOS ANGELES EXCHANGE

Emsco Derrick Features Turnover While Douglas Aircraft and Byron Jackson Hit New Peaks

Byron Jackson, Douglas Aircraft and Emsco Derrick commanded the chief interest yesterday on the Los Angeles Stock Exchange, while the petroleum issues remained in a relatively dormant position. Irregular price fluctuations characterized the market as a whole with oil list displaying a slightly softer tendency.

Byron Jackson shot up 1 7-8 points to a new top price at 40 7-8, and ended the session at 40½, up 1½ net. Douglas Aircraft in the early dealings reached another new record price at 39 1-8, from where it sold down to a close at 38, off ½. Emsco Derrick featured the market with an unprecedented turnover, topping 21,000 shares, and after scoring a high at 42 1-8, closed at 42, up 1 5-8 points net.

Small fractional recessions marked the oil board as the quiet trading indicated a lack of any constructive buying. Richfield and Standard of California each yielded 3-8 to end at 45 1-8 and 77 5-8, respectively. Union of California was off 1-8 to 50 3-8; Union Associates firm at 50; Signal at 40, off ½, and Rio Grande off 5-8 to 36 7-8. None of the major issues were traded in excess of 1400 shares.

Other divisions of the market held steady for the most part and no changes of consequence were recorded.

LOS ANGELES CURB

Lockheed Aircraft continued to head the trading activity of a brisk session yesterday on the Los Angeles Curb Exchange but in line with a majority of other issues reacted slightly toward the close following a general bullish demonstration in the previous session. The reactionary movement, however, was of a generally spotty nature and in only one or two instances were quotations forced down farther than a full point.

Lockheed shot up 1 point to 22 5-8 in the early part of the session and under subsequent selling dropped back to a close at 21, off 5-8 net. Fokker soared to a new peak at 44½ and ended at 42 5-8, off 3-8 net. Aviation Corporation touched a high for the day at 21 and finished at 20½, up 7-8. Western Air Express, after reaching 68½, closed off 1 3-4 net to 67 1-4.

Pacific Mutual traded at an unusually brisk pace and scored a new record price at 117 3-8, up more than 4½ points, and closed at 116 1-4 up 3½ net. Atlantic Refining struck another new peak at 66½, up 1-8. Mexican Seaboard dropped off 1 3-8 to 55 7-8.

Sales totaled 214,291 shares valued at $1,585,522.

New Issue

$4,000,000

American Commonwealths Power Corporation

Convertible Gold Debentures, 6% Series

Dated May 1, 1929 Due May 1, 1949

Coupon Debentures in interchangeable denominations of $1,000 and $500, registerable as to principal only. Callable as a whole or in part at any time upon sixty days' published notice at 102½ and accrued interest. Interest payable May 1 and November 1.

Convertible at holder's option into Class A Common stock at $25 per share to and including May 1, 1932, at $30 per share thereafter to and including May 1, 1934, and at $35 per share thereafter to and including May 1, 1939. If called for redemption, the conversion privilege extends up to and including the tenth day prior to the redemption date. The supplemental agreement under which these Debentures are to be issued will contain appropriate provisions protecting the conversion privilege.

The following information has been summarized by Mr. Frank T. Hulswit, President of the Corporation, from his letter dated May 1, 1929, copies of which may be obtained upon request, and is subject to the more complete information contained therein:

BUSINESS AND TERRITORY: American Commonwealths Power Corporation, organized under the laws of Delaware, owns (a) all of the Preference and Common stocks of American Community Power Company; (b) all of the Preference and Common stocks of American Gas and Power Company; (c) all of the First Preferred stock and over 99.9% of the Common stock of Union Gas Utilities, Inc.; and (d) certain diversified public utility investments, the present market value of which is in excess of $8,000,000, and has contracted to acquire (e) the gas properties serving Birmingham, Bessemer, Fairfield, Tarrant City, Hollywood and Brighton, Alabama, and certain territory adjacent thereto.

The subsidiary companies furnish directly or indirectly electric light and power, gas, water and/or ice service to 303 communities with a present estimated population of 1,837,000, located in the States of Alabama, Arizona, Arkansas, Florida, Georgia, Kansas, Louisiana, Maine, Minnesota, Missouri, Nebraska, New Mexico, South Dakota and Texas.

EARNINGS: The earnings for the twelve months ended December 31, 1928 (including Birmingham Gas Company) are presented below:

Consolidated Gross Earnings, all sources	$19,748,903.01
Operating Expenses, Maintenance and General Taxes	11,874,733.52
Net Income	$ 7,874,169.49
Earnings accruing to American Commonwealths Power Corporation after deducting all taxes of the Corporation and its subsidiaries, depreciation reserves, annual bond interest and preferred stock dividend requirements of subsidiary companies and earnings accruing to minority common stocks, but before amortization charges	$ 1,778,280.84
Annual interest requirements on $13,000,000 Gold Debentures outstanding (including the present issue)	$ 755,000.00

The earnings available, after depreciation, as shown above, are equivalent to approximately 2.4 times annual interest requirements on the Gold Debentures outstanding (including the present issue).

EQUITY: The Debentures will be followed by 80,384 shares of First Preferred stock, 13,711 shares of Second Preferred stock, 805,494 shares of Class A and 387,133 shares of Class B Common stock, having a present indicated market value in excess of $35,000,000.

These Debentures are offered when, as, and if issued and received by us, subject to approval of counsel. It is expected that Debentures in temporary form will be ready for delivery on or about May 9, 1929.

Price 97 and accrued interest, to yield over 6.25%

Our Recommendations

In the selection of issues which we purchase for resale to our clients, this house feels it of far greater importance that its clients obtain a sound investment than that it shall make a highly profitable sale.

LOS ANGELES MARKET

CATTLE—Fair demand developed and a good clearance of the rather liberal fresh supply was made. Prices were uneven, most classes being on a steady to 25c lower basis when compared with Monday, plain steers and plain, half fat cows showing the most decline.

A car of medium 938-pound Central California steers topped at 11.75, while a four-car string of 1058-pound Imperials made 11.65. Three cars of 1168 to 1184-pound bullocks went over for 11.50, while a load of common 944-pound averages brought 10.15. Small lots of other steers sold from 9.50@10.15.

Three loads of medium to good 734 to 873-pound heifers cashed from 10.00@10.25, while a load of medium 878-pound cows and heifers made 9.35. Two loads of 1074-pound Central California cows and a car of medium 742-pound holdover heifers made 9.25. Common and low medium cows were fairly numerous from 7.75@8.50, with a few medium kind at 8.75. Cutters and low cutters turned from 3.50@7.00. A few common and medium bulls sold from 7.50@8.50.

CALVES—Demand was narrow and the resultant market was slow on a steady to weak basis. Two loads of good 219 and 221-pound California vealers cashed for 12.50@13.00. Odd head of vealers sold up to 14.00 and better, with a few plain heavy calves down to 10.00 and below.

HOGS—Active demand existed and a ready clearance was effected at generally steady prices. A car of good 173-pound New Mexicos went to an outside packer with freight benefit at 12.75. The next best price, 12.50, was paid for two cars of good 175 and 194-pound Idahos and New Mexicos. A car of mixed 188-pound Idahos realized 12.35, while a car of 187-pound Central California butchers brought 12.00. Small lots of truck-in butchers sold from 11.35@12.00. Packing sows were in light supply from 9.50@10.00.

SHEEP—Generally steady. Offerings consisted of two loads of good 81 and 83-pound truck-in milk lambs at 14.25 and 14.50 with about 10 per cent sorts at 12.25 and 12.50. Choice milk lambs were quoted up to 15.25. Medium to choice shorn ewes were quoted from 5.25@7.00.

YESTERDAY'S QUOTATIONS

Slaughter cattle and calves: Steers, 1100 to 1300 pounds, good, 11.65@12.25; 950 to 1100 pounds, good 12.00@12.75; 800 pounds up, medium, 10.75@12.00; common, 8.50@10.75. Heifers, 850 pounds down, good, 10.00@11.00; common and medium, 7.35@10.00. Cows, good, 9.10@9.75; common and medium, 7.00@9.10; low cutter and cutters, 3.00@7.00. Bulls, yearlings excluded, good beef, 8.50@9.00; cutter to medium, 6.75@8.50. Calves, 500 pounds down, medium to choice, 10.00@13.00; cull and common, 7.00@10.00. Vealers, milk fed, good and choice, 12.50@15.00; medium, 11.00@12.00; cull and common, 8.00@11.00.

Hogs, medium weight, 200 to 250 pounds, medium to choice, 11.50@12.50; light weight, 160 to 230 pounds, medium to choice, 11.75@12.65; light lights, 130 to 160 pounds, medium to choice, 11.50@12.50. Packing sows, rough and smooth, 8.75@10.00; slaughter pigs, 90 to 130 pounds, medium to choice, 9.75@11.85. (Soft or oily hogs and roasting pigs excluded in above quotations.)

Slaughter sheep and lambs: Spring lambs, good and choice, 14.25@15.25; medium, 13.25@14.25; cull and common, 10.50@13.25. Lambs, 84 pounds down, good and choice, 12.50@13.50; 92 pounds down, medium, 11.50@12.50; all weights, cull and common, 9.00@11.50. Ewes, 110 pounds down, medium to choice, 5.25@7.00; all weights, cull and common, 2.50@5.25.

OUTSIDE MARKETS

SOUTH SAN FRANCISCO, May 1. (AP)—Hogs, receipts, 450; weak to 10c lower; load good 180-pound Idahos, 12.25; load uneven 142-pound averages, 12.15; two loads lightweight Californias, 11.75@12.00; heavies, 11.25; slaughter pigs, 11.00; packing sows, 8.00@8.75.

Cattle, receipts, 85; load back. Steers steady; load good 1000-pound grassers, 12.00; late Tuesday load medium grade, 11.90; lower grade cows weak to 25c lower; good grades absent. Few lots cutters and common, 3.00@7.25; low cutters down to 3.00; few medium grade bulls, 7.50@8.50.

Calves, receipts, 85; steady; part load medium to good 210-pound calves, 11.50; common weighty, 8.00.

Sheep, receipts, 1325; weak to 25c lower; four decks good 74-pound lambs, 14.00; five decks medium grade showing. Late Tuesday deck medium grade 64 pounds, 13.50; two decks 67-pound feeding lambs, 11.00; culls, 8.50; yearlings and ewes absent.

CHICAGO, May 1.—Hogs, receipts, 25,000, including 12,000 direct; mostly 10@15c lower; fairly active at decline; top, 11.40; largely a 11.00@11.25 market for good and choice 160 to 280 pounds; butchers, medium to choice, 250 to 300 pounds, 10.75@11.20; 200 to 250 pounds, 10.85@11.40; 160 to 200 pounds, 10.75@11.40; 130 to 160 pounds, 10.15@11.35; packing sows, 9.60@10.25; pigs, medium to choice, 90 to 130 pounds, 9.00@10.85.

Cattle, receipts, 9000; calves, 4000; fed steers and yearlings weak to 25c lower; slow at decline; early top, 14.75; prospects 25@50c under Monday; she stock scarce, steady to weak. Slaughter classes, steers, good and choice, 1300 to 1500 pounds, 13.35@14.75; 1100 to 1300 pounds, 13.35@14.90; 950 to 1100 pounds, 13.25@14.90; fed yearlings, good and choice, 750 to 950 pounds, 13.25@15.00; heifers, good and choice, 850 pounds down, 12.75@14.60; cows, good and choice, 9.50@11.75; cutters, 6.50@8.25; bulls, good and choice, beef, 10.35@11.50; vealers, milk fed, good and choice, 13.75@16.50; stocker and feeder steers, good and choice, all weights, 12.25@13.50.

Sheep, receipts, 14,000; extremely slow bids and sales, 25@50c lower; woolskins, 16.00 down; indications shorn lambs around 15.00; good to choice spring lambs held above 17.00; ewes, 25@50c lower; good to choice ewes, 8.00@8.75. Lambs, good and choice, 92 pounds down, 14.25@15.35; medium, 13.75@14.50; medium to choice, 92 to 100 pounds, 13.50@15.00; ewes, medium to choice, 150 pounds down, 7.00@9.00.

SOUTH ST. PAUL, May 1.—Cattle, 3200; lower; bulk steers and yearlings, 13.50 down; she stock around 8.50@10.00 for cows and 10.00@11.50 for heifers; cutters, 6.50@7.75; bulls, 9.25@9.75; calves, 3800; strong to 50c higher, 15.00@17.00.

Hogs, 11,500; slow, weak to 10c lower; lights and butchers, 10.70@10.80; packing sows, 9.25@9.50 or better. Pigs, 15c lower, 10.85.

Sheep, 700; clipped lambs, 15.00; ewes very scarce; best clipped ewes salable 50c lower.

OMAHA, May 1.—Hogs, 10,000; 10@25c lower; 190 to 250-pound weights, 10.50@10.65; 140 to 190-pound selections, 9.75@10.65; feeder pigs, 9.50@10.00; packing sows and stags, 25c lower, 9.50@9.75.

Cattle, 8500; fed steers and yearlings steady; 12.25@14.00. Heifers, 12.00@13.50; cows, 9.00@10.50; bulk all cutters, 6.50@8.25; medium bulls, 9.25@9.75; practical top veals, 15.50.

Sheep, 7000; lambs mostly 25c lower; feeding and shearing lambs, 25@50c lower; bulk California spring lambs, 17.00; top to shippers, 15.00@17.40; fed wooled lambs, 14.65@15.25; fed clipped lambs, 14.25; wooled ewes, 9.50 down; shorn ewes, 8.25 down; shearing lambs up to 14.75.

KANSAS CITY, May 1.—Hogs, 10,000; fairly active steady; 170 to 250 pounds, 10.85@11.00; 140 to 160 pounds, 10.40@10.00; packing sows around 25c lower; bulk, 9.00@9.50; stock pigs, strong to 10c higher, 9.50@10.60.

Cattle, 6500; fed steers and yearlings steady; bulls steady to strong; vealers steady to 50c lower; weighty calves steady; stockers and feeders slow, steady to easier. Fed steers, 12.75@13.75; yearlings, 14.25; butcher cows, 9.00@10.50; medium bulls of strong weight up to 9.50 and above; good to choice vealers, 12.00@15.00.

Sheep, 1600; very slow, few sales wooled lambs, 15.25@15.40, around 25c lower; nothing else sold.

ST. JOSEPH, May 1.—Hogs, 6000; slow, light and mediumweight hogs, 10@15c lower; 10.90 paid sparingly for 210 to 230-pound hogs. Packing sows mostly 25c off, 9.50@9.75; stocker and feeder pigs, 25c lower, 9.00@9.75.

Cattle, 1500. Fed steers and yearlings fairly active and steady to strong. Good demand for she stock at steady prices. Bulls strong. Vealers unchanged. Choice 1173-pound steers and 773-pound mixed yearlings, 14.00. Bulk cows, 8.75@10.00. Bulls, 10.50; choice vealers, 14.00. Stockers and feeders slow, uncertain. Weak, 14.10.

Sheep, 9000; receipts include nine doubles California springers; three doubles Arizona; ten loads Colorado wooled lambs; one car Arizona ewes; nothing done early. Buyers talking sharply lower.

PORTLAND, May 1.—Cattle and calves quotably steady; receipts, 280; all billed through.

Hogs quotably steady; receipts, 140, all direct.

Sheep and lambs quotably steady; no receipts.

A LOOSE-LEAF
RECORD BOOK

Income tax troubles are greatly lessened by accurate data on an investor's securities.

WE have prepared a loose-leaf securities record book which is now ready for general distribution to investors.

It contains spaces for names, numbers, maturities, coupon dates, amount paid and received for each security, and whether taxable or tax free. This data is readily available at any specified tax time if desired. Ample spaces for stocks and bonds.

Loose leaves may be had to replace pages as they become obsolete with changes in the investor's holdings.

May we send you a copy?
An investment record book will be mailed to you on request.

[SELLING]
at only 9 times earnings

COMPARED to the great majority of public utility stocks which are now selling at 20 to 35 times their 1928 earnings, Central Public Service Corporation Class "A" Stock appears decidedly undervalued and offers a highly attractive investment opportunity.

This stock is now selling on the New York Curb Market at approximately 44⅝ per share or less than 9 times its 1928 earnings. Considering the strength of the Company's system which serves a population of 1,400,000 in 20 states, this investment offers real possibilities.

Call, phone or write for circular.

[*At their option, stockholders may apply cash dividends toward the purchase of additional Class "A" Stock at the rate of 10% annually.*]

New Issue

This issue having previously been offered by the Company to its stockholders, the undersigned now offer the unsubscribed portion of

$7,000,000

Pacific Finance Corporation

5½% Convertible Gold Notes

Dated April 1, 1929 Due April 1, 1944

Authorized $10,000,000; to be presently issued $7,000,000. Interest payable semi-annually April 1 and October 1 without deduction for normal Federal Income Tax up to 2%. Principal and interest payable at the Security-First National Bank of Los Angeles or at the Continental Illinois Bank & Trust Company, Chicago. Coupon Notes in $1000 denomination, registerable as to principal only. Redeemable as a whole or in part at the option of the Company on any interest payment date upon 30 days' notice at 105 and interest up to and including April 1, 1934, the premium decreasing ½ of 1% for each year, or fraction thereof, after said date. The Company agrees to reimburse holders of these Notes, resident in the State of California, for any personal property taxes paid thereon not exceeding two mills on each dollar of principal amount in any one year, as provided in the Trust Agreement.

SECURITY-FIRST NATIONAL BANK OF LOS ANGELES, TRUSTEE

As provided in the Trust Agreement, these Notes are convertible into the Common Capital Stock of the Company at any time during the periods specified at the following prices:

At $120.00 per share from April 1, 1929 to and including April 1, 1930,
At $125.00 per share from April 2, 1930 to and including April 1, 1931,
At $130.00 per share from April 2, 1931 to and including April 1, 1932,
At $140.00 per share from April 2, 1932 to and including April 1, 1933,
At $150.00 per share from April 2, 1933 to and including April 1, 1935.

Mr. Lee A. Phillips, President of the Company, has summarized his letter to us as follows:

BUSINESS Pacific Finance Corporation, organized in California in January, 1920, is engaged primarily in the purchase and financing of receivables created in the retail and wholesale distribution of motor vehicles. The Company is the fourth largest automobile finance company in the United States and the leading and largest institution of its kind on the Pacific Coast. The Company maintains offices in California, Oregon, Washington, Arizona, Utah and Idaho. As of December 31, 1928, the Company held loans and discounts and receivables of approximately $28,250,000, consisting of 71,844 items having an average balance of $393. The annual volume of business has increased from about $6,800,000 in 1920 to over $75,000,000 in 1928. Since its organization in 1920 and up to December 31, 1928, the Company purchased receivables aggregating $290,964,246, of which $262,713,139 were liquidated with a loss ratio less than the reserve set up for losses.

PROVISIONS OF ISSUE These Notes are to be issued under a Trust Agreement in which the Company will covenant:

(1) To maintain current assets equal to at least 120% of all liabilities, including these Notes, as such terms are defined in the Trust Agreement;

(2) Not to cause or permit its total liabilities (exclusive of capital, surplus and reserves but including all Notes) after deducting from such total liabilities an amount equal to cash on hand and in banks, to become more than two and one-half times the sum of its paid-in and unimpaired capital and its paid-in and earned surplus;

(3) Not to create any lien or other charge on any of its property, excepting mortgages or liens on after acquired fixed property, without ratably securing these Notes; and

(4) To maintain a paid-in capital of not less than $9,000,000.

EARNINGS During the five calendar years 1924 to 1928, inclusive, the income of the Company available for the payment of interest in relation to the actual interest paid, including interest on bank loans, during each year has been as follows: 1924, 4.30 times; 1925, 4.13 times; 1926, 2.03 times; 1927, 2.18 times; 1928, 2.78 times.

EQUITY These Notes are followed by $6,000,000 par value preferred stocks and $5,050,000 par value common stock, which at market quotations represent an equity behind these Notes as of April 25, 1929 of over $29,000,000.

BALANCE SHEET The balance sheet of the Company as of December 31, 1928 shows current assets of $32,145,490.38 and current liabilities of $15,229,517.54, before giving effect to this financing, the proceeds of which will be applied entirely to the reduction of current bank loans (none of which is secured by pledge of receivables or otherwise) and to permit further profitable expansion of the business.

MANAGEMENT The management of the Company is in the hands of men of long experience in automobile financing and insurance. The Company's policy is distinctly conservative as indicated by the fact that it limits its borrowings to a very low ratio in relation to its capital and surplus, and confines its automobile financing to the purchase of obligations arising from the sale of only well-known and established makes of motor vehicles.

All legal proceedings relating to the authorization and issuance of these Notes are subject to the approval of Messrs. Gibson, Dunn & Crutcher, Los Angeles, for the Underwriters and Messrs. Overton, Lyman & Plumb, Los Angeles, for the Company.

PRICE 100 AND INTEREST TO YIELD 5½%

Delivery when, as and if issued and received by us and subject to the approval of counsel. These Notes are offered subject to the issuance of a Permit by the Commissioner of Corporations of the State of California and to such changes as the Commissioner may require.

The Elliott-Horne Co. Hunter, Dulin & Co.
American National Company

All statements made herein are based upon information obtained from official and other sources which we regard as reliable and, while not guaranteed, are the data upon which we have acted in the purchase of these Notes. All securities offered subject to prior sale and change in price without notice.

DRIFT ON STOCK MARKET UNEVEN

(Continued from Fourteenth Page)

ion Carbide was bid up more than 19 points to a record price at 264½ in buying said to be in expectation of large earnings from new products and processes. Electric Auto Lite was sent up 13 points on reports that current earnings are more than double what they were a year ago.

Stromberg Carburetor touched a new top at 101 in buying for the privileges of conversion into Bendix Aviation. American Bosch Magneto, Borg Warner, Murray Corporation, Weston Electrical Instrument and Wilcox Rich issues broke into new high ground. Motors were rather heavy, save for Marmon, which jumped more than 8 points to a new high for the year, and Willys-Overland, which was bought on large current sales reports. General Motors made a moderate gain in response to April sales reports, but lost it before the close.

UTILITY ACTIVE

Columbia Gas and Electric sold up about 3 points to a new high on rumors of a forthcoming issue of rights, and American Radiator and Standard Sanitary touched a new high at 50 on rumors of an association of interest with Johns Manville. Adams Express regained 25 of the 34 points lost yesterday. Ludlum Steel, Mathieson Alkali, Symington A, and Texas and Pacific broke into new high territory.

American Telephone lost about 5 points in selling on the good news of the granting of rights. United States Steel lost about a point, indicating that the quarterly earnings report had already been discounted. A break in Advance Rumely was an unsettling influence. After touching a new top at 104 7-8, it broke to 95, and the preferred lost most of a 10-point rise.

In the commodity markets, cotton gained about $1 a bale on favorable weather reports. Wheat sagged on larger than expected May deliveries, but regained most of its loss.

Foreign exchanges were quiet and generally steady, save for the Spanish peseta, which dropped to a new 1929 low at 14.32 cents.

Safeway Stores
Incorporated

..and now, the
AUDITORIUM
BUILDING

THE Auditorium Building, at Fifth and Olive, first modern fireproof, reinforced concrete business structure to be erected in Los Angeles, is added today to the growing list of important income properties - - - - -

"Managed by J. M. WALSHE ORGANIZATION, INC."

It is with sincere pride that we assume the management of a property that has for a quarter of a century stood out as a business landmark in Southern California. It is with a deep sense of responsibility that we dedicate our every resource to the maintenance of the high standards that always have been associated with this building.

OFFICE SPACE

A very limited amount of office space is now open to desirable tenants. The building is especially equipped for and caters to the Medical and Dental Professions and allied Laboratory and Professional Service.

Inquiries are invited, and full information will be furnished promptly.

Tonight
MR. WILLIAM FOX, *President*
Fox Film Corporation . . .
Fox Theatres Corporation
will speak on
*"The Motion Picture Industry—
Yesterday, Today, and Tomorrow"*

Mr. Fox, in speaking of the motion picture industry, deals with a subject which he knows at first hand, having been identified with it from its early days, as exhibitor and as producer. His address should be of interest both to radio listeners who are motion picture patrons, as well as to those who desire to increase their knowledge of this great industry as a field for conservative investment.

HALSEY, STUART & CO.
RADIO PROGRAM
KFI—6 o'clock

Broadcast over a Coast to Coast network of 39 stations associated with the National Broadcasting Company. Music by instrumental ensemble.

A copy of Mr. Fox's address may be obtained by writing Halsey, Stuart & Co., 210 West Seventh Street, Los Angeles. Ask for folder LT-5.

NEW YORK BOND PRICES

NEW YORK, May 1. (AP)—A bullish flourish in stocks today brought issues with conversion or stock subscription features to the forefront in the bond market today. Thrust aside in the scramble for semi-speculative favorites, purely investment issues were dull, with prices showing little change.

Some month-end reinvestment of dividend and interest disbursements helped the general list, but lagging sales indicated a falling off of the recent investment demand which accompanied the April recovery of bonds. This was attributed partly to the higher-priced levels and the reviving bull movement in stocks.

Trading in the convertibles started at a fast pace but tapered off in the afternoon. American I. G. Chemical 5½s, in point of sales as well as gains, still led the convertible group, finishing at a high of 102½, a rise of 3½ points for the day and more than 7 points above the subscription price last Friday. The linking of American capital with German Chemical Enterprise represented by this issue and its strong sponsorship have proved a strong attraction to investors and speculators.

The biggest bond issue since the war—the $225,000,000 of American Telephone convertible 4½s, authorized by stockholders yesterday— was admitted to dealings on the stock exchange this morning on a when issued basis, and opened at 141, compared with the offering to stockholders at par. Trading started off briskly, prices advanced a point, but fell back to 136½ and closed only a fraction above that price as the stock turned downward.

Between them, the new chemical and telephone issues contributed nearly one-eighth of the sales which totaled a little less than $8,600,000. They are expected to bulk large in the trading for some time to come.

Alleghany Corporation 5s, American International 5½s and International Telephone 4½s were other active members of the convertible group, but they slipped off a fraction toward the close after early firmness.

The rails were uneven. Demand was less apparent in the showing of the junior issues save for Frisco 4½s, which gained a point on a sizable turnover. Insurance companies and banks are reported to have been doing most of the buying of this issue since it was added to the legal list for savings banks through an amendment to the New York State banking law.

Industrials as a group were easy, oils particularly tending a shade lower. United States government obligations firmed on the easier credit outlook.

In the foreign division, South American loans were accumulated by investors attracted by the higher yields obtainable than on domestic bonds. Argentine issues were firm. German bonds aside from the Republic 7s, continued soft. Pirelli of Italy 7s, a volatile convertible, shot up 7 points while Fiat 7s with warrants dropped 5. Most of the foreigns were steady.

The quotations represent sales of bonds (in thousands of dollars) and the high, low and closing prices in the order given. To expedite transmission, the close is omitted when the same as the low, and both low and close when same as high.

UTILITY EXPECTED TO OFFER RIGHTS

NEW YORK, April 30. (Exclusive) Directors of the Associated Gas and Electric Company will in the near future offer rights to stockholders to subscribe to additional Class A stock of the company, it is believed in financial circles here. On what basis the rights will be offered has not yet been definitely decided but an official announcement is expected shortly.

United Gas
Company

The natural gas industry is not a new industry, the first company having been organized for its distribution in Fredonia, New York, more than 60 years ago. Today natural gas is distributed in more than 2000 communities and is being used by approximately one-seventh of the total population.

United Gas Company is one of the principal systems in the natural gas industry. Its common and preferred stocks at present market prices offer attractive investment possibilities.

Write for details.

INTERESTING ESTATE OF 3 ACRES

Buildings: 18 Rooms.
Construction: Stone, English Type.
Furnishings: In perfect accord with the main residence which, while it impresses with its solidity of structure, yet is so arranged and appointed that it breathes an air of comfort and refinement.
Grounds: Harmonizing setting for a home of this character has been created through many unique interesting and individual features.
View: Ocean, mountains, city.
Saddle Horses: Prize winners.

In a fast-growing community where the better residence districts of today, tomorrow are passe, this property is so situated that it will ever be most desirable and, as the New England homes of our forefathers have withstood the ravages of time and even today are numbered among the most livable in America, so a century from now will this estate be held.

Price: A saving to you of 20% and of 3 years' time in establishment.
No trades considered

FURTHER DETAILS: MR. BENNION, OXford 6168

Economic Bulletin
No. 1
RIDING WITH THE TRENDS

Two costly yachts left their harbors, bound in opposite directions.

One bucked a head wind, sailing close-hauled and making poor time; the other, with a wind at her back, skimmed along three times as fast.

Both were equally good boats, both had the same amount of wind.

The big difference was that one bucked the natural elements, and the other sailed with them.

And thus, according to economics, it is the same with regard to our investments, there being natural tides which either sweep us on to security and profit, or relentlessly batter us down if headed the wrong way.

These natural tides in business and finance are called TRENDS, meaning a tendency of movement, in some one direction.

People who profit most in their investments are those who perceive a TREND in the making, and capitalize upon it.

Such a TREND is now in process of formation, and nowhere in all the world is its application more certain than here in Southern California.

Hundreds of millions of profits will be made through the operation of this TREND within the next few years, by those who will think and ride with the tide.

Several years ago the listed securities field represented a "buyers market"; a TREND was in the making; and those who "rode" became independent.

Today, a totally different field offers an even greater "buyers market," and a distinctively new TREND is in formation.

The unique way in which one group of Los Angeles people are capitalizing upon this latest investment TREND is highly interesting.

This method, said to be one of the most scientific investment vehicles ever launched, should be known to every thinking investor.

Information relative to it, which may be utilized to advantage by anyone in their own private investments, or through co-operation with this group, will be sent upon request.

NOTE

This series of tabloid bulletins is primarily an educational effort to acquaint the investing public with a new economic and investment movement now on.

Public rights to subscribe are necessarily limited in view of prior subscription offering now being made to one small group, but full information will nevertheless be sent anyone who requests it. However, those who inquire at this time, will be offered any remaining unsubscribed shares prior to further public presentation and listing.

AVIATION
INDUSTRY'S
NEW GOLD MINE!

Are you interested in this Giant industry and its profit possibilities?

Realizing the aviation industry is in its infancy, and consequently going through many changing elements confronting every new industry, it is necessary to keep constantly in touch with conditions of the various organizations so as to be well advised as to the disposal of some holdings and the acquisition of others.

Believing that intelligent comparison is the first essential of successful investment, our Statistical Department has, by intelligent comparison, analyzed the position of the companies listed below, and is prepared to issue such reports and make such recommendations for sale or purchase as in their opinion would be most beneficial in meeting the requirements of each individual situation.

For both a continued assurance of a present investment, and the possibility of a beneficial change, we suggest that if you now hold any of the issues listed below or contemplate purchasing any aviation securities, you write or call for this information.

For your convenience use the letter appearing on the left-hand side of the corporations named in enumerating the company upon which you desire information.

NEW YORK CURB STOCKS

NEW YORK, May 1. (AP)—Speculative sentiment had a distinctly bullish tinge in today's curb market, which closed with a long list of issues up 1 to 15 points above yesterday's final quotations. Easing credit conditions, optimistic earnings forecasts and current statements, merger and dividend rumors were all factors in the day's buying movement, which sent about a score issues to new high levels.

Aviation shares again took a prominent part in the day's proceedings. Bendix Aviation was admitted to trading, opening at 83⅞ and easing to 82. The old Bendix Corporation stock touched another new high record at 163⅞, and then fell back a few points on realizing. Douglas Aircraft was marked up to a new high at 39⅞ on publication of estimates that current year's sales may reach $5,000,000. Aviation Corporation was heavily traded in, advancing nearly 2 points. National Aviation and Travelair also recorded good gains. Fokker and Western Air Express reached new high ground.

Guardian Fire Insurance Company, a large interest in which has been acquired by a new financial group, crossed 66 for an extreme gain of more than 4 points. The annual statement issued after the close, showed earnings of more than $10 a share last year. International Projector (old,) touched a new top at 105 and eased on realizing, but the new stock was heavily traded in between 21½ and 23. Aluminum Company of America, controlled by the Mellon interests, soared 15 points to a new high record at 250, closing near the top. The stock sold as low as 143 earlier in the year.

Other industrials and specialties to sell at new peak prices for the year were Cooper Bessemer, Edison Brothers Stores, Ford of Canada "rights," Morrell Company, Phelps Dodge (new,) Tishman Realty and Union Carbide (new.)

An extreme gain of nearly 15 points in Northern States Power A, which crossed 174 to a new high record and then lost about a third of its gain, was the outstanding feature in the public utility group. United Gas Improvement advanced a point while Electric Bond and Share closed unchanged at 90⅞, after having been above 93, the total turnover running above 80,000 shares. Revival of activity and strength in Central Pacific States common was based on reports of the acquisition of new properties along the Atlantic Seaboard. Rochester Central Power was heavy.

Auburn Auto also soared more than 10 points but Ford of Canada A dropped back more than 2 points. A 10-point jump in Illinois Pipe Line and a gain of nearly 4 points in Imperial were the only features in the oil group. Deere & Co. dropped 9½ points in odd-lot trading.

The closing price is omitted when same as the low, and both low and close when same as the high.

RUBBER MARKET

NEW YORK, May 1. (Exclusive)—Firmness which was carried over from the previous trading session was again evident in futures on the New York Rubber Exchange today, but volume being somewhat lower, was concentrated in three active deliveries. Opening unchanged to off 10 points, prices made no headway until the late trading, when gains of 10 and 20 points were made in all active months.

The July position was in demand toward the close of business by the representative of an important dealer in the trade. The total business for the day amounted to 398 contracts, or 995 long tons, against 514 contracts, or 1285 long tons, in the previous session.

All active positions at the end of the day were up 10 and 20 points over previous final quotations. London advanced ⅛d to 9⅝d in a dull market, while Singapore was unchanged and also dull at 9⅝d. Outside spot was quoted at 19⅝c and unchanged.

Outside values were:
Smoked ribbed sheets, spot, 19¾; May-June, 19⅞; July-September, 20⅛; October-December, 20¾.
First latex crepe, 20⅛.
Clean thin brown crepe, 17⅞.
Amber No. 3, 17⅞.
Para upriver fine, 20¾.

April was a
RECORD-BREAKER

for members of the Wyckoff Advisory Bureau—despite abnormal market conditions involving sharp reactions and contradictory price movements in practically all classes of securities.

At a time when many investors were withdrawing from the market entirely, and others were becoming more deeply mired with each succeeding move, this Service was taking individual profits for its members ranging as high as 40 and 50 points.

GOLD ACE
MINING COMPANY

A mining issue that has met with our approval only after intensive investigation by various engineers. As sponsors of this issue we disposed of 250,000 shares of this stock at 25c per share to our clients. The present market reflects nothing so much as our carefully analyzed opinion of its future possibilities.

With known ore values of 100,000 tons of low grade ore that should net the company $6, Nevada's greatest high grade ore strike, made on this property, is entirely discounted by us until such time as actual smelter results are received.

GOLD ACE is fully equipped as to water, power, mill and other facilities.

We believe this stock to be a worthy speculation at prevailing market levels.

Transcontinental Air
Announce Plans—

COMPLETION of the final plans for the advent of Transcontinental Air Transport service, was revealed by officials of this company, as reported in the Los Angeles Times and Examiner of Friday, Apr. 19.

The first flight between Los Angeles and New York will be made July 1, according to T. B. Clement, General Traffic Manager.

Col. Charles A. Lindbergh, one of the company's executives, has worked for months, it is said, to bring these plans to completion. Principal stockholders are said to be the Santa Fe and Pennsylvania Railroads and the Wright and Curtiss Airplane Companies. The company will operate 14-passenger planes, providing a coast-to-coast service in 48 hours—plane by day, train by night.

The stock is listed on the New York Curb Exchange.

We believe this stock should very materially advance in value.

House Hunting Made Easy Through Times Ads

BY HOWARD C. KEGLEY

The Signal Oil and Gas Company has just leased eighty acres at Maricopa Flat from Kenneth C. Wallace. The Wallace No. 1 well already is rigging up. It will spud in within a week.

Signal's new holdings adjoin on the west side the lease where its No. 2 well came in a month ago making approximately 2000 barrels of oil per day.

The company is rigging up its No. 4 well on the old lease, while its No. 3 is drilling ahead at 1000 feet.

North American Oil Consolidated has just completed derrick for its No. 1 well on the southeast quarter of Sec. 8, 11-23, which adjoins Signal's Wallace lease.

The Bronco No. 1 well, of North American's, situated on a 140-acre lease on Sec. 8, 11-23, a half-mile northwest of Signal's property, has just spudded in.

Three Completions

Completion yesterday of three wells at Santa Fe Springs, increased the deep sand production in that field approximately 14,000 barrels of oil per day.

George F. Getty, Inc., brought in two producers from exactly the same depth in the area where the Universal Consolidated Oil Company's Blanchard No. 7 and Blanchard No. 10 are producing. Getty No. 22, down 6508 feet, came in, making 4300 barrels of oil per day, while Getty No. 26, down 6508 feet, started off at 6900 barrels a day.

The third completion was Mattern Three No. 11 of the Texas Company, which came in, making approximately 2500 barrels of 34.1 deg. gravity oil at 6700 feet, along with 1,500,000 cubic feet of gas. Pressure on the casing is 1100 pounds and 525 pounds on the tubing.

Production Steady

The Rohde No. 2 well of McAdams & Rohde, at Santa Fe Springs, which went on production about a month ago, is making approximately 1200 barrels of oil per day.

Completion of the Rohde No. 2 resulted in resumption of work on the Meyer No. 1 well, being drilled by L. T. Edwards, on a twenty-five-acre tract, about two blocks to the south. It is down 6300 feet, and has pentrated a hard formation, field reports say.

Wildcat Progresses

The Leutholtz No. 1 wildcat of the Rio Grande Oil Company, on Maricopa Flat, is drilling ahead at 1000 feet. It was spudded in a week ago on Sec. 22, 11-23, in the same area where the Signal Oil and Gas Company brought in its No 2 well a month ago.

Pulls Casing

So much fluid raised in the hole of the Standard Oil Company's K. C.L. No. 1 at the northwest edge of Bakersfield, that the nine-inch casing has been pulled.

A survey made in the hole disclosed that the fluid has risen to within eighty feet of the top. More than 120 feet of oil is said to be on top of the water.

Standard is reported to be undecided what to do because of the water that has entered the hole.

New Oil Sand

A lower stratum of oil sand about ten feet thick is said to have been penetrated in the Elwood Community No. 1 well of the Barnsdall-Rio Grande combination, at Elwood. The hole is down 5376 feet.

Some weeks ago fourteen feet of oil sand was penetrated in this well at 5155 feet, but it was decided to drill deeper. Reports state that the new oil zone looks rather favorable.

The Luton-Bell No. 7 well is drilling ahead at 1170 feet. The Doty No. 5 well is standing cemented at 255 feet.

In Red Shale

The old Becker No. 1 wildcat of George F. Getty, Inc., at Summerland, is drilling ahead at 3800 feet in red shale.

Getty's No. 21 well, at Santa Fe Springs, down below 7000 feet, still remains idle as a result of unsuccessful cementing jobs.

Drilling Permits

Permits to drill twenty-seven wells have just been granted by the State Mining Bureau. Of those granted, seven are for wells at Santa Fe Springs, three at Richfield, two at Signal Hill, one at Potrero, one in the Montebello field, one at Rosecrans, three in Los Angeles county, seven in the fields of Kern county and two in the Coalinga field.

Following are the permits: Mohawk Petroleum Company's Towell No. 1-A and the Rucker, Smith and Croul's No. 1, in Los Angeles county; Midland Petroleum Company's Peterson No. 1, at Potrero; G. F. Beard's Brea Canyon Heights No. 1, near Puente; Continental Oil Company's Santa Fe No. 2, Pyne No. 7-A and Mondotte No. 1 at Richfield; Petroleum Securities Company's Bixby No. 1 at Signal Hill; Standard Oil Company's Monterey Park Land Company No. 1 at Montebello; General Petroleum Corporation's Santa Fe Community No. 191-F, No. 145-E, No. 161-C, and No. 168-E, at Santa Fe Springs; L. E. Bishop Oil Company's No. 1 at Signal Hill; Associated Oil Company's Dewenter No. 8, at Santa Fe Springs; the Rosecrans No. 3-A, of the Barnsdall-Rio Grande combination, at Rosecrans; General Petroleum Corporation's Santa Fe Community No. 178-C and No. 186-K, at Santa Fe Springs; Standard Oil Company's No. 12, at Midway-Sunset field.

DAILY EASTERN CITRUS MARKETS

[By the Associated Press.]

Carlot shipments of California citrus, compiled for the California Fruit Growers' Exchange from railroad passing reports, were reported as follows:

	Oranges.	Lemons.
SOUTHERN CALIFORNIA		
April 30	253	80
Season to date	26,713	8,840
Last season to date	18,615	3,743
CENTRAL CALIFORNIA		
April 30	47	0
Season to date	7,043	169
Last season to date	7,221	297
NORTHERN CALIFORNIA		
April 30	0	0
Season to date	481	47
Last season to date	661	94

California oranges generally seemed to find favorable markets at eastern and middle western auction centers yesterday, although conditions at many points were spotted. Lemons also found both higher and lower markets, with a majority of the former.

Analysis of trading developed the following price range per box:

	ORANGES		LEMONS	
	Graded above choice.	Choice.	Graded above choice.	Choice.
New York	3.35@5.50	3.25@3.55	4.00@5.40	3.30@4.70

SAN FRANCISCO

SAN FRANCISCO, May 1. (AP)—Brisk trading and the advance of market leaders into higher territory characterized trading on the San Francisco Stock Exchange today. In the early hours virtually all issues shared in the upward trend and the majority held their gains throughout the session. Four new highs were established.

Interest centered on the industrials. Caterpillar, opening at 86½, an overnight jump of 1½, soared to a new peak at 87⅞, but reacted to close at 84¾, down ¼.

John Bean gained a new high at 54½ before easing back to 54 at which it closed.

Byron Jackson took on added vigor and after registering a new top at 41, softened to 40¼. Another new peak was chalked up for Aviation Corporation of California at 27⅞. It closed at 27, up 1 point.

Paraffine advanced 2 points to 86, after touching 87, and Atlas Diesel after climbing steadily to 58½, dropped back to close at 57⅞, a gain of 2⅞.

Moving up fractionally were California Packing at 77⅞, Clorox Chemical at 40¼, Crown Zellerbach at 21, Dairy Dale "A" at 30⅝, Golden State Milk at 53½, I. Magnin at 35½, Oliver Filters "A" at 39½, Pacific Gas and Electric common at 57, Leslie Salt at 35 and Illinois Pacific Glass at 35⅝.

In the oil group Richfield added ⅛ at 45⅝ and North American was up ⅛ at 25½. Standard dipped ¼ at 77½ and Union at 50½ and Union Associates at 50¼ held their own.

Kolster Radio advanced to 43⅞ before receding to 42½, off ⅛. Magnavox was steady at 8⅝.

Among the banks, Transamerica was off ⅛ at 134⅝, the American Company ¼ at 140 and West Coast Bancorporation held firm at 23¼.

Total sales: Bonds none; shares 77,681, market value $5,416,294.

BAY CITY CURB

SAN FRANCISCO, May 1. (AP)—For the most part the curb market failed to maintain its early strength and at the close many issues were on the way to lower levels.

Leadership centered around the aviation issues. Fokker with 4080 shares reached a record high of 44⅞. From this price it was hammered with many selling orders to close at 42½.

The bank group was irregular with light volume. Bank of America showed a loss of 1 point at 230. Bank of America of California a ½-point loss at 171½.

Little change was seen in the oil group, although comparatively large totals were recorded. Occidental Pete sold with a 10c range, closing off 10c at 3.65. Universal sold with no change at 1.85. Italo common and preferred showed fractional gains at 8½ and 5⅝ respectively.

The industrial group was spotty with cross currents again in evidence.

United Aircraft sold at another new high at 152½.

A total of 43,214 shares was traded in today at a market value of $965,137.

This is not a fool-proof business!

THESE BUILDING-LOAN PROMOTION SCHEMES . . go entirely too far . . in painting the fool-proof financial structure . . of prospective institutions . . with their claims . . based on the past history . . of such conservative building-loan associations . . as the MUTUAL Building and Loan Association of POMONA.

It has taken us 36½ years to EARN state records for the MUTUAL of POMONA. And it may look easy to have had no-loan-losses for 36 years, then ONE loan-loss in 36½ years, as the MUTUAL of POMONA has recorded.

Upon such a wonderful record as has been made by similar old-fashioned building-loan associations in California it would seem possible to add some 'modern improvements.' Any clever promoter can suggest easy added profits, which sound possible. Side-line corporations, affiliated contractors, excessive loan commissions, and the 32 methods of shrinking the borrower's dollar. DANGEROUS, UNSTABLE FINANCING.

PASTE THIS PREDICTION ON THE WALLS OF YOUR MEMORY . . that the first disaster . . to any building-loan association . . of the State of California . . will be the result of too-heavy-loans . . too-much overhead-expense . . or side-line entanglements.

In the MUTUAL Building and Loan Association of POMONA, with $2,750,000 capital, surplus and reserve, backed by unlimited liability, we have $12,500,000 resources. We can tell you with the authority of State records, as a measure of our capability, that the small margin of profit in the building-loan business cannot allow anything but the utmost conservatism in loan methods and overhead expense.

It may not be good business to sound a warning note, in this manner—but it is our straightforward, old-fashioned way of expressing our ideas without quaver or jelly-spined dignity. Six-per-cent-and-safety as a slogan means much to the old-fashioned building-loan associations upon whose reputations the building-loan industry of California is growing. There is no clever substitute for safety.

ONE SHOT IN HOLD-UP OF BARBECUE STAND

SACRAMENTO, May 1. (AP)—One man was shot and severely wounded and three bandits are sought as the result of an attempted robbery early this morning at the Triangle Barbecue Stand near the American River bridge. J. H. Addcox, 32 years of age, who is employed at the stand, was shot in the knee by one of the robbers as he fought it out with the trio at him. The bandits fled after an exchange of bullets.

THE WEATHER

(Official Report)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, May 1.—(Reported by H. B. Hersey, Meteorologist.) At 5 o'clock a.m. the barometer registered 29.95; at 5 p.m., 30.00. Thermometer for the corresponding hours showed 58 deg. and 82 deg. Relative humidity, 5 a.m., 77 per cent; 5 p.m., 17 per cent. Wind, 5 a.m., north, velocity 1 mile; 5 p.m., west, velocity 8 miles. Temperatures, highest, 89 deg.; lowest, 57 deg. Rainfall for season, 12.51 inches; normal to date, 14.72 inches; last season to date, 9.47 inches. Barometer reduced to sea level.

WEATHER CONDITIONS. — May 1: Showers have occurred during the past twenty-four hours at many stations from the Rocky Mountains eastward to the Atlantic Coast. The rainfall was generally light to moderate, but thunderstorms at some points in Arkansas, Tennessee and the Gulf States were accompanied by heavy rain. It was quite cold this morning in the Middle and Northern Rocky Mountain country and the Northern Plains States, but temperatures were somewhat above normal in the Atlantic and Gulf States, and in Tennessee and the Ohio and Middle Mississippi valleys. In Southern California clear, moderately warm weather prevailed yesterday. It was clear this morning, with temperatures near the normal. Fair weather will continue in Los Angeles and vicinity Thursday, with moderate temperature.

SUN, MOON AND TIDES.—Los Angeles, May 2: Sun rises 5:03 a.m., sets 6:37 p.m. Moon rises 1:33 a.m., sets 11:55 a.m. Los Angeles Harbor, May 2: High tides, 3:14 a.m. and 6:09 p.m.; low tides, 11:04 a.m. and 11:29 p.m.

LOCAL TEMPERATURES. — May 1: Minimum and maximum temperatures from Southern California points, reported yesterday to the Los Angeles office of the U. S. Weather Bureau, were as follows:

Stations—	Max.	Min.
Imperial	96	57
Los Angeles Harbor	69	53
Mt. Wilson	74	49
Pasadena	79	52
Pomona	78	49
Porterville	82	45
Redlands	81	52
Riverside	80	54
San Bernardino	84	55
Santa Ana	77	48
Santa Barbara	85	53
Sierra Madre	76	54

LOCAL FORECAST

For Los Angeles and vicinity: Fair Thursday and Friday; cooler Friday over west portion; moderate west and northwest winds on the coast.

TRADE-MARK BILL MEETS IGNOBLE END

Author Defeated in Early Stage of Measure Says Foes Used Money in Fight

SACRAMENTO, May 1. (AP)—The State trade-mark bill, introduced by Assemblyman Van Bernard, met an ignoble death today when the author attempted to drag it out of committee against the wishes of the majority committeemen. Only nine Assemblymen voted with Bernard to take the bill from committee.

Bernard attacked bitterly the influence of lobbyists backed by money taken from the producers. He declared that apparently these lobbyists had been successful in spreading propaganda against his measure to the extent of clouding its benefits, including provisions for marketing of hundreds of thousands of tons of fruits "which last year rotted on the ground because we could not open the door to new markets."

Assemblymen Isaac Jones, William Byrne, E. G. Adams, B. J. Feigenbaum and Bradford Crittenden opposed Bernard's motion on grounds that such withdrawal of bills would set a bad precedent; that the bill would not accomplish what its author claimed and that there should be further study of the proposal.

The bill would create a division of market extension in the Department of Finance for the purpose of establishing fruit grades to be sold under a trade-mark or seal, which would be used to advertise California products in this and other countries.

Winter Motor Travel Gains

SACRAMENTO, May 1. (AP)—As proof of its contention that winter motoring is becoming increasingly popular in California, the State Board of Equalization reported today that total moneys collected as gasoline taxes during the first three months of 1929 amounted to $8,546,778, or only $4498 less than the tax for the months of July, August and September, 1928.

In the past, distributions of motor vehicle fuel during the opening quarter of the year have invariably been much smaller than during the summer quarter, the board reported, adding that these latest figures show a decided increase in the winter consumption of gasoline.

El Gabinete de Tokio Demora la Ratificación del Tratado Kellogg

TOKIO, Mayo 1.—La ratificación japonesa del tratado antibélico de Kellogg ha sido diferida de nuevo, pues, por segunda vez, no ha podido el consejo de ministros desvanecer, las objeciones que hace el Consejo Privado a la frase, "En nombre de sus respectivos pueblos."

Dícese en los círculos oficiales que necesariamente habrá de suspenderse la discusión de la ratificación durante la visita del duque de Gloucester, que llega mañana. De allí que no sea probable reanudar el estudio de esa cuestión antes de fines de Mayo.

Fueron Encontrados Muertos los Buscadores del "Southern Cross"

SYDNEY (Nueva Gales del Sur), Mayo 1.—Hoy quedó escrita la última palabra del trágico desenlace que tuvo la busca del "Southern Cross" por los aviadores australianos Hitchcock y Anderson, pues el grupo de expedicionarios que salió a buscar a éstos informa de haber encontrado el cadáver de Robert Hitchcock bajo una de las alas del avión "Kookaburra", y el del teniente Keith Anderson, como a cuarenta yardas de dicho avión.

Presas de la agonía de la sed, y agotados por los esfuerzos sobrehumanos que han de haber hecho para echar a volar desde el quebrado terreno donde aterrizaron, Hitchcock y Anderson deben de haber muerto como el 12 de Abril, poco antes o poco después.

El espeluznante relato de estos dos hombres, que tomaron parte en la búsqueda del Southern Cross, quedó escrito, en forma de diario, en el timón de su aeroplano.

La primera noticia definitiva de la muerte de los aviadores ha llegado hoy, en el informe que rinden los exploradores que, por tierra, se lanzaron en busca del embarrancado aeroplano, sin parar mientes en las penalidades de un viaje por comarca tan difícil y desolada.

Degroot Destituído por Hoover

WASHINGTON, Mayo 1.—El Presidente Hoover ha firmado hoy un oficio, por el que destituye de su puesto a William A. Degroot, fiscal de los Estados Unidos en el Distrito Oriental de Nueva York. La destitución se llevará a efecto desde luego.

La terminante comunicación del Presidente a Degroot es como sigue:

"Por la presente, queda usted separado del cargo de Fiscal de los Estados Unidos en el Distrito Oriental de Nueva York. Esta orden surtirá sus efectos en el acto."

El primer magistrado dio este paso por recomendación del ministro de Justicia, señor Mitchell, quien le pidió su renuncia a Degroot, y que llevó el asunto a la Casa Blanca tan luego como el funcionario federal afectado se rehusó a dar cumplimiento a la orden.

Por lo que ve a la solicitud de Degroot, de que se abriera una información antes de que el Presidente tomara acuerdo, el ministro de Justicia manifestó al señor Hoover que ya se había concedido a Degroot una audiencia amplia y completa, que se verificó ante el exministro de Justicia Sargent.

NOTAS LOCALES

Hoy Arribará a Esta una Excursión de Bostonenses

En un tren del ferrocarril de Santa Fe, procedente de Phoenix, llegará la mañana de hoy a Los Angeles una delegación de la Cámara de Comercio de Boston. Charles A. Cooke, gerente del departamento de turismo de la cámara de comercio de aquí, estará en Colton a recibir y atender a los visitantes. A ese efecto, partió anoche para la citada población.

Los neoingleses pasarán cuatro días en Los Angeles, término occidental del viaje que han venido haciendo por todo el país. Siguieron la vía del sur de los Estados Unidos, e hicieron escalas en la mayoría de las ciudades principales. Regresarán a Boston por la vía del norte, tras haber recorrido la costa del Pacífico hasta Seattle.

El señor Cooke tiene arreglado un itinerario para este grupo de hombres de negocios, que comprende el recorrido del barrio industrial de Los Angeles y una visita a San Diego y Agua Caliente, donde pasarán la noche, para volver al día siguiente a Los Angeles por la vía de tierra adentro. Tomarán el almuerzo en la Posada Misión de Riverside. La excursión citada durará dos días.

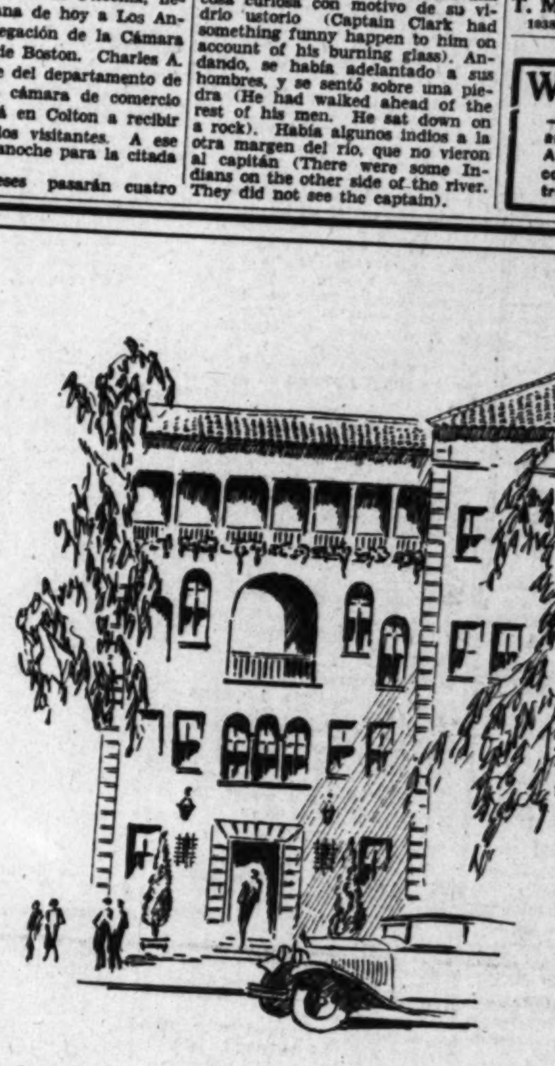
Durante los días tercero y cuarto se harán excursiones a las ciudades cercanas a Los Angeles.

Charlas Infantiles para Chiquillos de Escuela

IV.

Cuando se ponía un vidrio ustorio frente al sol, atraía el calor de éste hasta formar un puntito muy caliente (When you held up a burning glass in the sun, it drew the sun's heat so as to make a little hot spot). Si se ponía papel bajo este punto de luz solar ardiente, empezaba a quemarse (If you put paper under this spot of hot sunshine, it would burn). Con uno de esos vidrios podían los hombres prender el tabaco de sus pipas (Men could light the tobacco in their pipes with one of these glasses).

Al capitán Clark le aconteció una cosa curiosa con motivo de su vidrio ustorio (Captain Clark had something funny happen to him on account of his burning glass). Andando, se había adelantado a sus hombres, y se sentó sobre una piedra (He had walked ahead of the rest of his men. He sat down on a rock). Había algunos indios a la otra margen del río, que no vieron al capitán (There were some Indians on the other side of the river. They did not see the captain).



Apartment Vacancies

Announced Daily

Modern apartment houses, in keeping with their modern design and construction, modern furnishings and conveniences, also employ modern methods of doing business.

Large investments in buildings and equipment demand that they be constantly tenanted—that vacancies be filled without loss of time.

For this reason, Los Angeles apartment managers run their rental announcements in Times Want Ads—the place depended upon by Los Angeles rent-seekers for rental information.
